¹ For machines shipped from Tennant Company on or after 2/1/2008

² For machines shipped from Tennant Company prior to 2/1/2008

³ Three (3) year limited warranty on electric motors

⁴ Two (2) year limited warranty on electric motors

NEW MACHINE WARRANTY

Tennant Company warrants to the original purchaser, for the above-stated periods (whichever occurs first), that machines will be free from defects in workmanship and material, provided that machines are installed, operated, and maintained in accordance with Tennant Company's written manuals or other instructions.

This warranty does not apply to damage or failure caused by accident, freight damage, misuse, negligence, abuse, improper repair, or maintenance of the machines. Please refer to Operator Manual for proper machine operation and maintenance instructions.

The warranty period begins on the installation date at the end-user site. A Machine Installation/Warranty Report form included with Operator's Manual must be completed and returned immediately at the time of purchase. If proof of purchase is unavailable, the warranty begins ninety (90) days after original sale to an Authorized Tennant dealer.

Demonstrator machines purchased from Tennant Company carry the same warranty as a new machine.

LABOR AND TRAVEL WARRANTY

Tennant Company will, at its option, provide labor and travel or pay for outside repair for the above-stated periods.

PARTS WARRANTY

Parts replaced or repaired under this warranty are guaranteed for the remainder of the warranty period. The parts warranty on batteries is pro-rated for one (1) year from the Tennant Company shipping date. Consumable parts, expected to wear from normal use, are not covered under the parts warranty. These consumable parts include, but are not limited to: belts, drive chains, brushes, pad drivers, filters, squeegees, tires [pro-rated for one (1) year on rider machines], skirts, hand grips, battery cables, power cords, cord restraints, external hoses, vacuum bags, fuses and carbon brushes. Battery chargers and accessories are warranted for one (1) year.

REPAIR PARTS WARRANTY

After the warranty period expires, repair parts supplied by Tennant Company are warranted against defects for the period of ninety (90) days. The repair parts warranty only covers parts, not labor or travel.

SERVICE LABOR WARRANTY

Labor and travel performed by a Tennant Company service representative are warranted for thirty (30) days from the date the repairs are completed. This policy does not cover work performed by any service company other than Tennant Company, and is restricted to the specific repair operation or component for which a claim is made.

DISCLAIMER

TENNANT COMPANY EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. TENNANT SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER DIRECT OR INDIRECT, INCLUDING, BUT NOT LIMITED TO, BUYER'S LOSS OF MATERIAL OR PROFITS, INCREASED EXPENSE OF OPERATION, BODILY INJURY, LOSS OF USE OF PROPERTY OR DOWNTIME.

Tennant Company reserves the right to change its warranty policy without notice.

Orbio Limited Warranty

<u>Model</u>	<u>Rotationally Molded Components</u>	<u>Parts & Labor</u>	<u>e-Module</u>	<u>Battery</u>	<u>Travel</u>
5000-Sc	10 years	3 years/150,000 gallons/567,750 liters	3 years/90,000 gallons/340,650 liters pro-rated	-	90 days
100-T and 200-T Solution Transport Carts	1 year	1 year	-	12 months pro-rated	None

NEW MACHINE WARRANTY

Tennant Company warrants to the original end-user purchaser, for the above-stated periods (whichever comes first), that machines will be free from defects in workmanship and material, provided that machines are installed, operated and maintained in accordance with Tennant/Orbio written manuals and instructions.

This warranty does not apply to damage or failure caused by accident, freight damage, misuse, negligence, abuse, improper repair, or maintenance of the machines. Please refer to the Operator Manual for proper machine operation and maintenance instructions.

The warranty period begins on the installation date at the end-user site. A machine Installation/Warranty Report form included in the Operator Manual must be completed and returned immediately at the time of purchase. If proof of purchase is unavailable, the warranty begins ninety (90) days after the original sale to an Authorized Tennant/Orbio dealer.

Demonstrator machines purchased from Tennant carry the same warranty as a new machine.

LABOR AND TRAVEL WARRANTY

Tennant will, at its option, provide labor and travel or pay for outside repair for the above stated periods.

