TABLE OF CONTENTS

INFORMATION FOR ORDERING OFFICES

SPECIAL NOTICE TO AGENCIES:

Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation, SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Supply Service Home Page (www.fss.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

| 1 | SECTION 1 |

1.1   GEOGRAPHIC SCOPE OF CONTRACT

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

[ ] The Geographic Scope of Contract will be domestic and overseas delivery.
[ ] The Geographic Scope of Contract will be overseas delivery only.
[X] The Geographic Scope of Contract will be domestic delivery only.

1.2   CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION

Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

When Authorized Dealers are allowed by the Contractor to bill ordering activities and accept payment, the order and/or payment must be in the name of the Contractor, in care of the Authorized Dealer.

− The Avaya Government Solutions GSA Schedule contract uses Authorized GSA Schedule Partners (i.e. Authorized Dealers) for fulfillment of GSA Schedule orders. As such, orders shall be placed with an Authorized GSA Schedule Partner (AGSP) and shall reflect the AGSP's CAGE Code, as listed in Figures 1 and 1a. If necessary, ordering agencies should contact the AGSP to obtain technical and/or ordering assistance.   Orders placed directly with Avaya Government Solutions require FAR Part 6.3 justification.

1.3   LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

1.4 STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279

Block 9: G: Order/Modification Under Federal Schedule

Block 16: Data Universal Numbering System (DUNS): 15–177–0955 (see Figures 1 and 1a for Authorized Schedule Partner DUNS information)

Block 30: Type of Contractor - C. Large Business (see Figures 1 and 1a for Schedule Partner status)

Block 31: Woman-Owned Small Business – No (see Figures 1 and 1a for Schedule Partner status)

Block 36: Contractor's Taxpayer Identification Number (TIN): 54–1339972 (see Figures 1 and 1a for Schedule Partner TIN information)

1.4a CAGE CODE - See Figures 1 and 1a for Schedule Partner CAGE Codes.
NOTE: When ordering through an authorized Schedule Partner or Sponsored Partner, please use their CAGE Code as provided in Figures 1, 1a, 2 and 2a.

1.4b Contractor and it's Authorized GSA Schedule Partners (AGSP's) have registered with the Central Contractor Registration Database.

1.5 FOB DESTINATION

For sales within the 48 contiguous states and the District of Columbia. For sales in Hawaii, Alaska and U.S. Territories, the customer will be charged the cost of shipping if a shipping charge is incurred.

1.6 DELIVERY SCHEDULE

1.6a TIME OF DELIVERY:

For Special Item Numbers 132-8: 30 days after receipt of order.

Special Item Number 132-12: 30 days after receipt of order.

1.6.b URGENT REQUIREMENTS:

b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any

order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

Expedite Orders and Fees

The following emergency expedite fees apply for Enterprise Voice orders requiring shipment with shorter than AvayaGov's current Enterprise Standard Lead Times. The fee is determined by the order type and required ship turnaround time of the request. The below table provides a summary of the available turnaround times and the associated fees per order type. Orders containing multiple products (i.e. Large system with Symposium) will incur the fee associated to the longest product lead time.

Order Code	Description	GSA Price
SVOM0001 - A0557300	Merchandise Same Business Day Emergency Expedite Fee	$846.09
SVOM0002 - A0557301	Merchandise 24hr Emergency Expedite Fee	$423.04
SVOM0003 - A0557302	Small System and software only (excluding new CallPilot) 24hr Emergency Expedite Fee	$725.22
SVOM0004 - A0557303	Small System and software only 48hr Emergency Expedite Fee	$423.04
SVOM0005 - A0557304	Large System 96hr Emergency Expedite Fee	$6,043.49
SVOM0006 - A0557305	Large System 120hr Emergency Expedite Fee	$4,834.79
SVOM0007 - A0557306	CallPilot 48hr Emergency Expedite Fee	$604.35
SVOM0008 - A0557307	CallPilot 72hr Emergency Expedite Fee	$362.61
SVOM0009 - A0557308	CallPilot 96hr Emergency Expedite Fee	$241.74

Please note, as result of the initial emergency expedite request, where applicable, all partial shipments will incur the full emergency expedite fee. Orders that will not ship by the requested date will not be subjected to the emergency expedite fee.

1.7 DISCOUNTS

Prices shown are net prices; basic discounts have been deducted.

a.   Prompt Payment: 0

b.   Quantity: 0 %

c.   Dollar Volume: 0%

d.   Government Educational Institution: Government Educational Institutions are offered the same discounts as all other Government customers.

e.   Other: Periodic discounts may apply under terms of AvayaGov -offered special promotional programs.

1.8   TRADE AGREEMENTS ACT OF 1979, AS AMENDED

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

1.9   STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING

Export packing is available at an extra charge.

1.10 SMALL REQUIREMENTS

The minimum dollar value of orders to be issued is $125.

1.11 MAXIMUM ORDER

(All dollar amounts are exclusive of any discount for prompt payment.)

a. The Maximum Order value for the following Special Item Number (SINs) is $500,000 per line item:

Special Item Number 132-3 Leasing
Special Item Numbers 132-8 Purchase of Equipment
Special Item Number 132-12 Maintenance of Equipment, Repair Service, and Repair Parts/Spare Parts
Special Item Number 132-34 Maintenance of Software

b. The Maximum Order value for the following Special Item Number (SINs) is $25,000:

1.12   ORDERING PROCEEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

a.   FAR 8.405-1 Ordering Procedures for Supplies, and Services Not Requiring a Statement of Work.

 (a) Ordering activities shall use the procedures of this subsection when ordering supplies and services that are listed in the schedules contracts at a fixed price for the performance of a specific task, where a statement of work is not required (*e.g*., installation, maintenance, and repair).

(b) *Orders at or below the micro-purchase threshold.* Ordering activities may place orders at, or below, the micro-purchase threshold with any Federal Supply Schedule contractor that can meet the agency's needs. Although not required to solicit from a specific number of schedule contractors, ordering activities should attempt to distribute orders among contractors.

(c) *Orders exceeding the micro-purchase threshold but not exceeding the maximum order threshold*. Ordering activities shall place orders with the schedule contractor that can provide the supply or service that represents the best value. Before placing an order, an ordering activity shall consider reasonably available information about the supply or service offered under MAS contracts by surveying the GSA Advantage! on-line shopping service, or by reviewing the catalogs or pricelists of at least three schedule contractors (see 8.405-5). In addition to price, when determining best value, the ordering activity may consider, among other factors, the following:

(1) Past performance.

(2) Special features of the supply or service required for effective program performance.

(3) Trade-in considerations.

(4) Probable life of the item selected as compared with that of a comparable item.

(5) Warranty considerations.

(6) Maintenance availability.

(7) Environmental and energy efficiency considerations.

(8) Delivery terms.

(d) *Orders exceeding the maximum order threshold.* Each schedule contract has a maximum order threshold established on a SIN-by-SIN basis. Although a price reduction may be sought at any time, this threshold represents the point where, given the dollar value of the potential order, the ordering activity shall seek a price reduction. In addition to following the procedures in paragraph (c) of this section and before placing an order that exceeds the maximum order threshold or establishing a BPA (see 8.405-3), ordering activities shall--

(1) Review the pricelists of additional schedule contractors (the GSA Advantage! on-line shopping service can be used to facilitate this review);

(2) Based upon the initial evaluation, seek price reductions from the schedule contractor(s) considered to offer the best value (see 8.404(d)); and

(3) After seeking price reductions (see 8.405-4), place the order with the schedule contractor that provides the best value. If further price reductions are not offered, an order may still be placed.

b.   FAR 8.405-2 – Ordering Procedures for Services Requiring a Statement of Work.

 (a) *General*. Ordering activities shall use the procedures in this subsection when ordering services priced at hourly rates as established by the schedule contracts. The applicable services will be identified in the Federal Supply Schedule publications and the contractor's pricelists.

(b) *Statements of Work (SOWs).* All Statements of Work shall include the work to be performed; location of work; period of performance; deliverable schedule; applicable performance standards; and any special requirements (*e.g*., security clearances, travel, special knowledge). To the maximum extent practicable, agency requirements shall be performance-based statements (see subpart 37.6).

(c) *Request for Quotation procedures.* The ordering activity must provide the Request for Quotation (RFQ), which includes the statement of work and evaluation criteria (*e.g.*, experience and past performance), to schedule contractors that offer services that will meet the agency's needs. The RFQ may be posted to GSA's electronic RFQ system, e-Buy (see 8.402(d)).

(1) *Orders at, or below, the micro-purchase threshold*. Ordering activities may place orders at, or below, the micro-purchase threshold with any Federal Supply Schedule contractor that can meet the agency's needs. The ordering activity should attempt to distribute orders among contractors.

(2) *For orders exceeding the micro-purchase threshold, but not exceeding the maximum order threshold.*

(i) The ordering activity shall develop a statement of work, in accordance with 8.405-2(b).

(ii) The ordering activity shall provide the RFQ (including the statement of work and evaluation criteria) to at least three schedule contractors that offer services that will meet the agency's needs.

(iii) The ordering activity should request that contractors submit firm-fixed prices to perform the services identified in the statement of work.

(3) *For proposed orders exceeding the maximum order threshold or when establishing a BPA.* In addition to meeting the requirements of 8.405-2(c)(2), the ordering activity shall--

(i) Provide the RFQ (including the statement of work and evaluation criteria) to additional schedule contractors that offer services that will meet the needs of the ordering activity. When determining the appropriate number of additional schedule contractors, the ordering activity may consider, among other factors, the following:

(A) The complexity, scope and estimated value of the requirement.

(B) The market search results.

(ii) Seek price reductions.

(4) The ordering activity shall provide the RFQ (including the statement of work and the evaluation criteria) to any schedule contractor who requests a copy of it.

(d) *Evaluation*. The ordering activity shall evaluate all responses received using the evaluation criteria provided to the schedule contractors. The ordering activity is responsible for considering the level of effort and the mix of labor proposed to perform a specific task being ordered, and for determining that the total price is reasonable. Place the order, or establish the BPA, with the schedule contractor that represents the best value

(see 8.404(d)). After award, ordering activities should provide timely notification to unsuccessful offerors. If an unsuccessful offeror requests information on an award that was based on factors other than price alone, a brief explanation of the basis for the award decision shall be provided.

1.13   FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS REQUIREMENTS

Ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

1.13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS)

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

1.13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS)

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

1.14   SECURITY REQUIREMENTS

In the event security requirements are necessary, the ordering activities may incorporate, in their delivery order(s), a security clause in accordance with current laws, regulations, and individual agency policy; however, the burden of administering the security requirements shall be with the ordering agency. If any costs are incurred as a result of the inclusion of security requirements, such costs will be negotiated with the Schedule Contractor on an open market basis, outside the scope of the contract.

1.15   CONTRACT ADMINISTRATION FOR ORDERING OFFICES

Any ordering office, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity's convenience, and (m) Termination for Cause (See C.1.).

1.16   GSA ADVANTAGE!

GSA *Advantage*! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA *Advantage*! will allow the user to perform various searches across all contracts including, but not limited to:

> (1)   Manufacturer;
> (2)   Manufacturer's Part Number; and
> (3)   Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is http://www.fss.gsa.gov/.

1.17   PURCHASE OF OPEN MARKET ITEMS

For administrative convenience, open market (non-contract) items may be added to a Federal Supply Schedule Blanket Purchase Agreement (BPA) or an individual order, provided that the items are clearly labeled as such on the order, all applicable regulations have been followed, and price reasonableness has been determined by the ordering activity for the open market (non-contract) items.

ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.401(d).

1.18   CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

a.   For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

(1)   Time of delivery/installation quotations for individual orders;

(2)   Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.

(3)   Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

b.   The above is not intended to enlarge the scope of this schedule contract for individual orders. Prices, options, terms and conditions of any orders are limited strictly to those specified in the schedule contract and pricelist and agreed to by GSA.

1.19   OVERSEAS ACTIVITIES

The terms and conditions of this contract shall not apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia. Orders outside the 48 contiguous states and the District of Columbia, if accepted, will be negotiated on an individual basis.

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

1.20   BLANKET PURCHASE AGREEMENTS (BPAs)

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

1.21   CONTRACTOR TEAM ARRANGEMENTS

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

| 2 | **SECTION 2 - TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT (SPECIAL ITEM NUMBER 132-8)** |

2.1.1 MATERIAL AND WORKMANSHIP

All equipment furnished hereunder will satisfactorily perform to the warranty provisions of Section 2.1.14.

2.1.2 ORDER

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPA) agreements shall be the basis for purchase in accordance with the provisions of this contract. If time of delivery extends beyond the expiration date of the contract, the Contractor will be obligated to meet the delivery and installation date specified in the original order.

For credit card orders and BPAs, telephone orders are permissible.

Orders shall only be placed with an Authorized GSA Schedule Partner designated in Section 1.2, Figures 1 and 1a. See concentration matrix for specific product line authorizations (Figure 2 and 2a).

2.1.3 TRANSPORTATION OF EQUIPMENT

FOB DESTINATION for sales within the 48 states and the District of Columbia. The customer will be charged the cost of shipping if a shipping charge is incurred for sales in Hawaii, Alaska and U.S. Territories.

2.1.4 INSTALLATION OF EQUIPMENT & WARRANTY MAINTENANCE INSTALLATION

a. Contractor shall deliver and install under the provisions of this section the equipment ordered, ready for use, before the date (day, month, and year), agreed to by Contractor and the ordering activity.

b. Contractor's offering in this area includes Installation and Warranty Maintenance Service.

c. Definitions. The following defines terms specific to the Avaya Government Solutions Authorized GSA Schedule Pricelist.

d. Unless stated otherwise, the equipment is not self-installable. Installation is not included in the purchase price of the equipment. Ordering agencies may purchase installation/ implementation services under the provisions of this Special Item Number. Ordering agencies may also purchase these services from Contractor outside the scope of this Contract. Passport installation services are required to activate the one-year warranty period unless the equipment is noted as self-installable.

e. Communications Server 1000/Meridian 1 and BCM installation is quoted to meet the specific requirements for that location and equipment configuration. Quotes can be obtained by contacting an AGSP who is authorized for these products as listed in Figures 2 or 2a.

Interactive Voice Response (IVR)/Periphonics system installation pricing is calculated at 4.5% of the total equipment purchase price.   Installation of add-on equipment to an already installed system is calculated at 6% of the total add-on equipment purchase price.

f. On-site installation and maintenance services may be ordered for products installed within the Continental United States (CONUS). Locations eligible for support services must be located within 125 miles of a Avaya Government Solutions Service Center. Contractor on a case-by-case basis reviews requests for support services for sites further than 125 miles from an Avaya Government Solutions Service Center. These sites are subject to trip charges. IVR/Periphonics installation pricing is calculated at 4.5% of the total equipment purchase price.

g. If confirmation of delivery and installation date is required, such date agreed to by Contractor/Authorized GSA Schedule Partner (AGSP) and the ordering activity may be written into the order for equipment. The order should then be forwarded to an AGSP. If written confirmation of the order by the AGSP is not received within fifteen (15) calendar days from the date of the certified mail receipt, the delivery and installation date specified on the order shall be considered to be confirmed by Contractor.

h. Equipment environmental specifications shall be furnished in writing by the Contractor as a part of the installation and first-year warranty proposal. These specifications shall be in sufficient detail to ensure that the equipment to be installed shall operate in an environmentally efficient manner.

i. The ordering activity shall prepare the site at its own expense, in accordance with the Contractor's written specifications, at least fifteen (15) to thirty (30) calendar days prior to the installation date or as mutually agreed to by the ordering activity and the Contractor.

j. The Contractor shall inspect the site. The Contractor shall report to the ordering activity the dates of the inspection, any rejections, the reasons therefore, and the final inspection and acceptance.

k. When installing PBX equipment, the Contractor must coordinate equipment installation with the Building Telecommunications Manager. The Contractor will be responsible for locating and identifying telephone lines (if applicable), connecting equipment, and coordinating with the telephone company (if applicable) to ensure that both equipment and dial tone function as a unit.

l. After installation, but prior to acceptance by the ordering activity, the Contractor must perform diagnostic testing for the telecommunications equipment listed on the delivery order. The diagnostic testing period cannot exceed 30 calendar days. Failure rate/completion rate must be the acceptable rates in accordance with industry standards. Contractor shall perform all testing in conformance with Contractor-stipulated testing procedures. If the telecommunications equipment fails to meet the acceptable industry standards within 30 calendar days from the installation date, the ordering activity may at its option request a replacement of the equipment or terminate the delivery order in accordance with the provision in the Contract Terms and Conditions - Commercial Items, FAR 52.212-4 contained in Section C of this Contract.

m. The cost of any additional alterations or modifications in site preparation which are attributable to conditions which could not possibly have been identified during the course of a normal site

inspection, such as hidden (behind wall, ceiling, or floor) features or unforeseeable circumstances including Acts of God, will be borne by the ordering activity. In the case of other alterations or modifications in site preparation, which could have been identified during the course of normal and customary site inspection procedures and which are attributable to incomplete or erroneous Contractor-provided specifications, and which involve additional expense to the ordering activity, these additional expenses shall be borne by the Contractor.

(1)   Unless specified as self-installable, the Contractor shall install equipment, ready for use, before an installation date (day, month, year) agreed to, in writing, by the Contractor and the ordering activity. At the time of such an agreement, the Contractor shall also specify a period of time within which the order must be received by the Contractor, and beyond which the agreed to installation date will no longer be binding. In the event the delivery order is received after the period of time provided for that purpose, and the Contractor refuses to accept the order, a new agreed to installation date and delivery order receipt date may be established. The agreed to installation date shall be written into the order and forwarded to the Contractor.

(2)   Any changes by the ordering activity to an order, or any part thereof, may require the establishment of a new and/or additional mutually agreed to installation date. The ordering activity may delay the installation date and the in-service date by notifying the Contractor in writing at least thirty (30) calendar days before the installation date previously established. Any expenses incurred, such as equipment storage expense, shall be borne by the ordering activity should the ordering activity change the installation date.

(3)   When installation by Contractor is required, it is the Contractor's responsibility to ensure that all work conforms to accepted industry installation practices.

