GOVERNMENT SERVICES

Schedule
Contract GS-10F-212AA

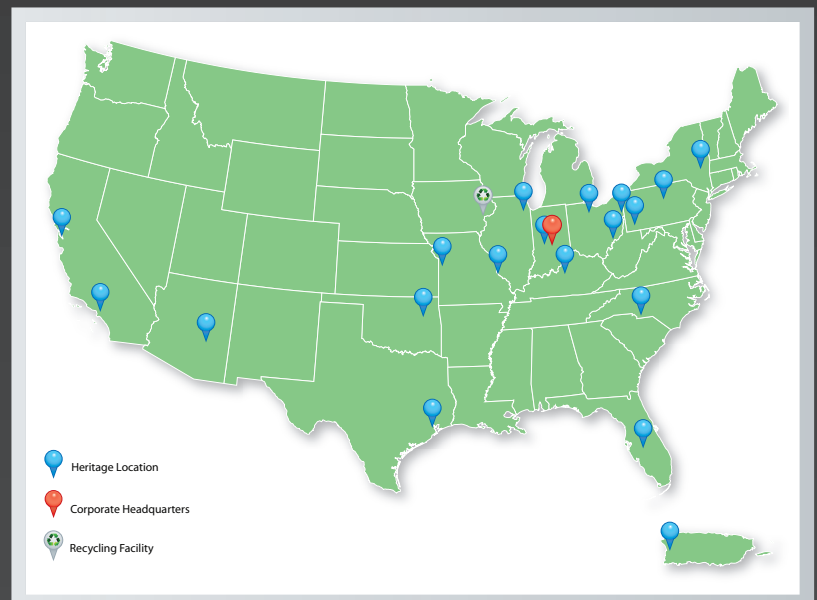

PROJECT AND CONTRACT WORK EXPERIENCE

- Deepwater Horizon oil spill
- Hurricane Sandy waste cleanup
- Coast Guard BOA contract
- Coast Guard OSRO contractor
- VA Hospital Contract
- DEA witness burn program
- State, city, and local government contracts
- Environmental services
- Household hazardous waste collection
- University lab packing

LOCATIONS

SERVICES PROVIDED

- 899 Environmental Services
- 899 1 - Environmental Consulting Services
- 899 5 - Materials and Waste Recycling and Disposal Services
- 899 8 - Remediation and Reclamation Services

GSA AWARDED TERMS AND CONDITIONS Heritage Environmental Services, LLC

- 1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

899-1 & 899-1 RC: Environmental Consulting Services

899-5 & 899-5 RC: Materials and Waste Recycling and Disposal Services

899-8 & 899-8 RC: Remediation and Reclamation Services

- 1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract.

Please see attached pricelist for details

- 1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate not applicable for this item.

Please see attached pricelist for details

2. Maximum order.

\$1,000,000 per SIN

3. Minimum order.

\$100

4. Geographic coverage (delivery area).

Domestic Only

5. Point(s) of production (city, county, and State or foreign country).

Heritage Environmental Services, LLC

7901 W. Morris Street

Indianapolis, IN 46231-1366

6. Discount from list prices or statement of net price.

Prices listed are GSA Net; Discount Deducted

7. Quantity discounts.

1% on task orders equal to or exceeding \$150,000.00

8. Prompt payment terms.

0%, Net 30 Days

- 9a. Government purchase cards *are accepted* at or below the micro-purchase threshold.

- 9b. Government purchase cards *are not accepted* above the micro-purchase threshold.

10. Foreign items (list items by country of origin).

Not Applicable

11a. Time of delivery.

The contractor shall deliver or perform services in accordance with the terms negotiated in the agency's Statement of Work (SOW).

11b. Expedited Delivery. The Contractor will insert the sentence "Items available for expedited delivery are noted in this price list." under this heading. The Contractor may use a symbol of its choosing to highlight items in its price lists that have expedited delivery.

Expedited delivery time is to be negotiated between Contractor and Ordering Agency

11c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery.

Overnight and 2-day delivery time is to be negotiated between Contractor and Ordering Agency

11d. Urgent Requirements. The Contractor will note in its price list the "Urgent Requirements" clause of its contract and advise agencies that they can also contact the Contractor's representative to effect a faster delivery.

Urgent Requirements delivery time is to be negotiated between Contractor and Ordering Agency

12. F.O.B. point(s).

Destination

13a. Ordering address(es).

**Heritage Environmental Services, LLC
7901 W. Morris Street
Indianapolis, IN 46231-1366**

13b. Ordering procedures: **For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3.**

14. Payment address(es).

**Heritage Environmental Services, LLC
1987 Momentum Place
Chicago, IL 60689**

15. Warranty provision.

Not Applicable

16. Export packing charges, if applicable.

Not Applicable

17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level).

