## Mission Statement

At PowerBilt Steel Buildings, we are dedicated to providing the highest quality steel buildings available at competitive prices with integrity and unsurpassed customer support on an international scale.

Dear Customer,

Powerbilt's factory has been designing, manufacturing and delivering steel building projects worldwide for over 40 years. With buildings on every continent and practically every country world wide, there is no question that Powerbilt's products and innovation are the benchmark for all others to follow. Even to the Army Corps of Engineers, Naval Special Warfare Group 2 and the United States Coast Guard, we have provided building solutions to thousands of satisfied government agencies, commercial and industrial clients and even residential customers. Our continued success and customer satisfaction is due to utilizing state of the art manufacturing, offering the best 40-year non-prorated warranty and continuously training our skilled project coordinators.

PowerBilt's Key Ingredients to a Successful Project:

- On Time Delivery
- World-Class Customer Service
- Premium Steel Products
- Valuable Engineering to provide the best possible building solution
- Best Warranty available backed by US steel mills

We look forward to serving your building needs, small or large!

Respectfully,

Stephan I. Michaels  
President/CEO

# Vehicle Storage

www.PowerBiltBuildings.com  
1.800.547.8335

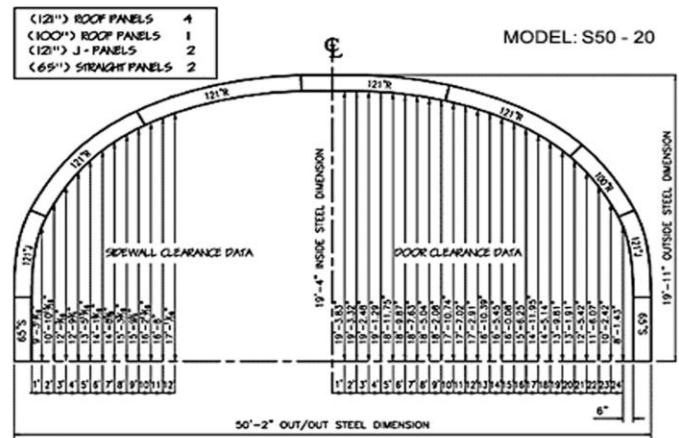

It's a nice feeling to know your motor home, boat, motorcycle or any of your valuable recreational investments are safe and sound no matter what the weather. PowerBilt buildings give you that feeling of security because they are designed and tested to the highest standards of quality and are engineered to withstand the most severe weather conditions.

**S Series style** steel sheds offer high, straight sidewalls and a curved arch roof that sheds heavy rain and snow with ease. High sidewalls mean more usable vertical and floor space; in fact, this design provides 100 percent useable space and is a proven favorite for small manufacturing, commercial and industrial purposes, recreational vehicle storage, fire stations, and airport fueling stations. Model sizes range from 12 to 50 feet in width and come in unlimited lengths.

Model	GSA Price FOB Factory including IFF GSA prices reflect basic discount plus IFF fee.	Size
<b>S50-20</b>	<b>\$ 48,182.68</b>	50'w x 100'h x 20'l

Includes solid back wall, front wall with 14'h x 14'w framed opening (or smaller), secondary service door frame (1), and industrial base connector.  
\* 23s / 125 mph wind \* Doors not included.

"A neighbor of mine and I put the building up. I am very proud of it and have no disappointments. I would recommend your buildings to anyone!"  
- **Howard Mayo, Goochland, Virginia**

# Mid-Sized Equipment Storage

www.PowerBiltBuildings.com  
1.800.547.8335

These durable metal buildings are affordable and rapidly erectable. By simply bolting the panels together, construction can be done with as little as three or four people, saving you even more money. All Powerbilt auto body steel garage buildings are shipped with an easy-to-follow assembly manual.

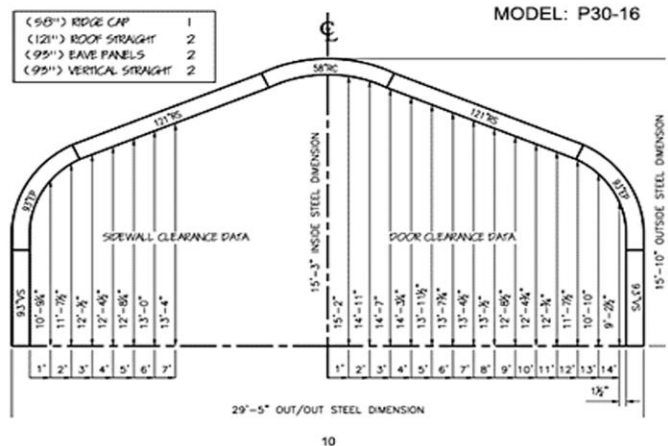

The **P Series style** of steel sheds offers a more traditional building style with straight sidewalls and arched roof and the strength and durability of arch steel sheds. This model optimizes useable space by raising the arch to above the sidewalls, providing you with plenty of room to house a backyard workshop, garage or even a guest cottage. Powerbilt P Series steel sheds come in unlimited lengths and either 14 or 30 foot widths. Available in three colors, our buildings can be customized to match the exterior of your home.

