## Customer Information

**1a. Awarded Special Item Numbers:**

SIN 899-1 Environmental Consulting Services

SIN 899-8 Remediation and Reclamation Services

**1b. Labor Rates:** Reference attached Labor Rates.

**1c. Labor Category Descriptions:** Reference attached descriptions.

**2. Maximum Order:** The maximum order for all SINs is \$5,000,000

**3. Minimum Order:** The minimum dollar value per order is \$100.

**4. Geographic Coverage (Delivery Area):** Domestic which includes the 48 Contiguous States, Alaska, Hawaii, Puerto Rico, Washington DC, and US Territories.

**5. Point(s) of Production:** BERS operates out of its offices in Anchorage, AK; Denver, CO; Sneads Ferry, NC; San Antonio, TX; and Marysville, WA.

**6. Discount from List Prices:** Reference quality discounts.

**7. Quantity Discounts:** BERS offers a volume discount of 2 percent on Task Orders over \$200,000.

**8. Prompt Payment Terms:** BERS offers a prompt payment of discount of 1 percent 15 days net 30.

**9a. Acceptance of Government Purchase Cards at or below the Micro-purchase Threshold:** BERS does not accept Government purchase cards.

**9b. Acceptance of Government Purchase Cards above the Micro-purchase Threshold:** BERS does not accept Government purchase cards.

**10. Foreign Items:** Not applicable.

**11a. Time of Delivery:** Determined by Task Order.

**11b. Expedited Delivery:** Not applicable.

**11c. Overnight and 2-Day Delivery:** Not applicable.

**11d. Urgent Requirements:** Contact BERS for information.

**12. F.O.B. Points(s):** Destination.

**13a. Ordering Address:**

Bristol Environmental Remediation Services, LLC  
Attention: Patricia Curl  
111 W. 16<sup>th</sup> Avenue, Third Floor  
Anchorage, AK 99501  
Phone: 907-563-0013  
Fax: 907-563-6713  
Email: [pcurl@bristol-companies.com](mailto:pcurl@bristol-companies.com)

**13b. Ordering Procedures:** For supplies and services, the ordering procedures and information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3. Additional ordering information and a sample BPA can be found at the GSA/FSS Schedule homepage ([www.gsa.gov](http://www.gsa.gov)).

**14. Payment Address:**

For payment electronically please reference invoice. Payment via Check/US Mail should be sent to the following.

Bristol Environmental Remediation Services, LLC  
Attention: Patricia Curl  
111 W. 16<sup>th</sup> Avenue, Third Floor  
Anchorage, AK 99501

**15. Warranty Provision:** Not applicable.

**16. Export Packing Charges:** Not applicable.

**17. Terms and Conditions of Government Purchase Card Acceptance (any thresholds above the micro-purchase level):** BERS does not accept Government purchase cards.

**18. Terms and Conditions of Rental, Maintenance, and Repair:** Not applicable.

**19. Terms and Conditions of Installation:** Not applicable.

**20. Terms and Conditions of Repair Parts Indicating Date of Parts Price Lists and Any Discounts from List Prices:** Not applicable.

**20a. Terms and Conditions for Any Other Services:** Not applicable.

**21. List of Service and Distribution Points:** Not applicable.

**22. List of Participating Dealers:** Not applicable.

**23. Preventive Maintenance:** Not applicable.

- 24a. Special Attributes:** Not applicable.
- 24b. Section 508 compliance information:** Not applicable.
- 25. Data Universal Numbering System (DUNS) Number:** 621631196
- 26. Central Contractor Registration (CCR) Database:** BERS is registered in the Central Contractor Registration (CCR) database.

## Federal Supply Schedule Price List

Labor Category	Year 1	Year 2	Year 3	Year 4	Year 5

## LABOR CATEGORY DESCRIPTIONS

Labor Category	Position Description	Min. Years Experience	Min. Education/ Degree Requirements	Applicable Training/ Certification Requirements
Program Manager	Serves as the company's authorized interface with the Contracting Officer and the Contracting Officer's Representative. Responsible for formulating and enforcing work standards, assigning schedules, reviewing work discrepancies, and communicating policies and goals of the organization to subordinates. Shall be responsible for the overall contract performance.	Minimum of 15 years experience in management of environmental projects, at least five of which are at the Program Manager level.	B.S. degree in an engineering or science discipline.	
Senior Project Manager	Serves as the day-to-day manager of the contract. Authorized to interface with the Contracting Officer and the Contracting Officer's Representative for purposes of scope clarification. Responsible for formulating and enforcing work standards, assigning schedules, reviewing work discrepancies, supervising personnel, and communicating policies and goals of the organization to subordinates.	Minimum of 10 years experience in environmental project management.	B.S. degree in an engineering or science discipline.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> <li>• RCRA Hazardous Materials/Waste Marking, Transportation, Disposal</li> </ul>
Project Manager	Provides management and technical direction to project staff. Exercises independent judgment and analytical skills for solving complex technical and management problems. Plans, directs, and manages the technical and administrative activities of assigned projects to ensure that the goals and objectives of the project are completed on time and within budget.	Minimum of five years experience.	B.S. degree in an engineering or science discipline.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> <li>• RCRA Hazardous Materials/Waste Marking, Transportation, Disposal</li> </ul>