Heritage Environmental Services, LLC will accept Government Purchase Cards for purchases up to, but not above the micro-purchase threshold.

18. Terms and conditions of rental, maintenance, and repair (if applicable).

Not Applicable

19. Terms and conditions of installation (if applicable).

Not Applicable

20a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable).

Not Applicable

20b. Terms and conditions for any other services (if applicable)

Not Applicable

21. List of service and distribution points (if applicable).

Not Applicable

22. List of participating dealers (if applicable).

None

23. Preventive maintenance (if applicable).

Not Applicable

24a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants).

Not Applicable

24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at: www.Section508.gov/.

Not Applicable

25. Data Universal Number System (DUNS) number:

130814528

26. Notification regarding registration in the System for Award Management (SAM) database.

CAGE Code No. 1HBR8 active in SAM

**Heritage Environmental Services, LLC
Labor Category Descriptions**

1. Project Manager I

Functional Responsibility:

- Assemble project resources, i.e., equipment, labor, determines length of project and cost; visits sites to ensure safety and customer satisfaction to internal and external customers. Assesses project needs in terms of equipment and labor and determines projected length of project and costs; oversees adherence to timeframes and costs throughout the project. Plans for initiation of project by scheduling resources; submits required paperwork to start project; negotiates with regulatory agency personnel and prepares written plans and compliance documents.
- Visits project sites to monitor and keep client apprised of progress; recognizes and negotiates changes in original project plan and readjusts costs accordingly; performs field activities such as sample collecting if necessary.
- Maintains favorable and productive client relations throughout project; provides progress reports to and negotiates change orders with client.
- Supervises subordinate personnel involved with field operations, plans work to ensure safe conditions, and instructs in methods and procedures. May supervise emergency response crew.
- Participates in hiring, performance evaluation, disciplining, promotion and termination decisions.
- Responsible for monthly billing approval and various other administrative tasks.
- Performs other related duties as assigned.

Education/Experience Requirements:

- Four year college degree; technical field major preferred.
 - Two to five years experience in hazardous waste management industry.
-

2. Safety/Compliance Coordinator

Functional Responsibility:

- Audits various work sites to ensure compliance with safety, health and environmental requirements and governmental regulations; recommends and monitors corrective actions.
- Provides technical assistance to assist Company managers in controlling losses from injuries, liabilities and property losses; develops policies and procedures to ensure compliance with new standards and safety practices.
- Develops and conducts safety and health training programs.
- Coordinates accident investigations; assists when appropriate; ensures completion of necessary paperwork.
- Coordinates medial, workman's' compensation and insurance programs to control costs; serves as liaison between insured and insurance carrier when appropriate.
- Represents the Company with OSHA, the EPA, the DOT and other regulatory officials regarding permitting, violations, inspections as requested.
- Assists with obtaining quality safety equipment and when applying for required safety permits.
- Assists in the development of corporate safety budge and monitors budget for assigned areas to ensure adherence.
- Performs other duties as assigned.

Education/Experience:

- A bachelor's degree from an accredited college or university in the field of Health/Safety/Science/Engineering/Chemistry.
- Five years of professional experience in the area of expertise (Health & Safety).

3. **Field Supervisor**

Functional Responsibility:

- Provide on-site supervision of equipment and personnel in a safe and conscientious manner providing value and customer satisfaction to internal and external customers.
- Supervises the site crew to ensure that work is performed according to consultant and client specifications.
- Oversees the safety of the crew to ensure that workers are wearing proper safety equipment and utilizing safe work practices.
- Operates each job in the most efficient manner possible.
- Keeps client informed of job progress
- Answers client on-site questions and maintains good client relations.
- Completes daily paperwork to track labor, equipment, supplies and materials used for billing purposes and other associated paperwork; keeps project manager apprised of changes in usage from contract.
- Fills in for any crew position as needed.
- Supervises emergency response crews when needed.
- May participate in hiring, performance evaluation, disciplining, promotion and termination decisions.
- Performs other duties as assigned.

Knowledge and Abilities: Must meet DOT driver requirements. Good knowledge and understanding of various federal, state and local industry-related regulations. Excellent interpersonal skills necessary to effectively communicate with internal and external contacts.

Education/Experience:

- High School Diploma
 - Three years hazardous waste field experience
-

4. **Field Technician**

Functional Responsibility:

- Provide field work on site-specific jobs to meet the goals of the project in a safe and conscientious manner providing value and customer satisfaction to internal and external customers.
- Prepares necessary supplies, tools and other equipment for transport to worksite.
- Cleans and scrapes the inside of and assists with removal of underground chemical storage tanks; prepares waste for proper disposal.
- Provides labor for demolition of contaminated buildings and land sites;
- Operation of small mechanical equipment, pressure washers, hydro-blasters
- Operates small hand tools and provides other construction type labor in projects.
- Decontaminates customer/company equipment and tools.
- May load, unload and sample drums.
- Respond to emergency spills.
- Performs other duties as assigned.

