## CUSTOMER INFORMATION:

### 1. TABLE OF AWARDED SPECIAL ITEM NUMBERS WITH APPROPRIATE CROSS-REFERENCE TO ITEM DESCRIPTIONS AND AWARDED PRICES.

---

- a. Table of awarded special item numbers with appropriate cross-reference to item descriptions and awarded prices.

511210 - Software Licenses (includes both term and perpetual software licenses and maintenance.)

54151S - Information Technology Professional Services.

611420 - Information Technology Training.

See price list.

OLM - Order-Level Materials are supplies and/or services acquired in direct support of individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level.

OLMs are Purchased under the authority of the FSS Program, Unknown until an order is placed, Only authorized for use in direct support of another awarded SIN, Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN), OLMs are not open-market items, OLMs are not awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level).

The Order-Level Materials SIN is only authorized for use in direct support of another awarded SIN, Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA, Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF)

- b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.
- c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.

### 2. MAXIMUM ORDER.

---

The Maximum Order value for the following Special Item Numbers (SINs) is \$500,000:

Special Item Number 511210 - Software Licenses

Special Item Number 54151S – Information Technoloy Professional Services

The Maximum Order value for the following Special Item Number is \$250,000:

Special Item Number 611420 – Information Technology Training.

For OLMs, the cumulative value of OLMs in an individual task or delivery order cannot exceed 33.33% of the total value of the order.

### 3. MINIMUM ORDER.

---

The Minimum Order value for an order is \$100.00

### 4. GEOGRAPHIC COVERAGE (DELIVERY AREA):

---

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

[X] The Geographic Scope of Contract will be domestic and overseas delivery.

The terms and conditions of this contract shall apply to all overseas location orders for purchase of software and software maintenance, in areas listed in the pricelist outside the 48 contiguous states, the District of Columbia, Alaska, Hawaii and the Commonwealth of Puerto Rico, except as indicated below:

#### **Point of Exportation for all other overseas locations.**

In place of a delivery/installation date for software, a shipping date shall be specified on the order. The Contractor shall pay for shipment to a CONUS APO/FPO. At the option of the ordering activity, F.O.B. will be Point of Origin, with freight prepaid and invoiced. Authorization for all shipping, export, and other charges must be included on the ordering activity order.

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable or an allowance basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract (Purchase, Maintenance, and Service).

### 5. POINT OF PRODUCTION (CITY, COUNTY, AND STATE).

---

Houston, Harris County, Texas.

### 6. DISCOUNT FROM LIST PRICES OR STATEMENT OF NET PRICE.

---

The prices indicated are the net prices.

### 7. QUANTITY DISCOUNTS.

---

**Dollar Volume:** See below.

#### **SPECIAL ITEM NUMBER 511210 SOFTWARE LICENSES (TERM SOFTWARE LICENSE)**

MAINFRAME PRODUCTS  
MAINFRAME SERVICE MANAGEMENT (MSM)

**a. Term License Pricing:**

**Term Agreements:** A Term License is a license that expires at the end of a given period, or term. It may also be referred to as a time-based license. Customers that purchase Term licenses do not receive perpetual rights; therefore a Term license is a non-Perpetual offering. Term pricing is not published to a price sheet, but rather is a calculation based on the GSA Price. At the end of a Term contract, no migration is required, a new contract will be written. No credits are available for remaining, unused contract term.

**Term Pricing Methodology:** An annual factor is applied to the Perpetual List Price. Support is included in the price (ESP rates cannot be applied).

**Annual Factors:**

- Systems Management Model
  - o Term Option 1yr – Term Factor is 0.87
  - o Term Option 2yr – Term Factor is 0.53
  - o Term Option 3yr – Term Factor is 0.42
  - o Term Option 4yr – Term Factor is 0.37
  - o Term Option 5yr – Term Factor is 0.33
- MSM Simplified Pricing Model: Only one factor is applied, regardless of Term Length, 0.40

**Calculation:**

3yr Term Option from above (systems mgmt): (GSA Price x 0.42) represents the annual term list price

**b. BAP PRODUCT FAMILIES TERM**

**Additional Capacity for the Product Family(s).** During the Term of the Order, if Customer exceeds its Licensed Capacity, Customer must license additional Capacity for the Product Family(s) under this Order based upon the Annual Unit Cost defined in the Order and by exercising a separate order. The calculation will be as follows: (i) the additional Capacity multiplied by (ii) the Annual Unit Cost divided by 12 multiplied by (iii) the remaining months in the Term.

**License Rights After the Term for Non-Perpetual Licenses.** Unless Customer notifies BMC in writing 30 days prior to the Expiration Date of either: (i) its intent to extend its use of the Product Family for an additional 1-year period in accordance with the terms of the Order, or (ii) a request to BMC to provide a proposal for a new multi-year order based upon Customer's current requirements, Customer will be deemed to have elected to terminate the use of the Product Family for the next year.

**Extended Term.** If the Customer elects to extend the use of the Product Family for an additional 1-year after the Term (the "Extended Term"), the fee associated with the extension (the "Extension Fee") will equal: (a) the Licensed Capacity for each Product Family multiplied by (b) the Extension Unit Cost. For any term extended beyond the Extended Term, the "Extension Unit Cost" will be the Extension Unit Cost, under the Order, subject to: (i) a maximum 5% annual increase for the two years after the Extended Term of the Order, and thereafter (ii) a maximum 10% annual increase for each year the Order is extended. The Extension Fee will be invoiced prior to the start of the one-year extension.

**Termination of the Order.** If the Order terminates for any reason or the licenses are not renewed, Customer's right to use the Product Family(s) terminates and Customer must immediately de-install the Products, destroy the media and all documentation associated with the Products, and, if requested by BMC, certify its destruction in writing.

## SPECIAL ITEM NUMBER 511210 SOFTWARE LICENSES (PERPETUAL SOFTWARE LICENSE)

### a. MIPS PRICING

When MIPS pricing is utilized a statement of capacity must be sent in. Customer will deliver to BMC a statement, signed by an authorized representative of Customer, containing the information described below for the relevant Measured Period (a "Statement of Capacity") 30 days prior to the first anniversary of the Order Date and each subsequent anniversary date, (each an "Anniversary Date"). The "Measured Period" is the 1-year period ending 40 days prior to the Anniversary Date, with the first Measured Period being a 1-year period less 40 days from the Order Date. A final Statement of Capacity is also due 30 days prior to the Expiration Date.

**STATEMENT OF CAPACITY INFORMATION:** List all the Computers (by location, model, type and serial number), including all Computers coupled in a parallel sysplex environment, and the MIPS Rating for these Computers, upon which (i) each z/OS subsystem (e.g. IMS, DB2, CICS or VSAM) for which a Product is licensed to operate (a "Subsystem") or (ii) each z/OS operating system for which a Product is licensed to operate ("Operating System"), has been installed, managed or has operated during the Measured Period. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of a Computer, using the MIPS rating set forth in the then current Gartner Group Rating Guide.

(1) For each Subsystem MIPS-based Product, the "Reported Capacity" equals the highest aggregate MIPS Rating of all the Computers on which a Subsystem has been installed or has operated at any time during the Measured Period.

Example: If a Product is licensed to operate with the DB2 Subsystem, then the Statement of Capacity must specify the highest aggregate MIPS Ratings of all the Computers upon which the DB2 Subsystem has been installed or operated.

(2) For each Operating System MIPS-based Product, the "Reported Capacity" equals the highest aggregate MIPS Rating of all the Computers on which a Operating System has been installed or has operated at any time during the Measured Period.

Example: If a Product is licensed to operate with the z/OS Operating System, then the Statement of Capacity must specify the highest aggregate MIPS Ratings of all the Computers upon which the Z/OS Operating System has been installed or operated.

**Delay in Delivery of Statement of Capacity.** If Customer fails to deliver a Statement of Capacity in accordance with the section entitled "Statement of Capacity Requirements" above, BMC will provide Customer with written notice of such failure. If BMC has not received the Statement of Capacity within 15 days of Customer's receipt of this written notice, BMC will be entitled to receive the outstanding Adjustments (as defined below), if any, owed for that Statement of Capacity plus interest equal to the lesser of 1% of such Adjustment per month of delay of delivery of such Statement of Capacity or the maximum interest rate permitted by applicable law.

### b. BAP PRODUCT FAMILIES PERPETUAL

**Additional Capacity for the Product Family(s).** During the Term of the Order, if Customer exceeds its Licensed Capacity, Customer must license additional Capacity for the Product Family(s) under this Order based upon the Annual Unit Cost defined in the Order and by exercising a separate order.

**The calculation will be as follows:** (i) the additional Capacity multiplied by (ii) the Annual Unit Cost divided by 12 multiplied by (iii) the remaining months in the Term.

**License Rights After the Term for Perpetual Licenses.** Unless Customer notifies BMC in writing 30 days prior to the Expiration Date of either: (i) its intent to cancel its use of the Product Family for an additional 1-year period in accordance with the terms of the Order, or (ii) a request to BMC to provide a proposal for a new multi-year order based upon Customer's current requirements, Customer will be deemed to have elected to extend the use of the Product Family for the next year.

**Extended Term.** If the use of the Product Family is extended for an additional 1-year after the Term (the "Extended Term"), the fee associated with the extension (the "Extension Fee") will equal: (a) the Licensed Capacity for each Product Family multiplied by (b) the Extension Unit Cost. For any term extended beyond the Extended Term, the "Extension Unit Cost" will be the Extension Unit Cost, under this Order, subject to: (i) a maximum 5% annual increase for the two years after the Extended Term of the Order, and thereafter (ii) a maximum 10% annual increase for each year this Order is extended. The Extension Fee will be invoiced prior to the start of the one-year extension.

**Termination of the Order.** When the Order is terminated by Customer pursuant this Section, Customer will continue to have a perpetual license to the Product Family for only the Products which were a part of the Product Family and the paid for Licensed Capacity at the time of termination. The Product Family will no longer be eligible for Support (except pursuant to Section Reenrollment Fees), the individual Products under the Product Family will not be eligible for Support as standalone Products, and Customer will not receive the rights to any future Products added to the Product Family after such termination. The Product Family perpetual licenses will continue to be governed by the Agreement.

**Reenrollment Fees.** If the Order is terminated and Customer desires to reenroll the Product Family under the terms of this Order, Customer will pay a reenrollment fee equal to: (i) the period from the date the Order for the Product Family was discontinued through the reenrollment date multiplied by; (ii) the then current Extension Unit Cost as of the reenrollment date as described in this Section 3 multiplied by; (iii) the Product Family's Licensed Capacity. In addition to this reenrollment fee, Customer must pay the additional Extension Fee based upon the then-current Extension Unit Cost to enroll the total Licensed Capacity of the Product Family under the terms of this Order for a period of at least 1 year from the reenrollment date. The reenrollment period will be considered an Extended Term.

c. **Mainframe Simplified Products** (These products are marked with an asterick\*)

Support fees will commence at the time of the purchase of license under MSM Simplified Pricing

**SPECIAL ITEM NUMBER 511210 SOFTWARE LICENSES (MAINTENANCE).**

MAINFRAME PRODUCTS  
MAINFRAME SERVICE MANAGEMENT (MSM)

The maintenance pricing is as contained in the maintenance pricelist.

For all ordering activity customers, the BMC earned revenue based discount of record applicable to the license purchase is then applied as the discount to the software maintenance list price, and/or the upgrade list price, for the purpose of determining net GSA maintenance fees.

BMC also offers ordering activities the following discounts for an annual payment in advance option (does not apply to BAP offering):

At least 2 years but less than 3 years 5%  
3 Years or greater 10%

Note: Discounts are exclusive of the IFF requirement.

**Reinstatement of Maintenance.** In ALL cases where maintenance needs to be reinstated, the Customer must be charged an amount that would be equal to the amount they would have paid had they not let maintenance lapse plus one year of forward support. For Customers that have let maintenance lapse for 2 years or more, the Customer will have the right to buy new licenses if it wishes or be subject to the same policy as the rest of the Customer base (as follows). For Customers that have let maintenance lapse up to 2 years, BMC Software will charge the Customer for all lapsed support at their originally contracted rate times the current List Price plus one year forward support.

For System Management, the lapsed support would be calculated at the Customer’s earned revenue based discount of record applicable to the license purchase x the current List Price x 20% + one year forward support.

Mainframe Simplified Maintenance (These products are marked with an asterick\*)

Renewal maintenance under the MSM Simplified Pricing Model consists of the Base Annual Support Fee established at initial purchase, plus any maintenance price increase incurred during the year. After the initial purchase, the MSM Simplified maintenance renewal is no longer linked to the product list price, thus becoming “disassociated”.