(4)   The equipment shall not be considered ready for use until: (a) the Contractor provides the ordering activity with documentation (an Order Acknowledgment) of the successful system testing (according to Contractor-specified testing procedures) performed at the site, which demonstrates that the equipment meets minimum design capabilities; and (b) after review of the Order Acknowledgment, the ordering activity site contact signs the Order Acknowledgment thereby agreeing that the equipment is ready to begin the acceptance test.

(5)   If the equipment is accepted to be ready for use on a day prior to the installation date, the ordering activity may, at its option, elect to use the equipment, and change the installation date to the actual date of installation. Warranty service provisions will begin on that date. In this event, the order shall be so amended by the ordering activity.

(6)   The ordering activity shall provide the Contractor access to the site, prior to the installation date, for the purpose of installing the equipment.

(7)   The ordering activity's Pre-Installation Responsibilities include:

(a)   Assuring that environmental conditions are met at the installation site and in accordance with Contractor's product system specifications.

(b)   Identification of a System Administrator who will be responsible for supporting the System installation activity.

      (c)   Providing a floor plan describing the required installation locations of the switch or KSU, station sets and other related equipment prior to the scheduled installation date.

      (d)   Identifying station set users and corresponding features/option requirements, as applicable.

      (e)   Ordering and coordinating the installation of required telco services, (according to floor plan).

      (f)   Ordering all product hardware and software required for the installation to be delivered to the Installation Site no less than three (3) working days prior to the installation start date as mutually agreed upon by Contractor and the ordering activity. Certain products, such as Periphonics, have longer lead times and must be ordered accordingly to be delivered to the Installation Site within the above stated time period. Lead times for these products will be provided at the time of quotation.

      (g)   Selecting training option(s) as may be required or requested.

      (h)   Specifying requirement for use of union-labor at specific sites.

(8)   Contractor's On Site Pre-Installation Services Include:

      (a)   Coordinate installation activities from system order to the day the equipment arrives.

      (b)   On-site survey conducted by installation specialist.

      (c)   Discussion of the preliminary site plan and additional equipment with the Customer's facilities and space planning personnel for each installation site.

      (d)   Review interfaces to CPE.

      (e)   Coordinate the CPE pre-installation activities through the chairmanship of conference calls (between all parties involved in the installation process) to assure all site requirements are met.

      (f)   Review the installation site environmental conditions (i.e., space location, commercial power, cabling and grounding).

      (g)   Verify the product order.

      (h)   Verify other factors critical to the installation.

      (i)   Discuss implementation schedule.

      (j)   Discuss roles and responsibilities of Contractor/End-User personnel.

(9)   Contractor's Installation Responsibilities

Installation services may include the following items:

      (a)   Physical installation and setup of the product and related peripherals.

   (b) On-site verification activities.

   (c) System acceptance testing.

   (d) System Design Specialist (SDS services may be requested and quoted separately from installation).

   A detailed statement of work is developed as part of the product implementation.

  (10) Union Labor
Any surcharge related to union labor, when warranted by local standards, will be negotiated separately outside the scope of this contract. Contractor has the right to decline service if a mutually acceptable surcharge for union labor cannot be negotiated.

2.1.5 INSTALLATION SERVICE RATES

For installation of Communications Server 1000/Meridian 1 and Business Communications Manager (BCM) please refer to Price Pages: Other Implementation Services N0074995 Voice Engineer. Other installation labor rates provided under Other Implementation Services include A0861810 - Optical Implementation Technician and N0074993 - Data Engineer.

Note: All labor items and services listed in price tables may be performed and used by Authorized GSA Schedule Partner and/or Sponsored Partners as well as Avaya Government Solutions.

2.1.6 RESERVED

2.1.7 INSTALLATION WARRANTY MAINTENANCE PERIOD

a. The price of first year warranty maintenance, if purchased, includes a one (1) year warranty for the installed equipment commencing upon cut-over. Contractor products that are to be covered by Contractor's contracted on-site warranty maintenance services must be installed by an Authorized GSA Schedule Partner (see 1.2 Figures 1, 1a, 2 and 2a for a listing of Authorized Avaya Government Solutions GSA Schedule Partners) to ensure that neither the equipment nor the Manufacturer Warranty are compromised during installation or while being serviced during the warranty or maintenance period

b. When Installation Warranty Maintenance has been purchased by the ordering activity, the Contractor shall bear all costs of Installation Warranty Maintenance Service in this Special Item Number, including labor, parts, and such other expenses as are necessary to keep equipment under contract in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the ordering activity.

c. The rates for Installation Warranty Maintenance Service set forth in this pricelist entitle the ordering activity to:

  (1) Installation services as defined in this Special Item Number:

  (2)Remedial Maintenance and Emergency Services, during the Principal Period of Maintenance ("PPM") needed to restore the equipment to good working order.

(3) Installation of mandatory engineering changes and enhancements (installed during the PPM);

Software programming changes, as may be applicable to correct system program errors or malfunctions. This does not include system configuration changes or optional enhancements.

2.1.8 INVOICES AND PAYMENTS

a. Invoices for Installation/Warranty Maintenance Service, as applicable, shall be submitted by the Contractor upon completion of the installation.

2.1.9 MOVES, ADDS AND CHANGES

a. De-installation is the disconnect of equipment and, when requested by the ordering activity, cable and wiring. De-installation includes all labor, tools, and incidental parts or materials necessary to accomplish equipment removal (including cabling that was installed by the Contractor, if requested by the ordering activity).

b. The only time that both an installation and a de-installation charge will occur on a delivery order for the same piece of equipment, is when the equipment is de-installed in one area of a building or campus and reinstalled in another part of the same building, a different building or campus. De-installation shall NOT include packaging for shipment or movement to a different building outside of a campus area, unless requested by the agency.

c. Reinstallation is the installation of previously de-installed telecommunications equipment outside a building or campus area, or installation of previously stored equipment.

d. All reinstalled equipment must be certified in working order in accordance with this Special Item Number.

e. Deinstallation and reinstallation services are available at the hourly rates and trip charges listed in this Special Item Number, Section 2.1.10.

2.1.10 UPGRADES, MOVES, ADDITIONS, CHANGES AND BILLABLE SERVICE CALLS

See Pricing Pages for Upgrades, Moves, Additions, Changes and Billable Service Calls

2.1.11 RESERVED

2.1.12 OPERATING AND MAINTENANCE MANUALS

The Contractor shall furnish the ordering activity with one (1) copy of all operating and maintenance manuals which are normally provided with the equipment being purchased.

2.1.13 INSPECTION/ACCEPTANCE

Equipment will operate in accordance with manufacturer's published specifications. The user agency shall give the AGSP a notice of acceptance or rejection within 30 days from receipt of the equipment. In the event the agency does not provide an official written notice within 30 days, or alternatively, if the agency uses the equipment in the intended application, acceptance shall be deemed to have

occurred upon the 30th day or upon the agency's use of the equipment; whichever occurs first. The ordering activity is relieved of all risk of loss or damage prior to acceptance, unless such loss or damage is due to the fault or negligence of the ordering activity.

The ordering activity may inspect and test all equipment, supplies, and/or services ordered under the contract at any time during the term of the contract. The ordering activity may monitor and witness the Contractor's standard factory tests for the products which may be purchased under this Contract. The ordering activity can not be guaranteed to witness testing for the actual products that may be purchased. Ordering activity testing and inspection may not unduly delay any Contractor work being performed, nor will it have a negative impact on equipment, supplies, or services being tested. The ordering activity shall reimburse Contractor for any additional costs incurred as a result of ordering activity testing that results in damage to or malfunctions of Contractor's products.

2.1.14 WARRANTY

a. Contractor warrants that for the periods of time stated in the attached table ("Warranty Period"): (a) any Hardware delivered under this Contract shall be free from defects in material and workmanship; (b) any Software delivered under this Agreement shall function substantially in accordance with the manufacturer's applicable published functional specifications; and if applicable, (c) the installation of the Hardware and Software (collectively, the "System") shall conform to the manufacturer's installation specifications (collectively referred to as the "Warranties"). Warranties related to any additions to the Hardware or Software installed during the Warranty Period shall terminate at the end of the Warranty Period for the System.

b. The ordering activity must notify Contractor promptly of any claimed defect or failure of any of the Warranties. The procedures for this are described below. Contractor's sole obligation and the ordering activity's exclusive remedy for any defect or failure of any Warranty during the Warranty Period will be for Contractor to perform Warranty Service, as defined below. The fact that Contractor performs any Warranty Service during the Warranty Period will not extend or restart the Warranty Period.

c. THE LIMITED WARRANTIES DESCRIBED ABOVE IN THIS SECTION, AND THE REMEDIES FOR A FAILURE, DEFECT OR BREACH OF ANY OF THOSE LIMITED WARRANTIES WHICH ARE DESCRIBED BELOW, ARE EXCLUSIVE. THEY ARE GIVEN TO THE ORDERING ACTIVITY IN LIEU OF ALL OTHER WARRANTIES, WRITTEN OR ORAL, STATUTORY, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, WHICH CONTRACTOR SPECIFICALLY DISCLAIMS. THE LIMITED WARRANTIES MAY ALSO BE VOIDED BY CERTAIN ACTS OR OMISSIONS OF THE ORDERING ACTIVITY DESCRIBED IN DETAIL BELOW.

d. "Warranty Service" consists of the repair or replacement, at Contractor's option, of malfunctioning Hardware. Contractor may repair or replace malfunctioning Hardware using either new or like new Hardware. Title to any replacement Hardware shall pass to The ordering activity upon installation, and title to the replaced Hardware shall pass to Contractor at the same time. Warranty Service, during the Warranty Period only, shall also include the correction of malfunctioning Software and the correction of installation deficiencies.

e. The limited Warranties specified in this Contract may be voided and Contractor will be relieved of its obligation to perform Warranty Service if, during the Warranty Period, or any subsequent Maintenance Service terms the ordering activity: (a) fails to follow applicable operation, maintenance,

or environmental requirements described in any of the manufacturer's manuals, Contractor's manuals, and other materials provided to the ordering activity, including without limitation manufacturer's product bulletins; (b) makes additions to, alters, modifies, enhances, repairs or disassembles the System (itself or using a third party) without Contractor's written consent; (c) mishandles, abuses, misuses or damages the System (either itself or by others doing so); or (d) relocates the System without Contractor's written consent (other than telephone instruments relocated in accordance with the manufacturer's specifications).

f.   Warranty Service does not cover: (a) damage to the System due to fire, explosion, power irregularities, power surges, Acts of God (including, without limitation, earthquakes, rains, floods or lightning), or any other cause not attributable to Contractor; or (b) battery failures which occur following the Warranty Period, or wiring or cabling installed by persons other than Contractor, or consumable supplies.

g.   If the ordering activity requests Contractor to perform Warranty Service and (a) it was required as a result of any of the causes described in either of the two preceding Subsections, or (b) it is determined that a defect or failure of the System did not exist (e.g., the problem was caused by facilities provided by the ordering activity's local or long distance carriers or service providers, or non-System equipment interfacing with the System), Contractor reserves the right to charge the ordering activity at Contractor's then current time and material rates for any work performed and materials supplied as an additional charge.

2.1.15   SOFTWARE LICENSE

SOFTWARE LICENSE FOR HERITAGE NORTEL NETWORKS PRODUCTS
v.8.1

THIS SOFTWARE LICENSE ("LICENSE") IS AN AGREEMENT BETWEEN YOU, THE END USER ("CUSTOMER") AND AVAYA INC. OR THE APPLICABLE AVAYA AFFILIATE ("AVAYA") GOVERNING YOUR RIGHTS TO USE THE LICENSED SOFTWARE. "LICENSED SOFTWARE" MEANS HERITAGE NORTEL NETWORKS SOFTWARE PRODUCTS (WHETHER HAVING A NORTEL OR AVAYA LOGO), SOFTWARE INCLUDED IN OR WITH HERITAGE NORTEL NETWORKS PRODUCTS (WHETHER HAVING A NORTEL OR AVAYA LOGO), AND SOFTWARE UPGRADES ACQUIRED BY YOU FROM AN AVAYA AUTHORIZED RESELLER ("RESELLER"). IF YOU DO NOT ACCEPT THESE TERMS AND CONDITIONS, RETURN THE LICENSED SOFTWARE, UNUSED, AND IN THE ORIGINAL SHIPPING CONTAINER TO THE RESELLER FROM WHOM YOU PURCHASED IT WITHIN THIRTY (30) DAYS OF PURCHASE TO OBTAIN A CREDIT FOR THE FULL PURCHASE PRICE.

Subject to the terms of this License, Avaya grants to Customer a personal, nonexclusive license a) to Use (as defined below) a copy of the Licensed Software in accordance with the Usage Level (as defined below); and b) to use the associated documentation solely in support of authorized Use of the Licensed Software. "Use" is limited to storing, loading, installing or executing copies of the Licensed Software by authorized employees, agents or representatives of Customer in accordance with the associated documentation for Customer's internal business purposes and does not include the rental, lease, sublicensing, or lending of the Licensed Software. Authorized Use shall include the provision of services by Customer utilizing the Licensed Software. The "Usage Level" of the Licensed Software, based on number of lines, ports, terminal numbers, servers or other hardware devices, users, site licenses or other specified measure, is as authorized and specified in the separate associated agreement for the supply of Avaya products between Customer and Reseller or, if no other Usage Level is so specified, then the Usage Level is restricted to one individual user and one hardware device for each copy of the Licensed Software.

Customer is granted no title or ownership rights in or to the Licensed Software or any copies thereof, in whole or in part, and Customer acknowledges that title to the Licensed Software and any copies thereof and to all copyrights, patents, trade secrets and any other intellectual property rights to and in the Licensed Software and associated documentation are and shall remain the property of Avaya and/or Avaya's suppliers.

To the extent Licensed Software is furnished for use with designated hardware or Customer Furnished Equipment ("CFE"), Customer is granted a nonexclusive license to use Licensed Software only on such hardware or CFE, as applicable.

The Licensed Software contains "trade secrets" of Avaya and/or its suppliers. Such trade secrets include, without limitation, the specific design, structure and logic of individual Licensed Software programs, their interactions with other portions of the Licensed Software, both internal and external, and the programming techniques employed. In order to maintain the trade secret status of the information contained within the Licensed Software, the Licensed Software is licensed to Customer in object code form only.

Avaya's suppliers holding any intellectual property rights in any Licensed Software, and any third party owning any intellectual property rights in software from which the Licensed Software was derived, are intended third party beneficiaries of this License. All grants of rights to intellectual property intended to be accomplished by this License are explicitly stated. No other grants of rights shall be inferred or shall arise by implication.

Customer is responsible for the selection of the Licensed Software, its use, and results obtained from such use. Unless otherwise mutually agreed in a separate writing between Customer and Reseller, Customer shall be solely responsible for any required installation of the License Software.

Avaya or Reseller may audit by remote polling or other reasonable means to determine Customer's activation or usage levels for Licensed Software.

Customer shall:
1. Hold the Licensed Software in confidence for the benefit of Avaya and/or Avaya's suppliers using no less a degree of care than it uses to protect its own confidential and valuable information of similar nature but not less than a reasonable degree of care;
2. Keep a current record of the location of each copy of the Licensed Software made by Customer;
3. Use the Licensed Software only in accordance with the authorized Usage Level;
4. Affix to each copy of the Licensed Software made by Customer, in the same form and location, a reproduction of the copyright notices, trademarks, and all other proprietary legends and/or logos of Avaya and/or Avaya's suppliers, appearing on the original copy of the Licensed Software delivered to Customer; and retain the same without alteration on all original copies;
5. Issue instructions to Customer's authorized employees, agents, and/or representatives to whom Licensed Software is disclosed, advising them of the confidential nature of the Licensed Software and provide them with a summary of the requirements of this License; and
6. Upon termination of this License, or in the event designated hardware or CFE is no longer in use, return to Customer's Reseller or destroy all copies of the Licensed Software and associated documentation.

Customer shall not:
1. Use the Licensed Software a) for any purpose other than Customer's own internal business purposes; and b) other than as provided by this License;
2. Allow anyone other than Customer's authorized employees, agents and/or representatives who need to Use the Licensed Software in connection with Customer's rights or obligations under this License to have physical access to the Licensed Software;
3. Make any copies of the Licensed Software except such limited number of copies, in machine readable form only, as may be reasonably necessary for execution in accordance with the authorized Usage Level or for archival purposes only;
4. Make any modifications, enhancements, adaptations, derivative works, or translations to or of the Licensed Software, except as may result from those Customer interactions with the Licensed Software associated with normal Use and explained and permitted in the associated documentation;
5. Reverse engineer, disassemble, reverse translate, decompile, or in any other manner decode the Licensed Software in order to derive the source code form or for any other reason;
6. Make full or partial copies of the associated documentation or other printed or machinereadable matter provided with the Licensed Software unless the same has been supplied by Avaya in a form intended for reproduction; or
7. Export or reexport the Licensed Software and/or associated documentation by downloading or otherwise from the country where Customer acquired the License to Use the Licensed Software.

Customer may not transfer the Licensed Software but may assign collectively its rights under this License to any bonafide lessor or subsequent owner of the associated hardware, but not otherwise. The assignment to any subsequent owner of the associated hardware may be subject to the payment of the then current license fee for new users, if any. No such assignment shall be valid until Customer a) has delegated in writing all of its obligations under this License to the assignee; b) has obtained from the assignee an unconditional written assumption of all such obligations; c) has provided Avaya a copy of such assignment, delegation and assumption; and d) has transferred physical possession of all copies of the Licensed Software and associated documentation to the assignee except archival copies that have been destroyed. Except as provided above, neither this License nor any rights acquired by Customer through this License are assignable. Any attempted assignment of rights or other transfer of the Licensed Software not specifically allowed shall be void and conclusively presumed a breach of this License.

If Avaya a) claims a breach of this License; and b) provides written notice of such claimed breach to Customer; and c) such claimed breach remains uncorrected more than thirty (30) days following Customer's receipt of such written notice, then this License may be immediately terminated by Avaya without prejudice to any other rights and remedies that Avaya may have at law or equity.