PARTS WARRANTY

Parts replaced or repaired under this warranty are guaranteed for the remainder of the warranty period. The parts warranty on batteries is pro-rated from the Tennant Company shipping date. The parts warranty on e-Modules is pro-rated based on solution generation quantity up to three (3) years. Consumable parts, expected to wear from normal use, are not covered under the parts warranty. These consumable parts include, but are not limited to: battery cables, casters, wheels, power cords, dispensing nozzles, hoses and filters.

REPAIR PARTS WARRANTY

After the warranty expires, repair parts supplied by Tennant are warranted against defects for the period of ninety (90) days, with the exception of batteries and e-modules. Lead acid batteries are pro-rated for twelve (12) months. e-modules are pro-rated based on 35,000 gals/133,000 liters solution generation up to one (1) year. The repair parts warranty only covers parts, not labor or travel (see service labor section for terms).

SERVICE LABOR WARRANTY

After the warranty period expires, labor and travel performed by a Tennant service representative are warranted for thirty (30) days from the date the repairs are completed. This Service Labor Policy does not cover work performed by any service company other than Tennant, and is restricted to the specific repair operation or component for which a claim is made.

DISCLAIMER

TENNANT COMPANY EXPRESSLY DISCLAIMS ANY AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. TENNANT SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER DIRECT OR INDIRECT, INCLUDING, BUT NOT LIMITED TO, BUYER'S LOSS OF MATERIAL OR PROFITS, INCREASED EXPENSE OF OPERATION, BODILY INJURY, LOSS OF USE OF PROPERTY OR DOWNTIME.

Tennant Company reserves the right to change its warranty policy without notice.

Creating a cleaner, safer world

Since 1870, Tennant Company has been creating a cleaner, safer world. We are committed to improving the quality of our indoor environments, while reducing the impact of cleaning on the outdoors.

Product Safety Certifications and Approvals

Carpet and Rug Institute (CRI) – Green Label Certified

To qualify for Green Label, vacuums and sweepers must go through stringent testing that measures soil removal, dust containment, and carpet appearance.

Carpet and Rug Institute (CRI) – Seal of Approval

To qualify for seal of approval, extractors must undergo stringent testing that measures soil removal, water removal, and texture retention.

National Floor Safety Institute – NFSI Certified

NFSI certification ensures a product has passed a 2-phase testing process, proving the floor product helps to reduce potential for slip-and-fall accidents.

Green Seal – GS-37 Certified Detergents

Green Seal evaluates and certifies cleaning products based on criteria such as the toxicity of the product, skin and eye irritation, skin sensitization, combustibility, toxicity to aquatic life, and packaging.

Registered by NSF International

NSF International is an independent, not-for-profit organization which registers compounds, such as cleaning agents, used in and around food establishments. NSF Registration ensures that formulation and labels on these products meet appropriate food safety regulations.

U.S. Green Building Council (USGBC) – LEED

USGBC created LEED (Leadership in Energy and Environmental Design®) to recognize U.S. standards for high-performance and sustainable building environments. The USGBC recognizes products that can contribute to LEED and LEED-EB (existing building) points. 

Underwriters Laboratories (UL)

Underwriters Laboratories is a United States nationally recognized testing laboratory.

ETL Testing Laboratories

ETL Testing Laboratories is a United States nationally recognized testing laboratory.

Tennant Company Cleaning Technologies

Your facility requires safe and effective cleaning technologies to get the results you and your staff demand. Tennant Company offers a full line of safe, high-performance and innovative cleaning solutions.

– Release the Power of Electrolyzed Water

ec-H2O™ technology electrically converts water into an innovative cleaning solution that cleans effectively, saves money, improves safety, and reduces environmental impact compared to daily cleaning floor chemicals and methods. And ec-H2O leaves no chemical residue so your hard floors surfaces retain their polished look with simplified ongoing floor maintenance.

FaST – The Safe Scrubbing Alternative®

FaST® Foam-activated Scrubbing Technology provides clean, dry floors in minutes to reduce room or hallway closure times using 90% less cleaning solution and 70% less water than traditional hard floor scrubbing methods. FaST foam not only captures existing soil, it also removes old, slippery detergent residues. The result is a cleaner, higher-traction floor.