Knowledge and Abilities: Ability to understand RCRA compliance standards and OSHA safety regulations. Ability to work closely with others.

Education/Experience:

- High School diploma
- One year hazardous waste field experience

5. *Field Services Driver/Operator*

Functional Responsibility:

- Provide on-site operations of equipment and transportation of wastes to disposal facilities in a safe and conscientious manner providing value and customer satisfaction to internal and external customer.
- Prepares for daily trip by inspecting vehicle and equipment, fueling truck and ensuring all equipment is in excellent operating order.
- Drives to customer service sites to collect waste material and / or transport hazardous and non-hazardous waste material to facility for unloading and disposal.
- Completes manifests, company documents, and other marking and placarding documents for every load.
- Maintains a driver logbook for D.O.T. compliance.
- Ability to operate high velocity vacuum trucks and all attachments.
- Performs other duties as assigned.

Education/Experience:

- High School Diploma
 - Must have Class B CDL with hazmat endorsement, air brake endorsement and tanker endorsement.
 - One year experience driving type of equipment required for job, if being hired from outside of Heritage. Minimum of 6 months of Field Services experience before being eligible for promotion to this position.
 - Excellent interpersonal skills necessary to effectively communicate with internal and external contacts. Ability to understand RCRA compliance standards and OSHA safety regulations. Must meet Heritage driving qualifications with CDL.
-

6. *Field Chemist*

Functional Responsibility:

- Assist in the Segregation of chemicals by hazard class; packing compatible materials in appropriate containers and preparing for transportation; completing necessary paperwork per job.
- Determines and loads supplies needed for job completion and travels to various industry, laboratory, and school sites to perform lab pack services.
- Assists in characterizing materials at field project sites.
- Follows proper placarding and load segregation requirements when transporting hazardous materials.
- Develop good client relations by effectively communicating with customers.
- Directs Field Technicians/Drivers assisting with waste collection.
- Introductory knowledge of high hazard materials management/assessment and cylinder handling.
- Performs all other duties as assigned.

Knowledge and Abilities:

Good knowledge and understanding of all federal, state, and local laws and regulations pertaining to the Environmental Services Industry. Excellent interpersonal skills necessary to effectively communicate with internal and external contacts.

Requirements:

May be required to obtain a CDL License/Class B

Knowledge and Abilities: Must meet DOT driver requirements. Good knowledge and understanding of various federal, state and local industry-related regulations. Excellent interpersonal skills necessary to effectively communicate with internal and external contacts.

Education/Experience:

- Four year college degree. Science major preferred.
- One year hazardous waste field experience

Service Contract Act (SCA) Matrix

SCA Eligible Contract Labor Category	SCA Equivalent Code - Title	WD Number
Field Technician	23470 – Laborer	1996 - 0223
Field Services Driver/Operator	31363 – Truckdriver, Heavy	1996 - 0223

The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the cited SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix and above. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly.

899-5	105	Dumpable Solids For Fuels Blending Dumpable solids, >5,000 BTU, <3% TX, no PCB's, no pesticides, pH >2.5 and <12, no free liquids, 250lb maximum weight per drum	55DM	\$282.76
899-5	123	Sludges For Fuels Blending >5,000 BTU, <3% TX, no PCB's, no pesticides, no debris, must disperse, must not set up with water or organic solvents, pH >2.5 and <12	55DM	\$291.73
899-5	124	Non-dispersible Solids For Fuels Blending Non-dispersible solids with or without debris, >5,000 BTU, <3% TX, no PCB's, no pesticides, pH >2.5 and <12	55DM	\$498.19
899-5	3074-10	Nitric Acid - Low Concentration pH <3, >90% pumpable, <25% acidity, <10% HF, 20% chelator surcharge if applicable, no debris, <1ppm cyanide, <1ppm Cr+6, no oxidizers, must meet CWT metals subcategory, materials containing bromides and iodides are case by case, reducing agents are case by case	55DM	\$201.97
899-5	3074-20	Nitric Acid - High Concentration pH <3, >90% pumpable, <75% acidity, <10% HF, 20% chelator surcharge if applicable, no debris, <1ppm cyanide, <1ppm Cr+6, no oxidizers, must meet CWT metals subcategory, materials containing bromides and iodides are case by case, reducing agents are case by case	55DM	\$246.85

