- 24.** LabWare Holdings, Inc. is registered in the System for Award Management (SAM) database.

Additional Terms and Conditions

Volume-adjusted software license prices, as well as any volume or other discounts, apply solely to this quote. Other quotations for LabWare LIMS software shall be prepared separately and shall be independent from this quotation. Subsequent orders for additional LabWare LIMS software shall be based upon such separate and independent quotations.

The initial year of no-charge Annual Software Maintenance applies only to software licenses purchased as part of a new system installation. The Annual Software Maintenance fees for software purchased in order to increase the number of concurrent user licenses on an existing installed system shall be invoiced immediately at the fee indicated in the quote, on a prorated basis to coincide with the annual term of software maintenance for the existing system.

The daily rate quoted for Implementation Services is fixed. However, any quoted number of days is an estimate only. Our estimates are based on information supplied to LabWare by the customer and on the assumption that the customer will actively participate in the implementation. The customer will be responsible for managing the project, including scope, schedule, and budget. The customer is expected to participate in all implementation activities, such as testing and entry of static data. LabWare will invoice the customer for the actual amount of time required to complete the work, which may be higher or lower than the estimate. We recommend that the customer adjust the scope and their level of participation as needed throughout the project in order to achieve the desired completion date at the budgeted cost.

The currency for all quoted training and implementation prices is United States Dollar (USD).

Estimates of USD equivalents are estimates only. Actual USD pricing will depend on the Rate Of Exchange on the date of payment receipt.

The currency for all quoted prices is United States Dollar (USD).

All quoted prices from and payments to LabWare are exclusive of any government duties, taxes and/or charges.

Sales tax has not been included in this quotation. Unless a Certificate of Exemption from sales tax or a sales tax self paid number is provided to LabWare, sales tax at the applicable rate will be added to all invoices.

This Quotation is valid for a period of 90 Days from the date below.

Make all purchase orders to: LabWare, Inc., addressed as above.

Payment Terms

- 100% of Total Licenses invoiced upon shipment of software.
- Implementation services invoiced monthly for actual days provided.
- Training invoiced upon registering for a class.
- All payments due Net 30 Days from receipt of an accurate invoice.

License Capacity to Add 71 to 80, Existing Capacity 30 or More	Each	\$4,234.16

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.30.81-90	LabWare LIMS Software License - Existing 30 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 30 or More	Each	\$4,234.16
2100.60.30.91-100	LabWare LIMS Software License - Existing 30 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 30 or More	Each	\$4,227.30
2100.60.40.1-9	LabWare LIMS Software License - Existing 40 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 40 or More	Each	\$4,247.86
2100.60.40.10-20	LabWare LIMS Software License - Existing 40 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 40 or More	Each	\$4,241.01

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.40.21-30	LabWare LIMS Software License - Existing 40 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 40 or More	Each	\$4,234.16
2100.60.40.31-40	LabWare LIMS Software License - Existing 40 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 31 to 40, Existing Capacity 40 or More	Each	\$4,234.16
2100.60.40.41-50	LabWare LIMS Software License - Existing 40 - Add 41 to 50	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 41 to 50, Existing Capacity 40 or More	Each	\$4,234.16
2100.60.40.51-60	LabWare LIMS Software License - Existing 40 - Add 51 to 60	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 51 to 60, Existing Capacity 40 or More	Each	\$4,234.16

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.40.61-70	LabWare LIMS Software License - Existing 40 - Add 61 to 70	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 61 to 70, Existing Capacity 40 or More	Each	\$4,227.30
2100.60.40.71-80	LabWare LIMS Software License - Existing 40 - Add 71 to 80	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 71 to 80, Existing Capacity 40 or More	Each	\$4,227.30
2100.60.40.81-90	LabWare LIMS Software License - Existing 40 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 40 or More	Each	\$4,227.30
2100.60.40.91-100	LabWare LIMS Software License - Existing 40 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 40 or More	Each	\$4,220.45

