

Link Communications GSA Product Price List

- **Effective January 3, 2006**
 - Easily Self-Installable
- Prices Do Not Include Shipping
 - FOB Origin – Shipping
- Equipment/Software is NOT Energy Star compliant
- Warranties MUST be returned to Link Communications facility
 - Discount terms are based on quantity and any set packages

TACTICAL COMMUNICATIONS BRIDGE

Sin#	Description	Part #	Price 1	Price 2	Price 3	Price 4	Price 5 +1
132-8	TCB-1, 2 radio ports, 3 second adaptive audio delay, 2 minutes digital voice storage, supports analog and digital radios, front panel/DTMF control, includes mobile bracket, power supply and E & M interface	TC-001	\$1,002.46	\$982.41	\$972.39	\$962.36	\$952.34
132-8	TCB-2, Standard 6 radio ports – supports 10 standard color LCD touch panel, 5 seconds of audio delay capacity per radio port, front panel/DTMF control, includes power supply and console interface	TC-002	\$6,039.96	\$5,919.16	\$5,858.76	\$5,798.36	\$5,737.96
132-8	TCB-002-8, Standard 8 ports supports 10 standard color LCD touch panel, 5 seconds of audio delay capacity per radio port, front panel/DTMF control, includes power supply and console interface	TC-002-8	\$7,047.46	\$6,906.51	\$6,836.04	\$6,765.56	\$6,695.09
132-8	TCB-002-10, Standard 10 ports supports 10 standard color LCD touch panel, 5 seconds of audio delay capacity per radio port, front panel/DTMF control, includes power supply and console interface	TC-002-10	8,054.96	7,893.86	7,813.31	7,732.76	7,652.21
132-8	TCB-332, 16 channels in 1U slim line package, multiple DSP based digital audio interface, control and operate the TCB-3 remotely or locally with a computer. Supports analog, digital, trunked and P-25 radios	TC-332	\$14,608.75	\$14,316.58	\$14,170.49	\$14,024.40	\$13,878.31
132-8	TCB-332-WAVE, 16 Channel in 2 U slim line package,	TC-332-	\$17,631.25	\$17,278.63	\$17,102.31	\$16,926.00	\$16,749.69

	multiple DSP based digital audio interface, control and operate the TCB 332 remotely or locally with a computer. Included Wave and Asterisk multi-channel VOIP media server software support. Supports analog, digital, trunked and P-25 radios	W					
132-8	TCB-332-Display and WAVE unit- 16 channel in 4 U package, multiple DSP based digital audio interface, control and operate the TCB 332 remotely or locally with a computer. Includes 8.4" TFT color LCD display and touch panel interface. Includes Wave and Asterisk VOIP media server software support. Supports analog, digital trunked and P-25 radios	TC-332-DW	\$18,638.75	\$18,265.98	\$18,079.59	\$17,893.20	\$17,706.81
132-8	TC-004-FR, First Responder Package, 6 channel complete system package with TCB-4 outfitted with a color LCD touch panel input. Includes VHF, UHF and 800 MHz radios, 300 W AC power inverter, 50 amp power supply, tri-band antenna, mast and coax, all housed in a rapid deployment shock package. Supports analog, digital, trunked and P-25 radios	TC-004FR	\$15,107.46	\$14,805.31	\$14,654.24	\$14,503.16	\$14,352.09
132-8	TC-004-IC1, Incident Command 1 package, 6 channel complete system package with TCB-4 outfitted with a color LCD touch panel input. Includes VHF, UHF and 800 MHz radios, 300 W AC power inverter, 50 amp power supply, tri-band antenna, mast and coax, all housed in a rapid deployment shock package. Supports analog, digital trunked and P-25 radios.	TC-004-IC1	\$17,122.46	\$16,780.01	\$16,608.79	\$16,437.56	\$16,266.34
132-8	TC-004-IC2, Incident Command 2 Package, 6 channel complete system package with TCB-4 outfitted with a color LCD touch panel input. Includes VHF, UHF, and 800 MHz radios, 300 W AC power inverter, 50 amp power supply,	TC-004-IC2	\$19,137.46	\$18,754.71	\$18,563.34	\$18,371.96	\$18,180.59

	tri-band antenna, mast and coax, all housed in a rapid deployment shock package. Includes both a VHF and a UHF repeater and 5 MHz offset duplexer with an additional tri-band antenna, mast and coax package. Supports analog, digital, trunked and P-25 radios.

TCB-1 Accessories

Sin#	Description	Part Number	Unit Cost
132-8	Rack Mount	TC-001-01	\$.30.23
132-8	Additional Mobile Bracket	TC-001-02	\$30.23
132-8	Additional Power Supply	TC-001-03	\$30.23
132.8	TCB Battery System	TC-001-04	\$251.88
132-8	Waterproof Pelican Case	TC-001-05	\$251.88

TCB-2 Accessories

132-8	Additional Radio Cards – Includes two radio ports per card	TC-002-01	\$1,007.50
132-8	Telephone Interconnect – Takes two of the radio ports	TC-002-02	\$1,007.50
132-8	TCB Telephone Battery System	TC-002-03	\$251.88
132-8	Waterproof Pelican Case w/wheels	TC-002-04	\$453.38
132-8	19” Rack Mount	TC-002-05	\$352.63

TCB-3 Accessories

132-8	TCB-332 8 Channel radio card	TC-003-01	\$6,296.88
132-8	TCB-332 4 Channel Telephone Module	TC-003-02	\$3,526.25

	Description- Pre-Package Solutions	Part #	Price 1	Price 2	Price 3	Price 4	Price 5 +1
132-8	Four Radio Pre-Packaged Solution -6 port TCB-4 in rack mount -4 Tait VHF or UHF or 216 radios -Duracom 50 AMP power supply with battery backup -DC Distribution Bus -Mounted in Industrial Shock case -Fully assembled and tested - Does Not Include Freight, Shipping and Handling	TC-RSP-4	\$12,588.71	\$12,336.94	\$12,211.05	\$12,085.16	\$11,959.28