Customer's obligations to hold the Licensed Software in confidence and to otherwise protect Avaya's trade secrets and other proprietary rights in the Licensed Software, as provided in this License, shall survive the termination of this License.

IN NO EVENT WILL AVAYA AND/OR AVAYA'S SUPPLIERS OR THEIR DIRECTORS, OFFICERS, EMPLOYEES, OR AGENTS BE LIABLE TO OR THROUGH CUSTOMER FOR INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE, OR EXEMPLARY DAMAGES OF ANY KIND, INCLUDING WITHOUT LIMITATION, LOST PROFITS, LOSS OF BUSINESS OR BUSINESS INFORMATION, BUSINESS INTERRUPTION, OR OTHER ECONOMIC DAMAGE, AND FURTHER INCLUDING INJURY TO PROPERTY, AS A RESULT OF USE OR INABILITY TO USE THE LICENSED SOFTWARE OR BREACH OF ANY OTHER TERM OF THIS LICENSE, REGARDLESS OF WHETHER AVAYA AND/OR AVAYA'S SUPPLIERS WERE ADVISED, HAD OTHER REASON TO KNOW, OR IN FACT KNEW OF THE POSSIBILITY THEREOF.

"Avaya" means Avaya Inc. or the applicable Avaya affiliate and the rights and obligations arising under this License shall be construed in accordance with the laws of the State of New York without reference to any conflict of law provisions. If for any reason a court of competent jurisdiction finds any provision of this License or portion thereof to be unenforceable, such provision of this License shall be enforced to the maximum extent permissible so as to effect the intent of the parties and the remainder of this License shall continue in full force and effect.

If Customer is the United States Government, the following paragraph shall apply: All Licensed Software available under this License is commercial computer software and commercial computer software documentation and, in the event Licensed Software is licensed for or on behalf of the United States Government, the respective rights to the Licensed Software and associated documentation are governed by Avaya standard commercial license in accordance with U.S. Federal Regulations at 48 C.F.R. Sections 12.212 (for nonDoD entities) and 48 C.F.R. 227.7202 (for DoD entities).

2.1.16 SHRINK WRAP SOFTWARE LICENSES

a. License for use of Software. Customer's purchase of licenses for Software is for its own use of the Software and associated user manuals. Customer's right to use the Software is subject to the terms and conditions of the "shrink-wrap" Software license agreement which accompanies the Software media or, if the Software is not shipped with a shrink-wrap license, the terms and conditions of the Software license in Addendum D to Exhibit 1. A copy of each applicable shrink-wrap license is also reproduced in the accompanying user documentation. Each applicable shrink-wrap license shall constitute a part of this Agreement. Each applicable shrink-wrap license and the license in Addendum D to Exhibit 1 is referred to as the "License Agreement".

b. License for use of Software Releases. Certain Services include the delivery of revisions and updates to Software previously licensed by Customer receiving such Services ("Software Releases") with accompanying release notes, user manuals or other documentation. Customer's right to use a Software Release is governed by the License Agreement.

c. Limitations. Customer may not translate, decompile, disassembly, use for any competitive analysis or reverse engineer the Software or its user manuals or other documentation in any way. Customer agrees to not translate any portion of the Software or associated user manuals or other documentation into any other format or language without Avaya Government Solutions' prior written permission.

2.1.17 GUARANTEES

Specific product warranties are designated as follows in each of the product listings for for Communications Server 1000/Meridian 1, Business Communications Manager, Norstar, CallPilot, MCS5100, Data Networking, CS2100/MSL-100, and IVR and Applications Switching & Security:

Code	Warranty Period
0	No Warranty
3	3/months from ship
5	5/months from ship
15	15/months from ship
3rd	3rd Party Manufacture provided (No Avaya Government Solutions Warranty)
LT	Lifetime Warranty
LLT	Limited Lifetime Warranty
SC	Service Contract (up-sell/extended service opportunity)
0.25	Numeric Warranty period in terms of years or fraction of years (3/months)

1	Numeric Warranty period in terms of years or fraction of years (12/months)
1.25	Numeric Warranty period in terms of years or fraction of years (15/months)

W1	Whichever period expires first:
	  *15 months from date of manufacture
	  *12 months from date placed in service with end user

W2	90 days from date of shipment

S1 & S2	Whichever period expires first:
	  *15 months from date of shipment to distributors
	  *12 months from date placed in service with end user

S3 & S4	Whichever period expires first:
	  *150 days from date of shipment to distributors
	  *90 days from date placed in service with end user

S5	Warranty provided by third-party manufacturer
S6	90 Days

a. Contractor warrants to end-user that each item of Hardware will be free from defects in workmanship and materials for its respective warranty period which begins on the date of shipment to the end user.

b. Repair or replacement of non-working products is without charge for parts or labor, but products must be returned to the AGSP from which the product was originally purchased. (Please see Figure 1 and 1a.) Return of warranty products must be to the AGSP from whom the item was originally purchased.

c. All parts replaced during the guarantee period shall become the property of the AGSP.

d. When equipment is returned to Contractor/Authorized GSA Schedule Partner's establishment for repairs, Contractor/Authorized GSA Schedule Partner shall be responsible for any damage or loss, from the time the equipment is removed from the ordering activity's installation, until equipment is returned to such installation.

e. This guarantee does not apply if damage to the equipment is occasioned by fault or negligence of the ordering activity.

f. Warranty items must be returned to the Authorized GSA Schedule Partner from which the item was originally purchased. For most products, defective equipment will be repaired or replaced within forty-eight (48) hours after receipt. Due to customization requirements for Periphonics products, timeframes for repair or replacement may be longer.

2.1.18 PURCHASE PRICE FOR ORDERED EQUIPMENT

The ordering activity will be charged the Contract price in effect at the time of order placement.

2.1.19 RESPONSIBILITIES OF THE CONTRACTOR

Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City or otherwise) covering work of this Contractor, and shall include all costs, if any, of such compliance in the prices quoted in this offer.

2.1.20 TRADE-IN OF INFORMATION TECHNOLOGY EQUIPMENT

When an agency determines that Information Technology equipment will be replaced, the agency shall follow the contracting policies and procedures in the Federal Acquisition Regulation (FAR), the policies and procedures regarding disposition of information technology excess personal property in the Federal Property Management Regulations (FPMR) (41 CFR 101-43.6), and the policies and procedures on exchange/sale contained in the FPMR (41 CFR part 101-46).

2.2   HOSTED SOLUTIONS – THIS SECTION OUTLINES THE TERMS AND CONDITIONS SPECIFIC TO AVAYA GOVERNMENT SOLUTIONS'S HOSTED SOLUTION OFFERING

2.2.1   SCOPE

This section sets forth the terms and conditions of Ordering Activity's acquisition of certain hosted solutions and the right to use certain equipment of Avaya Government Solutions Inc. (hereinafter referred to as "Contractor") during the Order Term (as defined in Section 2.2.6).

2.2.2   DEFINITIONS

The capitalized terms used in this Agreement shall have the following meanings.

"Commencement Date" shall have the meaning as defined in **Section 2.2.6.9** of this Agreement.

"Customer" means the U.S. government agency or entity for whom Ordering Activity is ordering the Hosted Solutions.

"Customer-Provided Systems" mean all items of communications equipment and software owned and/or licensed by Customer which shall be furnished by Customer as part of Customer's undertakings under this Agreement and are required for Contractor's provisioning of the Hosted Solutions, including, without limitation, cable and wiring facilities, private and public network connection devices, and other customer premise equipment and facilities as further described in the applicable Hosted Scope of Work.

"Hardware" means the physical portion of the Hosted Equipment.

"Hosted Equipment" means the Hardware and Software owned by Contractor and/ or a Contractor's lessor, which is located at Contractor's premises and used to provide the Hosted Solutions, and for which Customer shall acquire a right to use as contemplated in this Agreement.

"Hosted Solutions" mean the installing, provisioning, and operating of the Hosted Equipment, the acquisition of the right to use the Hosted Equipment as contemplated in this Agreement, the hosted services as described in the Hosted Scope of Work(s), and the various additional services to be performed by Contractor under this Agreement.

"Hosted Solutions Order Form" means the document to be executed and delivered by Customer in the form included in the applicable Hosted Scope of Work (or as otherwise provided by Contractor) and that is required to accompany any Purchase Order (as defined in Section 2.2.5).

"Hosted Scope of Work" means the Contractor published description for the Hosted Solutions referenced in each respective sub-exhibit to **Exhibit A, Supplemental Terms and Fees for Hosted Solutions**, of this Agreement**.**

"Minimum Monthly Payment(s)" means the minimum amount to be invoiced to and paid by Customer for each month of the Order Term under an Order (as defined in Section 2.2.5) for the specific Hosted Solutions as

set forth in the applicable sub-exhibit(s) to **Exhibit A, Supplemental Terms and Fees for Hosted Solutions,** of this Agreement.

"Ordering Activity" means an entity that is authorized to place orders, or establish blanket purchase agreements (BPA) on behalf of a Customer, against the General Services Administration's (GSA) Multiple Award Schedule contracts. A list of ordering activities is available at http://www.gsa.gov/schedules (click "For Customers Ordering from Schedules" and then "Eligibility to Use GSA Sources").

"Project Statement of Work" means a document prepared by Contractor and mutually agreed in writing by Ordering Activity describing the deliverables, estimated timelines, assumptions, responsibilities and other relevant terms specific to a project and associated Order(s) for services for the Customer that fall outside of the scope of the Hosted Scope of Work and/ or Statement of Work.

"Software" means the portion of the Hosted Equipment comprised of computer programs in object code form or firmware which are owned or licensed by Contractor or a Contractor affiliate. Software consists of machine-readable instructions, its components, data, audio-visual content (such as images, text, recordings or pictures) and related licensed materials including all whole or partial copies, and is licensed, not sold.

"Statement of Work" is a document published by Contractor that details the roles and responsibilities of the parties related to the Hosted Solutions and is mutually agreed in writing by Customer, describing the deliverables, estimated timelines, assumptions, responsibilities and other relevant terms specific to a project and associated Order(s)

2.2.3   SCOPE

Subject to the terms and conditions of this Agreement, Customer may acquire Hosted Solutions for Customer's internal use per the Geographical Scope in Section 1.1 of Contractor's. GSA FSS IT Schedule 70 No. GS-35F-0140L, subject to the limitations set forth in the applicable sub-exhibits to Exhibit A. Additional hosted solutions may be added to this Agreement, from time to time, upon mutual agreement of the parties and pursuant to a written amendment to this Agreement.

2.2.4   RESPONSIBILITIES OF THE PARTIES

2.2.4.1   Contractor Undertakings
In addition to its other obligations as specified in this Agreement, Contractor shall provide the Hosted Equipment at Contractor's premises and perform the Hosted Solutions ordered by Customer pursuant to an Order as more specifically defined in the Hosted Scope of Work, the Project Statement of Work, and the Statement of Work (as applicable). Contractor shall not be obligated or responsible for procuring, installing, operating, or maintaining any non-Hosted Equipment or providing any non-Hosted Solutions.

2.2.4.2   Customer Undertakings
As a condition precedent to Contractor's performance of its obligations under this Agreement, and in addition to Customer's other obligations detailed in this Agreement, Customer shall, during the Order Term:

(a) Furnish, maintain, and allow Contractor use and access of, or acquire for Contractor rights for the use of, the Customer-Provided Systems solely in order for Contractor to fulfill its obligations pursuant to this Agreement;

(b) Provide any information and/or documentation that Contractor reasonably requests from Customer and that is necessary for Contractor to properly perform any of its obligations pursuant to this Agreement, in a form and by the dates reasonably specified by Contractor; and

(c) Perform or provide any Customer responsibilities described in the applicable Hosted Statement of Work.

2.2.5 ORDERS

2.2.5.1   Customer shall acquire the Hosted Solutions or, subject to the provisions of this Agreement, amend an existing Order for Hosted Solutions by submitting a written purchase order ("Purchase Order") and a completed and executed Hosted Solutions Order Form signed by the Ordering Activity representative. Ordering Activity must submit such Hosted Solutions Order Form in conjunction any Purchase Order or amended Purchase Order. The term "Order" shall refer collectively to the Purchase Order and Hosted Solutions Order Form. In the event of a conflict between a Purchase Order and the Hosted Solutions Order Form, Contractor will refuse the Purchase Order and work with Ordering Activity to reconcile the conflict. Contractor may update or modify the Hosted Solutions Order Form template at any time at Contractor's sole discretion.

2.2.5.2   Statement of Ordering Activity Intent

(a) The Ordering Activity and the Contractor understand that an Order issued for Hosted Solutions contemplates the purchase of the Hosted Solutions for the Order Term (as defined in Section 2.2.6) specified in such Order. In that regard, the Ordering Activity understands that the provisions contained herein and the Fees (as defined in Section 2.2.8.1) established for the Order are premised on the Ordering Activity's intent to fulfill that agreement, including acquiring Hosted Solutions for the period of time specified in the Order. Contractor may request information from the Ordering Activity concerning the essential use of the Hosted Solutions.

2.2.5.3   All Orders, and any Statement of Work, Hosted Scope of Work, and Project Statement of Work, will be governed by and cannot alter the terms and conditions of this Agreement. All Orders shall reference this Agreement and the Hosted Solutions being ordered, requested target in-service date for Hosted Solutions, Project Statement of Work (as applicable), Hosted Solutions Order Form project number, and any other special instructions.

2.2.5.4   Contractor's written or electronic communications accepting the Order or commencement of Hosted Solutions performance will be Contractor's acceptance of the Order. Contractor reserves the right to reject any Purchase Order received not in accordance with a valid Hosted Solutions Order Form and Contractor Statement of Work and proposal. Contractor will work with Ordering Activity to resolve any discrepancies.

2.2.6 ORDER TERM

2.2.6.1   With the exception of Orders for non-recurring services as detailed in the next paragraph, the term of each Order hereunder shall commence on the Commencement Date (defined in Section 2.2.6.9) and shall have an intended duration of either 12 to 23, 24 to 35, or 36 to 48 months as set forth in the applicable Hosted Solutions Order Form ("**Initial Order Term**"). Pursuant to FAR 32.703-3(b), Orders with options to renew that are funded by annual (fiscal year) appropriations may provide for initial base periods and option periods that cross fiscal years as long as the initial base period or each option period does not exceed a twelve (12) month period.

2.2.6.2   Orders for non-recurring services shall have a duration beginning upon the commencement of such non-recurring service as specified in the (a) Hosted Scope of Work or Project Statement of Work (as applicable) or (b) Order.

2.2.6.3 Any extension to the Order Term (excluding annual funding Purchase Order or amendment) as detailed in this Section 2.2.6.3 shall be referred to as a "**Renewal Order Term**". With written notice issued via the Change process, as set out in Section 2.2.7, to Contractor at least thirty (30) calendar days prior to expiration of (i) the Initial Order Term or (ii) any Renewal Order Term, Customer may either (a) extend the Initial Order Term or Renewal Order Term, as applicable, for an additional twelve (12) month period or for such shorter period as may be mutually agreed to in writing with Contractor under the same terms and conditions as those applicable during the Initial Order Term or (b) terminate such Order effective upon the Initial Order Term or Renewal Order Term expiration date, as applicable. Notwithstanding the foregoing, Contractor reserves the right to adjust the pricing for any renewed Order to be consistent with the then current GSA Schedule contract price. The Initial Order Term and any Renewal Order Term are collectively referred to as the "**Order Term**." Customer may terminate an Order during the Order Term only for the reasons set forth in Section 2.2.13 of this Agreement.

2.2.6.4 Ordering Activity must provide notice of intent to fund each successive fiscal year of the Order Term at least thirty (30) calendar days prior to the expiration of the current fiscal year funding. If Ordering Activity fails to provide the thirty (30) calendar day advance notice as specified above, the Order Term will automatically expire and Contractor shall cease providing all Hosted Solutions associated with the Order.

2.2.6.5 Notwithstanding the foregoing, Contractor shall have the right to elect not to enter into any Renewal Order Term by providing Customer with thirty (30) calendar days advance written notice prior to the expiration of the then-current Order Term.

2.2.6.6 The duration of time from the beginning of the Initial Order Term through the end of the second full billing cycle of the Initial Order Term shall be referred to as the "Ramp-Up Period."

2.2.6.7 Provided that Customer notifies Contractor in writing via the Change process as part of its timely written notification to terminate the Order Term as set forth in Section 2.2.6.3(b) above, upon the expiration of the Order Term Customer shall have up to one hundred and eighty (180) days during which Customer may transition Users off of the Hosted Solutions ("Ramp Down Period"). Customer must specify the duration of the Ramp-Down Period (which shall not exceed one hundred and eighty (180) days) in the aforementioned written notification.

2.2.6.8 The target in-service date for the Hosted Solutions shall be in accordance with Contractor's standard lead times as set forth in the applicable sub-exhibit to Exhibit A.

2.2.6.9 Contractor shall deliver a notice to Customer (the "**Commencement Notice**") indicating the date that Contractor began performing the Hosted Solutions specified on the Order (the **"Commencement Date"**) and requesting that Customer agree and acknowledge that the Hosted Solutions are ready for use. Within fifteen (15) business days of delivery by Contractor, Customer shall execute the Commencement Notice or specify in writing to Contractor the basis and supporting reasons for which the Hosted Solutions are not ready for use in accordance with this Agreement and the respective Order.

If Customer specifies in writing to Contractor the basis and supporting reasons for which the Hosted Solutions are not ready for use within fifteen (15) business days of delivery of the Commencement Notice by Contractor and the Hosted Solutions are in fact not ready for use, Contractor shall make the Hosted Solutions ready for use and re-submit the Commencement Notice (which shall include a new Commencement Date) per the process in the first paragraph of this Section 2.2.6.9 above.

2.2.6.10 If Customer (a) signs the Commencement Notice (or re-submitted Commencement Notice, if applicable) within fifteen (15) business days of delivery by Contractor, (b) does not sign the Commencement Notice (or re-submitted Commencement Notice, if applicable) or submit in writing the basis and supporting reasons for which the Hosted Solutions are not ready for use in accordance with this Agreement by such date, or (c) timely submits the writing specified in subpart (b) but Contractor

demonstrates that the Hosted Solutions are in fact ready for use, the Hosted Solutions specified in the Commencement Notice are deemed ready for use as of the Commencement Date and the Commencement Date is irrevocable.