First-year maintenance establishes the Base Annual Support Fee [BASF].

The BASF is calculated as the license list price at time of purchase, less the transaction discount times 20% support rate, plus any maintenance price increase incurred during the year.

Renewal maintenance consists of the BASF, which was established at initial time of purchase, subject to any BASF price increase, as approved by GSA as per the Economic Price Adjustment, incurred during the previous year.

There is up to 10% maximum base price increase per year on the BASF, as approved by GSA as per the Economic Price Adjustment, after the initial purchase.

**SPECIAL ITEM NUMBER 611420 INFORMATION TECHNOLOGY TRAINING**

The price for each LPC is \$750.00, prior to applicable discounts, USD.

Discount Schedule  
Learning Pass Credits-

Discount 5 to 19 (Minimum Purchase of 5)	2%
20 to 49	7%
50 to 99	12%
100 to 199	17%
200 and up	22%

**SPECIAL ITEM NUMBER 54151S INFORMATION TECHNOLOGY PROFESSIONAL SERVICES**

BMC Consulting Services applies a flat discount of 10% across BMC Consulting Services daily rates. Dollar volume discounts are afforded for all services. These dollar volume discounts listed below cannot be combined. The discounts below are exclusive of the .75% Industrial Funding Fee (IFF). Discounted Rate for (1) Prepayment, (2) prior 12 months of PS invoices\*

Prepaid / Dollar Volume Discounts are as follows:

\$159,500 - 398,750	5%
\$398,751 - 638,000	10%
>\$638,000	15%

\*NOTE: BMC-CS-GSD (Level-1) not available for the Prepaid / Dollar Volume Discount.

## 8. PROMPT PAYMENT TERMS.

---

Prompt payment is 0%, Net 30 days from receipt of invoice or date of acceptance, whichever is later.

“Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.”

## 9. FOREIGN ITEMS.

---

None.

## 10. DELIVERY SCHEDULE.

---

- a. **Time of delivery:** The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below  
  
511210 – 30 Days After Receipt of Order (DARO)  
  
611420 – Per Course Schedule or as Mutually Agreed.  
OLM – As mutually agreed.
- b. **Expedited Delivery.** “Items available for expedited delivery are noted in this price list.”
- c. **Overnight and 2-day delivery.** The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery. Delivery times of 1-30 days after receipt of order (ARO) are available, as negotiated between the Ordering Activity and the Contractor.
- d. **Urgent Requirements.** Delivery times of 1-30 days after receipt of order (ARO) are available, as negotiated between the Ordering Activity and the Contractor.
- e. **Electronic Software Distribution (ESD).** ESD is also a method of delivery when ordering all products. When ordering all products, ESD or Physical Shipment **must** be specified.

## 11. F.O.B. POINT:

---

Houston, Texas.

## 12A. ORDERING ADDRESS AND PROCEDURES.

---

a. **Ordering address:**

BMC Software, Inc.  
2103 CityWest Blvd.  
Houston, TX 77042

OR

Authorized Government Reseller and Teaming Partners- See page 41.

When Authorized Dealers are allowed by the Contractor to bill ordering activities and accept payment, the order and/or payment must be in the name of the Contractor, in care of the Authorized Dealer.

**b. Ordering procedures:**

For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3.

**13. PAYMENT ADDRESS:**

---

BMC Software, Inc.  
P.O. Box 301165  
Dallas, TX 75303-1165

**14. WARRANTY PROVISION:**

---

Unless otherwise specified in this contract, the Contractor's standard commercial warranty as stated in the contract's commercial price lists will apply to this contract.

**15. EXPORT PACKING CHARGES.**

---

Not applicable.

**16. TERMS AND CONDITIONS OF RENTAL, MAINTENANCE, AND REPAIR.**

---

Not applicable.

**17. TERMS AND CONDITIONS OF INSTALLATION.**

---

Not applicable.

**18. TERMS AND CONDITIONS OF REPAIR PARTS INDICATING DATE OF PARTS PRICE LISTS AND ANY DISCOUNTS FROM LIST PRICE**

---

a. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list price.** Not applicable.

b. **Terms and conditions for any other services:** Not applicable.

**19. LIST OF SERVICE AND DISTRIBUTION POINTS.**

---

Not applicable.

**20. LIST OF PARTICIPATING DEALERS.**

---

See Authorized Government Resellers and Teaming Partners – See page 41.

**21. PREVENTIVE MAINTENANCE.**

---

Not applicable.

**22. SPECIAL ATTRIBUTES.**

---

- a. **Special attributes such as environmental attributes:** Not applicable.
- b. **508 compliance information is available on Electronic and Information Technology (EIT) supplies and services** be found at [www.bmc.com](http://www.bmc.com). The EIT standards can be found at: [www.Section508.gov/](http://www.Section508.gov/).

**23. DATA UNIVERSAL NUMBER SYSTEM (DUNS) NUMBER.**

---

DUNS #011589751

**24. NOTIFICATION REGARDING REGISTRATION IN SYSTEM FOR AWARD MANAGEMENT (SAM) DATABASE.**

---

Yes.

**TERMS AND CONDITIONS APPLICABLE TO SOFTWARE LICENSES OF GENERAL PURPOSE  
COMMERCIAL INFORMATION TECHNOLOGY SOFTWARE**

**1. INSPECTION/ACCEPTANCE**

---

The ordering activity shall accept or reject software in writing within thirty (30) calendar days after date of delivery to determine whether the software has been properly shipped to the ordering activity.

**2. GUARANTEE/WARRANTY**

---

- a. Unless otherwise specified in this contract, the Contractor's standard commercial warranty as stated in the contract's commercial pricelist will apply to this contract.

Except for a trial license as described below, BMC warrants that the Product will perform in substantial accordance with its Documentation for a period of one year from the date of the Order. This warranty will not apply to any problems caused by software other than the Product, hardware not supplied by BMC, or misuse of the Product. No warranty is provided for additional Licensed Capacity.

For Products provided without an Order and without charge Customer may only operate the Product on a trial basis for 30 days or longer time period if agreed to by BMC in writing, for purposes of evaluating whether Customer will acquire a license to the Product for a fee; and the Product is provided "AS IS" and without any warranty. BMC may terminate a trial license for its convenience upon notice to Customer.

- b. The obligations set forth in this provision constitute Contractor's exclusive obligations and liability and provide the ordering activity's sole and exclusive recourse with respect to nonconformance of the PRODUCT to specifications. Except for the express provisions stated herein, the PRODUCT and Documentation are each licensed "AS IS" and "Without Warranty", and Contractor hereby specifically excludes and disclaims the implied warranties of merchantability and fitness for a particular use and all other warranties, whether express or implied by law, statute or course of dealing, and the parties specifically exclude all representations and warranties, whether statutory or otherwise, with respect to non-infringement of any other nature of the rights of third party. "

- c. Limitation of Liability. Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

**3. TECHNICAL SERVICES**

---

- a. MAINFRAME PRODUCTS, MAINFRAME SYSTEM MANAGEMENT (MSM). Technical telephone service is included in the initial purchase price of software for the twelve (12) months following the Effective Date of the License. After the guarantee period, technical support services are available outside the scope of the contract.

**4. SOFTWARE MAINTENANCE:**

---

- a. Software maintenance and options shall include the following for the following:

**MAINFRAME PRODUCTS MAINFRAME SYSTEM MANAGEMENT (MSM)**

- (1) SUPPORT. Support shall be provided twenty-four (24) hours per day, seven (7) days per week.

Under Support, the ordering activity shall be entitled, at no additional charge, to designate in writing, two (2) authorized contacts of the ordering activity, per Product Line ("Support Contact"), who shall be permitted to report problems and receive Support from the Contractor. The Support Contacts shall be inclusive of those authorized Support Contacts registered under the guarantee. A change to the Support Contacts of the ordering activity must be submitted in writing to the Contractor by a duly authorized representative of the ordering activity.

**ADDITIONAL CONTACT FEE.** In the event the ordering activity desires to register additional Support Contacts to those authorized under the guarantee period, the ordering activity may register such additional authorized Support Contacts at the rate of \$2,000 per additional Support Contact per Support year. The charge for the first year of additional Support Contacts may be prorated to coincide with the Support Anniversary Date. Such additional Support Contact(s) of the ordering activity must be submitted in writing to the Contractor by a duly authorized representative of the ordering activity.

Support shall entitle the ordering activity to the following support, maintenance and enhancement functions:

(i) Supply telephone or other electronic support to the ordering activity in order to help the ordering activity locate and, on its own, correct problems with the PRODUCT(S). At the Contractor’s sole discretion, the Contractor shall a.) supply code corrections to the ordering activity to correct PRODUCT malfunctions in order to bring such PRODUCT into substantial conformity with the operating specifications for the most current version of the PRODUCT, unless the ordering activity’s unauthorized modifications prohibits or hampers such corrections or causes the malfunction; or b.) supply code corrections to correct such non-substantial problems at the next general Release of the PRODUCT;

(ii) Supply, so long as is technically and economically feasible, at the Contractor’s sole discretion, updated PRODUCT(S) as required to operate under new releases of the operating system and other system software with which the PRODUCT(S) is designed to operate and which the Contractor furnishes, without charge, to all other LICENSEES of the PRODUCT(S) who are enrolled in Support;

(iii) Supply all extensions, enhancements and other changes that the Contractor, at its sole discretion, makes or adds to the PRODUCT(S) and which the Contractor furnishes, without charge, to all other LICENSEES of the PRODUCT(S) who are enrolled in Support; and

(iv) Replace the PRODUCT(S) at no charge if the media becomes destroyed or damaged so that the PRODUCT(S) becomes unusable.

(2) **ELECTRONIC SERVICES.** The ordering activity may electronically access, at no charge, services that will be available 24 hours a day, 7 days per week. Such electronic services may include, but are not limited to:

- (i) User forums, product-specific information, hints and tips.
- (ii) Bug fix retrieval via the Internet or World Wide Web access.
- (iii) Public and private forums, as well as product maintenance retrieval via CompuServe access.
- (iv) Product maintenance and demonstration code retrieval via a WAN-accessible FTP server.
- (v) Product maintenance information via a facsimile retrieval system.
- (vi) Access to a problem resolution database via the Contractor’s customer support system.

**MAINFRAME PRODUCTS**

**MAINFRAME SERVICE MANAGEMENT (MSM)**

The maintenance pricing is as contained in the maintenance pricelist.

For all ordering activity customers, the BMC earned revenue based discount of record applicable to the license purchase is then applied as the discount to the software maintenance list price, and/or the upgrade list price, for the purpose of determining net GSA maintenance fees.

BMC also offers ordering activities the following discounts for an annual payment in advance option (does not apply to BAP offering):

At least 2 years but less than 3 years.....5%  
 3 Years or greater ..... 10%

**Note: Discounts are exclusive of the IFF requirement.**

**Reinstatement of Maintenance.** In ALL cases where maintenance needs to be reinstated, the Customer must be charged an amount that would be equal to the amount they would have paid had they not let maintenance lapse plus one year of forward support. For Customers that have let maintenance lapse for 2 years or more, the Customer will have the right to buy new licenses if it wishes or be subject to the same policy as the rest of the Customer base (as follows). For Customers that have let maintenance lapse up to 2 years, BMC Software will charge the Customer for all lapsed support at their originally contracted rate times the current List Price plus one year forward support.

For System Management, the lapsed support would be calculated at the Customer's earned revenue based discount of record applicable to the license purchase x the current List Price x 20% + one year forward support.

**Mainframe Simplified Maintenance (These products are marked with an asterick\*)**

Renewal maintenance under the MSM Simplified Pricing Model consists of the Base Annual Support Fee established at initial purchase, plus any maintenance price increase incurred during the year as approved by GSA per the Economic Price Adjustment. After the initial purchase, the MSM Simplified maintenance renewal is no longer linked to the product list price, thus becoming "disassociated".

First-year maintenance establishes the Base Annual Support Fee [BASF].

- The BASF is calculated as the license list price at time of purchase, less the transaction discount times 20% support rate, plus any maintenance price increase incurred during the year.
  - Renewal maintenance consists of the BASF, which was established at initial time of purchase, subject to any BASF price increase, as approved by GSA per the Economic Price Adjustment, incurred during the previous year.
  - There is up to a 10% maximum base price increase per year on the BASF, as approved by GSA per the Economic Price Adjustment, after the initial purchase.
- b. Term licenses and/or maintenance may be discontinued by the ordering activity on thirty (30) calendar days written notice to the Contractor.
- c. Annual Funding. When annually appropriated funds are cited on an order for term licenses, the period of the term licenses shall automatically expire on September 30 of the contract period, or at the end of the contract period, whichever occurs first. Renewal of the term licenses orders citing the new appropriation shall be required, if the term licenses is to be continued during any remainder of the contract period.
- d. Cross-Year Funding Within Contract Period. Where an ordering activity's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period, the ordering activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.
- e. Ordering activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of an order, if the term licenses and/or maintenance is to be terminated at that time. Orders for the continuation of term licenses will be required if the term licenses is to be continued during the subsequent period.