Labor Category	Position Description	Min. Years Experience	Min. Education/ Degree Requirements	Applicable Training/ Certification Requirements
Senior Scientist	Oversees and coordinates the activities of other scientists and project support personnel. Responsible for the design and oversight of field investigations, remedial actions, report preparation, and serving as a liaison between the client and regulatory agencies. Must have extensive knowledge of environmental laws and regulations. Provides technical guidance and advice on regulations, policies, and guidelines. Provides technical input on complex compliance and hazardous waste issues.	Minimum of seven years experience in environmental compliance, environmental management, and personnel supervision.	B.S. degree in a science discipline.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> <li>• RCRA Hazardous Materials/Waste Marking, Transportation, Disposal</li> </ul>
Project Scientist	Provides support to ensure that projects involving environmental compliance, hazardous material/waste, and remediation technologies are conducted in accordance with accepted procedures. Prepares documentation and reports in support of project requirements and provides support in hazardous material/waste management.	Minimum of three years experience in environmental compliance and environmental management.	B.S. degree in a science discipline.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> <li>• RCRA Hazardous Materials/Waste Marking, Transportation, Disposal</li> <li>• US Army Corps of Engineers CQC Training</li> </ul>
Junior Scientist	Under the direction of senior staff, provides environmental project support and documentation to project staff.	Entry level position in environmental technologies.	B.S. degree in a science discipline.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr</li> </ul>
Senior Engineer	Oversees and coordinates the activities of engineers and other project support personnel. Formulates and provides technical guidance and advice on regulations, policies, and guidelines. Provides expertise and engineering support for the design of wastewater treatment and remediation projects, and evaluates potential remediation technologies for effectiveness.	Minimum of seven years experience in environmental engineering, compliance, environmental management, and personnel supervision.	B.S. degree in an engineering discipline.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> <li>• RCRA Hazardous Materials/Waste Marking, Transportation, Disposal</li> </ul>

Labor Category	Position Description	Min. Years Experience	Min. Education/ Degree Requirements	Applicable Training/ Certification Requirements
Project Engineer	Provides support to ensure design criteria, waste disposal technology evaluations, and hazardous material/waste projects are conducted in accordance with accepted procedures. Prepares documentation and reports in support of project requirements and provides technical assistance in determining cost effective hazardous material/waste management practices.	Minimum of three years experience in engineering design and environmental management.	B.S. degree in an engineering discipline.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> <li>• RCRA Hazardous Materials/Waste Marking, Transportation, Disposal</li> <li>• US Army Corps of Engineers CQC Training</li> </ul>
Junior Engineer	Under the direction of senior staff provides engineering support for environmental remediation projects. In addition, provides hazardous material/waste and documentation support to project staff.	Entry level position in engineering.	B.S. degree in an engineering discipline.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr</li> </ul>
Environmental Technician	Conduct tests and field investigations to obtain data for use by environmental, engineering, and scientific personnel. Collects samples from environmental sources to assess pollution problems; prepares samples for the laboratory; and records data for determining contamination sources.	Minimum of 1 year of experience in environmental technology.	B.S. degree; or A.A. degree with two years experience.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr</li> </ul>
Certified Industrial Hygienist	Extensive knowledge of EPA methods of analysis and the applicable regulatory environment. Able to determine appropriate analyses and identify QA/QC limits to ensure the validity of results. Write technical reports, health and safety plans, and appropriate sampling plans. Review analytical data to ensure proper QA/QC methods are utilized and within acceptable limits. Develop and validate methods and procedures to address special project requirements.	Minimum of 10 years experience including the interpretation and analysis of data, troubleshooting, and developing methods and procedures.	M.S. degree in chemistry or related field.	<ul style="list-style-type: none"> <li>• CIH certification required.</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> </ul>