2.2.7   CHANGES

2.2.7.1   Customer may request that Contractor make changes to an Order (including, without limitation, changes to the Project Statement of Work, charges, deliverables, user quantity, changes to extend or allow the termination of an Order Term or changes to other substantive aspects of the Hosted Solutions) (each a "**Change").** A Change does not include Soft MAC Services (as defined in the applicable Hosted Scope of Work(s)).

2.2.7.2   Contractor shall respond to Customer's request and state whether the Change will cause a change in the Fees (defined in Section 2.2.8), Order Term, or the time required for any aspect of Contractor's performance under this Agreement and specify any required documentation as may be necessary to include the Change within the scope of this Agreement. In no event shall any Change be effective or acted upon in any way until such time as Customer signs and submits and Contractor accepts a new Purchase Order and Hosted Solutions Order Form that include the foregoing items. In no event will a Change (a) reduce the Minimum Monthly Payment due under an existing Order for any month during the Order Term or (b) reduce the Order Term under an existing Order.

2.2.7.3   If Customer requests related services that fall outside of the scope of this Agreement or requests modifications to the Hosted Solutions model for a particular project, Customer and Contractor shall discuss such proposed services and/ or modifications and shall endeavor to come to mutual agreement on the price and other relevant terms and conditions governing such related services and/or modifications ("**Custom Solution**").

2.2.7.4   Customer acknowledges that implementation of a Change or Custom Solution may have negative impact on the timing or other aspects of Contractor's performance herein and, as such, the implementation schedule for all requested Changes or Custom Solutions shall be as mutually agreed by the parties so as not to disrupt or unduly delay Contractor's performance herein.

2.2.7.5   Notwithstanding the foregoing, Contractor reserves the right to reject, in its sole discretion, any Change or Custom Solution request submitted by Customer received without an accurate Hosted Solutions Order Form or that does not follow the Change process detailed in Section 2.2.7 herein.

2.2.7.6   Contractor retains the right to change the Hosted Equipment used to provide Hosted Solutions under this Agreement so long as equivalent functionality is maintained.

2.2.7.7   Customer shall only be entitled to add users above and beyond the total user quantity, as applicable, on a particular Order if the Change is for at least twenty-five (25) users. Such addition must be communicated to Contractor in writing via the Change process. In the event of such a Change, the per-user Fees for the additional users shall be the same as the per-user Fees for the original users on the particular Order. Additionally, any such additional users added via a Change shall be added to the total ordered users quantity set forth in the applicable Hosted Solutions Order Form for the purposes of determining the Minimum Monthly Payment as set forth in the sub-exhibits to **Exhibit A, Supplemental Terms and Fees for Hosted Solutions,** and such new Minimum Monthly Payment shall apply as of the effective date of the Change.

Notwithstanding the foregoing, Customer shall not be entitled to make a Change to add users to an Order after Customer has submitted a termination notice for such Order, or Customer failed to provide the thirty (30) day advanced notice pursuant to Section 2.2.6.4.

2.2.7.8 Customer shall only be entitled to reduce the users on a particular Order in decrements of twenty-five (25). Such reduction must be communicated to Contractor in writing via the Change process at least thirty (30) days prior to the desired effective date. In the event of such a Change, the total ordered users quantity set forth in the applicable Hosted Solutions Order Form shall be reduced accordingly for the purposes of determining a new Minimum Monthly Payment as set forth in the sub-exhibits to **Exhibit A, Supplemental Terms and Fees for Hosted Solutions,** and such new Minimum Monthly Payment shall apply as of the effective date of the Change. Notwithstanding the foregoing, Customer shall not be permitted to reduce the number of users on any Order below the minimum order quantity set forth in the applicable sub-exhibit to **Exhibit A, Supplemental Terms and Fees for Hosted Solutions**. Additionally, Customer shall not be entitled to reduce the committed users in **Custom Solution** Orders.

2.2.8 FEES AND PAYMENT

2.2.8.1 In consideration of Contractor's performance of the Hosted Solutions and Customer's acquisition of the right to use the Hosted Equipment as contemplated in this Agreement, Customer shall pay to Contractor the fees for each element of Hosted Solutions performed as set forth in each respective sub-exhibit in **Exhibit A, Supplemental Terms and Fees for Hosted Solutions,** of this Agreement and as adjusted in accordance with **Section 2.2.8.2** below when applicable ("**Fees**"), plus applicable amounts pursuant to **Section 2.2.8.4** of this Agreement.

2.2.8.2 For each Order, the initial monthly billing period for the applicable Fees shall begin upon the Commencement Date for such Order and end upon the twenty-seventh (27th) calendar day of such month (or the twenty-seventh (27th) calendar day of the next month in the event the Commencement Date is the twenty-eighth (28th) day of the month or later). The subsequent monthly billing periods for the applicable Fees shall begin upon the twenty-eighth (28th) day of each calendar month and end upon the twenty-seventh (27th) day of the next calendar month, with the exception of the last month of the Order Term (or Ramp-Down Period, if applicable), for which the monthly billing period shall end upon the respective monthly anniversary of the Commencement Date For each Order, starting on the Commencement Date and through the end of the Order Term or Ramp-Down Period (as applicable) Contractor will invoice Customer for all applicable Fees for each Order monthly in arrears for each respective monthly billing period. All non-recurring Fees payable pursuant to this Agreement will be invoiced monthly in arrears. Contractor reserves the right to adjust the pricing for the Renewal Order Term of any renewed Orders to be consistent with the then current GSA Schedule contract price.

2.2.8.3 Customer shall not be responsible for or reimburse Contractor for any out-of-pocket expenses incurred by Contractor in the performance of the Hosted Solutions unless otherwise agreed to in writing by Customer or as specified in a Hosted Scope of Work or an executed Project Statement of Work pursuant to an accepted Order. If Customer agrees to pay for any such expenses, reimbursable expenses will be detailed and Contractor will, upon Customer's request, provide Customer with copies of receipts or other documents to substantiate the expenditures. Expenses that Customer has agreed to pay in accordance herewith shall be invoiced by Contractor at actual cost unless otherwise specified in a Hosted Scope of Work or executed Project Statement of Work.

2.2.8.4 Customer shall promptly pay or reimburse Contractor upon demand, any and all taxes (including, but not limited to, sales, use, and excise), fees, regulatory fees and/or surcharges or similar charges imposed or levied by any governmental body or agency related to this Agreement and the respective Order and the performance hereof including, without limitation, the Hosted Solutions provided hereunder, the Hosted Equipment or any other equipment provided hereunder, and the Fees and other amounts due under this Agreement and the respective Order, whether such amounts are assessed against Customer or Contractor. Notwithstanding the foregoing, Customer shall not be responsible for any franchise tax or any tax assessed on or measured by Contractor's net income. If Customer makes any deduction or withholding from the charges for Fees due and payable to Contractor

for any tax or other charge imposed by a governmental entity, then the charges for Fees or any other amounts due and payable by Customer to Contractor for such Hosted Solutions shall be increased to an amount which, after being reduced by the required deduction or withholding, will result in payment to Contractor of an amount equal to the original charges for such Hosted Solutions as if no deduction or withholding had been made.

2.2.8.5   If Customer shall claim to be exempt from any such taxes, fees, regulatory fees and/or surcharges or similar charges, Customer shall furnish to Contractor an exemption certificate from the relevant governmental body or taxing authority in the form required by law or otherwise reasonably acceptable to Contractor. If Customer shall claim any such tax exemption or other exemption and provides Contractor the required exemption certificate and Contractor does not collect the taxes, fees, regulatory fees and/or surcharges or similar charges from Customer in reliance thereupon, Customer shall indemnify and hold Contractor harmless from and against any and all assessments for such taxes levied on Contractor, including all interest, penalties and late charges upon any such taxes, and for such fees, regulatory fees and/or charges imposed on Contractor, including all interest, penalties and late charges upon such fees and the cost of professional consulting and/ or legal fees incurred by Contractor to settle the applicable matter with the relevant authorities.

2.2.9   TITLE AND RISK OF LOSS

2.2.9.1   Title and risk of loss for and damage to the Hosted Equipment shall remain with Contractor or its lessor, as applicable. Customer shall retain title and risk of loss to all Customer-Provided Systems. Customer shall have no title to or interest in the Hosted Equipment at any time.

2.2.9.2   Customer shall only attach the Customer-Provided Systems to the Hosted Equipment as required for Contractor to perform the Hosted Solutions in accordance with the Hosted Scope of Work. Any such attachment will not be deemed to change the nature of the Hosted Equipment or the ownership and other interests therein of Contractor or its lessor, as applicable.

2.2.10 SOFTWARE LICENSE

Customer's right to use the Software contained in the Hosted Equipment shall be subject to the terms and conditions set forth in **Section 2.1.15, Software License,** of Contractor's GSA FSS IT Schedule 70 # GS-35F-0140L and shall terminate upon the expiration or termination of the Order Term.

2.2.11 ADJUSTMENTS

Customer acknowledges its obligation under Section 2.2.4.2 of this Agreement to provide certain information as a condition precedent to Contractor performing Contractor's obligations herein and in the relevant Order. If there are errors, omissions, or inaccuracies in such information provided by Customer and such errors, omissions, or inaccuracies, require additions, corrections or modifications related to Contractor's performance herein, then any additional amounts associated therewith, will be borne by the Customer.

2.2.12 WARRANTIES AND REMEDIES

2.2.12.1   The Hosted Solutions shall be performed in a professional and workmanlike manner and materially in accordance with the Service Level Measurements set forth in **Exhibit C**, **Service Level Measurements and Weighting,** of this Agreement. If the Hosted Solutions are not performed as warranted, Customer's remedy shall be as set forth in Section 2.2.15, **Service Credits**, of this Agreement.

2.2.12.2   Customer is responsible for:

(a) the results obtained from the use of the Hosted Equipment;

(b) integration and interconnection with and configuration of third party hardware and/or systems not identified in the Hosted Scope of Work, Statement of Work, or Project Statement of Work as being Avaya Government Solutions' responsibility and/ or Customer-Provided Systems;

(c) installation of non-Contractor products; and

(d) Customer's IP network quality of service (QOS). Customer shall be responsible for the accuracy and completeness of all data and any other information that it provides or causes to be provided to Contractor. Contractor shall have no liability for failures resulting from or attributable to Customer-provided designs, specifications, or product configuration requirements or Customer's failure to provide a secure network for the Hosted Equipment. The Hosted Solutions may include the advice and recommendations of Contractor, but all decisions in connection with the implementation of such advice and recommendations shall be the sole responsibility of, and shall be made by, Customer.

2.2.12.3   CONTRACTOR MAKES NO WARRANTY CONCERNING THE CONTENT OF ANY DATA TRANSPORTED BY CONTRACTOR ON CUSTOMER'S BEHALF AS PART OF THE HOSTED SOLUTIONS PROVIDED HEREIN OR CUSTOMER'S LEGAL RIGHT TO TRANSPORT SUCH DATA.

2.2.12.4   Contractor's obligations under this **Section 2.2.12** shall not apply to:

(a) failure of the Hosted Equipment to operate properly with other equipment (including, without limitation, Customer-Provided Systems) or other services (including, without limitation, carrier services) used by Customer resulting from, without limitation, (1) defects in such other equipment or services, (2) operation of the Hosted Equipment with equipment not authorized in writing by Contractor for use with the Hosted Equipment, or (3) use of the Hosted Equipment with any improperly operating equipment or services not provisioned by Contractor for use under this Agreement or the relevant Order;

(b) performance failures of the Hosted Equipment or Hosted Solutions that result from an excusable delay cause;

(c) interference or disruption of service caused by operation of other radio systems, lightning, motor ignition or other similar interferences; or

(d) failure of the Hosted Equipment or Hosted Solutions resulting from use other than as expressly provided herein.

2.2.12.5   THESE WARRANTIES AND LIMITATIONS ARE CUSTOMER'S EXCLUSIVE WARRANTIES AND SOLE REMEDIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

2.2.13 TERMINATION

2.2.13.1   The Ordering Activity must elect the Order Term of the relevant Order. The Contractor will rely on the Ordering Activity's good-faith representation of its intent to fulfill the full Order Term to determine the monthly Fees.

The Fees for the Hosted Solutions are based upon Ordering Activity purchasing the Hosted Solutions for at least the Initial Order Term of each accepted Order. Ordering Activity acknowledges that Contractor has incurred, will incur, or may incur sunk and non-refundable fees and expenses associated with the acquisition and deployment of Hosted Equipment as part of the Hosted Solutions either directly or through financing the products with a third party and is entering into this Agreement and any Order with the expectation of a reasonable return Notwithstanding anything to the contrary contained in this Agreement, as a result of such fees and expenses, and as an inducement to Contractor entering into this Agreement and any Orders hereunder, the applicable True-Up Fees (as defined in the applicable sub-Exhibit to Exhibit A, Supplemental Terms and Fees for Hosted Solutions) shall be due and payable by Ordering Activity to Contractor in accordance with this **Section 2.2.13**.

2.2.13.2   Termination for Non-Appropriation: Ordering Activity agrees that it will only place Orders if it reasonably believes that the bona fide need for the Hosted Solutions will exist for the entire Order Term and that corresponding funds in an amount sufficient to make all payments for the full Order Term will be available to the Ordering Activity. Therefore, it is unlikely that Hosted Solutions Orders will be terminated prior to the full Order Term. Nevertheless, the Ordering Activity's contracting authority may terminate an Order prior to the end of its Order Term at no additional charge if

(a) Customer no longer has a bona fide need for the Hosted Solutions or functionally similar solutions or

(b) there is a continuing need, but adequate funds have not been made available through the legislative authorization / appropriations process to the Ordering Activity in an amount sufficient to continue to pay the Fees for the applicable Order. If this occurs, the Ordering Activity will promptly, and in any event at least thirty (30) days prior to the end of the then-current fiscal year, notify the Contractor in writing, and the applicable Order will be terminated at the end of the last fiscal year for which funds were appropriated.

Substantiation to support a termination for non- appropriation shall be provided to the Contractor upon request.

2.2.13.3   Termination Charges for Termination for Convenience: Orders may not be terminated for convenience except by the Ordering Activity's contracting office responsible for the Order in accordance with FAR 52.212-4, Contract Terms and Conditions-Commercial Items, paragraph (l), *Termination for the Government's convenience.*

The True-Up Fees defined in Exhibit A, **Supplemental Terms and Fees for Hosted Solutions**, have been established as the termination ceilings for each Order issued hereunder. Customer shall pay Contractor the True-Up Fees associated with an Order upon the termination of such Order for convenience prior to the end of the Order Term.

No claim will be accepted for future costs, including supplies, maintenance, usage charges, or interest expense beyond the effective date of termination. In accordance with the bona fide needs rule, all True-Up Fees reasonably represent the value the Ordering Activity received for the Hosted Solutions furnished based upon the shorter period of performance.

2.2.13.4   Termination for Cause. The Ordering Activity's contracting authority may terminate the relevant Order for cause in accordance with FAR 52.212-4 Contract Terms and Conditions - Commercial Items paragraph (m), *Termination for cause*.

2.2.14 EXHIBITS

The following exhibits, which are attached hereto and incorporated by reference into this Agreement, form an integral part of this Agreement.

EXHIBIT A - Supplemental Terms and Fees for Hosted Solutions

Exhibit A-1, Supplemental Terms and Fees for Hosted IP Telephony and Unified Communications Solutions

EXHIBIT B - Service Level Measurements and Weighting

2.2.15 SERVICE CREDITS

Customer shall be entitled to receive service credits (**"Service Credits"**) if the **"Service Level Measurements"** defined in **Exhibit C**, **Service Level Measurements and Weighting,** to this Agreement are not met by Contractor during the applicable monthly billing period (begins upon the twenty-eighth (28th) day of each calendar month and ends upon the twenty-seventh (27th) day of the next calendar month) of the Order Term, provided that the Ordering Activity submits a written claim to Contractor for such Service Credits within thirty (30) calendar days after the end of the applicable monthly billing period. Service Credits not requested within such timeframe shall be automatically forfeited. All Service Credits shall be calculated on a monthly in arrears basis in accordance with the applicable sub-exhibit to **Exhibit A, Supplemental Terms and Fees for Hosted Solutions**. In no event will the aggregate of the Service Credits for any month exceed five percent (5%) of such month's total Minimum Monthly Payments under the applicable Order. Any Service Credits approved by Contractor must be applied by Customer against the next monthly billing period invoice amount due under the same applicable Order following the approval of such Service Credits by Contractor, except if approved during the last month of the Order Term, in which case Contractor will provide a refund of such amount so long as Customer is not in breach of this Agreement or the applicable Order. Customer is not entitled to claim Service Credits for any month during the Ramp-Up Period or Ramp-Down Period or at any time for the Hosted PSTN Access Solutions.

The parties agree that the Service Credits reflect the diminished value of the Hosted Solutions as a result of any Contractor failure to provide the Hosted Solutions in accordance with the Service Level Measurements and are a reasonable estimate of damages and accordingly do not constitute a penalty. Customer agrees that the Contractor's approval of claimed Service Credits under this provision shall be the Customer's sole and exclusive remedy with respect to any damages to the extent resulting from any failure of Contractor to meet the Service Level Measurements. If either the Hosted Equipment Availability or Average Time for Service Restoration (with respect to the latter, for Critical Service Affecting trouble tickets only) Service Level Measurements (as defined in **Exhibit C, Service Level Measurements and Weighting**) respectively are not met in each month for six (6) consecutive months, the preceding sentence shall not limit the Ordering Activity's right to terminate the applicable Order pursuant to **Section 2.2.13, Termination,** of this Agreement provided that the Ordering Activity's contracting authority notifies Contractor in writing of its intent to terminate the applicable Order within thirty (30) calendar days after the end of such sixth (6th) consecutive month. Contractor shall not be responsible for any failure to meet the Service Level Measurements to the extent that such failure is due to causes beyond its reasonable control.

