CUSTOMER INFORMATION:

CDM Smith provides lasting and integrated solutions in water, environment, transportation, energy and facilities to U.S. government agencies and to public and private clients worldwide. As a full-service consulting, engineering, construction and operations firm, we deliver exceptional client service, quality results and enduring value across the entire project life-cycle. CDM Smith provides construction contracting through the wholly owned subsidiary CDM Constructors Inc. Our in-house construction capabilities include environmental remediation and operation of remedial systems. CDM Smith's remediation and operations professionals, located in a nationwide network of offices, provide the resources to self-perform all phases of a project from initial investigation through design, implementation and operation safely and effectively. In the environmental markets served by CDM Smith - air, water, wastewater, water resources, sediments, and solid and hazardous waste - we provide total project solutions, with flexibility in both technical approach and in delivery method. CDM Smith provides services in all major categories under this SIN.

1a. Table of Awarded Special Item Number(s) with appropriate cross-reference to page numbers:

SIN	SIN Description
899-8	Remediation and Reclamation Services

Excavation and Removal of Hazardous Waste

- Soil and waste excavation
- Sediment removal
- Waste transportation and disposal management
- Removal of waste management facilities, buildings, pipelines
- Landfill and impoundment closure
- Site restoration and reuse

Remediation

- Project Management
- Project Management
- Large Heavy Equipment Inventory
- Demolition and Closure
- Concrete

In-situ Soil and Groundwater Treatment

- Reactive permeable barriers
- Electrokinetics
- Thermal desorption
- Enhanced bioremediation
- Monitored Natural Attenuation

Contaminant Containment

- Engineered caps
- Sediment capping
- Slurry walls
- Funnel and Gate systems

Groundwater Extraction and Groundwater Treatment

- Dual phase liquid extraction
- Adsorption treatment (carbon and resins)
- Filtration (gravity, multi-media, membranes)
- Air stripping
- Biotreatment (aerobic, anaerobic, enhanced)
- Thermal treatment
- Chemical treatment

Environmental Compliance driven Remediation Services

- Resource Conservation and Recovery Act (RCRA)
- Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)
- Safe Drinking Water
- Toxic Substance Control Act (TSCA)
- Clean Water
- National Historic Preservation Act (NHPA)
- Archeological and Historic Preservation Act
- Endangered Species Act
- Clean Air Act (CAA)
- Fish and Wildlife Coordination Act
- Flood Control Act
- National Environmental Policy Act (NEPA)
- Pollution Prevention Act
- Rivers and Harbors Act
- Solid Waste Disposal Act

Soil Vapor Extraction

- Air Sparging

Soil and Waste treatment

- Biopiles

- 1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.
- 1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.
2. Maximum Order: \$1,000,000.00
3. Minimum Order: \$100.00
4. Geographic Coverage (delivery Area): Domestic and Overseas
5. Point(s) of production (city, county, and state or foreign country): Same as company address
6. Discount from list prices or statement of net price: N/A
7. Quantity discounts: None Offered
8. Prompt payment terms: N/A
- 9a. Notification that Government purchase cards are accepted up to the micro-purchase threshold: Yes
- 9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold: will accept over \$3,000
10. Foreign items (list items by country of origin): None
- 11a. Time of Delivery (Contractor insert number of days): Specified on the Task Order
- 11b. Expedited Delivery: Contact Contractor
- 11c. Overnight and 2-day delivery: Contact Contractor
- 11d. Urgent Requirements: Contact Contractor
12. F.O.B Points(s): Destination
- 13a. Ordering Address(es): Same as Contractor
- 13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's), and a sample BPA can be found at the GSA/FSS Schedule homepage (fss.gsa.gov/schedules).
14. Payment address(es): Same as company address
15. Warranty provision.: N/A

16. **Export Packing Charges (if applicable):** N/A
17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
18. **Terms and conditions of rental, maintenance, and repair (if applicable):** N/A
19. **Terms and conditions of installation (if applicable):** N/A
20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
- 20a. **Terms and conditions for any other services (if applicable):** N/A
21. **List of service and distribution points (if applicable):** N/A
22. **List of participating dealers (if applicable):** N/A
23. **Preventive maintenance (if applicable):** N/A
- 24a. **Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants:** N/A
- 24b. **If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at: www.Section508.gov/.** N/A
25. **Data Universal Numbering System (DUNS) number:** 805907391
26. **Notification regarding registration in Central Contractor Registration (CCR) database:** Registered
27. **Final Pricing:**
The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

28. Service Contract Act (SCA) Matrix

SCA Eligible Labor Category	SCA Equivalent Code Title	Wage Determination No
Laborer	23470-Laborer	2005-2255
Equipment Operator	23440-Heavy Equipment Operator	2005-2255

The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the indicated (**) SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e. nationwide).

29. Labor Descriptions

Labor Category	Education	Experience	Description
Construction Manager	BS	6 Years	Provides overall management, administrative and technical direction for one or more projects or specific type of project (civil, structural or electrical), depending on size and complexity. Single projects tend to be large and somewhat complex; multiple projects tend to be small and low in complexity.