**6. UTILIZATION LIMITATIONS - (511210)**

---

- a. Software acquisition is limited to commercial computer software defined in FAR Part 2.101.
- b. When acquired by the ordering activity, commercial computer software and related documentation so legend shall be subject to the following:
- (1) Title to and ownership of the software and documentation shall remain with the Contractor, unless otherwise specified.
  - (2) Software licenses are sold to sites and ordering activities. An ordering activity is defined as a cabinet level or independent ordering activity. The software may be used by any subdivision of the ordering activity (service, bureau, division, command, etc.) that has access to the site the software is placed at, even if the subdivision did not participate in the acquisition of the software. For ordering activity public domain databases, user agencies and third parties may use the computer program to enter, retrieve, analyze and present data. The user ordering activity will take appropriate action by instruction, agreement, or otherwise, to protect the Contractor's proprietary property

with any third parties that are permitted access to the computer programs and documentation in connection with the user ordering activity's permitted use of the computer programs and documentation. For purposes of this section, all such permitted third parties shall be deemed agents of the user ordering activity.

(3) Except as is provided in paragraph 5.b(2) above, the ordering activity shall not provide or otherwise make available the software or documentation, or any portion thereof, in any form, to any third party without the prior written approval of the Contractor. Third parties do not include prime Contractors, subcontractors and agents of the ordering activity who have the ordering activity's permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed software and documentation only in accordance with these restrictions. This provision does not limit the right of the ordering activity to use software, documentation, or information therein, which the ordering activity may already have or obtains without restrictions.

(4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of disaster recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes.

(5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

#### **7. SOFTWARE CONVERSIONS (511210):**

---

Software conversions are not available under the scope of this contract.

#### **8. DESCRIPTIONS AND EQUIPMENT COMPATIBILITY:**

---

The Contractor shall include, in the schedule pricelist, a complete description of each software product and a list of equipment on which the software can be used. Also, included shall be a brief, introductory explanation of the modules and documentation which are offered.

Product Descriptions are found on BMC's worldwide web listed in alphabetical order. Please reference [www.bmc.com](http://www.bmc.com), click on Products, Product Directory available as well as Environment Index.

A list of the equipment on which the software can be used is set forth in the section titled Machine Class Product Availability Listing.

All equipment compatibility or supported hardware functions applicable to Contractor's products are set forth in the Contractor's published literature or manuals supplied with the Products. For all additional information concerning supported hardware or compatibility requirements the ordering activity is advised to contact the Contractor.

#### **9. RIGHT-TO-COPY PRICING:**

---

Right-to-copy license pricing is not available under the scope of this contract. Right to copy is limited solely for the purpose of system back up unless otherwise so indicated.

#### **10. ASSIGNMENT.**

---

Customer may not assign this Agreement to any third party. Notwithstanding the foregoing, Customer shall have the right to assign this Agreement in whole to a parent, a majority owned subsidiary or Affiliate, or to a successor in connection with (i) the sale of all or substantially all of the assets of that party or (ii) a merger by operation of law by providing written notice to BMC. The assignee may not be a known direct competitor of BMC. In addition, as part of any permitted assignment, the successor entity must agree in writing with BMC (in advance of the assignment) to be bound by the terms of this Agreement.

## 11. MISCELLANEOUS TERMS.

---

BMC is not liable for its failure to perform any obligation under this Agreement during any period in which performance is delayed by circumstances beyond BMC's reasonable control. A waiver by a party of any breach of any term of this Agreement will not be construed as a waiver of any continuing or succeeding breach. Should any term of this Agreement be invalid or unenforceable, the remaining terms will remain in effect. The parties acknowledge they have read this Agreement and agree that it is the complete and exclusive statement of the agreement and supersedes any prior or contemporaneous negotiations or agreements, between the parties relating to the subject matter of this Agreement. This Agreement may not be modified or rescinded except in writing signed by both parties. The prevailing party in any litigation is entitled to recover its attorney's fees and costs from the other party. To the extent BMC

Products include third party code: if (a) such third party code is provided for use with a Product, it may be used only with that Product unless otherwise provided for in the Documentation; and (b) the Documentation contains terms that pertain to such third party code, those terms govern the third party code in place of the terms of the applicable Order and this Agreement; except that the third party terms will not (i) negate or amend the rights granted by BMC to Customer or the obligations undertaken by BMC in the applicable Order or this Agreement with respect to a Product; or (ii) impose any additional restrictions on Customer's use of the Product. In some circumstances, usually either for the convenience of its customers or in order to comply with the obligation to make source code available under specific license terms, BMC distributes to customers, without charge, products that are not governed by an Order or this Agreement. Such products are distributed separately from the BMC Products, are governed by the license terms that and included with them, and are provided by BMC AS IS, WHERE IS AND WITHOUT WARRANTIES OF ANY KIND, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, AND EXCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT AND TITLE. The parties have agreed that this Agreement and the documents related thereto be drawn up in the English language.

**TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF  
INFORMATION TECHNOLOGY TRAINING  
(SPECIAL ITEM NUMBER 611420)**

**1. SCOPE**

---

- a. The Contractor shall provide training courses normally available to commercial customers, which will permit ordering activity users to make full, efficient use of general purpose commercial IT products. Training is restricted to training courses for those products within the scope of this solicitation.
- b. The Contractor shall provide training at the Contractor's facility and/or at the ordering activity's location, as agreed to by the Contractor and the ordering activity.
- c. The Contractor shall provide training courses to the ordering activity through the purchase of Learning Pass Credits (LPCs). Learning Pass Credits may be purchased by the ordering activity in quantities to cover an individual student in a particular course or in significant quantities, at a discount, to cover the needs of the ordering activities organization requirements over a period of time.
- d. Contractor agrees to provide to ordering activity Learning Pass Credits ("LPCs") at the quantity and discounted price stated. Customer may use the LPCs to acquire training from Contractor, either at public classes or in private training at ordering activity's site. All training shall be done by professional instructors who are skilled in the subject matter of a specific class.

**2. ORDER**

---

- a. Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPAs) shall be the basis for the purchase of training courses in accordance with the terms of this contract. Orders shall include the contact's name, number of Learning Pass Credits to be purchased, and contracted dollar amount for the Learning Pass Credits. Specific courses to be attended may also be included on the order.
- b. Contractor will issue a PIN code to an individual designated by the ordering activity (the "Contact"). All ordering activity-authorized personnel will use this PIN code when enrolling in a class as a means of payment. Ordering activity is responsible for authorizing individuals to use the PIN code and for ensuring proper usage of the PIN code. Contractor is not responsible for unauthorized use of the PIN code.
- c. Contractor provides training throughout the year. Ordering activity may contact Contractor for a published schedule of training classes or visit our website at [www.bmc.com](http://www.bmc.com). The LPCs issued pursuant to this Agreement shall expire twelve (12) months from the date of the ordering activity purchase order. Any remaining LPCs not utilized during the twelve (12) months period shall be forfeited by ordering activity. The 12 month period will begin on the day the Purchase Order or EDI order is issued to Contractor.
- d. Ninety (90) days prior to the Expiration Date of the Learning Pass Credits, the ordering activity will be notified by Contractor as to the Expiration Date of the Learning Pass Credits. If the ordering activity requests an extension of the expiration for an additional year, the ordering activity may roll any unused LPC's in to the new annual agreement provided that they sign up for a quantity of LPC's that is equal to the same discount level as the prior year.  
  
Example:           Number of LPC's originally purchased 70 with a 12% discount  
                      Number of LPC's left at end of year = 10  
                      Minimum # of additional LPCs purchased for the extension to maintain the 12% discount = 50 LPCs  
                      60 LPC's would be available for use after the purchase of 50 LPC's.
- e. LPCs are for the exclusive use of ordering activity and may not be resold, transferred or bartered.

### **3. TIME OF DELIVERY**

---

The Contractor shall conduct on-site training on the date (time, day, month, and year) agreed to by the Contractor and the ordering activity. For an onsite private class, a Training and Education Work Order will need to be executed by both parties once a mutually agreed upon date for the onsite private class has been established.

If the ordering activity elects to use LPCs for public training classes, training will take place at a regularly scheduled training class in a facility normally used by Contractor for that purpose. If the ordering activity elects to use LPCs for training in a private on-site setting, ordering activity shall pay all related travel expenses for the instructor. The instructors expenses must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Contractors cannot use GSA city pair contracts. This is in addition to the required number of LPC's

Onsite Standard Training Class at Ordering Activity Designated Location

(1) Training is provided in English at Contractor facilities CONUS and OCONUS

(2) Training is available onsite at the customer premises for any of the standard BMC training courses in English. An onsite class can accommodate up to 10 students.

1. Quoted Services dates are valid for a period of 5 business days from the Effective Date. If Customer does not return a signed copy of the Training and Education Work Order to Contractor via fax within 5 business days of the Effective Date, Customer may lose the given dates for Training Services. Once the ordering activity and Contractor agree to delivery dates a Training and Education Work Order document will be sent to the ordering activity for signature.

2. If ordering activity desires to cancel or reschedule a class, it must provide notice to Contractor at least 10 business days before the start date of the class. Any changes to the agreed to class schedule shall be documented in a modification to the Training and Education Work Order that shall be mutually agreed to in writing. If ordering activity give less than 10 business days notice, Contractor shall deduct from the Client Learning Pass Account the number of Learning Pass Credits associated with the delivery of the on-site course and ordering activity shall pay any un-reimbursable Travel & Living expenses incurred by Contractor's instructor.

3. Classes are limited to the number of students outlined in the Training and Education Work Order, and the number of sets of training materials that will be shipped is associated with the number of students listed on the Training and Education Work Order, unless otherwise stated.

4. Ordering activity is responsible for payment of Instructors reasonable actual travel and related expenses incurred in the performance of the Training Services. The Instructor's travel reservations will not be made until the Training and Education Services Work Order is executed by the ordering activity and returned to Contractor. Such expenses will be invoiced separately, as specified in the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed.

The ordering activity, through the use of the PIN via the BMC Software Education web portal, may enroll in publicly available courses at any time.

### **4. CANCELLATION AND RESCHEDULING**

---

a. The ordering activity will notify the Contractor at least thirteen business days before the scheduled training date, if a student will be unable to attend. The Contractor will then permit the ordering activity to either cancel the order or reschedule the training at no additional charge. In the event the training class is rescheduled, the ordering activity will modify its original training order to specify the time and date of the rescheduled training class.

If Customer desires to cancel or reschedule a class, it must provide notice to BMC at least 10 business days before the start date of the class to not to incur penalty.

If Customer give less than 10 business days notice, BMC shall invoice and Customer shall pay a fee of 50% of the course cost and any travel expenses incurred by BMC's instructor as liquidated damages.

If Customer gives 5 business days or less notice Customer shall pay a fee of 100% of the course cost and any travel expenses incurred by BMC's instructor as liquidated damages.

- b. In the event the ordering activity fails to cancel or reschedule a training course within the time frame specified in paragraph a, above, the ordering activity will be liable for the contracted dollar amount of the training course. The Contractor agrees to permit the ordering activity to reschedule a student who fails to attend a training class within ninety (90) days from the original course date, at no additional charge.
- c. The ordering activity reserves the right to substitute one student for another up to the first day of class.
- d. In the event the Contractor is unable to conduct training on the date agreed to by the Contractor and the ordering activity, the Contractor must notify the ordering activity at least seventy-two (72) hours before the scheduled training date.

**Public Training – Class Cancellation Policy**

Contractor reserves the right to cancel any class up to 10 business days prior to the start of the class. If this occurs the ordering activity’s LPC balance will be reinstated by the amount allocated for the course.

**5. FOLLOW-UP SUPPORT**

---

The Contractor agrees to provide each student with telephone support, via BMC Software technical support, in conjunction with any BMC Software licensed for use by the ordering activity.

**6. PRICE FOR TRAINING**

---

The price that the ordering activity will be charged will be the ordering activity training price in effect at the time of order placement, or the ordering activity price in effect at the time the training course is conducted, whichever is less.

Learning Pass Credits used are based on the price of the class, not the days an individual student attends such class. For example, if the price of a public class is \$3750, attendance requires Five (5) LPCs (\$3750 divided by \$750), even if the student attends only three (3) days of the class.