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.50.1-9	LabWare LIMS Software License - Existing 50 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 50 or More	Each	\$4,234.16
2100.60.50.10-20	LabWare LIMS Software License - Existing 50 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 50 or More	Each	\$4,234.16
2100.60.50.21-30	LabWare LIMS Software License - Existing 50 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 50 or More	Each	\$4,234.16
2100.60.50.31-40	LabWare LIMS Software License - Existing 50 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 31 to 40, Existing Capacity 50 or More	Each	\$4,227.30

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.50.41-50	LabWare LIMS Software License - Existing 50 - Add 41 to 50	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 41 to 50, Existing Capacity 50 or More	Each	\$4,227.30
2100.60.50.51-60	LabWare LIMS Software License - Existing 50 - Add 51 to 60	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 51 to 60, Existing Capacity 50 or More	Each	\$4,227.30
2100.60.50.61-70	LabWare LIMS Software License - Existing 50 - Add 61 to 70	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 61 to 70, Existing Capacity 50 or More	Each	\$4,227.30
2100.60.50.71-80	LabWare LIMS Software License - Existing 50 - Add 71 to 80	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 71 to 80, Existing Capacity 50 or More	Each	\$4,220.45

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.50.81-90	LabWare LIMS Software License - Existing 50 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 50 or More	Each	\$4,220.45
2100.60.50.91-100	LabWare LIMS Software License - Existing 50 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 50 or More	Each	\$4,220.45
2100.60.60.1-9	LabWare LIMS Software License - Existing 60 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 60 or More	Each	\$4,234.16
2100.60.60.10-20	LabWare LIMS Software License - Existing 60 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 60 or More	Each	\$4,227.30

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.60.21-30	LabWare LIMS Software License - Existing 60 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 60 or More	Each	\$4,227.30
2100.60.60.31-40	LabWare LIMS Software License - Existing 60 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 31 to 40, Existing Capacity 60 or More	Each	\$4,227.30
2100.60.60.41-50	LabWare LIMS Software License - Existing 60 - Add 41 to 50	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 41 to 50, Existing Capacity 60 or More	Each	\$4,227.30
2100.60.60.51-60	LabWare LIMS Software License - Existing 60 - Add 51 to 60	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 51 to 60, Existing Capacity 60 or More	Each	\$4,220.45

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.60.61-70	LabWare LIMS Software License - Existing 60 - Add 61 to 70	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 61 to 70, Existing Capacity 60 or More	Each	\$4,220.45
2100.60.60.71-80	LabWare LIMS Software License - Existing 60 - Add 71 to 80	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 71 to 80, Existing Capacity 60 or More	Each	\$4,220.45
2100.60.60.81-90	LabWare LIMS Software License - Existing 60 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 60 or More	Each	\$4,220.45
2100.60.60.91-100	LabWare LIMS Software License - Existing 60 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 60 or More	Each	\$4,213.60

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.70.1-9	LabWare LIMS Software License - Existing 70 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 70 or More	Each	\$4,227.30
2100.60.70.10-20	LabWare LIMS Software License - Existing 70 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 70 or More	Each	\$4,227.30
2100.60.70.21-30	LabWare LIMS Software License - Existing 70 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 70 or More	Each	\$4,227.30
2100.60.70.31-40	LabWare LIMS Software License - Existing 70 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 31 to 40, Existing Capacity 70 or More	Each	\$4,220.45

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.70.41-50	LabWare LIMS Software License - Existing 70 - Add 41 to 50	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 41 to 50, Existing Capacity 70 or More	Each	\$4,220.45
2100.60.70.51-60	LabWare LIMS Software License - Existing 70 - Add 51 to 60	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 51 to 60, Existing Capacity 70 or More	Each	\$4,220.45
2100.60.70.61-70	LabWare LIMS Software License - Existing 70 - Add 61 to 70	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 61 to 70, Existing Capacity 70 or More	Each	\$4,220.45
2100.60.70.71-80	LabWare LIMS Software License - Existing 70 - Add 71 to 80	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 71 to 80, Existing Capacity 70 or More	Each	\$4,213.60

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.70.81-90	LabWare LIMS Software License - Existing 70 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 70 or More	Each	\$4,213.60
2100.60.70.91-100	LabWare LIMS Software License - Existing 70 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 70 or More	Each	\$4,213.60
2100.60.80.1-9	LabWare LIMS Software License - Existing 80 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 80 or More	Each	\$5,871.64
2100.60.80.10-20	LabWare LIMS Software License - Existing 80 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 80 or More	Each	\$5,659.24