Labor Category	Education	Experience	Description
Superintendent	Associates	5 Years	Under limited supervision, schedules, coordinates, and supervises all field activities of CDM Constructors Inc. employees and subcontractors according to plant construction engineering specifications and design. Projects are generally small to medium in size and low to moderate in complexity.
Drafter	HS	1 Year	Under close supervision, performs routine drafting assignments which require knowledge and skill in basic drafting techniques and procedures. Assignments are designed to further develop the incumbent's job knowledge and abilities.
Designer	Associates	5 Years	Supervise and direct technical staff. Provide instructions and give technical advice in design and drafting. Perform specialized engineering design and computations. Use independent judgment on overall project designs. Ensure the safety, economy, ease of maintenance, appearance, and construction of these designs. Check drawings and specifications.
Field Engineer	BS	1 Year	Provide technical engineering information to company supervision and crafts to ensure construction work complies with all engineering standards, codes, and specifications.
Engineer	BS	2 Years	With limited direction, plans, develops, coordinates, and manages onsite construction engineering activities on small to medium size projects of low to moderate complexity.
Project Engineer	BS	4 Years	With limited direction, plans, develops, coordinates, and manages onsite construction engineering activities on small to medium size projects of low to moderate complexity.
Senior Engineer	BS	8 Years	Acts as internal technical consultant for a specific discipline to ensure all related construction activities are performed in accordance with accepted professional and company practices and standards.
Project Assistant	BS	1 Year	Performs, as a generalist, a combination of administrative and analytical tasks in such functional areas as finance, budgeting, contracts, or purchasing; coordinates, interprets, and implements the firm's policies and procedures involving client projects in support of either a client officer(s) or an equivalent management level position(s).
O&M Technician	Associates	4 Years	Under direct supervision, monitors water/wastewater treatment plant performance and assists plant operations staff in evaluating, selecting and applying standard O&M techniques, procedures and criteria for industrial and municipal facilities.

Labor Category	Education	Experience	Description
Senior O&M Specialist	Associates	6 Years	Under very limited supervision, provides project operations and maintenance management in industrial and/or municipal plant start-up and operation, ensuring client satisfaction in meeting water quality requirements and objectives.
Estimator / Scheduler	BS	1 Year	Under general supervision, assists skilled craft workers in performing their assigned duties.
Project Estimator / Scheduler	BS	2 Years	Under limited supervision, prepares portions of estimates for one or more disciplines, including the determination of applicable project plans and specifications.
Senior Estimator / Scheduler	BS	7 Years	With minimal supervision, provides full estimating services on large size projects of high complexity, giving administrative and technical direction to ensure that corporate objectives are met.
Purchasing Agent	BA or BS	1 Year	Supervises the daily activities of the purchasing function. Oversees the ordering of materials and supplies from vendors. Ensures that the purchasing process flows smoothly from start to finish. Familiarity with a variety of the field's concepts, practices, and procedures. Relies on experience and judgment to plan and accomplish goals. May lead and direct the work of others.
Program Manager	BS & MBA or equiv.	10 Years	Provides daily supervision and management of on-site employees. Possesses experience in designing, planning, and supervising. Provides staff oversight and manages project activities .
Project Manager	BS	7 Years	Provides overall administrative and technical management, from bid preparation to project completion, on multiple medium size projects of moderate to high complexity. Develops new business opportunities with existing and prospective clients.
Senior Project Manager	BS	12 Years	Provides overall administrative and technical management, from bid preparation to project completion, on multiple projects that are generally large and highly complex.
Quality Control Technician	HS	1 Year	Performs test on materials to assure that they are within required specifications. Conducts routine and non-routine analysis of raw materials, in-process, and finished product, using variety of testing devices and procedures to maintain product quality.
Quality Control Inspector	Associates	1 Year	Under direction, to perform quality control inspection for a variety of projects and work orders; and to do related work as required.

Labor Category	Education	Experience	Description
Quality Control Manager	BS	5 Years	Inspect, review and monitor daily construction installation and progress. Inspect for plans/specifications conformance and code compliance per required construction standards. Prepare daily construction reports to include material testing and construction schedule progress. Prepare and submit all construction RFIs and trades submittals.
Site Health / Safety Inspector	BS	1 Year	In consultation with local senior management, plans, implements, and supervises individual project safety, accident, and fire protection programs in compliance with corporate safety program standards,
Corp. Health & Safety Coordinator	BS	5 Years	Coordinates all functions of the Health and Safety program and provides guidance to Regional Health & Safety Managers and Site Health & Safety Coordinators.
Operator	HS	4 Years	Under general supervision, operates various types of heavy equipment in excavation, materials management, backfilling, and dewatering systems maintenance.
Laborer	HS	2 Years	Under limited supervision, assist skilled craft workers in performing their assigned duties.