**7. INVOICES AND PAYMENT**

---

Invoices for training shall be submitted by the Contractor after ordering activity completion of the training course. Charges for training must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

The ordering activity will issue Contractor a Purchase Order for the amount of Learning Pass Credits to be purchased along with any provisions for Travel and Living expenses associated with the delivery of on-site private courses. Contractor will invoice the ordering activity the full amount of the Learning Pass Credits upon receipt of the Purchase Order. Once payment is received from the ordering activity, the Contractor will establish an account that can be accessed via the PIN for enrollment in public courses. This account will be established as the Client Learning Pass Account. The Training and Education Work Order will be used to identify the Learning Pass Credits to deduct from the Client Learning Pass Account.

BMC Software will provide the ordering activity a monthly statement that contains the balance in the Client Learning Pass Account, the amount of Learning Pass Credits used in the prior period, and a list of the individuals who attended courses along with the course titles.

**8. FORMAT AND CONTENT OF TRAINING**

---

- a. The Contractor shall provide written materials (i.e., manuals, handbooks, texts, etc.) normally provided with course offerings. Such documentation will become the property of the student upon completion of the training class. All manuals, handbooks, texts, etc. provided as part of the course offer will remain licenses and copyrighted by BMC Software, Inc.
- b. **\*\*If applicable\*\*** For hands-on training courses, there must be a one-to-one assignment of IT equipment to students.
- c. The Contractor shall provide each student with a Certificate of Training at the completion of each training course.
- d. The Contractor shall provide the following information for each training course offered:

- (1) The course title and a brief description of the course content, to include the course format (e.g., lecture, discussion, hands-on training);
- (2) The length of the course;
- (3) Mandatory and desirable prerequisites for student enrollment;
- (4) The minimum and maximum number of students per class;
- (5) The locations where the course is offered;
- (6) Class schedules; and
- (7) Price (per student, per class (if applicable)).

e. For those courses conducted at the ordering activity's location, instructor travel charges (if applicable), including mileage and daily living expenses, must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Contractors cannot use GSA city pair contracts.

## **9. TERMS AND CONDITIONS FOR WEB-BASED TRAINING**

---

### **Introduction to the Training**

You have requested to purchase web-based training (the "Training") from BMC Software, Inc. ("BMC"). This Training consists of several units that include reading materials, exercises, and learning activities (self tests) designed to teach you the basic functions and capabilities of a BMC product. The Training is a self-paced activity; the time required to complete the course is based on the pace you set and the time that you have available. BMC will provide the Training for a specified period during which you may take the Training as many times as you like and review certain parts of the Training as you wish. At the end of the designated period of availability you will no longer have access to the Training unless you choose to purchase the Training again. This designated period of time may vary, based on the type of Training you select; please refer to the course description pages for more information. You must agree to comply with all the terms and conditions below (the "Terms") in order to have access to the Training. You indicate your agreement with the Terms by clicking the "I Agree" button at the bottom of this page.

Any new features that add to or enhance the Training will be subject to these Terms.

You may not transfer your usage rights to the Training (including your User ID and Password) to another entity.

If you have any questions regarding these Terms or Training, please contact BMC via email at [education@bmc.com](mailto:education@bmc.com)

### **Eligibility for the Training**

In order to enter into these Terms and access the Training, you must have an email address and you must be able to enter into legally binding contracts under applicable law for legitimate business purposes, subject to additional limits contained in these Terms.

### **Training Registration**

To obtain access to the Training, you must do the following:

- accept these Terms;
- complete the registration form; and
- pay the appropriate fees, using a credit card or BMC Learning Pass Credit(s);

You agree to provide BMC with correct, truthful and complete contact information, including your legal name, street address, email address, and telephone number. If you provide false contact information, or if you otherwise breach these Terms, BMC may terminate your access to the Training.

### **Site Content**

The Training web site (the "Site") may contain information, data, software, text, sound, photographs, graphics, video, messages or other materials (collectively, "Content") that are protected by applicable intellectual property law, including that of copyrights, trademarks and trade secrets. You agree not to directly or indirectly copy, distribute, modify, publish, transmit, sell, rent, lease or otherwise transfer, create derivative works from, or in any way use or exploit any of the Content or any part of the Content, except as BMC expressly authorizes you to do so in writing. Content includes but is not limited to items that are publicly posted and those that are privately transmitted.

Some of the Content may be the property of third parties. BMC is not responsible for and does not guarantee the accuracy or quality of such third party Content. In addition, in using the Site and the Training, you may be exposed to third party Content that is be offensive, indecent or objectionable.

You agree that you bear all risks associated with the use of any Content and services, whether owned by BMC or a third party, including any reliance on the accuracy, quality or usefulness of such Content.

Through the Site, you may be exposed to hyperlinks to Web sites controlled by parties other than BMC. BMC is not responsible for and does not endorse or accept any responsibility over the content or use of these Web sites. You should refer to the policies posted by other Web sites regarding privacy and other topics before you use them.

### **Conduct while On-Line**

You agree to use the Training and the Site only for lawful purposes. You agree not to create any Content or otherwise transmit any information or material that: (a) is false or misleading; (b) harasses another or invades their privacy; (c) promotes racism or hatred against any group; (d) is obscene; (e) infringes another's intellectual property rights; or (f) is spam. You agree not to collect or store personal data about other users of the Site unless BMC expressly authorizes you to do so in writing.

Content is the sole responsibility of the person who originates such Content. In other words, you, not BMC, are entirely responsible for all Content that you upload, post, email or otherwise transmit to the Site ("Your Content"). You may upload Your Content to areas of the Site which are accessible to other subscribers (i.e. chat rooms, etc.) ("Public Areas"). If you upload Your Content to a Public Area, in doing so you grant BMC a perpetual, royalty-free, irrevocable, nonexclusive license to use, copy, modify, publish, transmit and distribute Your Content, in whole or in part, in any form, media or technology. If you are not the owner of any of Your Content you upload, then you warrant that the owner expressly grants BMC all of those same rights. You also warrant that all "moral rights" in Your Content that you upload to a Public Area have been waived.

BMC protects Your Content that you enter into non-Public Areas of the Site, as outlined in the Privacy Policy posted on the Site.

BMC does not pre-screen Your Content. However, BMC does retain the right (that it may or may not exercise, in its discretion) to (i) remove any Content or other information or material from the Site, regardless of whether the Content is in Public Area or non-Public Areas of the Site and (ii) make changes to or discontinue any and/or all parts of the Site.

BMC agrees to investigate complaints that are brought to its attention concerning inappropriate use of the Site.

### **No Warranties**

THE TRAINING, THE SITE, AND ALL CONTENT ON THE SITE, IS PROVIDED "AS IS" WITHOUT ANY WARRANTY OF ANY KIND WHATSOEVER. BMC DOES NOT WARRANT THAT THE TRAINING WILL SATISFY YOUR REQUIREMENTS, THAT THE TRAINING OR THE SITE IS WITHOUT DEFECT OR ERROR OR THAT THE OPERATION OF SITE WILL BE UNINTERRUPTED. BMC DISCLAIMS ANY AND ALL REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, MADE WITH RESPECT TO THE TRAINING, THE SITE AND THE CONTENT, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT.

### **Limitation of Liability**

In no event shall BMC be liable to any party for any damages caused by your failure to perform your responsibilities under these Terms. Nor shall BMC be liable to any party for loss of profits, goodwill, lost computer time, destruction, damage or loss of data, or any other indirect, incidental or consequential damages from any cause arising out of or in any way connected with the Site, the Training or the Content. In no event shall BMC's liability for direct damages resulting from your use of the Site, the Training or the Content exceed the amount paid by the you for the Training. **SOME COUNTRIES, TERRITORIES, STATES, PROVINCES OR SOVEREIGNTIES DO NOT ALLOW THE LIMITATION OR EXCLUSION OF CONSEQUENTIAL DAMAGES SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.**

**Indemnification**

You hereby indemnify and hold harmless BMC from any and all losses, costs, claims, liabilities, suits, judgments, claims, demands, actions proceedings and expense, including, without limitation, reasonable attorney's fees, based upon or relating to your access to or use of the Training or the Site.

**Privacy Policy**

BMC's current privacy policy is posted on the Site.

**Applicable Laws/Non-Waiver/Relationship between the Parties**

These Terms, as well as all other matters regarding your access to and use of the Training, the Site and/or the Content, shall be governed by Texas law. You agree to comply with all laws and regulations applicable to your use of the Site and the Training. If BMC fails to act with respect to a breach by you BMC does not by that inaction waive its right to act with respect to subsequent. The relationship between you and BMC is that of independent contractors; no agency, partnership, joint venture, employee-employer, or franchisor-franchisee relationship is intended or created by these Terms.

**Copyright/Trademarks**

Please be aware that names appearing on the Site may be trademarks of their respective owners.

**Export Restrictions**

You agree to comply with all local rules and regulations regarding online conduct and acceptable Content. Specifically, you agree to comply with all applicable laws regarding the transmission of technical data exported from the United States or the country in which you reside and you agree that U.S. export control laws and other applicable export and import laws govern your use of the Site and the Training, including technical data. You agree that you will not, directly or indirectly, export the Site or the Training nor any direct product thereof, in violation of these laws, and that you will not use the same for any purpose prohibited by these laws.

**BMC Software, Inc.**

**Pricing**

The price for each LPC is \$750.00, prior to applicable discount, USD. Customer will pay amount within 30 days of invoicing.

**Discount Schedule**

Training Manuals for BMC Certification Boot Camps		5.25 LPC's

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY PROFESSIONAL SERVICES  
(SPECIAL ITEM 54151S)**

**1. SCOPE:**

---

- a. The prices, terms and conditions stated under Special Item Number 54151S Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

**2. PERFORMANCE INCENTIVES:**

---

- a. Performance incentives may be agreed upon between the Contractor and the ordering office on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the Contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the Contractor. Incentives shall be based on objectively measurable tasks.

**3. ORDER:**

---

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks, which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

**4. PERFORMANCE OF SERVICES:**

---

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.
- e. LICENSE. Subject to the terms of this Agreement, Contractor grants the ordering activity a perpetual, non-exclusive, non-transferable license to use and modify all programming, documentation, reports, and any other deliverables delivered as a result of the Services provided under the Statement of Work ("Deliverables") solely for its own internal use. Except as expressly permitted by applicable law and this Agreement, the ordering activity may not reverse engineer or decompile any

Deliverable for the purpose of developing comparable functionality; may not sell, rent, lease, sublicense, timeshare, outsource or otherwise use the Deliverables; and may not export any Deliverable without the appropriate export license exceptions.

f. **MUTUAL CONFIDENTIALITY.** Each party agrees that at all times during the term of any order, and thereafter, each party will hold in confidence, and will not, other than for purposes of the order, use or disclose to any third party any Confidential Information of the other party. The term "Confidential Information" shall mean all non-public information that each party designates as being confidential, which under the circumstances of disclosure ought to be treated as confidential, and in the case of Contractor the Deliverables. "Confidential Information" includes, without limitation, the terms of any order, intellectual property, marketing or promotion of any product or service of either party, business policies or practices of either party, customers or suppliers of either party, or information received from others that either party is obligated to treat as confidential. "Confidential Information" does not include information that was (a) previously known without restriction, (b) received from a third party without restriction, (c) independently developed without use of the Confidential Information, or (d) information that becomes publicly available through no fault of the receiving party.

g. **OWNERSHIP.** Contractor owns all right, title and interest in the Deliverables, including all intellectual property rights embodied therein.

h. **LIMITED WARRANTY.** Contractor warrants that it will perform the Services in conformance with generally accepted practices within the software services industry and in accordance with the Statement of Work. The ordering activity must notify Contractor of any breach of this warranty no later than 90 days after completion of the Services under the Statement of Work. The ordering activity's exclusive remedy and Contractor's entire liability under this warranty shall be for Contractor to re-perform any non-conforming portion of the Services within a reasonable period of time, or if Contractor cannot remedy the breach during such time period then refund the portion of the fee attributable to such non-conforming portion of the Services under the Statement of Work. This warranty will not apply to the extent the ordering activity, its contractors or agents have modified any Deliverable, unless otherwise authorized by Contractor in writing. **THIS WARRANTY AND CONDITION IS IN LIEU OF ALL OTHER WARRANTIES AND CONDITIONS. THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS, INCLUDING THE IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.**

i. **LIMITATION ON LIABILITY.** IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY CONSEQUENTIAL, SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES ARISING OUT OF THIS AGREEMENT (INCLUDING WITHOUT LIMITATION LOSS OF PROFITS, BUSINESS OR DATA, OR COSTS OF RECREATING LOST DATA), EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OR SUCH LOSS OR DAMAGE. IN NO EVENT WILL CONTRACTOR'S LIABILITY FOR DIRECT DAMAGES EXCEED AMOUNTS PAYABLE BY THE ORDERING ACTIVITY UNDER THE STATEMENT OF WORK. NONE OF THE ABOVE LIMITATIONS AFFECT THE LIABILITY OF EITHER PARTY FOR A BREACH OF SECTIONS e. and f.

j. **NON-SOLICITATION.** During the term of any order, and for a period of six months thereafter, the ordering activity will not solicit for employment any employees of Contractor or its affiliates who, within six months prior to such solicitation, directly performed under the order.

