Service Contract Labor Standards: The Service Contract Labor Standards (SCLS) are applicable to this contract as it applies to the entire Consolidated MAS Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and / or when the contractor adds SCLS labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

Labor Category Descriptions

SIN 541611

Consultant 1

Functional Responsibility: Knowledgeable about eligibility and special conditions in the Public Assistance Program will take the lead in working with the applicant to develop the scope of eligible work for the project, including the description and dimensions of damage, the work necessary to repair the damage, and estimated or actual costs necessary to complete the work. Knowledge of special considerations associated with the project, such as insurance and hazard mitigation.

Minimum Experience: 1 year

Minimum Education: Bachelors

Consultant 3

Functional Responsibility: Knowledgeable about eligibility and special conditions in the Public Assistance Program and takes the lead in working with the applicant to develop the scope of eligible work for the project, including the description and dimensions of damage, the work necessary to repair the damage, and estimated or actual costs necessary to complete the work. Knowledge of special considerations associated with the project, such as insurance and hazard mitigation. Assesses the project's work status, costs, and supporting documentation against the corresponding grant's scope of work to reconcile estimated project costs with actual costs of the completed.

Minimum Experience: 3 years

Minimum Education: Bachelors

Grants Manager 1

Functional Responsibility: Acts as a lead and support the delivery of services to clients. Drafts plans, reports, and assessments based on research and analysis. Researches and analyzes federal regulations and oversees the compilation, analysis, and dissemination of grant program performance controls and supporting statistical data. Supports the development of administrative and programmatic policies and procedures. Develops tools, forms, and templates to support clients' adherence to applicable regulations. Ensures audits, reviews and reconciliations are performed. Draft documents, memos, letters, and other formal communications to clients.

Minimum Experience: 1 year

Minimum Education: Bachelors

Planner 1

Functional Responsibility: Contributes to the development of deliverables and assists the project team in accomplishing project activities. Work completed at the direction of a more senior Planner, Project Manager, or deputy. May develop whole plans. Reviews parts of plans and whole plans for compliance, adherence to client's needs and project scope of work, and industry best practices.

Minimum Experience: 3 years

Minimum Education: Bachelors

Project Manager 1

Functional Responsibility: Serves as client's primary point of contact on smaller projects. Acts as deputy to more senior Project Manager for larger projects that cover a broad range of consulting services, including strategy development, program planning, auditing and evaluation, executive management coaching, policy and regulation development. Provides on-site leadership in absence of higher authority. Creates staffing plans, if required. Coordinates the efforts of all subcontractors and may provide guidance and training to team members. Serves as the primary manager in the development of the deliverables. Has led small projects previously. Develops, implements and monitors project scope, methodology, timelines, deliverable and budgets, providing client with regular status updates. Ensures project schedule is maintained.

Minimum Experience: 4 years

Minimum Education: Bachelors

Project Manager 3

Functional Responsibility: Serves as client's primary point of contact and/or deputy to more senior Project Manager for projects that cover a broad range of consulting services, including strategy development, program planning, auditing and evaluation, executive management coaching, policy and regulation development. Provides on-site leadership when necessary. Creates staffing plan to meet identified needs for subject matter expertise. Coordinates the efforts of all principals and subcontractors and may provide guidance and training to team members. Serves as a subject matter expert in the development of the deliverables. Possesses facilitation and management skills. Assists or leads in the facilitation of discussions and meetings with client. Develops, implements and monitors project scope, methodology, timelines, deliverable and budgets, providing client with regular status updates. Ensures project milestones are achieved.

Minimum Experience: 5 years

Minimum Education: Bachelors

Subject Matter Expert

Functional Responsibility: Supports one or more projects, producing task specific work products within budget, within scope, and within deadlines for preparedness, recovery, response, and mitigation services. Contributes to the overall project based on knowledge and expertise to ensure holistic and integrated products across multiple platforms, projects, and with multiple stakeholders. Adheres to industry specific standards. May provide specific recommendations or guidance to Engagement Manager, Project Manager, Project Team, and / or client.

Minimum Experience: 10 years

Minimum Education: Bachelors

Training/Exercise/Planning Specialist

Functional Responsibility: Contributes to project deliverables and objectives under the supervision and review of a more seasoned professional. Tasks include data collection and analysis, review, and other tasks associated with meeting project goals and desired outcomes.

Minimum Experience: 5 years

Minimum Education: Associates