FaST does not require measuring or mixing and cleans up to 1,000,000 square feet per FaST-PAK®. FaST detergent is available in 3 formulas: FaST 365 (Neutral pH Daily Cleaner), FaST 665 (Neutral pH Heavy Duty Cleaner), FaST 965 (Heavy Duty Degreaser Cleaner).

READYSPACE® – More than clean, it's ReadySpace®

Carpets cleaned with ReadySpace Rapid-drying Carpet-cleaning technology are dry and ready for use in less than 30 minutes. Turn your just-cleaned carpet spaces around quicker, keep rooms open for traffic longer, and clean high-traffic areas more often with ReadySpace technology.

Using up to 80% less water to clean and leaving up to 90% less water in the carpet, ReadySpace helps reduce mold and bacteria growth and leaves cleaner, healthier spaces.

Orbio Technologies, a Tennant Company group

Now more than ever, new technologies make it possible to reduce the presence of conventional cleaning chemicals in your buildings without changing your cleaning processes or your expectations. Tennant Company has created Orbio Technologies to harness water-based technologies to develop user-friendly, innovative products that are economical and practical for your facilities.

Orbio 5000-Sc

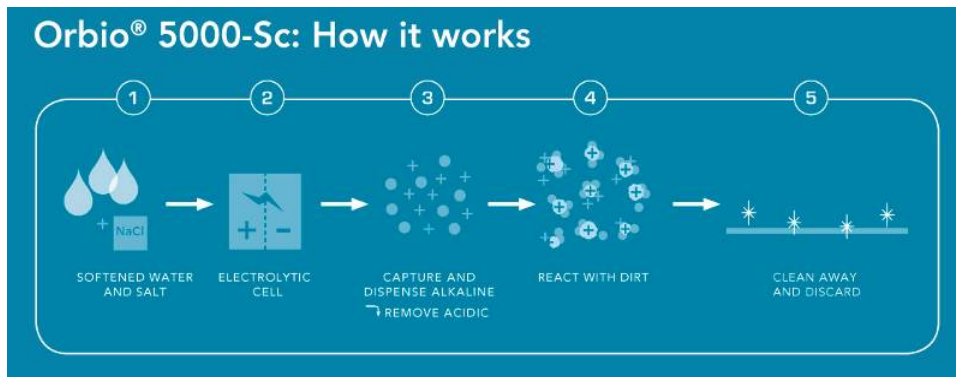

– One Solution, Many Uses

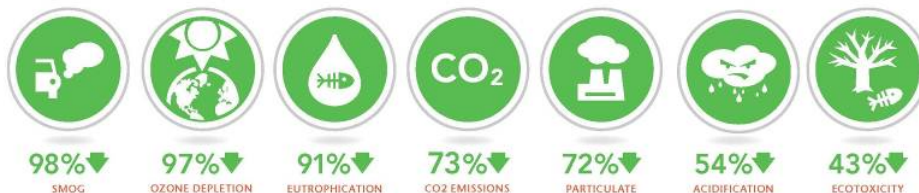

Using Orbio® Split Stream technology, the Orbio 5000-Sc converts water, salt, and electricity into Orbio Multi-Surface Cleaner, an effective cleaning solution on site, right where you need it, and stores up to 120 gallons for immediate use. This versatile cleaner can replace a variety of conventional daily-use cleaning chemicals, including:

- All-purpose cleaners
- Glass cleaners
- Stainless steel cleaners
- Carpet pre-sprays
- Chemicals used in-tank in scrubbers and carpet extractors

Using Orbio Multi-Surface Cleaner allows you to simplify your cleaning processes, save time and money, and reduce your environmental impact, according to an independent study conducted by Ecoform, a third-party consultant.

Reduction of environmental impact using the Orbio® 5000-Sc vs. conventional packaged cleaning chemicals*

*Scenario = convention center

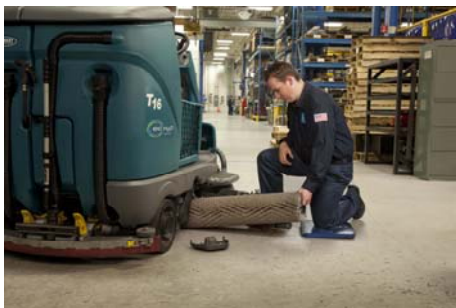

Tennant True[®] Gold Performance Program for GSA

Gain predictability and control of maintenance costs with Tennant's Gold Performance Program.