## **5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**

---

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

## **6. INSPECTION OF SERVICES:**

---

The Inspection of Services–Fixed Price (AUG 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection–Time-and-Materials and Labor-Hour (JAN 1986) (Deviation – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

## **7. RESPONSIBILITIES OF THE CONTRACTOR:**

---

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 Rights in Data – General, may apply.

## **8. RESPONSIBILITIES OF THE ORDERING ACTIVITY:**

---

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Services.

## **9. INDEPENDENT CONTRACTOR:**

---

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

## **10. ORGANIZATIONAL CONFLICTS OF INTEREST:**

---

a. DEFINITIONS. “Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

**11. INVOICES:**

---

The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

**12. PAYMENTS:**

---

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003)) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition. As prescribed in 16.601(e)(3), insert the following provision:

- (a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- (b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
  - (1) The offeror;
  - (2) Subcontractors; and/or
  - (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

**13. RESUMES:**

---

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

**14. INCIDENTAL SUPPORT COSTS:**

---

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

**15. APPROVAL OF SUBCONTRACTS:**

---

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

**16. DESCRIPTION OF IT SERVICES AND PRICING:**

A description of the types of Information Technology Services offered under SIN 54151S is set forth under the IT Service Descriptions Section. Specific Labor Categories and Rates are set forth in the IT Professional Services Pricelist.

**IT PROFESSIONAL SERVICES LABOR DESCRIPTIONS AND PRICELIST**

Note: Travel and expenses are additional costs and comply with Contractor’ per diem rates established by each ordering activity, or as negotiated with the Contracts Officer. BMC Consulting Services applies a flat discount of 10% across BMC Consulting Services daily rates. In addition to the GSA Discount, BMC Consulting Services Standard (structured) Discounts apply

Part Number	Job Title	Item Description	Job Level	Daily Rate	GSA Rate
BMC-CS-GSD	Global Services Delivery (GSD) / Off Shore	Consultant working on a defined solution design, specific to solution configuration. Work must be performed from a remote (non-onsite) location, usually outside of North America, thus passing on reduced rates to the customer. (Offshore Model) Global Service Delivery resource qualifications are equivalent or above that of BMC-CS-L3 Consultant. Dollar Volume Discounts (SIN 54151S (IT PROFESSIONAL SERVICES)) do not apply to GSD resources.	GSD	450	408.06
BMC-CS-L2	Associate Consultant	Basic installation and configuration of the out-of-the-box (OTB) product, no customizations and very little experience required. May also be part of a large implementation coupled with a Level 3, Level 4, or large team of consultants. ITIL Foundation Certified. Typically holds (4) year degree in computer science or related field or equivalent education and experience.	Level-2	1,430	1296.73
BMC-CS-L3	Consultant	Expert in particular IT disciplines. Responsible for analyzing client IT operations and environment and designing a specific solution that includes BMC products and non-BMC technology. Interacts with client executives on a routine basis. ITIL Foundation Certified. Typically holds (4) year degree in computer science or related field or equivalent education and experience.	Level-3	1,840	1668.51
BMC-CS-L4-1	Sr. Consultant	Responsible for configuring BMC solutions to address specific client needs and objectives. Can design project approach and tailor BMC methodology to client's needs and priorities. Expert in particular BMC products and solutions. Leads teams of consultants to plan, execute, and deliver project phases. Can train client personnel on proper use of BMC products and/or BMC solutions. Interacts with client project leads and client management. ITIL Foundation Certified. Typically holds (4) year degree in computer science or related field or equivalent education and experience.	Level-4	2,045	1854.41
BMC-CS-L4-2	Project Manager	Responsible for managing large-scale implementations of BMC Software products. Duties include planning, distributed architectural design, contract and financial reporting, technical resource assessment, consultant task management, and analysis of training and support requirements. Facilitates the implementation and team communication required to provide services to address customer objectives. Provides coordination and management required for the delivery of solutions, monitors and reports financial status and contract necessities to the client. ITIL Foundation Certified. PMP Certification. Typically holds	Level-4	2,045	1854.41

Part Number	Job Title	Item Description	Job Level	Daily Rate	GSA Rate
		(4) year degree in computer science or related field or equivalent education and experience.			
BMC-CS-L5-1	Sr. Project Manager	A BMC Sr. Project Manager is responsible for managing enterprise-scale implementations of BMC Software products, including designing the implementation to facilitate the capabilities of new and existing IT infrastructures. This individual has knowledge of all aspects of operations management, and provides technical leadership and architectural direction for project objectives. This individual effectively leads large teams of multi-disciplined personnel to implement complex, business-centric IT solutions. This individual is effective at performing customer briefings, is articulate and communicates to diverse levels the intricacies of IT architectures and their applicability to solving business solutions. ITIL Foundation Certified. PMP Certification. Typically holds (4) year degree or advanced degree in computer science or related field or equivalent education and experience.	Level-5	2,555	2316.88
BMC-CS-L5-2	Solutions Architect	Leads highly complex and uncommon solution design when required. Tasks and document deliverables are highly complex and architectural in nature (i.e. functional requirements, solution design, database design, high-availability and disaster recovery planning.) Management of a large project or program (multiple projects) with complex planning required. Multiple deliverables and a large resource team to deliver. ITIL Foundation Certified. Typically holds (4) year degree in computer science or related field or equivalent education and experience.	Level-5	2,555	2316.88
BMC-CS-L5-3	Principal Consultant	Expert in particular IT disciplines. Responsible for analyzing client IT operations and environment and designing a specific solution that includes BMC products and non-BMC technology. Interacts with client executives on a routine basis. Provides subject matter expertise in the design and management of enterprise systems and architectures for large complex environments. He/she has industry and/or customer recognition as an experienced IT architect and capable of implementing complex IT solutions. Experience and knowledge of key systems disciplines that include customer service and support, Service level management, problem management, network management, capacity/performance management, configuration management. ITIL Foundation Certified. Typically holds (4) year degree in computer science or related field or equivalent education and experience.	Level-5	2,555	2316.88

## **END USER LICENSE AGREEMENT**

BY OPENING THE PACKAGE, INSTALLING, PRESSING “AGREE” OR “YES” OR USING THE PRODUCT, THE ENTITY OR INDIVIDUAL ENTERING INTO THIS AGREEMENT AGREES TO BE BOUND BY THE FOLLOWING TERMS. IF YOU DO NOT AGREE WITH ANY OF THESE TERMS, DO NOT INSTALL OR USE THE PRODUCT, PROMPTLY RETURN THE PRODUCT TO BMC OR YOUR BMC RESELLER, AND IF YOU ACQUIRED THE LICENSE WITHIN 15 DAYS OF THE DATE OF YOUR ORDER CONTACT BMC OR YOUR BMC RESELLER FOR A REFUND OF LICENSE FEES PAID. IF YOU REJECT THIS AGREEMENT, YOU WILL NOT ACQUIRE ANY LICENSE TO USE THE PRODUCT.

This Agreement ("**Agreement**") is between the entity or individual entering into this Agreement ("**Customer**") and the BMC Entity for the applicable Territory as described in Section 19 ("**BMC**"). In addition to the restrictions imposed under this Agreement, any other usage restrictions contained in the Product installation instructions or release notes shall apply to your use of the Product.

**Territory**: The country where Customer acquired the license.

### 1. **GENERAL DEFINITIONS.**

"**Affiliate**" is an entity that controls, is controlled by or shares common control with BMC or Customer, where such control arises from either (a) a direct or indirect ownership interest of more than 50% or (b) the power to direct or cause the direction of the management and policies, whether through the ownership of voting stock by contract, or otherwise, equal to that provided by a direct or indirect ownership of more than 50%.

"**Documentation**" means the technical publications relating to the software, such as release notes, reference, user, installation, systems administrator and technical guidelines, included with the Product.

"**Licensed Capacity**" is the amount of each Product licensed as established in the Order.

"**Order**" is an agreed written or electronic document, subject to the terms of this Agreement that identifies the Products to be licensed and their Licensed Capacity and/or the Support to be purchased and the fees to be paid.

"**Product**" is the object code of the software and all accompanying Documentation delivered to Customer, including all items delivered by BMC to Customer under Support.

"**Support**" is the support services program as further specified in this Agreement.

2. **SCOPE.** Licenses are granted, and Support is obtained, solely by execution of Orders. Each Order is deemed to be a discrete contract, separate from each other Order, unless expressly stated otherwise therein, and in the event of a direct conflict between any Order and the terms of this Agreement, the terms of the Order will control only if the Order is executed by an authorized representative of each party. Orders may be entered under this Agreement by and between (a) BMC or an Affiliate of BMC; and (b) the Customer or an Affiliate of Customer. With respect to an Order, the terms “BMC” and “Customer” as used in this Agreement will be deemed to refer to the entities that execute that Order, the Order will be considered a two party agreement between such entities, and BMC will separately invoice the Customer named in the Order for the associated License fees and Support fees. Neither execution of this Agreement, nor anything contained herein, shall obligate either party to enter into any Orders. In the event an Order is proposed by BMC and is deemed to constitute an offer, then acceptance of such offer is limited to its terms. In the event Customer proposes an Order by submitting a purchase order, then regardless of whether BMC acknowledges, accepts or fully or partially performs under such purchase order, **BMC OBJECTS** to any additional or different terms in the purchase order, other than those that establish Product, price and Licensed Capacity in accordance with this Agreement.

3. **LICENSE.** Subject to the terms of this Agreement, BMC grants Customer a non-exclusive, non-transferable, non-sub-licensable perpetual (unless a non-perpetual license is provided on an Order) license, as specified in the relevant Order, to exercise the following rights to the Product up to the Licensed Capacity: (a) copy the Product for the purpose of installing it on Customer’s owned or leased hardware at a facility owned or controlled by Customer in the Territory; (b) operate solely for Customer’s and its Affiliates own internal Customer’s business operations; and (c) make one copy of the Product for archival purposes only (collectively a "**License**"). Affiliates may use and access the Products and Support under the terms of this Agreement, and Customer is responsible for its Affiliates compliance with the terms of this Agreement.

4. **RESTRICTIONS.** Customer will not: (a) copy, operate or use any Product in excess of the applicable Licensed Capacity; (b) modify, delete or remove any ownership, title, trademark, patent or copyright notices (“Identification”) from any Product; (c) copy any Product or any portion of any Product without reproducing all Identification on each copy or partial copy; (d) disassemble, reverse engineer, decompile or otherwise attempt to derive any Product source code from object code, except to the extent expressly permitted by applicable law despite this limitation without possibility of contractual waiver; (e) distribute,

rent, lease, sublicense or provide the Product to any third party or use it in a service bureau, outsourcing environment, or for the processing of third party data; (f) provide a third party with the results of any functional evaluation, or performance tests, without BMC's prior written approval; (g) attempt to disable or circumvent any of the licensing mechanisms within the Product; or (h) violate any other usage restrictions contained in the Documentation.

5. **PRODUCT PERFORMANCE WARRANTY.** BMC warrants that (a) the Product will perform in substantial accordance with its Documentation for a period of one year from the date of the first Order, (b) BMC has used commercially reasonable efforts consistent with industry standards to scan for and remove software viruses, and (c) other than passwords that may be required for the operation of the Product, BMC has not inserted any code that is not addressed in the Documentation and that is designed to delete, interfere with or disable the normal operation the Products in accordance with the License. This warranty will not apply to any problems caused by hardware, software other than the Product, or misuse of the Product use of the Product other than as provided by the applicable License, modification of the Product, or claims made either outside the warranty period or not in compliance with the notice and access requirements set forth below. No warranty is provided for additional Licensed Capacity, Product provided pursuant to Support or Product provided pursuant to Section 11.

