**INFORMATION FOR ORDERING ACTIVITIES
APPLICABLE TO ALL SPECIAL ITEM NUMBERS**

1a. AUTHORIZED SPECIAL ITEM NUMBERS (SINs):

<u>SIN</u>	<u>DESCRIPTION</u>
511210	Software License
54151	Software Maintenance Services
611420	Information Technology Training
54151S	Information Technology Professional Services
OLM	Order-Level Materials (OLMs)

Note: Contractor has been awarded all SINs under the cooperative purchasing and disaster recovery programs.

1b. Lowest Priced Model Number and Price for each SIN: See Price List

1c. SERVICES OFFERED: See Price List

2. MAXIMUM ORDER PER SIN:

<u>SIN</u>	<u>MAXIMUM ORDER</u>
511210	\$500,000 per SIN/Order
54151	\$500,000 per SIN/Order
611420	\$250,000 per SIN/Order
54151S	\$500,000 per SIN/Order

This maximum order threshold is a dollar amount at which it is suggested that the ordering agency request higher discounts from the contractor before issuing the order. The contractor may: (1) Offer a new lower price, (2) Offer the lowest price available under the contract, or (3) Decline the order within five (5) days. In accordance with the Maximum Order provisions contained in the Schedule, a delivery order may be placed against the Schedule contract even though it exceeds the maximum order threshold.

3. MINIMUM ORDER LIMITATION: \$100

4. GEOGRAPHIC COVERAGE (DELIVERY AREA): The geographic scope of this contract is the 48 contiguous states.

5. POINT OF PRODUCTION: United States

6. BASIC DISCOUNT: Prices listed are net, discounts have been deducted and the industrial funding fee has been added

7. QUANTITY DISCOUNT: None

8. PROMPT PAYMENT TERMS: Net 30

9. FOREIGN ITEMS: None

10a. TIME OF DELIVERY:30 days ARO

10b. EXPEDITED DELIVERY: Contact Contractor

10c. OVERNIGHT AND 2-DAY DELIVERY: Contact Contractor

10d. URGENT REQUIREMENTS: Contact Contractor

DYNTEK SERVICES, INC.'S INFORMATION TECHNOLOGY LABOR CATEGORY DESCRIPTIONS

Job Title: Consultant

GSA Rate \$126.29

Primary Responsibilities:

The Consultant is responsible for general project activities and typically works on complex problems of diverse scope and complexity where analysis of situations or data can require an in-depth evaluation of multiple factors. The individual exercises judgment within broadly defined practices and policies in selecting methods, techniques and evaluation criterion for obtaining results.

Education and Experience Requirements:

Position requires a minimum of one (1) Year experience as well as a Bachelor of Science or equivalent experience and knowledge of system architecture and/or programming languages. The Consultant should have an understanding of system architecture, network infrastructure, desktop and server operating systems software, including UNIX or Microsoft Windows operating systems and proficiency in common office productivity software such as Microsoft Office.

Job Title: Senior Consultant

GSA Rate \$163.71

Primary Responsibilities:

The Senior Consultant is responsible for general project activities and typically works on complex problems of diverse scope and complexity where analysis of situations or data can require an in-depth evaluation of multiple factors. The individual exercises superior judgment within broadly defined practices and policies in selecting methods, techniques and evaluation criterion for obtaining results.

Education and Experience Requirements:

Position requires a minimum of three (3) years' experience as well as a Bachelor of Science or equivalent experience and knowledge of system architecture and/or programming languages. The Senior Consultant should have a thorough understanding of system architecture, network infrastructure, desktop, and server operating systems software, including UNIX or Microsoft Windows operating systems and proficiency in common office productivity software such as Microsoft Office.

Job Title: Managing Consultant

GSA Rate \$204.03

Primary Responsibilities:

The Managing Consultant will directly manage all aspects of a set of client projects providing overall leadership. He will provide administrative management for a project staff of up to 10-20 people on various projects including project staff time, expense (T&E) approvals and project performance evaluations. The Managing Consultant has the primary responsibility for ensuring overall client project satisfaction and managing client expectations.

The Managing Consultant oversees the completion of customer solutions and strategies based on the analysis of the customer's business goals, objectives, needs and general business environment. The Managing Consultant provides both management and technical leadership and is an expert at using project management tools to estimate projects and monitor their status. Receives assignments in the form of objectives and defines goals and activities required to meet objectives. Provides guidance to team to achieve goals in accordance with established policies. The Management Consultant oversees and is responsible for the completion and quality of functional specifications, design, system and technical architecture definition, development, implementation, unit and system testing. The Management Consultant recommends changes to policies that affect overall consulting operations.

Education and Experience Requirements:

Position requires a minimum of twelve (12) years' experience as well as a Bachelor of Science or equivalent experience and knowledge of system architecture and platforms, as well as experience managing project teams.

Job Title: Senior Practice Manager

GSA Rate \$249.37

Primary Responsibilities:

The Practice Manager directs highly specialized phases of system analysis, design, and implementation. This position leads a team of engineers or consultants through the investigation of technical issues in the customer’s environment and functions as the technical expert during product presentations to the client. He or she possesses industry leading expertise in technology Practice such as networking, electronic business, or software applications, and is able to provide consultative technical support at high levels of the enterprise.

The Practice Manager analyzes the environment, business goals and objectives and applies leading edge technology in a specific Practice to the client environment. The position directs the team through troubleshooting and identification of high-level, complex technical problems, while ensuring overall design and implementation follows current technology solutions that are aligned to the Practice for enterprise customers.

Education and Experience Requirements:

Position requires Twenty (20) years of experience as well as a Bachelor of Science or equivalent experience and knowledge of the technology Practice in enterprise environments.

SUBSTITUTIONS

DynTek Services, Inc. reserves the right to make the following substitutions in the education and/or experience requirements of any of the service skill categories set forth herein.

1. One year of experience is the equivalent of one year of education.
2. One year of education is the equivalent of one year of experience.
3. Certification related to the technology is equivalent to two years of experience or education requirement.

For example:

<u>Education</u>	<u>Equivalent Years of Experience</u>
Associates, 2 years	2
Bachelors, 4 years	4
Masters, +2 years after BS/BA	6
PhD, + 2 years after MA/MBA	8
Certification, 1 - 2 years	2
