COMPANY HISTORY

United States Marine, Inc (USMI). The company was founded in 1971 by the late Tom Dreyfus and shortly thereafter was joined by our late President, Larry Ellis. Present management includes Chairmen, John Dane III, Chief Executive Officer, Barry Dreyfus Jr, President, Bryant Bernhard and Vice President, Tom Bunce. The company originally built World Class racing sailboats with outstanding success. Since 1987, United States Marine, Inc. has designed and built military, patrol and special warfare boats ranging in length from 21 feet to 90 feet, constructed of high performance composites or aluminum. We are a fully integrated manufacturer capable of designing, building, and testing boats in house.

United States Marine, Inc. has become the premier builder of high-performance, special mission capable boats for military and other agency use. USMI takes pride in our total service commitment by delivering the most capable and rugged boats to our customers, followed by unprecedented support after delivery.

USMI is headquartered in Gulfport, Mississippi, with locations in New Orleans, Louisiana and Chesapeake, VA.. USMI's Gulfport location has over 99,000 square feet of covered facility space for lamination, welding, electrical, outfitting, upholstery, and painting. Climate-controlled warehousing, administrative and engineering offices, meeting rooms, training facilities and customer offices are located on-site. The Gulfport and New Orleans facilities connect to the Intracoastal Waterway, Lake Pontchartrain, and the Mississippi Sound providing riverine type environments as well as varying water conditions for trials and training. The open waters of the Gulf of Mexico are nearby and are used for blue water ocean testing

CAPABILITIES

Our full service extends beyond our doors. United States Marine delivers not only boats, but also full documentation, integrated logistical support, Tiger Team Support Worldwide, familiarization and maintenance training. We are committed to supporting our customers for the lifetime of our boats, from cradle to grave.

Our boats are deigned for Performance, Reliability, and Maintainability. We take pride in all our work to deliver boats that are fully mission capable; boats that deliver performance and reliability in the most extreme conditions for the most demanding users:

OUR CUSTOMERS!

FACILITIES

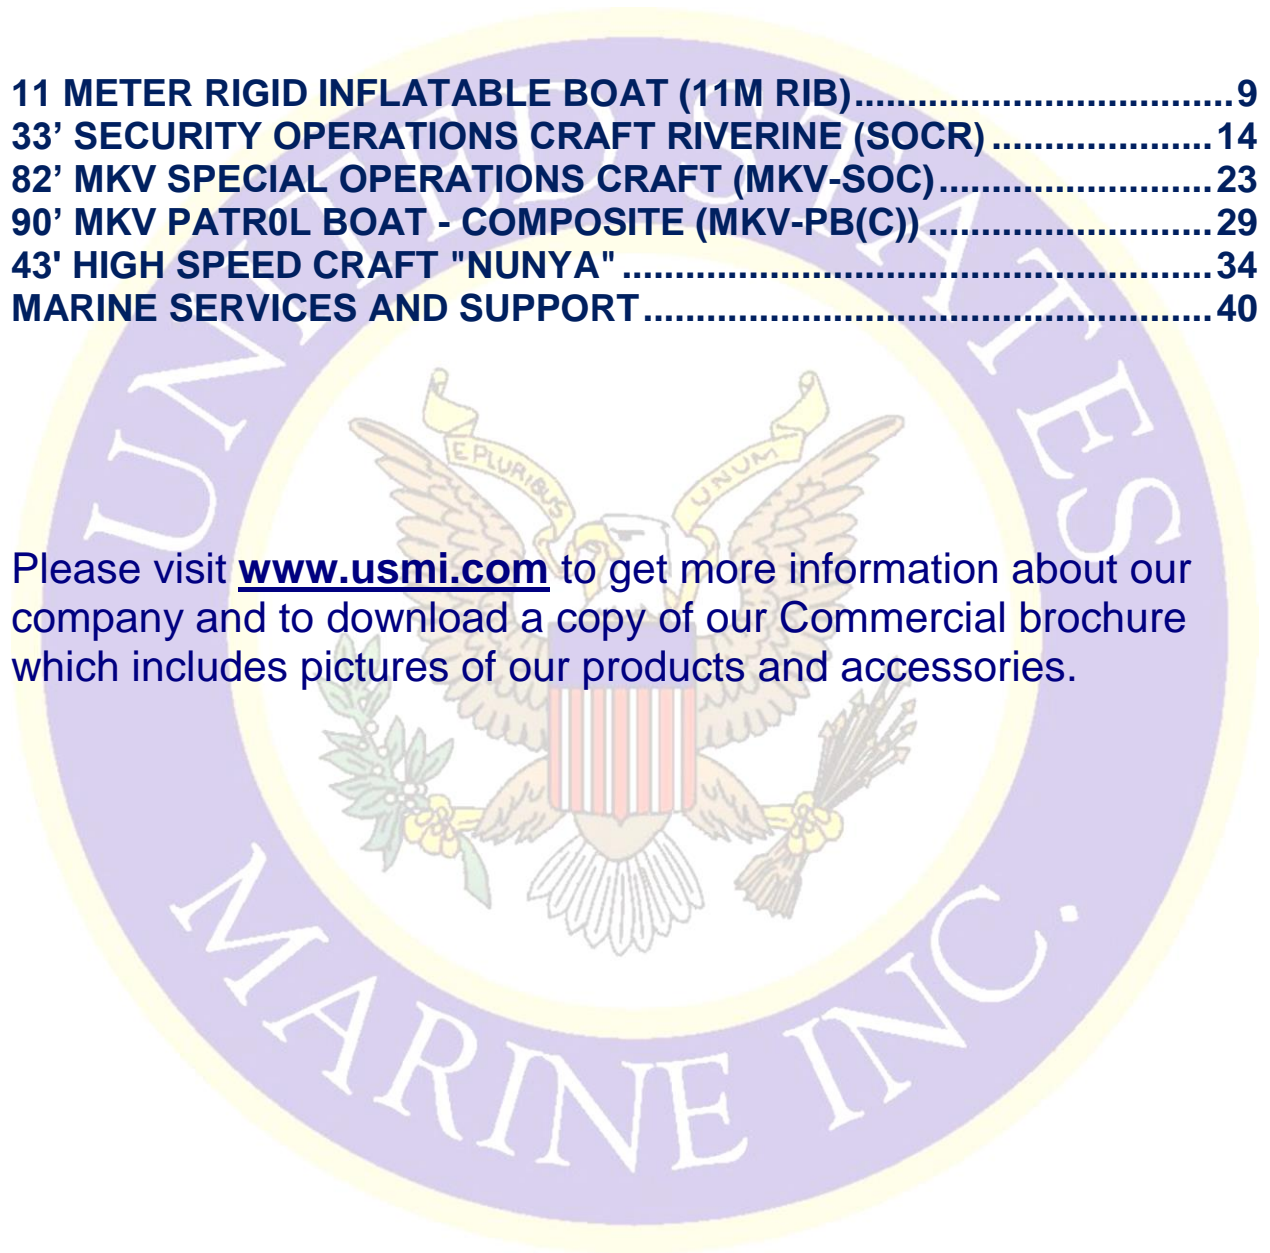

USMI is located in Gulfport, Mississippi and New Orleans, Louisiana. Onsite buildings provide space for lamination, welding, electrical, outfitting, upholstery, and painting. Climate-controlled warehousing, administrative and engineering offices, meeting rooms and customer offices are located on-site. Certified test equipment is used for Quality Assurance. The yards have extensive dockage and cranes for launching boats.
