**Taxpayer Identification Number (TIN): 1998F036793**

**CAGE Code: 09VE2**

**Payment Terms: Net 30 days**

## Special Notice to Agencies:

### *Small Business Participation*

The Small Business Administration (SBA) strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals the dollar value of orders expected to be placed against the Federal Supply Schedules and to report accomplishments against these goals.

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/price lists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!® on-line shopping service ([www.fss.gsa.gov](http://www.fss.gsa.gov)). The catalogs/price lists, GSA Advantage! and the Federal Supply Service Home Page ([www.fss.gsa.gov](http://www.fss.gsa.gov)) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting price lists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

## Special Item Number (SIN) Summary Information

### 1. Special Items Awarded

Special Item Number (SIN)	SIN Description
C 5820C	<b>Radio and Television Communication Equipment - SUBJECT TO COOPERATIVE PURCHASING</b> Except Airborne, Includes Telemetry Equipment; Monitors and Monitors/Receivers, Including Spare & Repair Parts and Accessories; Television Cameras, Color or Monochrome, Including Spare & Repair Parts and Accessories; Audio Equipment, Including Spare & Repair Parts and Accessories; Closed Circuit/Surveillance Equipment, Including Spare & Repair Parts and Accessories; Telecommunications Equipment, Including Spare & Repair Parts and Accessories.
C 5825	<b>Radio Navigation Equipment, Except Airborne - SUBJECT TO COOPERATIVE PURCHASING</b> Includes Loran Equipment; Shoran Equipment; Direction Finding Equipment.
C 6930	<b>Operation Training Devices</b> Includes Link Trainers; Automatic Pilot Training Devices; Drift Meter Training Devices; Celestial Navigation Trainers; Dead Reckoning Navigation Trainers; Instrument Flying and Landing Trainers; Terrain Projection Trainers; All operational training devices except communication and armament. Excludes Training Aids. Includes prepared printed, audio/visual and multi-media program instructional material (general education, computer, vocational/trade, health/safety and business).
C 7010	<b>IT Equipment System Configuration - SUBJECT TO COOPERATIVE PURCHASING</b> Note-a group of general-purpose analog, digital, or hybrid electronic or electromechanical devices that are interconnected to operate as a system. Frequently referred to as an IT system, although the term "system" is not considered definitive. Includes an assembly of devices consisting of a central processing unit (CPU) and the necessary input/output devices, accessorial devices, analog measurement devices, software and/or firmware required to perform the desired objectives. Also includes subassemblies and units in which input/output devices, CPUs, and/or accessorial devices or components are incorporated into a single assembly or unit. A specially designed device incorporated into a system shall not influence the classification of the base assembly or unit.
C 7025	<b>IT input/output and Storage Devices - SUBJECT TO COOPERATIVE PURCHASING</b> This class includes devices used to control and transfer information to and from a Computer (as modified).The input device is used for transferring data and instructions into a computer. The output device is used to transfer results of processing by the computer to IT peripheral devices. Input/output devices combine the above functions in the same device. This class includes printers, display units, disk drive units (magnetic, optical and floptical), tape drive units, terminals, data entry devices and transfer units. Also includes Optical Compact Disk (CD) devices used for the storage and retrieval of data and firmware
C 7030	<b>IT Software - SUBJECT TO COOPERATIVE PURCHASING</b> Note-

	Software is a series of instructions or statements in a form acceptable to a CPU, designed to cause the ITE configuration to execute an operation or operations; or a collection of data in a form capable of being processed and operated on by a computer. Includes System programs, such as operating systems, assemblers, compilers, executive routines, interpreters, translators; utility programs, such as sort/merge programs, media conversion, maintenance diagnostic programs; and application programs, such as payroll, inventory control, and engineering analysis programs. Excludes Software designed to Government specifications to satisfy the requirements of a particular user or for use with ITE properly classifiable in an FSG other than FSG 70. Also excludes operating manuals and programmers' manuals properly classified in FSG 76.
C J070	Information Technology - Maintenance of Equipment, Repair Services and/or Repair/Spare Parts - SUBJECT TO COOPERATIVE PURCHASING
C U006	Vocational/Technical Training/Curriculum Development Services Includes general education, computer, vocational/trade, health/safety, business (Excluding procurement training courses developed by FAI (Federal Acquisition Institute and DAU (Defense Acquisition University) for GS-1102 job series).

- c. **Overnight and 2nd Day Delivery:** Overnight and two day delivery are negotiated with delivery/task orders
- d. **Urgent Requirements:** Urgent requirements are specified in negotiated delivery/task orders

## 12. Fee On Board (F.O.B.) Destination

FOB to CONUS is included in the price of product.

Extra shipping charges must be paid for deliveries to overseas, AK, HI, and the Commonwealth of Puerto Rico.

Prices included delivery to port of exportation. Delivery will be f.o.b. inland carrier, point of exportation (FAR [52.247-38](#)), with the transportation charges to be paid by the Government from point of exportation to destination in Alaska, Hawaii, or the Commonwealth of Puerto Rico, as designated by the ordering office. The Contractor shall add the actual cost of transportation to destination from the point of exportation in the 48 contiguous States nearest to the designated destination. Such costs will, in all cases, be based upon the lowest regularly established rates on file with the Interstate Commerce Commission, the U.S. Maritime Commission (if shipped by water), or any State regulatory body, or those published by the U.S. Postal Service; and must be supported by paid freight or express receipt or by a statement of parcel post charges including weight of shipment.

Ordering offices will be required to pay differential between freight charges and express charges where express deliveries are desired by the Government.