<u>EXHIBIT A</u>

SUPPLEMENTAL TERMS AND FEES FOR HOSTED SOLUTIONS

The terms and conditions provided in each of the following sub-exhibit(s) to this Exhibit A are in addition to those contained in the main body of the Agreement and will apply solely to the Hosted Solutions specified in each such sub-exhibit. In the event of a conflict between the terms and conditions of the Agreement and each such sub-exhibit with respect only to the subject matter of that sub-exhibit, the terms and conditions of that sub-exhibit shall prevail.

EXHIBIT A-1
Supplemental Terms and Fees for Hosted IP Telephony
and Unified Communications Solutions

1. Definitions

"Enterprise IP Telephony Users" means enterprise Users (defined below) of the specified Base IP Telephony Hosted Solutions packages set forth in **Table 1** below.

"**User**" means a single end user profile, extension, and or port configured in the database of the central processing unit of the Hosted Equipment on which Hosted IP Telephony and Unified Communications Solutions are delivered.

2. Hosted Scope of Work

The "**Hosted IP Telephony and Unified Communications Scope of Work**," in respect of a particular Order for Hosted IP Telephony and Unified Communications Solutions is the version of such scope of work published by Contractor and current as of the date of Contractor's acceptance of the particular Order, and which is incorporated by reference in, and forms part of, the Order.

3. Scope

Ordering Activity may acquire Hosted IP Telephony and Unified Communications Solutions for Customer's internal use in the 48 contiguous states of the U.S., and the District of Columbia.

4. Orders

In no event will an Order be accepted for less than 25 Enterprise IP Telephony Users, or a combination of 75 total Enterprise IP Telephony Users and ACD Users (as defined in Exhibit A-2).

Each Order must be for an amount no less than the aggregate of the Fees that may become due under such Order including, without limitation, monthly per User Fees for the applicable Order Term, Set-Up and Disconnect Fees, Trunking Fees, and Fees for Soft MAC Services.

If Ordering Activity would like to order additional Users above the total quantity of Enterprise IP Telephony Users set forth in an existing Order, Order Activity shall, pursuant to Section 2.2.7 of the Agreement, issue a Change Order and complete and execute a new Hosted Solutions Order Form. The Minimum Monthly Payment for the Order will be modified in accordance with Section 2.2.7 of the Agreement.

5. Target In-Service Date

The target in-service date for Hosted IP Telephony and Unified Communications Solutions will be as set forth in the applicable Hosted Solutions Order Form but in any event no earlier than five (5) business days following Contractor's receipt of the Purchase Order and the associated executed Hosted Solutions Order Form.

6. Minimum Monthly Payment

With respect to each Order for Hosted IP Telephony and Unified Communications Solutions, the "**Minimum Monthly Payment**" is a non-cancelable obligation to pay (other than as outlined in Section 2.2.13 of the Agreement) an amount equal to:

(i) the total ordered quantity of Enterprise IP Telephony Users, *multiplied by* the applicable "**Monthly Base IP Telephony Hosted Solutions per User Fee**" corresponding to the **N0137959, IP Telephony** line item (regardless of which Base IP Telephony Hosted Solutions Package is actually ordered) set forth in **Table 1** below for the applicable Initial Order Term duration under such Order; *multiplied by*

(ii) 85%.

Notwithstanding the foregoing, the Minimum Monthly Payment during the Ramp-Up Period and Ramp-Down Period shall be $0.

7. Fees

I. Fees under each Order for each monthly billing period are as follows:

    A.   Fees for Enterprise IP Telephony Users in an amount for the monthly billing period equal to:

(1)   the greater of:

    (i) the Minimum Monthly Payment; or

    (ii) the aggregate total of (a) the actual highest number of activated Enterprise IP Telephony Users for each Base IP Telephony Hosted Solutions Package as set forth in **Table 1** below (i.e., **IP Telephony, Premium IP Telephony, Unified Communications, Premium Unified Communications, or Centrex IP**) during the monthly billing period (regardless of whether or not the Enterprise IP Telephony User is actually using such Hosted Solutions during all or a portion of the monthly billing period), *multiplied by* (b) the applicable "**Monthly Base IP Telephony Hosted Solutions per User Fee**" (as set forth in **Table 1** below for the applicable Initial Order Term duration under such Order); plus

(2)   the aggregate total of (a) the actual highest number of activated Enterprise IP Telephony Users for each of the IP Telephony User options (as set forth in **Table 2** below), *multiplied by* (b) the applicable "**Monthly IP Telephony Options per User Fees**" (as set forth in **Table 2** below).

TABLE 2: GSA MONTHLY IP TELEPHONY OPTIONS PER USER		
IP Telephony User Options	**Monthly IP Telephony Options per user ($US)**	
Order Code	**Description**	**GSA Pricing**
N0204752	Secondary Line Roll Over	See Price List
N0204751	Telephony Soft Client	See Price List
N0137967	Voice Mail	See Price List
N0137968	Unified Messaging	See Price List
N0175567	Auto Attendant	See Price List
N0137970	Meet Me Conferencing – 6 Ports	See Price List
N0137975	SIP Web Collaboration	See Price List
N0137976	Music on Hold	See Price List

Notes:

(1) These options are not available on a standalone User basis and require concurrent ordering of a Base Hosted Solutions package.
(2) Secondary Line Roll Over is only available as an option to the Premium IP Telephony, Unified Communications, and Premium Unified Communications packages in a SIP environment.
(3) Telephony Soft Client is only available as an option to the Premium IP Telephony package in a SIP environment.
(4) Auto Attendant is billed on a per port basis each month.
(5) Auto Attendant set up charges are quoted on a per request basis and are dependent upon the specific requirements for each Auto Attendant ordered as detailed in Table 3 below.
(6) Meet Me Conferencing – 6 Ports option is only available for purchase with the Unified Communications Solutions package. The functionality provided by the Meet Me Conferencing – 6 Ports option is included in the Premium Unified Communications Base IP Telephony Hosted Solutions package.
(7) Meet Me Conferencing requiring more than 6 ports will be priced via a price quotation.
(8) SIP Web Collaboration option is only available for purchase with the Premium Unified Communications Base IP Telephony Hosted Solutions package, or with the Unified

Communications Solutions package if the Meet Me Conferencing – 6 Ports option has been purchased.

(9) Music on Hold option is only available for purchase with the Unified Communications, Premium Unified Communications and Centrex IP Base IP Telephony Hosted Solutions packages.

B. User Set Up, Customer Dial Plan Set Up, and Trunking Fees

(1) "**User Set Up Fees**" (Initial Activations) as set forth in **Table 3** below per occurrence for each new Enterprise IP Telephony User activated on the Hosted Equipment as of the Commencement Date of the applicable Order.

(2) "**Customer Dial Plan Set Up Fees**" as set forth in **Table 3** below, on a per NPA-NXX occurrence basis, for creation of a new Customer group and dial plan on the Hosted Equipment as of the Commencement Date of the applicable Order.

(3) "**Custom Dial Plan Set Up Fees**" as set forth in **Table 3** below, on a per site occurrence basis, for creation of a new custom dial plan on the Hosted Equipment as of the Commencement Date of the applicable Order.

(4) "**Trunk Group Set Up Fees**" as set forth in **Table 3** below per occurrence for each new activated trunk group (i.e., TDM or SIP) provided by Contractor (whether directly connected to the Hosted Equipment or connected via a media gateway) as of the Commencement Date of the applicable Order.

(5) "**Trunk Member Set Up Fees**" as set forth in **Table 3** below per occurrence for each new activated trunk member (i.e., TDM DS0 or SIP port) provided by Contractor (whether directly connected to the Hosted Equipment or connected via a media gateway) as of the Commencement Date of the applicable Order.

(6) "**Trunking Usage Fees**" as set forth in **Table 3** below per trunk for the actual highest number of activated trunks during the monthly billing period in excess of one (1) trunk for every ten (10) Users. Trunking usage on a 10:1 User to Trunk ratio is included in the Monthly Base IP Telephony Hosted Solutions Per User Fees set forth in **Table 1**.

TABLE 3

C. Soft MAC Services

1) **Soft MAC Services** (other than items 2 through 8 below): **"Soft MAC Services Fees"** as set forth in **Table 4** below per Soft MAC Event performed by Contractor after the Commencement Date and during the monthly billing period. (For clarity, these Soft MAC Services include changes from one to another Base IP Telephony Hosted Solutions package (as described in **Table 1** above) or addition or deletion of IP Telephony User Options (as described in **Table 2** above) with respect to an activated User.

2) **"User Set Up Fees"** as set forth in **Table 4** below per occurrence for each new Enterprise IP Telephony or Unified Communications User activated following the Commencement Date of the respective Order on the Hosted Equipment during the monthly billing period.

3) **"Customer Dial Plan Set Up Fees"** as set forth in **Table 4** below, on a per NPA-NXX occurrence basis following the Commencement Date of the respective Order, for creation of a new Customer group and dial plan on the Hosted Equipment during the monthly billing period.

4) **"Custom Dial Plan Set Up Fees"** as set forth in **Table 4** below, on a per site occurrence basis following the Commencement Date of the respective Order, for creation of a new custom dial plan on the Hosted Equipment during the monthly billing period.

5) **"Trunk Group Set Up Fees"** as set forth in **Table 4** below per occurrence for each new activated trunk group (i.e., TDM or SIP) provided, following the Commencement Date of the respective Order, by Contractor (whether directly connected to the Hosted Equipment or connected via a media gateway) during the monthly billing period.

6) **"Trunk Member Set Up Fees"** as set forth in **Table 4** below per occurrence for each new activated trunk member (i.e., TDM DS0 SIP port) provided, following the Commencement Date of the respective Order, by Contractor (whether directly connected to the Hosted Equipment or connected via a media gateway) during the monthly billing period.

7) **"Trunking Disconnect Fees"** as set forth in **Table 4** below per occurrence for each trunk deactivated during the monthly billing period which occurs prior to the expiration of the Order Term; provided, however, no Trunking Disconnect Fees shall apply if such trunk is deactivated as a result of Order termination for Contractor breach.

TABLE 4
SOFT MAC SERVICES

Description	GSA Prices in $U.S.

N0155672, Customer Dial Plan Set Up - per NPA-NXX occurrence	See Price List
N0155674, Custom Dial Plan Set Up - per site occurrence	See Price List

N0155675, Trunk Group Set Up- per occurrence	See Price List
N0155676, Trunk Member Set Up - per occurrence	See Price List
N0137954, Trunking Disconnect - per occurrence	See Price List

i.　　Optional Services

Fees for certain Optional Services are as follows:

(1) **Network Assessment:** Ordering Activity shall pay the fixed price as quoted by Contractor for each respective Network Assessment performed by Contractor during the monthly billing period.

(2) **Optional Services** performed by Contractor during the monthly billing period: Time and materials plus travel and living expenses, monthly or one-time charge Fees as set forth in a Project Statement of Work or Contractor quotation.

III.　　True-Up Fees and Service Credits

Ordering Activity shall pay Contractor True-Up Fees in the event Customer terminates an order for convenience prior to the end of the Order Term. **"True-Up Fees"** are equal to the following amounts calculated as of the effective date of Order termination

With respect to Orders for Enterprise IP Telephony Users, for each Base IP Telephony Hosted Solutions Package (as defined in **Table 1** above),

(i) the total Monthly Base IP Telephony Hosted Solutions User Fees (as defined in **Table 1** above) that would have been paid by Order Activity through the date of termination if the applicable Fees for the correct (based upon the date of termination) Initial Order Term had been specified in the Hosted Solutions Order Form, *multiplied by* the average number of activated Enterprise IP Telephony Users per month for each Base IP Telephony Hosted Solutions Package under the affected Order through the date of termination *multiplied by* the percentage of Enterprise IP Telephony Users being terminated *multiplied by* the number of months from the Commencement Date through the date of termination of the particular Order *minus*

1. the aggregate total of actual Monthly Base IP Telephony Hosted Solutions User Fees actually paid by Ordering Activity from the Commencement Date through the date of termination of the particular Order, *multiplied by* the percentage of Enterprise IP Telephony Users being terminated *plus*

(iii) the applicable Base Monthly Fees for one (1) month for the number of Enterprise IP Telephony Users being terminated.

Example 1:

- Assume 100% being terminated.

- Total True Up Due = (What Should Have Been Paid – What Was Actually Paid) + 1 Month Minimum Monthly Payment

- What Should Have Been Paid = 18 x ((1,700 x \$9.00) + (6,000 x \$10.20) + (2,300 x \$16.15)) = \$2,045,610.00 using the 12-23 month pricing

- What Was Actually Paid = 18 x ((1,700 x $7.00) + (6,000 x $8.50) + (2,300 x $12.75) = $1,660,050.00 over 18 months

- 1 Month Minimum Monthly = 10,000 x 80% x $7.00 = $56,000

- **Total True Up Due = ($2,045,610.00 x 100%) – ($1,660,050.00 x 100%) + ($56,000 x 100%) = $441,560.00**

Example 2:
- Assume 25% being terminated.

- Total True Up Due = (What Should Have Been Paid – What Was Actually Paid) + 1 Month Minimum Monthly Payment

- What Should Have Been Paid = 18 x ((1,700 x $9.00) + (6,000 x $10.20) + (2,300 x $16.15)) = $2,045,610.00 using the 12-23 month pricing

- What Was Actually Paid = 18 x ((1,700 x $7.00) + (6,000 x $8.50) + (2,300 x $12.75) = $1,660,050.00 over 18 months

- 1 Month Minimum Monthly = 10,000 x 80% x $7.00 = $56,000

- **Total True Up Due = ($2,045,610.00 x 25%) – ($1,660,050.00 x 25%) + ($56,000 x 25%) = $110,390.00**

8. Service Credits

Service Credits under an Order for Hosted IP Telephony and Unified Communications Solutions for a monthly measurement period shall be calculated by multiplying the Minimum Monthly Payment by 5%, which equals the aggregate amount available for Service Credits, and multiplying that amount by the applicable weight factor for category(ies) in respect of which the Service Level Measurement(s) were not met.

By way of example and for demonstration purposes only, assuming the Minimum Monthly Payment is $9,000 and Contractor failed to perform at the Service Level Measurement for Hosted Equipment Availability for Hosted IP Telephony and Unified Communications Solutions for the applicable month (which carries a Weight of 50%), the formula for calculating the Service Credit for such Service Level Measurement category would be as follows:

Minimum Monthly Payment = $9,000
Aggregate amount available for Service Credits: $9,000 x 5% = $450
Earned Service Credits: $450 x 50% = $225

EXHIBIT B

SERVICE LEVEL MEASUREMENTS AND WEIGHTING

A.   The following Service Level Measurements apply to **Hosted IP Telephony and Unified Communications Solutions**:

1.   **Service Metric: Hosted Equipment Availability**

Indicates the Hosted Equipment system availability *(not including scheduled Hosted Equipment system downtime for maintenance and/or upgrades)* measured for the particular month in accordance with Telcordia Generic Requirements. .

- **Hosted IP Telephony and Unified Communications Solutions**
- Hosted Equipment Availability: 99.999%

Service Hours: 7/24/365
Weighting: 50%

2.   **Service Metric: Average Time for Service Restoration**

Indicates the average time Contractor will take to restore services ("Service Restoration") for a trouble ticket reported by Customer for all trouble tickets during the particular month. Service Restoration may be a workaround until a permanent fix is made. This metric is measured from the time Contractor opens the applicable trouble ticket until the time that the service is restored. The Service Restoration metric and resulting Service Credits are available only in the event of a degradation of the Hosted Solutions that is attributable to Contractor.

- **Critical Service Affecting**
- **Description:** An entire customer enterprise, location or agency is out of service or severely degraded. The customer can not receive or make calls and is unable to conduct business. All users are impacted with no work around available. This condition constitutes a critical work stoppage during normal working hours that affects multiple users at one or more sites and/or affects a critical component or function required for business operations.
- **Average time for Service Restoration:** Contractor will provide immediate and continuous around the clock support and provide Customer with a resolution or workaround within an average of eight (8) hours.
- **Major Service Affecting**
- **Description:** A customer enterprise, location, or agency is partially out of service. At least twenty percent (20%) or greater of all lines, trunks, or agents are out of service or

unable to make or receive calls and/or service is severely degraded with no work around available. This condition constitutes a partial work stoppage during normal working hours.

- **Average time for Service Restoration:** Contractor will provide resources to resolve the trouble or provide a work around within an average of (72) hours or less.
- **Minor Service Affecting**
- **Description:** Call processing is degraded but does not cause a work stoppage. A work around is available but performance and/or functionality may be degraded. Fewer than 20% of the lines, trunks, or agents are affected. Intermittent call quality issues such as cut off, noise, or echo experienced by one or all users. Any reproducible single user, line, or trunk problem.
- **Average time for Service Restoration:** Contractor will provide resources during normal business hours to resolve the trouble or provide a work around within an average of (5) days or less.

Service Hours: 7/24/365
Weighting: 30%

3. **Service Metric: Response Time to Trouble Tickets**

Indicates the expected time Contractor will take to respond to trouble tickets reported by Customer to the Contractor 2nd Tier Help Desk for all trouble tickets during the particular month. This metric is measured from the time Contractor opens the applicable trouble ticket until the time Contractor classifies the trouble as Critical, Major, or Non-Service Affecting.

Service Level

- **Critical Service Affecting**
- **Description:** An entire customer enterprise, location or agency is out of service or severely degraded. The customer can not receive or make calls and is unable to conduct business. All users are impacted with no work around available. This condition constitutes a critical work stoppage during normal working hours that affects multiple users at one or more sites and/or affects a critical component or function required for business operations.
- **Response time:**
- 85% of trouble tickets reported to Contractor will be responded to within fifteen (15) minutes.
- **Major Service Affecting**
- **Description:** A customer enterprise, location, or agency is partially out of service. At least twenty percent (20%) or greater of all lines, trunks, or agents are out of service or unable to make or receive calls and/or service is severely degraded with no work around available. This condition constitutes a partial work stoppage during normal working hours.
- **Response time:**
- 85% of trouble tickets reported to Contractor will be responded to within sixty (60) minutes.
- **Minor Service Affecting**

- **Description:** Call processing is degraded but does not cause a work stoppage. A work around is available but performance and/or functionality may be degraded. Fewer than 20% of the lines, trunks, or agents are affected. Intermittent call quality issues such as cut off, noise, or echo experienced by one or all users. Any reproducible single user, line, or trunk problem.
- **Response time:**
- 85% of trouble tickets reported to Contractor will be responded to within twenty four (24) hours.