6. **LIMITED REMEDIES.** BMC's entire liability, and Customer's exclusive remedy, for breach of the above warranty is limited to: BMC's use of commercially reasonable efforts to have the Product perform in substantial accordance with its Documentation, or replacement of the non-conforming Product within a reasonable period of time, or if BMC cannot have the Product perform in substantial accordance with its Documentation replace the Product within such time period, then BMC will refund the amount paid by Customer for the License for that Product. Customer's rights and BMC's obligations in this section are conditioned upon Customer's providing BMC during the warranty period (a) full cooperation and access to the Product in resolving any claim; and (b) written notice addressed to the BMC Legal Department that includes notice of the claim, a complete description of the alleged defects sufficient to permit their reproduction in BMC's development or support environment, and a specific reference to the Documentation to which such alleged defects are contrary.

7. **DISCLAIMER OF WARRANTIES.** EXCEPT FOR THE EXPRESS WARRANTIES IN THIS AGREEMENT, THE PRODUCT IS PROVIDED WITH NO OTHER WARRANTIES WHATSOEVER, AND BMC, ITS AFFILIATES AND LICENSORS DISCLAIM ALL OTHER WARRANTIES, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. BMC DOES NOT WARRANT THAT THE OPERATION OF THE PRODUCT WILL BE UNINTERRUPTED OR ERROR FREE, OR THAT ALL DEFECTS CAN BE CORRECTED.

8. **PAYMENTS AND DELIVERY.** Customer will pay each License fee and/or Support fee upon receipt of invoice. Customer will pay, or reimburse, BMC or when required by federal law the appropriate governmental agency for taxes of any kind, including sales, use, VAT, excise, customs duties, withholding, property, and other similar taxes (other than taxes based on BMC's net income) imposed in connection with the License and/or the Support fees which are exclusive of these taxes. For Products that are delivered electronically, upon request from BMC, Customer agrees to provide BMC with Documentation supporting that the designated Product was received electronically. If Customer accepts any Product in a non-electronic format, there may be an additional charge and it is the sole responsibility of Customer to bear any sales/use tax obligation, penalties, and interest. The unpaid balance of each late payment bears interest at a rate equal to the lesser of 1% per month or the maximum amount permitted by federal law. All Products are licensed FCA ("Free Carrier" as per Incoterms 2000) shipping point. The Products are accepted on the date BMC delivers the Product to the Customer either physically or by providing access codes for electronic download, whichever occurs first, however, such acceptance will not affect the Product Performance Warranty provided in this Agreement.

9. **PROPRIETARY RIGHTS AND CONFIDENTIALITY.** (a) BMC, its Affiliates or licensors retain all right, title and interest to the Product, Support and all related intellectual property and proprietary rights. The Product and all third party software provided with the Product are protected by applicable copyright, trade secret, industrial and other intellectual property laws. Customer may not remove any product identification, copyright, trademark or other notice from the Product. BMC reserves any rights not expressly granted to Customer in this Agreement. (b) "**Confidential Information**" means all proprietary or confidential information that is disclosed to the recipient ("**Recipient**") by the discloser ("**Discloser**"), and includes, among other things (i) any and all information relating Discloser financial information, customers, employees, products or services, including, without limitation, software code, flow charts, techniques, specifications, development and marketing plans, strategies, and forecasts; (ii) as to BMC, and its licensors, the Product and any third party software provided with the Product; and (iii) the terms of this Agreement, including without limitation, Product pricing information. Confidential Information does not include information that Recipient can show: (a) was rightfully in Recipient's possession without any obligation of confidentiality before receipt from the Discloser; (b) is or becomes a matter of public knowledge through no fault of Recipient; (c) is rightfully received by Recipient from a third party without violation of a duty of confidentiality; or (d) is

independently developed by or for Recipient. Recipient may not disclose Confidential Information of Discloser to any third party or use the Confidential Information in violation of this Agreement. The Recipient (i) will exercise the same degree of care and protection with respect to the Confidential Information of the Discloser that it exercises with respect to its own Confidential Information and (ii) will not, either directly or indirectly, disclose, copy, distribute, republish, or allow any third party to have access to any Confidential Information of the Discloser. Notwithstanding the foregoing, Recipient may disclose Discloser's Confidential Information to Recipient's employees and agents who have the need to know provided that such employees and agents have legal obligations of confidentiality substantially the same (and in no case less protective) as the provisions of this Agreement. (c) **Notification Obligation.** If the Recipient becomes aware of any unauthorized use or disclosure of Discloser's Confidential Information, then Recipient will promptly and fully notify the Discloser of all facts known to it concerning such unauthorized use or disclosure. In addition, if the Recipient or any of its employees or agents are required (by oral questions, interrogatories, requests for information, or documents in legal proceedings, subpoena, civil investigative demand, or other similar process) to disclose any of Discloser's Confidential Information, the Recipient will not disclose the Discloser's Confidential Information without providing the Discloser with commercially reasonable advance prior written notice to allow Discloser to seek a protective order or other appropriate remedy or to waive compliance with this provision. In any event, the Recipient will exercise its commercially reasonable efforts to preserve the confidentiality of the Discloser's Confidential Information, including, without limitation, cooperating with Discloser to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded to the Confidential Information. Notwithstanding the foregoing, Customer agrees that BMC may include Customer's name on customer lists.

10. **DISCLAIMER OF DAMAGES; LIMITS ON LIABILITY.** EXCEPT FOR VIOLATIONS OF LICENSE (SECTION 3), LICENSE RESTRICTIONS (SECTION 4), PROPRIETARY RIGHTS AND CONFIDENTIALITY (SECTION 9) AND FOR INFRINGEMENT CLAIMS (SECTION 12), NEITHER PARTY, ITS AFFILIATES OR BMC'S LICENSORS ARE LIABLE FOR (A) ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES RELATING TO OR ARISING OUT OF THIS AGREEMENT, SUPPORT, THE PRODUCT OR ANY THIRD PARTY CODE OR SOFTWARE PROVIDED WITH THE PRODUCT (INCLUDING, WITHOUT LIMITATION, LOST PROFITS, LOST COMPUTER USAGE TIME, AND DAMAGE TO, OR LOSS OF USE OF DATA), EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND IRRESPECTIVE OF NEGLIGENCE OF A PARTY OR WHETHER SUCH DAMAGES RESULT FROM A CLAIM ARISING UNDER TORT OR CONTRACT LAW, OR (B) DAMAGES OF ANY KIND IN AN AMOUNT GREATER THAN THE AMOUNT OF ACTUAL, DIRECT DAMAGES UP TO THE CAP. THE TERM "CAP" MEANS (I) IF BMC IS THE PAYOR, THE AMOUNT PAID BY CUSTOMER FOR THE LICENSE TO THE PRODUCT GIVING RISE TO SUCH DAMAGES AND (II) IF CUSTOMER IS THE PAYOR, THE GREATER OF THE AMOUNT PAID OR PAYABLE, BY CUSTOMER FOR THE LICENSE TO THE PRODUCT GIVING RISE TO SUCH DAMAGES.

11. **TRIAL LICENSE.** BMC may determine, in its sole discretion, to make products available to Customer without an Order and without charge. Such products are deemed to be "Products" pursuant to this Agreement except that (a) they are provided to Customer solely so that Customer may evaluate internally whether to acquire a license to the products for a fee, (b) the license term for such products is thirty (30) days; (c) the Products are provided "AS IS" and without any warranty or support, and (d) the products cannot be put into productive use or included as part of Customer's business processes in any manner, unless or until they are expressly licensed and paid for under an Order. BMC may terminate all of Customer's rights and licenses to these products for BMC's convenience upon notice to Customer.

12. **INFRINGEMENT CLAIMS.** If a third party asserts a claim against Customer asserting that Customer's use of a Product in accordance with this Agreement violates that third-party's patent, trade secret or copyright rights ("**Infringement Claim**"), then BMC will, at its own expense: (a) defend or settle the Infringement Claim; and (b) indemnify Customer for any damages finally awarded against Customer based on infringement by the Product. BMC's obligations under this Section will not apply if: (a) BMC's legal department does not receive prompt, detailed written notice of the Infringement Claim from Customer, (b) BMC is not able to retain sole control of the defense of the Infringement Claim and all negotiations for its settlement or compromise, (c) BMC does not receive all reasonable assistance, or (d) the Infringement Claim is based on (i) the use of Product in combination with products not approved by BMC in the Product's Documentation, (ii) the failure of Customer to use any updates to such Product within a reasonable time after such updates are made available to Customer, or (iii) the failure of Customer to use the Product as permitted by the Order and in accordance with the Documentation. BMC will not bind Customer to a monetary obligation in a settlement or compromise, or make an admission on behalf of Customer, without obtaining Customer's prior consent. If BMC determines in BMC's reasonable discretion that use of the Product should be stopped because of an Infringement Claim or potential Infringement Claim, if a court of competent jurisdiction enjoins Customer from using a Product as a result of an Infringement Claim and BMC is unable to have such injunction stayed or overturned, or if BMC settles an Infringement Claim on terms that would require Customer to stop using the Product, then BMC will, at its expense and election: (a) modify or replace the Product, (b) procure the right to continue using the Product, or

(c) if in BMC's reasonable judgment, neither (a) or (b) is commercially reasonable, terminate Customer's License to the Product and (i) for any perpetual licenses, issue a refund based upon the applicable license fees paid, prorated over 48 months from the date of the Order under which the Products were initially licensed; and (ii) for any non-perpetual licenses, release Customer from its obligation to make future payments for the Product or issue a pro rata refund for any fees paid in advance. This Section contains Customer's exclusive remedies and BMC's sole liability for Infringement Claims.

13. **TERMINATION.** Upon thirty days advance written notice, either party may terminate this Agreement for its convenience on a prospective basis; however, such termination will have no effect on Orders executed by the parties prior to its effective date and such Orders will remain in full force and effect under the terms of this Agreement. BMC may: (i) terminate an Order and the Licenses to the Products on that Order if Customer fails to pay any applicable fees due under that Order within 30 days after receipt of written notice from BMC of non-payment; (ii) terminate any or all Orders, Licenses to the Products and/or this Agreement, without notice or cure period, if Customer violates the intellectual property rights of BMC, its Affiliates or licensors, or uses the Products outside of the scope of the applicable Licenses; or (iii) terminate all Licenses and this Agreement in whole or in part if Customer commits any other material breach of this Agreement and fails to correct the breach within 30 days after BMC notifies Customer in writing of the breach. Upon any termination of a License, Customer will immediately uninstall and stop using the relevant Product, and upon BMC's request, Customer will immediately return such Product to BMC, together with all related Documentation and copies, or certify its destruction in writing. Neither party is liable for its failure to perform any obligation under this Agreement, other than a payment obligation, during any period in which performance is delayed by circumstances beyond that party's reasonable control.

14. **AUDIT.** Upon BMC's request (such request not to be made more than once per year without good cause), Customer agrees to deliver to BMC written reports, generated manually or electronically, specifying Customer's use of the Product, and to allow BMC to perform an audit at Customer's facilities during normal business hours to ensure compliance with the terms of this Agreement. Customer agrees to cooperate during any audit and to provide reasonable access to information and systems. If an audit reveals that Customer has exceeded the Licensed Capacity for a Product, Customer agrees to pay the applicable fees for additional capacity. If the understated capacity exceeds 5% of the Licensed Capacity of the applicable Product, then Customer agrees to also pay BMC's reasonable costs of conducting the audit.

15. **EXPORT CONTROLS.** Customer will cooperate with BMC as reasonably necessary to ensure compliance with the laws and regulations of the United States and all the relevant countries, relating to exports (including "deemed" exports and "deemed" re-exports as defined by the Export Administration Regulations) and re-exports ("Export Laws"). Customer may not import, export, re-export or transfer, directly or indirectly, including via remote access, any part of the BMC Products, or any other BMC information or technology in violation of any such laws and regulations, or without any written governmental authorization required under applicable laws. In particular, but without limitation, none of the Software or the underlying information or technology may be downloaded or otherwise exported or re-exported, directly or indirectly, (a) into (or to a national or resident of) any country to which the United States government has imposed trade sanctions denying the export of any products; (b) to anyone on the US Treasury Department's list of Specially Designated Nationals or Other Blocked Persons, the US Commerce Department's Denied Parties List, the US Commerce Department's Entity List, or the US Commerce Department's Unverified List; or (c) to or for any proliferation-related (nuclear weapons, missile technology, or chemical/biological weapons) end use.