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.80.21-30	LabWare LIMS Software License - Existing 80 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 80 or More	Each	\$5,481.11
2100.60.80.31-40	LabWare LIMS Software License - Existing 80 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 31 to 40, Existing Capacity 80 or More	Each	\$5,330.38
2100.60.80.41-50	LabWare LIMS Software License - Existing 80 - Add 41 to 50	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 41 to 50, Existing Capacity 80 or More	Each	\$5,200.20
2100.60.80.51-60	LabWare LIMS Software License - Existing 80 - Add 51 to 60	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 51 to 60, Existing Capacity 80 or More	Each	\$5,083.73

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.80.61-70	LabWare LIMS Software License - Existing 80 - Add 61 to 70	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 61 to 70, Existing Capacity 80 or More	Each	\$4,987.81
2100.60.80.71-80	LabWare LIMS Software License - Existing 80 - Add 71 to 80	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 71 to 80, Existing Capacity 80 or More	Each	\$4,905.59
2100.60.80.81-90	LabWare LIMS Software License - Existing 80 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 80 or More	Each	\$4,837.08
2100.60.80.91-100	LabWare LIMS Software License - Existing 80 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 80 or More	Each	\$4,782.27

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.90.1-9	LabWare LIMS Software License - Existing 90 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 90 or More	Each	\$5,460.55
2100.60.90.10-20	LabWare LIMS Software License - Existing 90 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 90 or More	Each	\$5,296.12
2100.60.90.21-30	LabWare LIMS Software License - Existing 90 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 90 or More	Each	\$5,152.24
2100.60.90.31-40	LabWare LIMS Software License - Existing 90 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 31 to 40, Existing Capacity 90 or More	Each	\$5,035.77

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.90.41-50	LabWare LIMS Software License - Existing 90 - Add 41 to 50	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 41 to 50, Existing Capacity 90 or More	Each	\$4,933.00
2100.60.90.51-60	LabWare LIMS Software License - Existing 90 - Add 51 to 60	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 51 to 60, Existing Capacity 90 or More	Each	\$4,850.78
2100.60.90.61-70	LabWare LIMS Software License - Existing 90 - Add 61 to 70	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 61 to 70, Existing Capacity 90 or More	Each	\$4,775.42
2100.60.90.71-80	LabWare LIMS Software License - Existing 90 - Add 71 to 80	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 71 to 80, Existing Capacity 90 or More	Each	\$4,713.75

2100.60.90.81-90	LabWare LIMS Software License - Existing 90 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 90 or More	Each	\$4,665.79
2100.60.90.91-100	LabWare LIMS Software License - Existing 90 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 90 or More	Each	\$4,624.69
2100.60.100.1-9	LabWare LIMS Software License - Existing 100 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 100 or More	Each	\$5,138.54
2100.60.100.10-20	LabWare LIMS Software License - Existing 100 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 100 or More	Each	\$5,008.36

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.100.21-30	LabWare LIMS Software License - Existing 100 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 100 or More	Each	\$4,898.74
2100.60.100.31-40	LabWare LIMS Software License - Existing 100 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 31 to 40, Existing Capacity 100 or More	Each	\$4,809.67
2100.60.100.41-50	LabWare LIMS Software License - Existing 100 - Add 41 to 50	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 41 to 50, Existing Capacity 100 or More	Each	\$4,734.31
2100.60.100.51-60	LabWare LIMS Software License - Existing 100 - Add 51 to 60	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. 2100.60.120.61-70	LabWare LIMS Software License - Existing 120 - Add 61 to 70	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 61 to 70, Existing Capacity 120 or More	Each	\$4,405.44
2100.60.120.71-80	LabWare LIMS Software License - Existing 120 - Add 71 to 80	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 71 to 80, Existing Capacity 120 or More	Each	\$4,384.89
2100.60.120.81-90	LabWare LIMS Software License - Existing 120 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 120 or More	Each	\$4,364.33
2100.60.120.91-100	LabWare LIMS Software License - Existing 120 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 120 or More	Each	\$4,350.63