Service Hours: 7/24/365
Weighting: 10%

4. **Service Metric: MAC (Move/Add/Change) Services Completion**

This metric applies to all Move/Add/Change Soft MACs ordered under the Agreement during the particular month. MAC activity will be completed in accordance with the following service levels, measured from Contractor's receipt of the Soft MAC until completion. For this metric, Soft MAC is defined as the configuration of existing services, lines or trunk groups for existing available facilities.

Service Level

- 85% of Move/Add/Change Soft MACs completed within three (3) business days after receipt.

Service Hours: Normal Business Hours: 8AM Eastern – 5PM Eastern

> **3**   **SECTION 3 - TERMS AND CONDITIONS APPLICABLE TO MAINTENANCE, REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS FOR GOVERNMENT-OWNED GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT (AFTER EXPIRATION OF GUARANTEE/WARRANTY PROVISIONS AND/OR WHEN REQUIRED SERVICE IS NOT COVERED BY GUARANTEE/WARRANTY PROVISIONS) AND FOR LEASED EQUIPMENT (SPECIAL ITEM NUMBER 132-12)**

3.1   SERVICE LOCATIONS

a.   With few exceptions, on-site maintenance services for Communications Server 1000/Meridian, and BCM product lines may be ordered for products installed within the Continental United States (CONUS). Locations eligible for these support services must be located within 125 miles of a Avaya Government Solutions Service Center.

To find the nearest maintenance support service location, please contact your Avaya Government Solutions authorized Schedule Partner (see Figure 1 and 1a). Please note that all services are not available at all Avaya Government Solutions Service Centers and additional trip charges may apply for certain products. Authorized GSA Schedule Partner, on a case-by-case basis, reviews requests for support services for sites further than 125 miles from a Avaya Government Solutions Service Center. These sites may be subject to trip charges. A detailed statement of work is developed as part of the product implementation.

b.   Maintenance is quoted to meet the specific requirements for that location and equipment configuration. Quotes can be obtained by contacting any AGSP listed in Figure 1 or 1a. Periphonics maintenance pricing is located in the pricelist and is calculated on a per component basis for the initial maintenance contract. Subsequent renewals may be subject to additional charges due to age of the equipment. Please see pricelist.

 c.   When repair services cannot be performed at the ordering activity installation site, the repair services will be performed at the Contractor's plant(s) listed in Figure 1 and 1a.

3.2   MAINTENANCE ORDER

a.   Agencies may use written orders, GSA Advantage, credit card orders, or BPAs, for ordering maintenance under this contract. The Contractor shall confirm orders within fifteen (15) calendar days from the date of receipt, except that confirmation of orders shall be considered automatic for renewals for maintenance (Special Item Number 132-12). Renewals for maintenance service for machines which may have been discontinued from maintenance coverage for any period of time shall be subject to a recertification charge in accordance with Section 3.5 of this section. If the order is not confirmed by the Contractor as prescribed by this paragraph, the order shall be considered to be confirmed by the Contractor.

b. The Contractor shall honor orders for maintenance for the duration of the Contract period or a lesser period of time, for the equipment shown in the pricelist. Maintenance service shall commence on a mutually agreed upon date, which will be written into the maintenance order. Maintenance orders shall not be made effective before the expiration of any applicable maintenance and parts guarantee/warranty

period associated with the purchase of equipment. Orders for maintenance service shall not extend beyond the end of the Contract period.

c.   Maintenance may be discontinued by the oordering activity on thirty (30) calendar days' written notice, or shorter notice when agreed to by the Contractor; such notice to become effective thirty (30) calendar days from the date on the notification. However, the ordering activity may extend the original discontinuance date upon written notice to the Contractor, provided that such notice is furnished at least ten (10) calendar days prior to the original discontinuance date.

d.   Annual Funding. When annually appropriated funds are cited on a maintenance order, the period of maintenance shall automatically expire on September 30th of the contract period, or at the end of the contract period, whichever occurs first. Renewal of a maintenance order citing the new appropriation shall be required, if maintenance is to continue during any remainder of the Contract period.

e.   Cross-year Funding Within Contract Period. Where an ordering office's specific appropriation authority provides for funds in excess of a 12 month fiscal year period, the ordering office may place an order under this schedule contract for a period up to the expiration of the Contract period, notwithstanding the intervening fiscal years.

f.   Ordering offices must notify the Contractor in writing thirty (30) calendar days prior to the expiration of maintenance service, if maintenance is to be terminated at that time. Orders for continued maintenance will be required if maintenance is to be continued during the subsequent period.

3.3   REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS ORDERS

a.   Agencies may use written orders, GSA Advantage, credit card orders, blanket purchase agreements (BPAs), or small order procedures for ordering repair service and/or repair parts/spare parts under this contract. Orders for repair service shall not extend beyond the end of the Contract period.

b.   When repair service is ordered, only one chargeable repairman shall be dispatched to perform repair service, unless the ordering activity agrees, in advance, that additional repair personnel are required to effect repairs.

3.4   LOSS OR DAMAGE

When the Contractor removes equipment to his establishment for repairs, the Contractor shall be responsible for any damage or loss, from the time the equipment is removed from the ordering activity installation, until the equipment is returned to such installation.

3.5   SCOPE

a.   The offering in this Special Item Number is restricted to the products Communications Server 1000/Meridian 1, BCM, Periphonics and Data Products. The Contractor shall provide maintenance (labor and parts) at the prices shown in the pricelist for this Special Item Number and shall keep the equipment in good operating condition. Maintenance service shall consist of Remedial Maintenance, as defined below.

b.   The Contractor shall provide maintenance for all equipment listed herein, as requested by the ordering activity agency during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the equipment types/models within the scope of this Information Technology Schedule.

Movement or relocation of equipment, other than as outlined in Section 3, is not covered under the scope of this contract and shall be subject to separate charges.

c.   Equipment placed under maintenance service shall be in good operating condition.

     (1)   In order to determine that the equipment is in good operating condition, the equipment shall be subject to inspection by the Contractor, without charge to the ordering activity if maintenance order is issued as a result of this inspection. A Site Survey fee will be charged if a maintenance order is not awarded to Contractor. This inspection will be required if there is a lapse in maintenance coverage and/or a change in maintenance contractor.

     (2)   Costs of any repairs performed for the purpose of placing the equipment in good operating condition shall be borne by the Contractor, if the equipment was under the Contractor's guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance order.

     (3)   If the equipment was not under the Contractor's responsibility, the costs necessary to place the equipment in proper operating condition are to be borne by the ordering activity, in accordance with the provisions of Special Item Number 132-12 (or outside the scope of this contract).

3.6   MAINTENANCE DEFINITIONS

The following defines terms specific to the Contractor Authorized GSA Schedule Pricelist.

- Covered equipment: pertains to equipment for which the ordering activity has purchased monthly maintenance services as defined herein.

- Non-covered equipment: pertains to equipment for which the ordering activity has not purchased monthly maintenance services as defined herein.

- Equipment under Maintenance Agreement: pertains to equipment for which the ordering activity has purchased monthly maintenance services.

- The maintenance services provided by Contractor consist of (1) keeping equipment in serviceable condition or (2) restoring equipment to serviceable condition.

3.7   RESPONSIBILITIES OF THE ORDERING ACTIVITY

a.   Ordering activity personnel shall not perform maintenance or attempt repairs to equipment while such equipment is under the purview of a maintenance order, unless agreed to by the Contractor.
b.   Subject to security regulations, the ordering activity shall permit access to the equipment which is to be maintained or repaired.

3.8   RESPONSIBILITIES OF THE CONTRACTOR

Contractor provides emergency-related service for customers not desiring or qualifying for Contracted service and maintenance, during or outside of the PPM, on an "as available" basis only. Current hourly billable rates and trip charges are assessed for such service.

3.9 MAINTENANCE RATES

a.   For the Communications Server 1000/Meridian, and BCM product lines, the Contractor shall bear all costs of Monthly Maintenance Service, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the ordering activity.

b.   For the Communications Server 1000/Meridian and BCM product lines, the monthly maintenance rates set forth in this pricelist entitle the ordering activity to:

    (1)   Remedial Maintenance and Emergency Services, during the Principal Period of Maintenance ("PPM") needed to restore the equipment to good working order (includes parts and labor).

    (2)   Installation of mandatory engineering changes and enhancements (installed during the PPM),

    (3)   Software programming changes, as may be applicable to correct system program errors or malfunctions. This does not include system configuration changes or optional enhancements.

c.   Should the ordering activity require maintenance service outside the designated principal period of maintenance or extension thereof, charges for such additional maintenance service shall be at the hourly rates and trip charges appearing in Special Item Number 132-8, Section 2.1.10. Periods of less than one hour will be prorated to the nearest quarter hour. Only one maintenance person shall respond to a request for maintenance unless it is mutually agreed that more than one person is required.

d.   There shall be no additional maintenance charges for:

    (1)   Installation of mandatory engineering changes and enhancements (installed during the PPM) or for software programming changes, as may be applicable to correct system program errors or malfunctions.

e.   Quantity Discounts

      There are no quantity discounts.

3.10 MAINTENANCE SERVICE LEVELS:

Shift Descriptions:
     1st Shift - M-F, 8AM - 5PM local time
     2nd Shift - M-F, 5:01PM - 11:59PM, Saturdays 8AM - 5PM local time
     3rd Shift - Tuesday - Saturday, 12:00AM - 7:59AM, Saturday - Monday 5:01pm - 7:59am local time & holidays

     2nd shift add 50% uplift to applicable base rate; 3rd shift add 100% uplift to applicable base rate.

For MPS products, the following service levels apply:

Order Code	Service Description
GT5301	Standard service level (see price list) – Unless otherwise noted, the principal period of maintenance for "Standard" level corrective maintenance is defined as the hours between 8:00 a.m. and 5:00 p.m. local time, Monday through Friday, excluding ordering activity holidays.
GT5302	5 x 12 "extended" service level – monthly maintenance price as indicated in price list plus 25%. The 5 x 12 extended service level is defined as the hours between 7:00 a.m. and 7:00 p.m. local time, Monday through Friday, excluding ordering activity holidays. The 5 x 12 service level may not be available in all locations and will be considered on a case by case basis.
GT5303	7 x 24 service level - Monthly maintenance price as indicated in price list plus 60%. The Principal Period of Maintenance (PPM) "premium" service level is defined as "7x24" service-level corrective maintenance 24 hours per day, 7 days per week, 365 days per year. The premium 7x24 service-level is not available in all locations and will be considered on a case by case basis.

Unless otherwise noted, the Principal Period of Maintenance (PPM) for "standard" service level corrective maintenance is defined as the hours between 8:00 a.m. and 5:00 p.m., local time, Monday through Friday, excluding ordering activity holidays. A "7x24" service level option may be purchased in place of the "standard" service level on a case by case basis.

The Principal Period of Maintenance (PPM) "premium" service level is defined as "7x24" service-level corrective maintenance 24 hours per day, 7 days per week, 365 days per year. The premium 7x24 service-level is not available in all locations and will be considered on a case by case basis.

For Data products, maintenance services are available – see price pages

3.11   MAINTENANCE ACTIVITIES:

Voice products (Communications Server 1000/Meridian, BCM):

a.   Scheduled Maintenance:

Pre-planned actions performed to keep equipment in a specified operating condition by means of systematic inspection, detection, and prevention of a failure. Scheduled maintenance is also referred to as preventive maintenance.

b.   Technical/Telephone Software Support:

The Customer Support Center provides telephone software support. Telephone software support includes the following items:

- End-User/system administrator support for clarification of documentation
- Problem identification and correction
- Delivery of software updates
- Use and navigation of the system User Machine Interfaces

- Operational measurements
- Starting, stopping, and unloading applications

Standard Technical Software Support is available during normal working hours (8:00 A.M. to 5:00 P.M. Monday to Friday local time) excluding ordering activity holidays. An unlimited number of calls are accepted from the system administrator (one person and alternate per Meridian 1 private branch exchange [PBX], regardless of the number of Client PC's using the TSAPI system) regarding the Meridian Link TCP/IP line, the Meridian 1 NTS Drive, and/or VISIT FastCall.

c.   Remote Diagnosis:

Contractor provides remote diagnosis to customers regardless of the level-of-service package purchased. Remote diagnosis permits Field Service personnel to dial into a customer's system to obtain the following items.

- Pull reports
- Collect data
- Run diagnostic tests

Remote diagnosis allows maintenance personnel to perform these functions without disruption to the customer's system. The ordering activity is responsible for maintaining the remote access connections at their site to enable the various Contractor support agencies to conduct remote diagnosis.

d.   Corrective Maintenance

Corrective maintenance performed, as a result of system failures will have equipment restored to its original condition.

e.   Repair

The restoration or replacement of equipment components as necessitated by wear, tear, damage, or failure to return the equipment to normal operation condition.

f.   Response Time Targets

Initial response to all service requests is made by telephone to the end-user contact.

g.   Emergency Response Time

Response time targets in emergency or critical situation and service affecting/major situations during the PPM are as follows:

Emergency Response Time Targets

Site Distance	Phone	On-Site
0 – 50 Miles	2 hours	4 hours
50 – 100 Miles	2 hours	6 hours
Greater than 100 Miles	2 hours	Next day
Note: Contractor uses reasonable efforts to provide on-site, same-day service during emergencies when services are required.		

h.   Non-Emergency Response Time

Response time targets in non-service affecting/minor situations during the PPM are as follows:

Non-Emergency Response Time Targets

Site Distance	Phone	On-Site
0 – 50 Miles	4 hours	Next day
50 – 100 Miles	4 hours	Next day
Greater than 100 Miles	4 hours	TBD

Requests for maintenance when an emergency does not exist, shall be deemed a request for corrective maintenance.

 i.   On-Site Service Response Time

The local Contractor Manager has sole responsibility for determining availability of Service personnel, reporting on-site, during the period after 5:00 p.m. Monday through Friday, on weekends, and designated ordering activity holidays.

j.   Non-Contractor Emergency Service

Contractor provides emergency-related service for customers not desiring or qualifying for Contracted service and maintenance, during or outside of the PPM, on an "as available" basis only. Current hourly billable rates and trip charges are assessed for such service.

Data Products:

See Maintenance Descriptions in Maintenance Price Pages

3.12   DEPOT – MAINTENANCE SERVICES

a. Plan Summary:

The Depot plan is designed to provide spare parts and phone support only for our customers. Products supported by the Depot plan are Communications Server 1000/Meridian 1, BCM and equipment.

b. On-Site Service:

When requested, Contractor's and or Authorized GSA Schedule Partner's Field Services will respond to on site requests for maintenance at T&M rates listed hereafter.

3.13   MAINTENANCE RATES

See Price List for Maintenance Rates.

a.   Travel and Transportation

(1) Trip Charges will be assessed for Contractor's services that are outside the scope of Covered Equipment services. These conditions include, but are not limited to:

- All travel time subsequent to the contracted period of coverage
- Any supplemental service, as described in Paragraph b. below, provided outside the scope of standard maintenance service.

b.   Services Outside Monthly Maintenance for Covered Equipment (Supplemental Services)

Services outside monthly maintenance, as defined below, when ordered by the ordering activity, may be subject to Covered Equipment rates for labor and trip charges. Covered Equipment rates for Labor and Trip Charges pertain to out-of-scope services performed on equipment otherwise covered by maintenance. Services on Covered Equipment subject to Covered Equipment Labor and Trip Charges include, but are not limited to the following (see rates in Special Item Number 132-8, Section 3.10):

(1)   Travel and work performed at the ordering activity's request which does not fall into the category of remedial maintenance.

(2)   Changes or alterations requested by the ordering activity that do not fall into the category of mandatory Contractor-recommended engineering changes.

(3)   Pre-installation site inspection, preparation, or planning.

(4)   Service calls requested as a result of damages not caused by Contractor, due to accident, neglect, misuse, failure of air conditioning or humidity control, fire, or other casualty and/or acts of God.

(5)   Defects or damages caused by any person other than Contractor.

(6)   Determination service calls, where responses to requests for service were a result of customer error or other vendor installed equipment (e.g. ordering activity furnished equipment, including, but not limited to, telephone lines, other vendor add-ons, and plant wire not installed by Contractor personnel or an Authorized GSA Schedule Partner.)

(7)   Service required due to any other cause external to the equipment

Charges for service required due to causes external to the equipment, when authorized by the ordering activity and performed by Contractor, will be determined by the billable hourly labor rates and trip charges set forth below.

c.   Communications Server 1000/Meridian 1 and BCM Maintenance:

(1)   Rates assume that the system is configured and equipped for remote access capability.

(2)   Prices indicated for peripheral equipment is only for equipment configured and used as peripherals for BCM and Communications Server 1000/Meridian 1 System Administration and Maintenance. Upon failure, these assemblies will be replaced with like or functionally equivalent equipment, at the discretion of the Contractor.

3.14   REPAIR SERVICE RATE PROVISIONS

a.   CHARGES. Charges for repair service will include the labor charge, computed at the rates set forth below, for the time during which repairmen are actually engaged in work, and, when applicable, the charge for travel or transportation.

b.   MULTIPLE MACHINES. When repairs are ordered by a ordering activity on two or more machines located in one or more buildings within walking distance of each other, the charges will be computed from the time the repairman commences work on the first machine, until the work is completed on the last machine. The time required to go from one machine to another, or from one building to another, will be considered actual work performance, and chargeable to the ordering activity, provided the time consumed in going between machines (or buildings) is reasonable.

c.   TRAVEL OR TRANSPORTATION

    (1) AT THE CONTRACTOR'S SHOP

        (a) When equipment is returned to the Contractor's shop for adjustments or repairs which are not covered by the guarantee/warranty provision, the cost of transportation, packing, etc., from the ordering activity location to the Contractor's plant, and return to the ordering activity location, shall be borne by the ordering activity. Additionally, the ordering activity shall assume all cost associated with items which are returned and are found to be not defective.

