522 CAPITAL PARTNERS LLC

CORPORATE HISTORY AND BACKGROUND

522 Capital Partners, LLC, “522 Capital”, is an independent, vertically integrated real estate advisory and investment management firm. An Economically Disadvantaged Woman Owned Business, “EDWOSB”, as defined by the SBA, 522 Capital is headquartered in New York City with additional locations in Raleigh, NC and Atlanta, GA.

Due to the state of the economy, public and private entities are challenged to deliver more services with fewer resources. Therefore, 522 Capital’s objective and approach is to deliver a comprehensive and total solution of services required to meet our clients’ needs cost effectively. 522 Capital’s current and past advisory clients include government, corporate, regulatory agencies, public and private owners of real estate located within the United States.

522 Capital’s partners have over 40-years of institutional experience in providing end-to-end commercial real estate services. 522 Capital leverages the partners’ prior institutional experience and their broad and reputable network of banks, brokers and other intermediaries with additional staff that includes senior financial professionals, financial analysts, and graduate school interns. In addition, 522 Capital hires outside consultants and subcontractors with the requisite experience required to scale for any government agency’s project or contract goals.

Emphasizing our hands-on executive, managerial, and operating achievements the highly engaged team at 522 Capital offers the following areas of expertise to government clients:

- **Strategic Advisory** – Conceptual creation, technical development and the execution of plans for managing single assets or portfolios of assets. By evaluating supply/demand market characteristics, review and analyzing clients’ current inventory/utilization, building assessments, and financial performance of the assets/leases, 522 Capital’s recommendations will be based on each client’s unique opportunity to increase the value and use of their real estate transactions cost effectively.
- **Financial Analysis** - Feasibility studies, pro-forma analysis and analytical methodologies will be employed to maximize clients’ space use (efficiency) and occupancy economics. Most importantly, 522 Capital’s analysis is conducted to ensure that the real estate economics of clients’ transactions align with the agency’s overall business objectives, operating requirements and financial goals.
- **Transaction Advisory** – 522 Capital Partner’s vast transaction experience includes leasing, acquisitions, dispositions, re-use/repositioning strategies, budget creation, building capital plans (short term and long term), and identifying and executing recurring cost savings strategies that will deliver more dollars to our clients’ bottom lines.
- **Corporate Finance** - 522 Capital brings a combination of capital markets expertise, financial structuring and the procurement of both debt (Banks, Fannie Mae, Freddie Mac, etc.) and equity (public & private) to government real estate holders. In addition, 522 Capital has significant transactional accomplishment in structuring and financing Public-Private-Partnerships.