- 400+ factory-trained, local Tennant True service representatives with the experience and expertise to troubleshoot and fix problems quickly
- Tennant True Service strives for prompt phone response, within two hours on the weekdays, and service reps onsite within approximately 24 hours in most areas
- Better cleaning performance and lower total cost with Tennant True genuine parts

Tennant True[®] Gold Performance Program helps ensure your Tennant machines are ready to go whenever you need them. Tennant's factory-trained representatives have unsurpassed experience with Tennant equipment, enabling your machines to continue operating at peak performance. Control maintenance costs and obtain superior cleaning results for the life of your machine. Gold Performance Program covers many major components helping to maximize uptime while controlling your costs.

Orbio Technologies, a Tennant Company group

Now more than ever, new technologies make it possible to reduce the presence of conventional cleaning chemicals in your buildings without changing your cleaning processes or your expectations. Tennant Company has created Orbio Technologies to harness water-based technologies to develop user-friendly, innovative products that are economical and practical for your facilities.

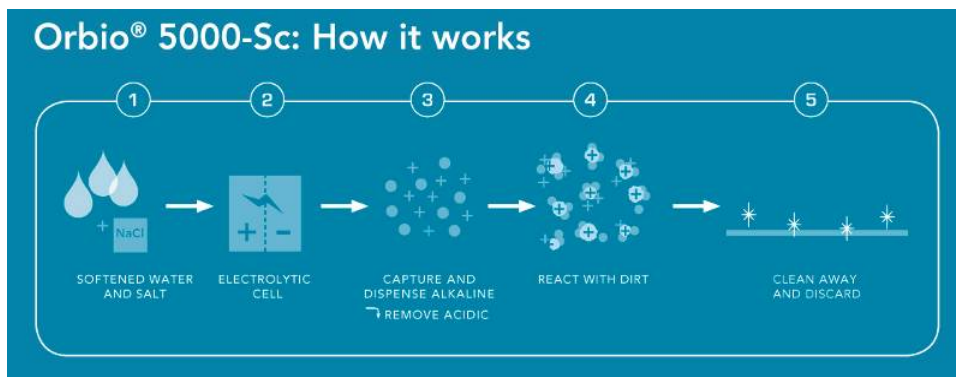

Orbio 5000-Sc

ORBIO® SPLIT STREAM – One Solution, Many Uses

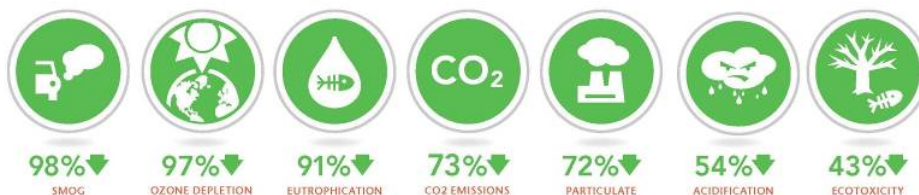

Using Orbio® Split Stream technology, the Orbio 5000-Sc converts water, salt, and electricity into Orbio Multi-Surface Cleaner, an effective cleaning solution on site, right where you need it, and stores up to 120 gallons for immediate use. This versatile cleaner can replace a variety of conventional daily-use cleaning chemicals, including:

- All-purpose cleaners
- Glass cleaners
- Stainless steel cleaners
- Carpet pre-sprays
- Chemicals used in-tank in scrubbers and carpet extractors

Using Orbio Multi-Surface Cleaner allows you to simplify your cleaning processes, save time and money, and reduce your environmental impact, according to an independent study conducted by Ecoform, a third-party consultant.