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.130.1-9	LabWare LIMS Software License - Existing 130 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 130 or More	Each	\$4,549.32
2100.60.130.10-20	LabWare LIMS Software License - Existing 130 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 130 or More	Each	\$4,494.51
2100.60.130.21-30	LabWare LIMS Software License - Existing 130 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 130 or More	Each	\$4,446.55
2100.60.130.31-40	LabWare LIMS Software License - Existing 130 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 31 to 40, Existing Capacity 130 or More	Each	\$4,412.29

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.130.41-50	LabWare LIMS Software License - Existing 130 - Add 41 to 50	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 41 to 50, Existing Capacity 130 or More	Each	\$4,384.89
2100.60.130.51-60	LabWare LIMS Software License - Existing 130 - Add 51 to 60	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 51 to 60, Existing Capacity 130 or More	Each	\$4,357.48
2100.60.130.61-70	LabWare LIMS Software License - Existing 130 - Add 61 to 70	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 61 to 70, Existing Capacity 130 or More	Each	\$4,336.93
2100.60.130.71-80	LabWare LIMS Software License - Existing 130 - Add 71 to 80	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 71 to 80, Existing Capacity 130 or More	Each	\$4,323.22

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.130.81-90	LabWare LIMS Software License - Existing 130 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 130 or More	Each	\$4,316.37
2100.60.130.91-100	LabWare LIMS Software License - Existing 130 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 130 or More	Each	\$4,302.67
2100.60.140.1-9	LabWare LIMS Software License - Existing 140 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 140 or More	Each	\$4,439.70
2100.60.140.10-20	LabWare LIMS Software License - Existing 140 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 140 or More	Each	\$4,398.59

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.140.21-30	LabWare LIMS Software License - Existing 140 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 140 or More	Each	\$4,371.18
2100.60.140.31-40	LabWare LIMS Software License - Existing 140 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 31 to 40, Existing Capacity 140 or More	Each	\$4,343.78
2100.60.140.41-50	LabWare LIMS Software License - Existing 140 - Add 41 to 50	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 41 to 50, Existing Capacity 140 or More	Each	\$4,323.22
2100.60.140.51-60	LabWare LIMS Software License - Existing 140 - Add 51 to 60	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 51 to 60, Existing Capacity 140 or More	Each	\$4,309.52

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.140.61-70	LabWare LIMS Software License - Existing 140 - Add 61 to 70	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 61 to 70, Existing Capacity 140 or More	Each	\$4,295.82
2100.60.140.71-80	LabWare LIMS Software License - Existing 140 - Add 71 to 80	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 71 to 80, Existing Capacity 140 or More	Each	\$4,288.97
2100.60.140.81-90	LabWare LIMS Software License - Existing 140 - Add 81 to 90	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 81 to 90, Existing Capacity 140 or More	Each	\$4,282.12
2100.60.140.91-100	LabWare LIMS Software License - Existing 140 - Add 91 to 100	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 91 to 100, Existing Capacity 140 or More	Each	\$4,275.26

Part Number	Product Name	Product Description	UOI	GSA Price
2100.60.150.1-9	LabWare LIMS Software License - Existing 150 - Add 1 to 9	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 1 to 9, Existing Capacity 150 or More	Each	\$4,364.33
2100.60.150.10-20	LabWare LIMS Software License - Existing 150 - Add 10 to 20	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 10 to 20, Existing Capacity 150 or More	Each	\$4,336.93
2100.60.150.21-30	LabWare LIMS Software License - Existing 150 - Add 21 to 30	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose. License Capacity to Add 21 to 30, Existing Capacity 150 or More	Each	\$4,309.52
2100.60.150.31-40	LabWare LIMS Software License - Existing 150 - Add 31 to 40	The Software consists of the core LabWare LIMS application, along with access to LabWare's library of LIMS software modules. The Software License grants the right to use all LabWare-developed LIMS software modules, which may be installed and utilized at the customer's option. Modules provide specific features and functions that extend and enhance the capabilities of the core LIMS application, enabling the implementation of a LIMS that is optimally configured for its specific purpose.