SIN	PRODUCT CODE	DISPOSAL SERVICE	UNIT OF ISSUE (e.g. Hour, Task, or Sq ft)	GSA RATE (including IFF)
Heritage Environmental Services, LLC Waste Disposal Services				
899-5	86	Aerosols Aerosols for fuels blending. Acceptable materials and hazard codes: paints, lubricants, pesticides/insecticides, oven cleaners, shaving creams, hair care products. D001, D002, D005, D006,D007,D008. Unacceptable materials include: D003, U134, foaming/hardening materials (Examples: "Fix A Flat", "Great Stuff"), propane, Freon.	55DM	\$197.48
899-5	100-30	Non-hazardous Solidification and Landfill Must be non-RCRA, liquids, non-dumpable solids or sludges, no EPA codes, non-DOT regulated	55DM	\$171.45
899-5	101-10	Non-hazardous Landfill Must be non-RCRA, dumpable solids, no EPA codes, non-DOT regulated	55DM	\$130.16
899-5	117-10	Non-hazardous Material For Energy Recovery Non-RCRA/Non-DOT hazardous liquids or solids for incineration at a waste to energy recovery plant, no EPA codes, consumer packaging, non-consumer packaging, 400lb maximum weight per drum	55DM	\$221.72
899-5	118-10	Asbestos Asbestos contaminated material must be packaged, labeled, and marked in accordance with EPA and OSHA regulations. Asbestos materials must be double-bagged and wetted, must be non-RCRA	55DM	\$157.09
899-5	126-10	Glycols Ethylene glycol, <20% water, no solids, must pump, non-RCRA, no PCB's, pH >3 and <11	55DM	\$158.97
899-5	5861-10	COD Waste Vials COD vials from laboratory testing, pH <2, contains Cr+6, mercury and silver, acceptable EPA codes: D002, D007, D009, D011,	55DM	\$408.43
899-5	5863-10	Mercury Debris Mercury contaminated debris, apparatus or soil for decon and disposal or retort, D009, 200lb maximum weight per drum	55DM	\$1,198.35
899-5	6064-10	Debris For Hazardous Landfill Debris >2.5 inches for LF, sample or picture required, total mercury <260ppm, total cyanide <590ppm, amenable cyanide <30pm, Cr+6 <500ppm, no internal contamination, no organics	55DM	\$210.95
899-5	8073	Containerized Liquids/Solids For Incineration 400lb maximum per drum, Liquid, solid, sludge, no reactives, no D002, no D003, <5% TX, <1% FI-, no odor, material must not be capable of polymerization or solidification	Pound	\$2.32
899-5	8079-10	Containerized Liquids For Incineration 400lb maximum per drum, 100%-Liquid, Set. Sol. <10%, Visc. <100cps, no organic peroxides, no oxidizers, <5% TX, <1% FI-, no odor, examples: isocyanates, silanes, styrene	55DM	\$602.32
899-5	8090-10	Lab Packs For Incineration Small out-of date or unused containers of chemicals packaged in drums for incineration, packing slip pre-approval required, materials to be packaged by a Heritage Field Chemist, no reactives, 180lb maximum weight per 55 gallon drum	55DM	\$483.83

Note 1: Heritage Environmental Services, LLC charges its commercial customers an Energy Surcharge On Disposal Services of 7%. This charge covers Heritage Environmental Services, LLC's utilities costs at our fully owned and operated hazardous waste treatment, storage and disposal (TSDF) locations. Taxes and Fees Are Not Included. The allowable Energy Surcharge under the GSA schedule is 5%.

Note 2: These prices do not include transportation since transportation varies based on generator location, quantity of waste shipped, and final hazardous waste treatment, storage and disposal (TSDF) location. Heritage sales representatives will develop a transportation solution and associated price at the time the order is placed. - SEE pricing sheet for actual awarded freight charges based on mileage.

899-5	>1600	Per Drum	\$64.18
899-5	STOP FEE - Assessed on each additional stop (See Note 1)	Per Stop	\$49.37

miles from closest Heritage Transport (HT) Hub to
 Round Trip Freight Miles = generator's site
 miles from generator's site to manifested
 + Treatment Storage Disposal (TSD) Facility

 miles from manifested Treatment Storage Disposal
 + (TSD) Facility back to Heritage Transport (HT) Hub

Note 1: *If there is just one location outlined for waste pick up, a stop fee is not imposed (typically called a full load). Drum rates will be subject to a \$49.37 stop fee for each additional client stop.*

Note 2: *All loads are allowed one hour for loading. Additional demurrage is \$1.00 per minute. A demurrage is a charge payable to Heritage Environmental Services, LLC in respect of failure to load waste within the hour outlined.*

Note 3: *Only DOT Transportable drums will be picked up. No frozen, bulging, severely dented, or leaking drums are acceptable.*