        (b) The ordering activity should not return defective equipment to the Contractor for adjustments and repairs or replacement without his prior consultation and instruction.

    (2) AT THE ORDERING ACTIVITY LOCATION (Within Established Service Areas)

    When equipment is repaired at the ordering activity location, and repair service rates are established for service areas or zones, the listed rates are applicable to any ordering activity location within such service areas or zones. No extra charge, time, or expense will be allowed for travel or transportation of repairmen or machines to or from the ordering activity office; such overhead is included in the repair service rates listed.

    (3) AT THE ORDERING ACTIVITYLOCATION (Outside Established Service Areas)

        (a) The repair service rates listed for subparagraph (2) above apply, except that travel charges will apply to the round-trip distance between the geographic limits of the applicable service area and the ordering activity location. Such charge will apply as an additional charge, but it will be limited to one round trip for each request that is made by the ordering activity for repair service, regardless of whether repairs are performed at the ordering activity location or at the Contractor's shop.

        (b) When the overall travel charge computed is unreasonable (considering the time required for travel, actual and necessary transportation costs, and the allowable ordering activity per diem rate for each night the repairman is required to remain overnight at the ordering activity location), the ordering activity shall have the option of reimbursing the Contractor for actual costs, provided that the actual costs are reasonable and allowable.

The Contractor shall furnish the ordering activity with a report of travel performed and related expenses incurred. The report shall include departure and arrival dates, times, and the applicable mode of travel.

d.   LABOR RATES

(1)   REGULAR HOURS
The Regular Hours repair service rates listed herein shall entitle the ordering activity to repair service during the period 8:00 a.m. to 5:00 p.m. (unless specified otherwise for a specific product), Monday through Friday, exclusive of holidays observed by ordering activity. There shall be no additional charge for repair service which was requested during Regular Hours, but performed outside the Regular Hours defined above, at the convenience of the Contractor.

(2)   AFTER HOURS
When the ordering activity requires that repair service be performed outside the Regular Hours defined above, except Sundays and Holidays observed by ordering activity, the After Hours repair service rates listed herein shall apply. The Regular Hours rates defined below shall apply when repair service is requested during Regular Hours, but performed After Hours at the convenience of the Contractor.

(3)   SUNDAYS AND HOLIDAYS
When the ordering activity requires that repair service be performed on Sundays and Holidays observed by ordering activity, the Sundays and Holidays repair service rates listed herein shall apply. When repair service is requested to be performed during Regular Hours and/or After Hours, but is performed at the convenience of the Contractor on Sundays or Holidays observed at the ordering activity location, the Regular Hours and/or After Hours repair service rates, as applicable, shall apply.

3.15   REPAIR PARTS/SPARE PARTS RATE PROVISIONS

All parts, furnished as spares or as repair parts in connection with the repair of equipment, unless otherwise indicated in this pricelist, shall be like new or refurbished, standard parts manufactured by the equipment manufacturer. When possible, all parts shall be furnished at prices indicated in the Contractor's GSA Schedule Pricelist. Open Market replacement parts will be billable at the then current commercial list price. Appropriate discounts will be applied to like-new or refurbished parts.

3.16   GUARANTEE/WARRANTY—REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS

Contractor's Warranty is in accordance with its standard commercial warranty as presented in Special Item Number 132-8, Section 2.1.14.

3.17   INVOICES AND PAYMENTS

a.   Maintenance Service

    (1) Invoices for maintenance service shall be submitted by the Contractor on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). Prompt payment discount, if applicable, shall be shown on the invoice.

    (2) Payment for maintenance service of less than one month's duration shall be prorated at 1/30th of the monthly rate for each calendar day.

b.   Repair Service and Repair Parts/Spare Parts

Invoices for repair service and parts shall be submitted by the Contractor as soon as possible after completion of work. Payment under blanket purchase agreements will be made quarterly or monthly, except where cash payment procedures are used. Invoices shall be submitted separately to each ordering activity office ordering services under the contract. The cost of repair parts shall be shown as a separate item on the invoice, and shall be priced in accordance with Paragraph 3.14 above. Prompt payment discount, if applicable, shall be shown on the invoice.

4	**SECTION 4 - DESCRIPTIVE INFORMATION RELATING TO THE EQUIPMENT AND/OR SOFTWARE OFFERED**

Avaya Government Solutions is the first networking vendor to complete VoIP interoperability certification with the US Defense Department Joint Interoperability Test Command (JITC). For more information, please visit our website at**:**

For additional product information, please visit: http://www.AvayaGov.com/products

MERIDIAN 1 COMMUNICATIONS SYSTEMS

Avaya Government Solutions Meridian PBX portfolio provides advanced voice features, data connectivity, LAN communications, computer telephony integration (CTI), and information services for communication applications ranging from 20 to 16,000 users.

Meridian 1 System Options

The Meridian 1 is available in several options, with selection criteria based upon the application, line size or other customer requirements. The options are listed below:

* Meridian 1 Option 11C (Single CPU) - to 700 ports, light-weight cabinets which can be wall-mounted or free-standing.

* Meridian 1 Option 51C (Enhanced Common Control Complex, Single CPU, Half Network Group) - to 1,000 ports, stackable modules.

* Meridian 1 Option 61C (Enhanced Common Control Complex, Fully Redundant, Full Network Group) - to 2,000 ports, stackable modules.

* Meridian 1 Option 81C (Enhanced Common Control Complex, Fully Redundant, up to five Network Groups) - to 10,000 ports, stackable modules.

NORSTAR DIGITAL KEY SYSTEM

Avaya Government Solutions Norstar telephony key systems offer the advantage of sophisticated features that are easy to use, and give businesses the flexibility to handle future growth and new services.

SUCCESSION FAMILY

Succession Communication Server for Enterprise (CSE) 1000 is a server-based, full-featured IP PBX, providing the benefits of a converged network plus advanced applications and over 450 world-class telephony features. Fully distributed over IP LAN & WAN infrastructure with built-in reliability & survivability, Succession CSE 1000 supports business-critical applications, including unified messaging, customer contact center, IVR, wireless VoIP and IP phones. The Succession CSE MX is a new communications server that drives VoIP networks, delivers multimedia applications, and supports open protocols, including SIP, H.323 and MGCP over secure-IP VPNs. Converges voice, multimedia and data networks. Capabilities include mobility, collaboration, presence, messaging and telephony. It operates on commercially available servers that scale from small to large enterprises.

MSL-100 EQUIPMENT

Meridian SL-100, the largest member of the Meridian 1 family of business communications systems, combines the advanced hardware and software architecture of the DMS-100 with the premier PBX software features of the Meridian 1 into a single enterprise solution. The options are Meridian SL-100 SuperNode SE, with its 50,000-port capacity, and SuperNode, designed for higher capacity (up to 100,000 ports).

BUSINESS COMMUNICATIONS MANAGER (BCM)

Business Communications Manager (BCM) delivers small and medium-size businesses and branch offices the only industry-wide converged voice/data solution, providing customers a choice of either an IP-enabled or pure-IP strategy. With unified messaging, multimedia call center and wireless e-mobility capabilities, Business Communications Manager enables communication on a single application while providing users mobile flexibility. It leverages existing Meridian and Norstar investments.

BAYSTACK

The family of BayStack Ethernet switches provides small and medium businesses and large enterprises high-throughput networking at low ownership cost per port. Compact 1U rack-mount design provides high port density in a small footprint. A cascade stacking arrangement combines up to 8 mixed switch-type units, offering hundreds of ports in one managed entity, with no single point of failure.

VPN ROUTER

AvayaGov VPN Routers provide routing, IPsec and SSL VPN, firewall, bandwidth management, encryption, authentication, and data integrity for secure connectivity across managed IP networks and the Internet. AvayaGov VPN Routers connect remote users, branch offices, suppliers, and customers with the cost and performance advantages of public IP networks and the security and control found in private networks.

PRESIDE OVERVIEW

Preside Multiservice Data Manager integrates, monitors and controls Passport WAN network elements, allowing service providers and enterprises proactive management of networks and enabling them to provide high-quality service. Functional areas supported include: network view, management tools including fault, configuration, service provisioning, accounting and statistics collection, performance monitoring, security management and network time synchronization. AvayaGov is the leader in metro optical networking, and is the only company that delivers a complete, integrated, scalable solution for managing metro optical environments. The Preside solution set facilitates the seamless interaction of the network infrastructure and the

management applications, delivering intelligent networks that provide peak application performance.

INTERACTIVE VOICE RESPONSE (IVR)

AvayaGov Interactive Voice Response (IVR) portfolio is a complete suite of advanced voice processing and speech technology products and services.

CALLPILOT

AvayaGov's CallPilot unified messaging software enables users to send and receive (via their PC) voicemail, email, and faxes, offering customer-driven functionality and graphical user interfaces to simplify system management.

CONTACT CENTER PORTFOLIO (FORMERLY SYMPOSIUM)

AvayaGov's Contact Center application portfolio provides businesses with the ability to engage customers in new ways that set them apart from the competition. With a single interface for blending inbound/outbound voice, e-mail, web chat, and IM customer interactions, businesses can collaborate with their customers through the device and method of choice extending a superior customer experience. AvayaGov's open Contact Center applications can be integrated with business applications using a Service Oriented Architecture (SOA) to automate processes, orchestrating the workflow between front office and back office applications. With our graphical Service Creation Environment (SCE) tool, businesses can use a single drag-and-drop GUI to create contact center and self-service workflows providing greater flexibility, speed, and ease of deployment of new processes using open web services. Businesses can leverage existing TDM investments or harness the power of IP and SIP based technologies to create a virtual contact center, with agents located anywhere around the globe, or to provide advanced capabilities such as federated presence directly within the contact center. AvayaGov has been a leader in the customer contact market for more than 30 years offering scalability and reliability in our contact center, self-service, advanced speech, and workforce optimization solutions. Through AvayaGov's contact center software and services solutions, our experts have helped businesses around the globe create greater efficiency and continue to be on the leading edge of innovation.

APPLICATION SWITCHING & SECURITY

AvayaGov's Application Switching & Security (formerly known as Alteon WebSystems) provide intelligent 10/100/1000 Mbps Web switches as well as traffic management software that is integrated into every Web switch. The Alteon Web switches come in both stackable and modular forms and provide integrated traffic control services, such as load balancing, filtering, bandwidth management, within a high performance Layer 2 - 7 switching platform. All of the Alteon Web switches are based on a unique distributed processing architecture that delivers powerful processing at each port.

5	**SECTION 5 - USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS PREAMBLE**

Avaya Government Solutions provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged, and women-owned small businesses, by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts.

6	**SECTION 6 - BEST VALUE BLANKET PURCHASE AGREEMENT FEDERAL SUPPLY SCHEDULE**

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act __(Ordering activity)___ and ___(Contractor)___ enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) _____.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as search for sources, the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

Signatures

ORDERING ACTIVITY DATE	CONTRACTOR DATE

6.1   BLANKET PURCHASE AGREEMENT

BPA NUMBER_____

(CUSTOMER NAME)
BLANKET PURCHASE AGREEMENT

Pursuant to GSA Federal Supply Schedule Contract Number(s)_____, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (Ordering Agency):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER   ***SPECIAL BPA DISCOUNT/PRICE**

(2) Delivery:

DESTINATION   **DELIVERY SCHEDULE/DATES**

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be _____.

(4) This BPA does not obligate any funds.

(5) This BPA expires on _____ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE   **POINT OF CONTACT**

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

    (a) Name of Contractor;

    (b) Contract Number;

    (c) BPA Number;

    (d) Model Number or National Stock Number (NSN);

    (e) Purchase Order Number;

    (f) Date of Purchase;

    (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and

    (h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it.   In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

7	**SECTION 7 - BASIC GUIDELINES FOR USING "CONTRACTOR TEAM ARRANGEMENTS"**

Federal Supply Schedule Contractors may use "Contractor Team Arrangements" (see FAR 9.6) to provide solutions when responding to a customer agency requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to <u>terms and conditions</u> of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.

- Federal Supply Schedule Contractors may individually meet the customers needs, or

- Federal Supply Schedule Contractors may individually submit a Schedule's "Team Solution" to meet the customer's requirement.

- Customers make a best value selection.

Authorized GSA Schedule Pricelist Glossary

Field	Definition
Product Line	Item's Product line, i.e. Mer = Meridian 1, NOR = Norstar, etc.
Item No.	Item number within pricelist, (to be used only for spreadsheet management.)
Product Code	Category designation for GSA bulletin board. Data for this column will be supplied at a later date.
Order Code	Part Number used to place order. In case of Norstar, the term CPC Code and Order Code is used interchangeably
Engineering code, Part Number, CPC Code (Except Norstar)	Number for AvayaGov internal use only.
Product Description	Provides brief product information/description
Primary Status	Indicates product availability **CUR** = Generally available (Current) **A&M** = Available for Installed Base sales only
Secondary Status	Indicates additional status **NSS** = Product only available on a new system order
GSA Schedule Price	Current Government Price (CGP) on Authorized GSA Schedule pricelist.

Warranty	Code	Warranty Period
	0	No Warranty
	3	3/months from ship
	5	5/months from ship
	15	15/months from ship
	3rd	3rd Party Manufacture provided (No AvayaGov Warranty)
	LT	Lifetime Warranty
	LLT	Limited Lifetime Warranty
	SC	Service Contract (up-sell/extended service opportunity)
	0.25	Numeric Warranty period in terms of years or fraction of years (3/months)
	1	Numeric Warranty period in terms of years or fraction of years (12/months)
	1.25	Numeric Warranty period in terms of years or fraction of years (15/months)
	W1	Whichever period expires first:
		*15 months from date of manufacture
		*12 months from date placed in service with end user
	W2	90 days from date of shipment
	S1 & S2	Whichever period expires first:
		*15 months from date of shipment to distributors
		*12 months from date placed in service with end user
	S3 & S4	Whichever period expires first:
		*150 days from date of shipment to distributors
		*90 days from date placed in service with end user
	S5	Warranty provided by third-party manufacturer
	S6	90 Days

			contracts must be purchased separately.) (See Note 1) (See Note 2)				

Product Category: **ETHERNET ROUTING SWITCHES: ETHERNET ROUTING SWITCH 8600: SWITCH FABRIC MODU**

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0368	DS1404065-E5GS	Ethernet Routing Switch 8692SF Switch Fabric/CPU to enable redundant terabit core configurations. One required with R Modules, 2nd for load-sharing and redundancy. Operable with pre-E, E and M modules. Includes 256MB SDRAM and 64MB PCMCIA.	CUR		$14,929.01	5 Months
Data	0382	DS1404120-E5GS	Federal TAA. Ethernet Routing Switch 8695SF Switch Fabric/CPU to enable redundant terabit core configurations. One required with R/RS Modules, 2nd for load-sharing and redundancy. Operable with R/RS modules. Includes 1GB SDRAM and 2GB Compact Flash.	CUR		$17,857.66	5 Months

Product Category: **ETHERNET ROUTING SWITCHES: ETHERNET ROUTING SWITCH 8600: WAN & SERVICE MODU**

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0364	DS1402004-E5GS	8010co 10 slot NEBS chassis. Includes chassis,fan trays,RS232 cable for management console,rack mount kit and cable mgmnt. Requires at least two 8004 or 8005 power supplies, up to three power supplies supported. Supports 8600 modules only.	CUR		$10,449.16	5 Months

Product Category: **ETHERNET SWITCHES: ETHERNET SWITCH 425: EUED ROHS COMPLIANT - SWITCH VERSIO**

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0090	AL2011012-E6	Ethernet Switch 325/425 Rack Mount Replacement Kit. (EUED RoHS 6/6 compliant).	CUR		$13.52	5 Months

Product Category: **ETHERNET SWITCHES: ETHERNET SWITCH 470: CASCADE CABLES**

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0110	AL2018002-E6	400-Stack Cable (46cm / 18 inches) for BPS2000 and Ethernet Switch 470/470-PWR switches. [RoHS 6/6 compliant].	CUR		$60.32	5 Months
Data	0111	AL2018004-E6	400-SSC Stack Return Cable (3 metre / 10ft) for BPS2000 and Ethernet Switch 470/470-PWR switches. [RoHS 6/6 compliant].	CUR		$156.01	5 Months

Product Category: **ETHERNET SWITCHES: ETHERNET SWITCH 470: EUED ROHS COMPLIANT - CASCADE CABLE**

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0091	AL2011013-E6	Console cable for use with Ethernet Switches and Ethernet Routing Switches. (EUED RoHS 6/6 compliant).	CUR		$16.64	5 Months

Product Category: **ETHERNET SWITCHES: ETHERNET SWITCH 470: EUED ROHS COMPLIANT - POWER SUPPLIE**

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0001	AA0005017-E5	Redundant Power Supply 15 - Chassis (Supports three power supplies). (EUED RoHS 5/6 compliant).	CUR		$660.43	5 Months
Data	0003	AA0005020-E6	Redundant Power Supply 15 - Long Connecting Cable (7.6m/25ft) for up to 4 x ERS 4526FX, 4526T, 4550T, 4524GT, 4526GTX, 4548GT, 5510-24T, 5510-48T or ES 470-24T, 470-48T. (Requires separate DC-DC converter for connection switch) [RoHS 6/6]	CUR		$262.09	5 Months
Data	0004	AA0005021-E6	Redundant Power Supply 15 - Short Connecting Cable (3m/10ft) for up to 4 x ERS 4526FX, 4526T, 4550T, 4524GT, 4526GTX, 4548GT, 5510-24T, 5510-48T or ES 470-24T,	CUR		$262.09	5 Months

Data	0612	SR0005H03E6	External redundant power supply for Secure Router 2330, India/South Africa power cord	CUR		$97.76	5 Months

Product Category: **SECURE ROUTER: SECURE ROUTER 2330/4134: SECURE ROUTER 2000 FIELD INSTALL OP**