Reduction of environmental impact using the Orbio® 5000-Sc vs. conventional packaged cleaning chemicals*

*Scenario = convention center

Orbio® Model 5000-Sc Cleaning Solution Generator and Dispenser

The Orbio 5000-Sc generates Orbio Multi-Surface Cleaner right on site, when and where you need it. Using Orbio Split Stream technology, the machine converts water, salt, and electricity into a stable, effective cleaning solution that takes the place of a number of conventional daily-use cleaning chemicals. Orbio Multi-Surface Cleaner is certified high-traction by the National Floor Safety Institute (NFSI) and registered with NSF. It has a Platinum-level Seal of Approval from the Carpet and Rug Institute (CRI) when used as part of a deep cleaning system, and is recognized by Woollsafe as an environmentally preferable product for wool and advanced-generation synthetic carpets. All 5000-Sc Units are shipped with an Accessory Kit that includes: (1) Wall Chart, (1) package of 100 pH Test Strips, (3) Inflow Water Filters, (1) Inflow Water Filter Wrench, (1) Outflow Water Filter, (1) Outflow Water Filter Wrench, (1) Garden Hose Connector Fitting, (200) Spray Bottle Labels, MSDS Sheet, and Operator's Manual.

SCRUBBERS

Maintain a clean, safe and productive environment with our industry-leading scrubbers. Look for machines featuring ec-H2O™ or FaST® technologies. Ec-H2O electrically converts plain tap water into a powerful cleaning solution for chemical performance with earth-friendly results. FaST is the safe scrubbing alternative, removing old, slippery detergent residue, FaST increases floor traction by 21 percent.

-------------------------------------	--------------------	----------------	-----------------	----------------

Model 5700 Walk Behind Auto Scrubbers

Available with 28" (700mm), 32" (800mm) or 36" (900mm) cleaning paths and either disk or cylindrical scrub heads. The 28" and 32" scrub heads come standard with FaST® Foam Action Scrubbing Technology (except the EE versions). The 28", 32" and 36" scrub heads can also be equipped with ec-H2O™ Cleaning Technology (except the EE versions). All units feature polyethylene 30 gallon solution / 40 gallon recovery tanks, heavy duty cast aluminum scrub heads and squeegee assemblies, linatex squeegee blades, parabolic squeegee design, sealed transaxle, no-tools pad/brush and squeegee blade change, adjustable height operators console, pneumatic non-marking black tires, auto vac fan, water and brush stop/start with propel, hour meter, battery level indicator and fully variable down pressure. Comes in standard or XP versions. XP version includes one-button scrubbing and auto squeegee lift. Heavy-Duty (HD) version includes 1 HP brush motors, 335AH batteries and 30 amp charger. EE version for hazardous environment use. Complete package includes pad drivers or brushes, 6 batteries (235AH, 6 volt) and 20 amp charger. FaST® version includes one FaST-PAK® 365 or 665 cleaning cartridge.

SWEEPING BRUSHES

Tennant sweeping brushes are built to last. Manufactured with premium, heavy-duty raw materials and a unique spline drive system, these brushes last longer and ensure superior performance by efficiently transferring power from hub to brush.

Full-Fill – Designed with a dense pattern for trapping sand, dust and other fine debris

Sand Wedge – A high-density brush with a zigzagged pattern that creates “wedges” of space to effectively pick-up fine debris.

Full-Fill Tube Broom – Heavy-gauge polypropylene fill material provides superior sweeping performance on uneven or irregular surfaces.

Window Brush – A patented brush with open “windows” to trap light litter.

6/8 Double Row – Bristles pick up fine debris while the spacing between the rows effectively traps bulkier litter.

Patrol Brush – Wider spaced rows effectively pick-up bulky litter during high-speed sweeping.

Side Brushes – Round, flared design reaches into corners or along edges, pushing debris in front of the sweeper for pick up by the main broom.

SCRUBBING BRUSHES

Long-life disk and cylindrical brushes feature plastic backings to protect against warping and splitting. Drain holes help flush water and grit from high-wear spots to protect the machine’s drive plug and ensure optimum spin rates.

Cylindrical Scrub Brush

Disc Scrub Brush

Cylindrical and Disk – Full-fill bristle patterns are trimmed to an optimal length for excellent floor surface coverage, and appropriate bristle stiffness delivers effective scrubbing performance.

BRUSH SELECTION GUIDE – FILL MATERIAL AGGRESSIVENESS