16. **GOVERNING LAW.** This Agreement is governed by the substantive laws in force, without regard to conflict of laws principles: (a) in the State of Texas, if you acquired the License in the United States, Puerto Rico, or any country in Central or South America; (b) in the Province of Ontario, if you acquired the License in Canada (subsections (a) and (b) collectively referred to as the "**Americas Region**"); (c) in Singapore, if you acquired the License in Japan, South Korea, Peoples Republic of China, Special Administrative Regions of Hong Kong or Macau, Taiwan, Philippines, Indonesia, Malaysia, Myanmar, Singapore, Brunei, Vietnam, Cambodia, Laos, Thailand, India, Pakistan, Australia, New Zealand, Papua New Guinea or any of the pacific island states (collectively, "**Asia Pacific Region**"); or (d) in the Netherlands, if you acquired the License in any other country not described above. The United Nations Convention on Contracts for the International Sale of Goods is specifically disclaimed in its entirety.

17. **ARBITRATION.** ANY DISPUTE BETWEEN CUSTOMER AND BMC ARISING OUT OF THIS AGREEMENT OR THE BREACH OR ALLEGED BREACH, SHALL BE DETERMINED BY BINDING ARBITRATION CONDUCTED IN ENGLISH. IF THE DISPUTE IS INITIATED IN THE AMERICAS REGION, THE ARBITRATION SHALL BE HELD IN NEW YORK, U.S.A., UNDER THE CURRENT COMMERCIAL OR INTERNATIONAL, AS APPLICABLE, RULES OF THE AMERICAN ARBITRATION ASSOCIATION. IF THE DISPUTE IS INITIATED IN A COUNTRY IN THE ASIA PACIFIC REGION, THE ARBITRATION SHALL BE HELD IN SINGAPORE, SINGAPORE UNDER THE CURRENT UNCITRAL ARBITRATION RULES. IF THE DISPUTE IS INITIATED IN A COUNTRY OUTSIDE OF THE AMERICAS

REGION OR ASIA PACIFIC REGION, THE ARBITRATION SHALL BE HELD IN AMSTERDAM, NETHERLANDS UNDER THE CURRENT UNCITRAL ARBITRATION RULES. THE COSTS OF THE ARBITRATION SHALL BE BORNE EQUALLY PENDING THE ARBITRATOR’S AWARD. THE AWARD RENDERED SHALL BE FINAL AND BINDING UPON THE PARTIES AND SHALL NOT BE SUBJECT TO APPEAL TO ANY COURT, AND MAY BE ENFORCED IN ANY COURT OF COMPETENT JURISDICTION. NOTHING IN THIS AGREEMENT SHALL BE DEEMED AS PREVENTING EITHER PARTY FROM SEEKING INJUNCTIVE RELIEF FROM ANY COURT HAVING JURISDICTION OVER THE PARTIES AND THE SUBJECT MATTER OF THE DISPUTE AS NECESSARY TO PROTECT EITHER PARTY’S CONFIDENTIAL INFORMATION, OWNERSHIP, OR ANY OTHER PROPRIETARY RIGHTS. ALL ARBITRATION PROCEEDINGS SHALL BE CONDUCTED IN CONFIDENCE, AND THE PARTY PREVAILING IN ARBITRATION SHALL BE ENTITLED TO RECOVER ITS REASONABLE ATTORNEYS’ FEES AND NECESSARY COSTS INCURRED RELATED THERETO FROM THE OTHER PARTY.

18. **U.S. FEDERAL ACQUISITIONS.** This Article applies to all acquisitions of the commercial Product subject to this Agreement by or on behalf of the federal government, or by any prime contractor or subcontractor (at any tier) under any contract, grant, cooperative agreement or other activity with the federal government. By accepting delivery of the Product, the government hereby agrees that the Product qualifies as “commercial” within the meaning of the acquisition regulation(s) applicable to this procurement. The terms and conditions of this Agreement shall pertain to the government’s use and disclosure of the Product, and shall supersede any conflicting contractual terms and conditions. If the license granted by this Agreement fails to meet the government’s needs or is inconsistent in any respect with Federal law, the government agrees to return the Product, unused, to BMC. The following additional statement applies only to acquisitions governed by DFARS Subpart 227.4 (October 1988): “Restricted Rights – Use, duplication and disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 (Oct. 1988).”

19. **BMC ENTITIES.** The following licensing entities apply to this Agreement:

<b>Territory</b>	<b>Licensing Entity</b>	<b>Address of Licensing Entity</b>
United States and Latin America South (not a specified Central or South America country below)	BMC Software, Inc.	2101 CityWest Boulevard, Houston, Texas 77042
Canada	BMC Software Canada Inc.	50 Minthorn Boulevard, Suite 200 Markham, Ontario L3T 7X8 Canada
EMEA (Europe, Middle East and Africa)	BMC Software Distribution B.V.	Boeing Avenue 245, 1119 PE Schiphol Rijk, The Netherlands
Brazil	BMC Software do Brasil Ltda.	Rua Leopoldo Couto de Magalhães Jr, 758 - 14º andar, São Paulo – SP – Brazil
Mexico	BMC Software Distribution de México, S.A. de C.V.	Torre Esmeralda II Blvd. Manuel Avila, Camacho #36, Piso 23 Lomas de Chapultepec, CP11000, México D.F.
Argentina	BMC Software de Argentina S.A.	Ing. Butty 220 – Piso 14, Buenos Aires, Republica Argentina, C1001AFB
S.E.A (Southeast Asia), Australia, New Zealand, Hong Kong, Taiwan	BMC Software Asia Pacific Pte Ltd	210 Middle Road, #12-01/08 IOI Plaza, Singapore 188994
China	BMC Software (China) Limited	Suite 501-504, Level 5, Tower W1, The Towers, Oriental Plaza, #1 East Chang An Ave., Dong Cheng, Beijing 100738, China
Japan	BMC Software K.K.	Harmony Tower 24th Floor, 1-32-2 Honcho, Nakano-ku, Tokyo, 164-8721
Korea	BMC Software Korea Ltd	33 <sup>rd</sup> Fl., ASEM Tower World Trade Center, 159-1, Samsung-dong, Kangnam-ku, Seoul 135-798

20. **ASSIGNMENT AND TRANSFERS.** Customer may not assign or transfer a Product separate from the applicable Agreement and License, and may not assign or transfer an Agreement or a License, except in the event of a merger with or into, or a transfer of all or substantially all of Customer’s assets to, a third party who assumes all of Customer’s liabilities and obligations under the Agreement and License, expressly agrees to be bound by and comply with all of the terms of the

Agreement and License. Any attempt to assign or transfer and Agreement or License in violation of this provision will be null and void and be treated as a violation of BMC's intellectual property rights or use outside the scope of the License.

21. **MISCELLANEOUS TERMS.** A waiver by a party of any breach of any term of this Agreement will not be construed as a waiver of any continuing or succeeding breach. Should any term of this Agreement be invalid or unenforceable, the remaining terms will remain in effect. The parties acknowledge they have read this Agreement and agree that it is the complete and exclusive statement of the agreement and supersedes any prior or contemporaneous negotiations or agreements, between the parties relating to the subject matter of this Agreement. This Agreement may not be modified or rescinded except in writing signed by both parties. The prevailing party in any litigation is entitled to recover its attorney's fees and costs from the other party. To the extent BMC Products include third party code: if (a) such third party code is provided for use with a Product, it may be used only with that Product unless otherwise provided for in the Documentation; and (b) the Documentation contains terms that pertain to such third party code, those terms govern the third party code in place of the terms of the applicable Order and this Agreement; except that the third party terms will not (i) negate or amend the rights granted by BMC to Customer or the obligations undertaken by BMC in the applicable Order or this Agreement with respect to a Product; or (ii) impose any additional restrictions on Customer's use of the Product. In some circumstances, usually either for the convenience of its customers or in order to comply with the obligation to make source code available under specific license terms, BMC distributes to customers, without charge, products that are not governed by an Order or this Agreement. Such products are distributed separately from the BMC Products, are governed by the license terms that and included with them, and are provided by BMC AS IS, WHERE IS AND WITHOUT WARRANTIES OF ANY KIND, WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED, AND EXCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT AND TITLE. The parties have agreed that this Agreement and the documents related thereto be drawn up in the English language. Les parties exigent que la présente convention ainsi que les documents qui s'y rattachent soient rédigés en anglais.

22. **SUPPORT.** Customer may acquire BMC support services ("**Support**") on an Order. Once Support is acquired for a Product, Customer is automatically enrolled in Support on an annual basis for all Licensed Capacity of that Product, unless either party terminates Support on all Licensed Capacity of a Product upon at least 30 days written notice prior to the next Support anniversary date. The annual fee for Support will be agreed upon at the time of each Order. For a description of Support go to [www.bmc.com/support/overview](http://www.bmc.com/support/overview). BMC may change its Support terms, to be effective upon Customer's support anniversary date. BMC reserves the right to discontinue Support for a Product where BMC generally discontinues such services to all licensees of that Product. If Customer terminates Support and then re-enrolls in Support, BMC may charge Customer a reinstatement fee.

---

**YOU AGREE THAT YOU HAVE READ THIS AGREEMENT AND INTEND TO BE BOUND, AS IF YOU HAD SIGNED THIS AGREEMENT IN WRITING. IF YOU ARE ACTING ON BEHALF OF AN ENTITY, YOU WARRANT THAT YOU HAVE THE AUTHORITY TO ACCEPT THE TERMS OF THIS AGREEMENT FOR SUCH ENTITY.**

#### **Amendment to the BMC End User License Agreement**

This Amendment to End User License Agreement for All BMC Software License Agreements ("Amendment") is effective as of the date that it is fully executed ("Effective Date") and is between BMC Software Incorporated ("BMC"), and the U.S. General Services Administration ("GSA"). In consideration of the mutual promises and covenants contained in this Amendment, the parties agree as follows:

This Amendment agreed to by both parties, applies to GSA and any agency or organization ("Ordering Activity") that places an order for a BMC Software product under Contract No. GS-35F-0340W (the "GSA Contract"). This Amendment together with the applicable Software License Agreement or End User License Agreement for the applicable BMC Software (each such license generally referred to herein as the "License Agreement"), governs the Ordering Activity's installation and use of such BMC Software. This Amendment only applies to the License Agreements for those BMC Software products that BMC expressly authorizes the GSA Contract holder to resell or distribute under the GSA Contract pursuant to a letter of supply between BMC and such GSA Contract holder. Unless expressly stated to the contrary herein, all capitalized terms in this Amendment shall have the meaning ascribed to them in the applicable License Agreement for the applicable BMC Software.

b. Pursuant to Section 12.212 of the Federal Acquisition Regulations ("FAR"). BMC and GSA agree that the modifications to the License Agreements are appropriate to ensure compliance with federal laws and to meet the U.S.

Government's needs. Accordingly the License Agreements is hereby modified by this Amendment as it pertains to use of BMC's software by any Ordering Activity pursuant to a task order placed under the GSA Contract.

c. This Amendment only applies to Ordering Activities of the U.S. Government (including agencies and departments from the Executive Branch, the Congress, or the Military) and independent federal agencies that are authorized to purchase IT Schedule 70 goods and services under the GSA Contract. This Amendment shall not apply to prime contractors, state/local government entities, or other entities authorized to make purchases under the GSA contract. In addition, this Amendment shall apply to the Ordering Activity itself, shall only apply to the installation and use of the BMC Software for official government business only on behalf of the Ordering Activity, and shall not apply to any individual who utilizes the BMC Software Products for his or her personal use or for a use.

d. Installation and use of the software shall be in accordance with the License Agreement, unless an Ordering Activity determines that it requires different terms of use and BMC agrees in writing to such terms in a valid task order placed pursuant to the GSA Contract.

1. Scope: Any provisions restricting additions or modifications to the License Agreement are hereby superseded by this Amendment to the extent they would preclude this Amendment or any valid task orders placed under the GSA Contract. To the extent the License Agreement conflicts with this Amendment or any relevant task orders, the conflict should be resolved according to the following order of precedence: (1) Federal law, (2) the FAR, (3) the GSA Schedule GS-35F-0340W, (4) this Amendment shall prevail over any conflicting terms in the EULA, (5) any other amendment that BMC and the Ordering Activity may separately enter into to vary the terms of the License Agreement to accommodate unique license terms under a Task Order, and (6) the License Agreement. This Amendment may only be modified upon written consent of both parties.