Product Line(s)	Item No.	Order Code	Description	Primary Status	Sec. Status	GSA Schedule Price	Warranty
Data	0583	SR0004055E6	SR2330 IPSec VPN Encryption Module. 100 IPSec Tunnels (Field Install) Includes Nortel IPSec VPN Client for MS Windows on CD.	CUR		$256.89	5 Months
Data	0584	SR0004060E6	1-port ADSL2+ Annex A, Small Interface Module (SM) (Field Install)	CUR		$312.01	5 Months
Data	0585	SR0004061E6	1-port ADSL2+ Annex B, Small Interface Module (SM) (Field Install)	CUR		$312.01	5 Months

Product Category: **SECURE ROUTER: SECURE ROUTER 2330/4134: SECURE ROUTER 2330/4134 SIP FEATURE**

Product Line(s)	Item No.	Order Code	Description	Primary Status	Sec. Status	GSA Schedule Price	Warranty
Data	0673	SR3716002	SIP Survivability Mode license. Increases SIP Survivability capability from 25 SIP devices to 100 devices.	CUR		$646.91	5 Months
Data	0674	SR3716006	SIP Survivability Mode license. Increases SIP Survivability capability from 25 SIP devices to 300 devices	CUR		$1,946.96	5 Months

Product Category: **SECURE ROUTER: SECURE ROUTER 2330/4134: SECURE ROUTER 2330**

Product Line(s)	Item No.	Order Code	Description	Primary Status	Sec. Status	GSA Schedule Price	Warranty
Data	0534	SR0002A03E5	Secure Router 2330, 3 Small Module Slots, 4 10/100BaseT, 2 ports 1000BaseT, 2 ports GigE SFP, 128Mb FLASH, 1 GB RAM, AC power supply, routing software. (no power cord)	CUR		$1,556.94	5 Months
Data	0542	SR0002B03E5	Secure Router 2330, 3 Small Module Slots, 4 10/100BaseT, 2 ports 1000BaseT, 2 ports GigE SFP, 128Mb FLASH, 1 GB RAM, AC power supply, routing software. (European cord)	CUR		$1,556.94	5 Months
Data	0550	SR0002C03E5	Secure Router 2330, 3 Small Module Slots, 4 10/100BaseT, 2 ports 1000BaseT, 2 ports GigE SFP, 128Mb FLASH, 1 GB RAM, AC power supply, routing software. (UK cord)	CUR		$1,556.94	5 Months
Data	0558	SR0002D03E5	Secure Router 2330, 3 Small Module Slots, 4 10/100BaseT, 2 ports 1000BaseT, 2 ports GigE SFP, 128Mb FLASH, 1 GB RAM, AC power supply, routing software. (Japan power cord)	CUR		$1,556.94	5 Months
Data	0566	SR0002E03E5	Secure Router 2330, 3 Small Module Slots, 4 10/100BaseT, 2 ports 1000BaseT, 2 ports GigE SFP, 128Mb FLASH, 1 GB RAM, AC power supply, routing software. (N. American power cord)	CUR		$1,556.94	5 Months
Data	0574	SR0002F03E5	Secure Router 2330, 3 Small Module Slots, 4 10/100BaseT, 2 ports 1000BaseT, 2 ports GigE SFP, 128Mb FLASH, 1 GB RAM, AC power supply, routing software. (Australia, New Zealand power cord)	CUR		$1,556.94	5 Months
Data	0582	SR0002H03E5	Secure Router 2330, 3 Small Module Slots, 4 10/100BaseT, 2 ports 1000BaseT, 2 ports GigE SFP, 128Mb FLASH, 1 GB RAM, AC power supply, routing software. (India, S. Africa power cord)	CUR		$1,556.94	5 Months

Product Category: **SECURE ROUTER: SECURE ROUTER 2330/4134: SECURE ROUTER 4134 FIELD INSTALL OP**

Product Line(s)	Item No.	Order Code	Description	Primary Status	Sec. Status	GSA Schedule Price	Warranty
Data	0678	SR4304004E6	Secure Router 4134 Server Module with SCS no user license included. 250 user maximum. Field Install	CUR		$2,925.64	5 Months

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty

Product Category: SECURE ROUTER: SECURE ROUTER 2330/4134: SECURE ROUTER 4134 FIELD INSTALL OP

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0679	SR4309001E6	Secure Router 4134 Server Module with SCS 50 user license included. 250 user maximum. Field Install.	CUR		$7,800.32	5 Months

Product Category: SECURE ROUTER: SECURE ROUTER 3000 SERIES: CABLES

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0620	SR0018013E6	Single, X.21 serial cable with Universal Serial Port (USP) and X.21 DTE connector	CUR		$61.36	5 Months
Data	0621	SR0018014E6	Single, X.21 serial cable with Universal Serial Port (USP) and X.21 DCE connector	CUR		$61.36	5 Months

Product Category: SECURE ROUTER: SECURE ROUTER 3000 SERIES: EUED ROHS COMPLIANT - SECURE ROUT

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0646	SR2102002E5	Secure Router 3120 Standard 2 slot chassis with 2 Fast Ethernet ports, 1 Console port, 1 AUX port and 1 DC Power Supply. Supports up to 16 T1/E1, up to 8 Serial ports, 2 DS3's, Integrated Firewall.	CUR		$2,985.96	5 Months
Data	0647	SR2102004E5	Secure Router 3120 Standard 2 slot chassis with 2 Fast Ethernet ports, 1 Console port, 1 AUX port and 2 (dual) DC Power Supplies. Supports up to 16 T1/E1, up to 8 Serial ports, 2 DS3's, Integrated Firewall.	CUR		$3,529.90	5 Months
Data	0648	SR2102005E5	Secure Router 3120 Standard 2 slot chassis with 2 Fast Ethernet ports, 1 Console port, 1 AUX port and 1 each AC and DC Power Supplies. Supports up to 16 T1/E1, up to 8 Serial ports, 2 DS3's, Integrated Firewall.	CUR		$3,326.06	5 Months
Data	0649	SR2104003E5	Secure Router 3120 2 Port Serial Interface Medium Module (MM) with DTE/DCE, 8 Mbps per port, and V.35 support (FIELD INSTALL).	CUR		$680.19	5 Months
Data	0650	SR2104004E5	Secure Router 3120 4 Port Serial Interface Medium Module (MM) with DTE/DCE, 8 Mbps per port, and V.35 support (FIELD INSTALL).	CUR		$1,155.49	5 Months
Data	0651	SR2104005E5	Secure Router 3120 1 Port DS3 Clear Channel T3 Medium Module (MM) (FIELD INSTALL).	CUR		$3,804.47	5 Months
Data	0652	SR2104008E5	Secure Router 3120 2 Port Serial Interface Medium Module (MM) with DTE/DCE, 8 Mbps per port, and V.35 support (FACTORY INSTALL).	CUR		$680.19	5 Months
Data	0653	SR2104009E5	Secure Router 3120 4 Port Serial Interface Medium Module (MM) with DTE/DCE, 8 Mbps per port, and V.35 support (FACTORY INSTALL).	CUR		$1,155.49	5 Months
Data	0654	SR2104010E5	Secure Router 3120 1 Port DS3 Clear Channel T3 Medium Module (MM) (FACTORY INSTALL).	CUR		$3,804.47	5 Months
Data	0655	SR2104011E5	Secure Router 3120 1 Port Channelized DS3 T3 Medium Module (MM) (FACTORY INSTALL).	CUR		$8,151.85	5 Months
Data	0656	SR2104012E5	Secure Router 3120 1 Port Channelized DS3 T3 Medium Module (MM) (FIELD INSTALL).	CUR		$8,151.85	5 Months

Product Category: SECURE ROUTER: SECURE ROUTER 3000 SERIES: SECURE ROUTER 3120 FIELD INSTALL

Product Line(s)	Item No.	Order Code	Description	Prim-ary Status	Sec. Status	GSA Schedule Price	Warr-anty
Data	0658	SR2104019E5	Secure Router 3120 4 Port T1/E1 Medium Module (MM) with integrated CSU/DSU (FIELD INSTALL) (NEBS Compliant).	CUR		$1,699.43	5 Months
Data	0659	SR2104020E5	Secure Router 3120 8 Port T1/E1 Medium Module (MM) with integrated CSU/DSU (FIELD INSTALL) (NEBS Compliant).	CUR		$3,396.78	5 Months

Product Category: SECURE ROUTER: SECURE ROUTER 3000 SERIES: SECURE ROUTER 3120 UPGRADE LICENS

Product Line(s)	Item No.	Order Code	Description	Primary Status	Sec. Status	GSA Schedule Price	Warranty

Product Category: SECURE ROUTER: SECURE ROUTER 3000 SERIES: SECURE ROUTER 3120 UPGRADE LICENS

Data	0661	SR2116001	Secure Router 3120 VPN Upgrade for 1,000 VPN support and acceleration (FACTORY INSTALL/ACTIVATED).	CUR		$951.64	5 Months

Product Category: SECURE ROUTER: SECURE ROUTER 4134: SECURE ROUTER 4134 BASE UNITS

Data	0520	SR0000A002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC NON PoE power supply included. No power cord included.	CUR		$8,209.05	5 Months
Data	0521	SR0000B002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC NON PoE power supply included. (Northern European (10A/200-230V) power cord included)	CUR		$8,209.05	5 Months
Data	0522	SR0000C002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC NON PoE power supply included. (United Kingdom (10A/240V) power cord included)	CUR		$8,209.05	5 Months
Data	0523	SR0000E002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC NON PoE power supply included. (North American (10A/110-120V) power cord included)	CUR		$8,209.05	5 Months
Data	0524	SR0000F002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC NON PoE power supply included. (Australia (10A/240V) power cord included)	CUR		$8,209.05	5 Months
Data	0525	SR0000H002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC NON PoE power supply included. (India and South Africa (10A/220-230V) power cord included)	CUR		$8,209.05	5 Months
Data	0527	SR0002A002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and single AC PoE power supply included. No power cord included.	CUR		$8,081.13	5 Months
Data	0528	SR0002A003E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC PoE power supply included. No power cord included.	CUR		$8,861.16	5 Months
Data	0535	SR0002B002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and single AC PoE power supply included. (Northern European (10A/200-230V) power cord included)	CUR		$8,081.13	5 Months
Data	0536	SR0002B003E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC PoE power supply included. (Northern European (10A/200-230V) power cord included)	CUR		$8,861.16	5 Months
Data	0543	SR0002C002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and single AC PoE power supply included. (United Kingdom (10A/240V) power cord included)	CUR		$8,081.13	5 Months
Data	0544	SR0002C003E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC PoE power supply included. (United Kingdom (10A/240V) power cord included)	CUR		$8,861.16	5 Months
Data	0551	SR0002D002E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and single AC PoE power supply included. (Japan (7A/100V) power cord included)	CUR		$8,081.13	5 Months
Data	0552	SR0002D003E5	SR4134 Chassis Base System, 128MB Compact Flash, 1GB DDR RAM. Software, fan tray, and dual AC PoE power supply included. (Japan (7A/100V) power cord included)	CUR		$8,861.16	5 Months

SVC	1026	GG6300211	Ethernet Routing Switch 8100 6 slot Nortel Express Technology Support - Base Same Bus Day-SL211	CUR		$5,087.75	5 Months
SVC	1027	GG6300228	VPN Router 2700 Nortel Express Technology Support - Base Same Bus Day-SL228	CUR		$2,714.34	5 Months
SVC	1028	GG6300232	BCM 400 Base System Nortel Express Technology Support - Base Same Bus Day-SL232	CUR		$1,599.44	5 Months
SVC	1029	GG6300233	BCM Expansion Cabinets Nortel Express Technology Support - Base Same Bus Day-SL233	CUR		$533.88	5 Months
SVC	1030	GG6300234	BCM 200 base System Nortel Express Technology Support - Base Same Bus Day-SL234	CUR		$1,114.90	5 Months
SVC	1031	GG6300238	Ethernet Switch 10/15 PSU Nortel Express Technology Support - Base Same Bus Day-SL238	CUR		$407.81	5 Months
SVC	1032	GG6300239	Ethernet Switch 10 UPS Nortel Express Technology Support - Base Same Bus Day-SL239	CUR		$242.27	5 Months
SVC	1033	GG6300246	VPN Router 600 Nortel Express Technology Support - Base Same Bus Day-SL246	CUR		$253.24	5 Months
SVC	1034	GG6300252	JUNIPER M10 Nortel Express Technology Support - Base Same Bus Day-SL252	CUR		$11,484.43	5 Months
SVC	1035	GG6300253	JUNIPER M20 Nortel Express Technology Support - Base Same Bus Day-SL253	CUR		$15,282.97	5 Months
SVC	1036	GG6300256	JUNIPER M140 1-4 FPC Nortel Express Technology Support - Base Same Bus Day-SL256	CUR		$63,185.18	5 Months
SVC	1037	GG6300257	JUNIPER M160 5-8 FPC Nortel Express Technology Support - Base Same Bus Day-SL257	CUR		$86,260.37	5 Months
SVC	1038	GG6300259	VPN Router 100 Nortel Express Technology Support - Base Same Bus Day-SL259	CUR		$229.12	5 Months
SVC	1039	GG6300286	Business Policy Switch 2000 FastLane Standard Maint Svcs w/ Parts Same Bus Day-SL286	CUR		$236.79	5 Months
SVC	1040	GG6300287	Multiservice Access Switch 4460 Nortel Express Technology Support - Base Same Bus Day-SL287	CUR		$1,086.39	5 Months

Nortel Global Services Move, Adds & Changes (MAC) Service

The MAC service can provide for the moving, (physical relocation) of end-user equipment, moving of end-user wiring, or performing equipment room work. As well, MAC service can add new functionality in terms of software, ISMs, application additions (IRA, ICB, etc), adding new users to databases, or adding new hardware such as line cards or Telco trunking arrangements. Changes would be reflected in any mixture of the Moves or Adds described here.

MACs that can be performed through a Network Operations Center (NOC) are considered remote, while MACs that require the service of a technician to physically go to the site are considered on-site MACS.

MACs can also be classified as Minor or Major. Minor MACs are those that require less than 2 days (15 hours) work and can be completed in that time. If there is an expectation that the total work effort will be more than 2 days, then the MAC is considered to be a Major MAC.

MAC Pricing Summary

On-Site MACs: Hourly rate			
	1st Shift	2nd Shift	3rd Shift
Technician	$154.13	$231.20	$308.26
Senior Technician	$187.16	$280.74	$374.32

Note: 4 Hr minimum.

Remote MACs: Hourly rate			
	1st Shift	2nd Shift	3rd Shift
Senior Technician	$187.16	$280.74	$374.32

Note: 2Hr minimum.

Note: Pricies do not include T&L from outside the local area.

Shift Descriptions:
1st Shift - Mon. - Fri. 8:00AM - 5:00PM Customer Local Time
2nd Shift - Mon. - Fri. 5:01PM - 7:59AM Customer Local Time + Sat. all day (12:00AM - 11:59PM) Customer Local Time
3rd Shift - Sun. all day (12:00AM - Mon. 7:59AM) & Nortel Networks Holidays all day (12:00AM - 7:59AM the next non-Holiday day) Customer Local Time

Product Coverage

MAC Service is associated with products in the VOIP market. Specifically, products and applications within the current Software N-2 phases of their lifecycle will be supported. These include:
  Meridian 1,
  CS 1000, including Branch and Remote Gateways,
  MCS5100,
  BCM/SRG,
  CallPilot,
  HMS 400,
  WLAN 2200 series (IP Telephony) (Available Jan 2007),
  Integrated Call Assistant,
  Integrated Conference Bridge,
  Integrated Call Director,
  MIRAN,
  Digital and IP Phones,
  OTM/TM,
  Symposium portfolio.

Timelines

Minor MACs

Time Frame	Activity	Comment
Minimum Ten days lead time	*Request for quote received by Nortel for processing (allow 3 days for quote response)*	*SQR and SOW required*
Five days lead time	*Receipt of purchase order, Nortel schedules work*	*Assumes less than 2 days work effort*
Completion date	*Nortel completes work specified on the SQR/PO*	*End-user representative signs off on completion*

Major MACs

Time Frame	Activity	Comment
Minimum Fifteen days lead time	*Request for quote received by Nortel for processing (allow 3 days for quote response)*	*SQR and SOW required*
Minimum Ten days lead time	*Receipt of purchase order, with SOW and SQR, Nortel schedules work*	
Completion date	*Nortel completes work specified on the Statement of Work associated with the PO*	*Timeline will vary depending on the amount of work quoted*

Pricing Notes:

The order codes for MAC Services are:
- N0102714 for MCS5100,
- N0102780 for CS 1000,
- N0102781 for BCM,
- N0102782 for CallPilot,

-If required, Travel and Living (T&L) expenses will be included in the quote for MAC Services.
-The delivery terms for MAC Services will be valid for 60 days from the offer date.
-Special requirements, such as materials or engineering activities outside the scope of performing MAC Service or exceptions to Nortel Networks standards, will be billed separately via the Job Change Order process.

-If the site is not ready for the MAC work on the scheduled work date, or if required information is not provided, or if changes are made to the scope of work, then the schedule for completion of the MAC Service work will be changed accordingly and additional fees may apply.

Warranty Notes:

- Standard warranty terms for IVR products and services are 90 days from delivery.

- Warranty service consists of no-charge delivery of corrective intervention services that are necessary to remedy material non-conformances of Portal Solutions to their applicable specifications during normal business hours. Corrective intervention services are furnished within hours and procedures set forth in the Services Description for the Customer Care plan (BT2301), however sections 3.1 ("Preventive Services") and 4 ("Software and Information Services) are excluded from warranty service because of their proactive nature. Further, Nortel Networks may at its sole discretion require a written warranty claim from the customer and demonstration of the non-conformance(s) in question, and/or exercise other contractual rights set forth in the warranty provisions of the applicable sales contract.

Implementation Service Notes:

- Other Implementation Services (application development, project mgmt) require a customized quotation on a project-specific basis.

Price List is subject to change without notice.   Reproduction and use of
this Price List is limited to authorized Reseller/Distributors of Nortel Networks.