Labor Category	Position Description	Min. Years Experience	Min. Education/ Degree Requirements	Applicable Training/ Certification Requirements
Hazardous Materials Specialist	Responsible for performing the necessary steps leading to the safe and legal transportation and/or disposal of hazardous materials, which include but are not limited to the identification, packaging, placarding, labeling, and transportation of hazardous material.	Minimum of two years experience in hazardous material handling, supply, and logistics.	B.S. degree in an engineering or science discipline preferred.	<ul style="list-style-type: none"> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> <li>• RCRA Hazardous Materials/Waste Marking, Transportation, Disposal</li> </ul>
Senior UXO Supervisor	Provides expertise to project management concerning the safe handling and disposal of UXO, unstable chemicals, commercial explosives, and blasting agents. Develop and implement safety procedures for personnel that may be exposed to explosive hazards, conduct identification and inspection of potential explosives found on-site, and advises on safe disposal options.	Minimum of 10 years experience in military explosive ordinance disposal or equivalent level of commercial explosive handling and disposal experience.	B.S. degree in an engineering or science discipline preferred.	<ul style="list-style-type: none"> <li>• EOD certification</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> </ul>
UXO Technician III	Knowledgeable and experienced in the safe handling and disposal of UXO, unstable chemicals, commercial explosives, and blasting agents. Implement safety procedures for personnel that may be exposed to explosive hazards, conduct identification and inspection of potential explosives found on-site, and advises on safe disposal options.	Minimum of eight years experience in military explosive ordinance disposal or equivalent level of commercial explosive handling and disposal experience.	High School Diploma.	<ul style="list-style-type: none"> <li>• EOD certification</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> </ul>
UXO Technician II	Experienced in the safe handling and disposal of UXO, unstable chemicals, commercial explosives, and blasting agents. Implements safety procedures for personnel that may be exposed to explosive hazards. Conducts detailed identification and inspection of potential explosives found on-site, and advises on potential safe disposal options.	Minimum of five years experience in military explosive ordinance disposal or equivalent level of commercial explosive handling and disposal experience.	High School Diploma.	<ul style="list-style-type: none"> <li>• EOD certification</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> </ul>

Labor Category	Position Description	Min. Years Experience	Min. Education/ Degree Requirements	Applicable Training/ Certification Requirements
UXO Technician I	Supports projects concerning the safe handling and disposal of UXO, unstable chemicals, commercial explosives, and blasting agents. Assists in conducting identification and inspection of potential explosives found on-site, and advises on safe disposal options.	Minimum of one year experience in military explosive ordinance disposal or equivalent level of commercial explosive handling and disposal experience.	High School Diploma.	<ul style="list-style-type: none"> <li>• EOD certification</li> <li>• HAZWOPER 40 hr</li> </ul>
CADD/GIS Technician II	Works closely with design engineers to prepare drawings or computer models of complex or original designs that require a high degree of precision. Responsible for drafting, coordinating, and completing large/complex drafting/design projects.	Minimum of four years experience in the operation and performance of CADD activities.	High School Diploma.	
CADD/GIS Technician I	Works closely with design engineers to prepare drawings or computer models of original design that require a high degree of precision. Responsible for drafting, coordinating, and completing smaller, less complex drafting/design projects.	Minimum of two years experience in the operation and performance of CADD activities.	High School Diploma.	
QA/QC Specialist	Responsible for monitoring the company's performance and compliance with the contract. In addition, responsible for the quality and integrity of work performance by ensuring effective procedures and controls are used in all areas, and that they are consistent with the Scope of Work. Examine and evaluate the QC process and recommend modifications as necessary.	Minimum of three years experience in Quality Assurance/Quality Control methods and procedures.	B.S. degree in an engineering or science discipline.	
Site Safety and Health Officer	Responsible for ensuring the health and safety of project staff through the development and implementation of project safety plans, monitoring, and training programs. Must have extensive knowledge of safety practices, procedures, and regulations.	Minimum of two years experience in the health and safety or related field.	High School Diploma.	<ul style="list-style-type: none"> <li>• Certification as OSHA supervisor preferred.</li> <li>• Hazardous Materials Transportation, (DOT/IATA) 49 CFR 172.700-704 and Section 1.5 IATA Compliance</li> <li>• HAZWOPER 40 hr; 8 hr Supervisory</li> </ul>

Labor Category	Position Description	Min. Years Experience	Min. Education/ Degree Requirements	Applicable Training/ Certification Requirements
Contract Administrator	Responsible for the contract administration of a program or project. This includes contract preparation, budgeting, scheduling, modifications, and change orders. Provides coordination and assistance to the program and project managers in the preparation of management reports, contracting documents, and subcontractor agreements.	Minimum of four years experience in project administration, business administration or related fields.	High School Diploma.	
Procurement Specialist	Supports the Project Manager in the procurement of goods and services for each project and/or program. Works with vendors to provide the required products at best value to the client. Provides cost estimates for services, bills of materials, and assists with reports and similar tasks.	Minimum of four years experience in procurement. Proficient with commonly used databases and spreadsheet software.	High School Diploma.	
Project Accountant	Supports the project manager in cost control, providing estimates, bills of materials, cost analysis, and claims analysis. Assists in the preparation of management reports, work reviews, schedule preparation, and other similar tasks.	Minimum of four years experience contract accounting. Proficient with databases and spreadsheet software.	B.S. or B.A. degree in a related field.	
Technical Editor	Write and edit reports, manuals, briefs, proposals, training materials, and related environmental and administrative publications in print or electronic media. Support documentation activities such as writing, editing, proofreading, and production of technical documents using advanced word processing or publishing software.	Minimum of four years experience in the writing and editing of technical documents.	High School Diploma.	
Project Assistant	Responsible for the effective administration of the business operations for the project. Must assure that acceptable administrative services are provided to both the staff and the management and reviews outgoing materials and correspondence to ensure conformance with standard office procedures. Prepare memorandum and correspondence as directed, ensuring accuracy and consistency.	Minimum of four years experience in project administration including proficiency with commonly used word processing, database, and spreadsheet software.	High School Diploma.