Model	GSA Price FOB Factory including IFF GSA prices reflect basic discount plus IFF fee.	Size
<b>P30-16</b>	<b>\$ 19,710.12</b>	30'w x 60'h x 16'l

LIGHTSTONE

"I feel my investment is substantially safer than when I left last week and thanks to putting up a PowerBilt building, I'm saving \$200 a month in storage fees"  
- Kevin Fitzpatrick, San Lorenzo, Paraguay

# Large Equipment Storage

www.PowerBiltBuildings.com  
1.800.547.8335

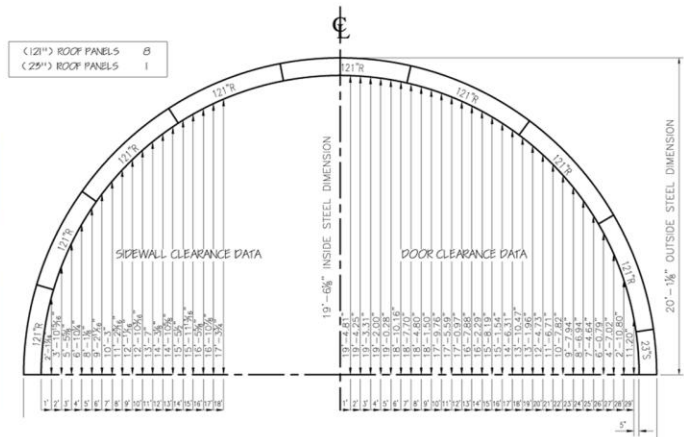

When it's essential to your business that your out-buildings offer maximum protection, with the most usable space anywhere, you can turn with confidence to PowerBilt. Manufactured exclusively in the United States, these all steel buildings are ideal for storing and protecting grain, livestock, hay, machinery and equipment with plenty of room leftover for a workshop.

**Q Series arch style** steel buildings provide unbelievable strength as the rounded shape of their corrugated arch is one of the strongest structures in architecture; they have been proven to withstand hurricanes, tornadoes, earthquakes, and heavy snow. Without beams or trusses, Powerbilt Q Series steel sheds offer 100 percent useable space and are ideal for uses as diverse as grain storage, backyard workshops, and airplane hangars. Model sizes range from 20 to 80 feet in width and come in unlimited lengths.

Model	GSA Price FOB Factory including IFF GSA prices reflect basic discount plus IFF fee.	Size
<b>Q60-20</b>	<b>\$ 54,023.81</b>	60'w x 120'h x 20'l

Includes end walls (2), each with 18'h x 14'w framed openings (or smaller), secondary service door frames (2), and industrial base connector.  
\* 47s / 141 mph wind \* Doors not included.

"I am very pleased with the quality and installation process of my PowerBilt building. It was delivered as indicated and was extremely well packaged."  
- Mike R., St. Francisville, LA

# Warehousing

www.PowerBiltBuildings.com

1.800.547.8335

Easy to erect, available in sizes from 10 to 100 feet wide and as long as you want it, made of a special steel alloy containing aluminum and zinc...what better building for your small business headquarters? Add to that a 40-year warranty and you can see why we say PowerBiltbuildings are virtually maintenance free!

## Best Quality Buildings, Caring Customer Service

With over 40 years of steel building experience, Powerbilt Steel Buildings has established itself as one of the world's leading manufacturer's of pre-engineered, easy to assemble, arch-style steel buildings for a variety of uses including garages, metal storage sheds, warehouses, pole building kits and more. Our metal buildings are 100% U.S. made steel and 100% U.S. labor. We conform to the "Buy American Act." Our metal buildings come with a 40 year rust through warranty and we offer several metal building styles to accommodate your needs.

"Being in the customer service business myself, I recognize we cannot make everyone happy all of the time and I'm always striving to find ways to improve my service offering which is why I wrote this note since I appreciate feedback - good or bad. You have a wonderful personality and some of the best communication skills over the telephone of anyone I've come into contact with ever - you are indeed a gold mine to anyone that you work for or with. The fact that you make yourself available for consultation when your clients are learning about prefabricated metal buildings is going way above and beyond the call of normal duty in any job."

- **M. McDonough, Colorado**

## Do-it-Yourself and Save in 3 Easy Steps!

- 1 Construct the Arches**  
Simply bolt the arch sections together on the ground. All the 5/16 hexagon head bolts and nuts are supplied by PowerBilt and come equipped with no leak LDPE washers.
- 2 Raise the Arches**  
In most instances raising the arches into place requires no special tools or equipment. The last nine inches of each PowerBilt panel is flat so when bolted together they make a super tight seal with no leaks.
- 3 Install the Endwalls and Doors**  
PowerBilt endwalls are precision cut to exacting specifications. The result is not only a guaranteed custom fit but ease of installation as well.

"The delivery truck came on Saturday morning. By Sunday dinner we had our brand new two car garage. It was simple and easy to build—even fun! That was 10 years ago and I have to tell you—everyday I look at that building with real pride. Thank you PowerBilt!"

- **Ted Wilson, West Virginia**
