Ancillary Services - Includes, but is not limited to: services necessary to install the system (from design through start-up), maintain the system (including maintenance agreements, which may not exceed the term of this contract), or training.

Ancillary Service **excludes:**

- Construction (construction is defined as alteration, or repair of buildings, structures, or other real property)
- Architectural Engineering Services (A&E) under the Brooks Architect-Engineers Act as stated in Federal Acquisition Regulation (FAR) Part 36. These services shall be ordered only in accordance with Part 36 and agency procedures, and shall not be included on a GSA contract order as an open market item.
- Personal services.
- Stand-alone services which are applicable to the Service Contract Act (SCA)

Contractors are responsible for the following when performing services under this SIN:

- Contractors may subcontract any ancillary services ordered under this Special Item Number, unless specifically prohibited by the contracting officer issuing the order against the Multiple Award Schedule contract.
- Contractors are responsible for insuring that the scope of work is completed and all warranties are honored.
- Subcontractors must be licensed and bonded, as applicable.
- Compliance with all local laws, regulations, and ordinances are the responsibility of the prime contractor.
- The prime contractor shall accept full responsibility and liability for all work performed by subcontractors, at any level or tier.
- The Government reserves the right to apply liquidated damages whenever the required delivery date is not met.

- Contractors are required to maintain insurance in accordance with Clause 52.228-5, Insurance – Work on a Government Installation.
- Agencies' Scope of Work will inform the Contractor of the Required insurance amounts. Clause 52.228-5 is made part of this contract by reference.
- The contracting officer for the ordering agency may insert any agency unique requirements for the job, including employee suitability determination requirements (security checks), into the scope of work.
- Contractor quotations shall specifically detail all products and services with the contract price and provide a single price for services.
- Sales of ancillary services shall not be combined or reported with the product SIN.

The ordering agency is responsible for:

- Defining and issuing the statement of work for ancillary services. Accurate definition of the scope and statement of work is essential to facilitate realistic quotations. The statement of work shall also inform the contractor of any applicable insurance requirements.
- Ordering agencies shall obtain pricing information from the schedule contractors, and will negotiate for ancillary services on an order by order basis, based on complexity and level of effort. Ancillary services shall be priced as separate line items on each order.
- Pricing of services has been determined fair and reasonable by GSA. However, ordering agencies shall make a determination that the total price is fair and reasonable based on the level of effort and the mix of labor proposed.
- Ordering agencies will comply with all appropriation laws and ensure that the correct types of funds are obligated on each order.

Reference FAR 8.4 for an explanation of ordering procedures used when purchasing through a Multiple Award Schedule contract.

**All proposed services must be within the scope of this SIN on the contract. Furnish a full and detailed description of the services offered and a pricing proposal in accordance with the Services Pricing Proposal (page 03-10) of the solicitation.**

**OFFERORS MAY ONLY OFFER THIS SPECIAL ITEM NUMBER IN CONJUNCTION WITH SYSTEMS OFFERED UNDER THIS SCHEDULE . THE PRINCIPAL PURPOSE OF THIS SCHEDULE IS FOR THE PURCHASE OF ALARM AND SIGNAL SYSTEMS/FACILITY MANAGEMENT SYSTEMS.**
