Tyler, Texas, the required replacement part. If the failure occurs within a period of ninety (90) days from the date of delivery any related transportation, service labor and diagnostic calls that have been previously authorized by Air Rover, Inc., will be included in this warranty. Otherwise any related transportation, service labor, diagnostic calls, filters, driers and/or refrigerant are not included.

All warranty work must have written authorization prior to service. No warranty work will be paid without written authorization from Air Rover, Inc. Air Rover warrants only to the original purchaser. To obtain service under this warranty, the customer must contact Air Rover, Inc. Service Department at (U.S.) 1-800-858-6287, or (903) 877-3430 between 8:00am and 4:30pm Central Time Monday through Thursday, and between 8:00am and 3:00pm (CT) on Friday, and request a Service Repair Authorization (SRA) Number or a Material Return Number (MRN) accordingly. All transportation costs, related service labor charges, and/or diagnostic call charges must be authorized prior to commencement of the service. Authorization must be obtained before any replacement parts, other than those provided by Air Rover, Inc. are installed.