2. Contacting Authority: Pursuant to FAR 1.601(a) and 43.102, all provisions in the License Agreement which would allow any individual, except for an authorized contracting officer, to bind the U.S. Government to the terms of the License Agreement or any modifications thereto are hereby deleted. Such provisions include the ability of the software manufacture to unilaterally modify the terms of the License Agreement and any requirement to accept terms by means of use, download, or click-through agreements. Notwithstanding the foregoing, GSA and Ordering Activity expressly agree that when an authorized contracting officer of the Ordering Activity places a task order for the BMC Software pursuant to the GSA Contract, all terms of the License Agreement in the effect at the time the product was added to the GSA Contract shall be legally binding on Ordering Activity and shall be given full and legal effect. In the event that Ordering Activity receives BMC Software through a task order that is not authorized by the Ordering Activity's authorized contracting officer or Ordering Activity fails to acknowledge that the License Agreement is binding on Ordering Activity, Ordering Activity shall not be deemed to have any license to the BMC Software and BMC reserves all rights, remedies, and enforcement actions and venues available to BMC under state and federal law, including but not limited to all intellectual property laws without regard to the Dispute Resolution Process or Governing Law provisions of this Amendment.

3. Remedies: Pursuant to 28 U.S.C. § 1498, any provisions of the License Agreement providing for equitable remedies against the U.S. Government, including an injunction, in the event of a dispute concerning patent or copyright infringement are hereby deleted (subject to the third sentence of this Section 3. Any provisions of the License Agreement which would preclude continued performance of the contract during resolution of any disputes are hereby deleted, including any provisions requiring the U.S. Government to agree that an injunction is appropriate in the event of a breach of the License Agreement (subject to the third sentence of this Section 3). Notwithstanding the foregoing, any License Agreement clause providing for equitable remedies against the U.S. Government, including an injunction, in the event of a dispute concerning patent or copyright infringement or any other breach of the License Agreement shall continue to apply if an equitable remedy is available under United States Federal Law. If the Ordering Activity breaches one of the following (a) reverse engineers, decompiles, disassembles, or otherwise attempts to discover the source code of the software, (b) unbundles the constituent component parts of the software, or (c) provides use of the software in a computer service business, third party outsourcing facility or service, service bureau arrangement, or time sharing basis, In the event of a Breach by either Party, any termination procedures will be in accordance with the FAR.

4. Payments and Deliveries: Pursuant to the Anti-Deficiency Act, 31 U.S.C. § 1341(a)(1)(B), the U.S. Government does not agree to pay any future costs or fees under the License Agreement or this Amendment. Any provisions of the License Agreement obligating the U.S. Government to pay costs, fees, or damages, or to otherwise expend appropriations, are hereby deleted unless imposed after following the Dispute Resolutions Procedures identified hereunder. Any provisions of the License Agreement providing for automatic renewal absent some action by the U.S. Government are hereby deleted.

5. **Public Access to Information:** BMC agrees that the License Agreement and this Amendment contain no confidential or proprietary information and acknowledges the License Agreement and this Amendment will be available to the public, provided however, that GSA and BMC agree that other items identified in the License Agreement (such as, without limitation, source code and other technical data) provided to the Ordering Activity is confidential and proprietary information and shall not be disclosed.

**Advertisements and Endorsements:** Any provisions allowing BMC to use the name or logo of GSA or any Ordering Activity to advertise or to imply an endorsement of BMC's products or services are hereby deleted. Unless specifically authorized by an Ordering Activity, such use of the name or logo any U.S. Government entity is prohibited.

6. **DISCLAIMER OF DAMAGES; LIMITS ON LIABILITY:** Any limitation of liability in the License Agreement is hereby deleted and the following provisions shall apply:

Neither BMC nor an Ordering Activity shall be liable for any indirect, incidental, special, or consequential damages, or any loss of profits, revenue, data, or data use. Further, neither BMC or an Ordering Activity shall be liable for punitive damages except to the extent this limitation is prohibited by applicable law. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract under federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

**Dispute Resolution and Venue:** Any provisions in the License Agreement requiring the U.S. Government to follow a specific procedure to raise claims or to resolve disputes are hereby deleted. Any provisions in the License Agreement selecting a particular judicial forum or form of alternative dispute resolution for resolving claims relating to the License Agreement are hereby deleted. Any disputes relating to the License Agreement and to this Amendment shall be resolved in accordance with FAR and the Contract Disputes Act 41 U.S.C. §§ 601-613, GSA and Ordering Activity expressly acknowledge that BMC shall have standing to bring such claim under the Contract Disputes Act.

7. **Termination:** Termination of the License Agreement and this Amendment shall be governed by the FAR and the Contracts Disputes Act, 41 U.S.C. §§ 601-613, and any provisions of the License Agreement relating to termination are hereby deleted, including any provision permitting BMC to unilaterally terminate the License Agreement subject the following exceptions:

a. BMC is entitled to cancel or terminate the License Agreement if such remedy is granted to it after conclusion of the Contracts Disputes Act dispute resolution processed in Section 6 above or if such remedy is otherwise available to BMC under United States federal law.

8. **Audit:** Any provision in the License Agreement permitting BMC to audit, inspect, or monitor use of the software for compliance with the License Agreement shall be binding on Ordering Activity but is contingent upon reasonable notice to the Ordering Activity and adherence to reasonable security measures the Ordering Activity deems reasonably appropriate, including any requirements for personnel to be cleared prior to accessing sensitive facilities if clearances are required.

9. **Governing Law:** The License Agreement and this Amendment shall be governed by the laws of the United States, unless there is no applicable law of the United States which would apply, in which case the laws of the State of Texas shall be considered. Any provisions in the License Agreement stating that the License Agreement shall only be governed by the law of any particular U.S. State or U.S. Territory or district, or foreign nation, is hereby deleted.

## DESCRIPTIVE INFORMATION RELATING TO SOFTWARE

Product Descriptions are found on BMC's worldwide web listed in alphabetical order. Please reference [www.bmc.com](http://www.bmc.com), click on Products, Product Directory available as well as Environment Index.

### PRODUCT DEFINITIONS

**a. DEFINITIONS.** Terms set forth below have the indicated meaning for regardless of whether they are capitalized.

**“Blade Server”** is an all-inclusive computing system with a design optimized to minimize physical space and heat. Blade servers contain only the core computing components: processor and memory. They rely on a blade enclosure to provide the non-core computing components: power, storage, network switch, and basic I/O.

**“Client”** means a third party whose data is processed by Customer and is only permitted if Customer is an authorized BMC service provider.

**“Client Endpoint”** means a laptop, desktop or other non-Server Computer.

**“Computer”** or **“Server”** has the meaning generally given within the computer industry, which is a single machine, whether a central processing unit, such as a mainframe machine, or a distributed systems machine, such as a Unix or Intel based server. A mainframe machine would be an individual mainframe computer having single or multiple processors or engines. For purposes of distributed systems machines (excluding Control-M and Mainview product(s), a Computer or Server may be physical or virtual.

**“CPU”** means a physical processor or central unit in a designated Computer containing the logic circuitry that performs the instructions of a Computer's programs. A CPU may contain one or more processor cores.

**“Device Endpoint”** means a personal digital assistant or similar computing device.

**“Endpoint”** means a Client Endpoint, a Device Endpoint, a Server Endpoint, or Other Endpoint, as the case may be.

**“Enterprise”** is the environment consisting of all hardware owned or leased by Customer in the Territory.

**“Network Device”** means a standalone or chassis-based network device/card/processor.

**“Node”** means a network device (IP or non-IP) such as a router, switch or Computer.

**“Other Endpoint”** means a router, a switch, a hub, or other network device, peripheral or hardware instrument, as the case may be.

**“Server Endpoint”** means a Computer or other device that provides a service for other Computers or devices connected to it via the Internet, an extranet, an intranet, another network, or otherwise.

**“Task”** means an executable command containing the name of the JCL, CL, DCL, ECL, script or dummy processes that will execute as well as the scheduling criteria, flow control, resource usage.

### MIPS CAPACITY DEFINITION

MIPS Capacity shall mean the aggregate computing power (expressed in Millions of Instructions Per Second and rounded to the next even multiple of 10) of all mainframe computers that (a) employ the OS/MVS operating system; and (b) are located at the LICENSEE'S site.

### UNIT OF MEASUREMENT DEFINITIONS

**per adapter:** A license is required for each installation of an adapter that interfaces with the Product.

**per agent:** A unit of software with the official name of Remote Sys Call Daemon or RSCD Agent that can be deployed on a physical or virtual operating system.

**per application:** A unique collection of application component templates and configuration objects used to form a single logical platform defined by the Customer.

**per asset:** A license is required for every physical or logical Server Endpoint, Client Endpoint, Device Endpoint or Other Endpoint monitored, managed or discovered by the Product.

**per Cisco™ UCS Blade Server:** A license is required for each Cisco Unified Computing System (UCS) Blade Server on which the Product is installed and/or manages regardless of whether the Product or one of its components is installed on that Server.

**per Client Endpoint:** A license is required for each Client Endpoint.

**per component:** A license is required for all objects that represent a physical or logical part of the service model.

**per concurrent access license:** A license is required for the maximum number of simultaneous sessions accessing the Product. Sessions are counted in packs of 5.

**per concurrent session:** A license is required for the maximum number of simultaneous sessions accessing the Product.

**per concurrent user:** A license is required for the maximum number of individual employees or contractors of Customer to whom simultaneous access has been granted to the Product on a computer or multiple computers.

**per CPU – Full Capacity:** A license is required for the total number of CPUs in each Computer upon which the Product is installed or which the Product manages, either remotely or locally.

**per CPU – Subcapacity:** A license is required for all CPUs which the Product manages, either remotely or locally.

**per database:** A license is required for the total allocated database space per host ID or physical Computer which the Product is managing. The total allocated database capacity cannot be segregated or aggregated into lower or higher ranges.

**per Device Endpoint:** A license is required for each Device Endpoint.

**per deployed robot:** A license is required for all PATROL End-to-End Response Timer robots deployed.

**per engine:** A license is required for each mainframe general purpose engine on the server upon which the Product is installed and/or manages regardless of whether the Product or one of its components is installed on that Server.

**per enterprise:** A license is required per Customer or Client, or both, for its internal use only, regardless of the number of times Customer installs the Product in its Enterprise or its Client's Enterprise.

**per gigabyte:** A license is required for the total allocated database space of all Computers on which the Product has been installed or operated.

**per gigabyte range:** A license is required for the total allocated database space per host ID or physical Computer which the Product is managing. The Product may not be moved to another Computer unless the current Computer is taken out of service. The total allocated database capacity cannot be segregated or aggregated into lower or higher ranges among different Computers. For example: if Customer licenses 26-50 gigabytes, the Customer is only licensed for a maximum of 50 gigabytes in total across all the databases of the licensed Product on one particular Computer.

**per installed server:** A license is required for each Server (with a Classification at the appropriate Tier level, if applicable) upon which the Product or any of its components is installed.

**per instance:** A license is required for all named occurrences of the Product created or installed in the Enterprise.

**per Linux engine:** A license is required for all engines of a mainframe Computer on which Customer is running Linux, when applicable classified by Linux Group using BMC's standard Computer classification.

**per managed component:** A license is required for all objects that represent a physical or logical part of the service model managed by the Product.

**per managed network device:** A license is required for each Network Device managed using a unique IP-address.

**per managed server:** A license is required for each Server managed by the Product or one of its components either locally or remotely. When applicable, this license must be computed at the appropriate tier level based on the cumulative count of managed servers. In the case of BMC Service and Impact management solutions, Network Devices are not counted as Servers.

**per MIPS:** A license is required for the total aggregate number of MIPS for each Computer, including all Computers coupled in a parallel Sysplex environment, upon which (i) each OS/390 or z/OS subsystem (e.g. IMS, DB2, CICS or VSAM) for which a Product Family is licensed to operate (a "**Subsystem**") or (ii) each OS/390 or z/OS operating system for which a Product Family is licensed to operate ("**Operating System**"), has been installed, managed (Computer or data), monitored, or has operated during the term of the applicable Order. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of a Computer, using the MIPS rating set forth in the then current Gartner Group Rating Guide. Computer-specific passwords will be issued for the Product.

**per monitored element:** A license is required for all remotely monitored elements, such as a Server, database, operating system, URL, firewall, storage, or network device.

**per monitored server:** A license is required for each Server (with a Classification at the appropriate Tier level, if applicable) which the Product or one of its components is monitoring regardless of whether the Product is monitoring it locally or remotely.

**per named user:** A license (with a Classification at the appropriate Level, if applicable) is required for all individual employees or contractors or clients of Customer to whom access has been granted to the Product on a computer or multiple computers typically via the issuance of a unique ID regardless of whether the individual is actively using the Product at any given time.

**per node:** A license is required for the maximum number of Nodes which the Product manages and/or monitors.

**per port:** A license is required for the total port capacity of a managed storage networking device regardless of whether the port is in service. Storage networking devices typically include HBAs (Host Bus Adapters), Storage Switches and Directors. The total port capacity cannot be segregated or aggregated into lower or higher ranges.

**per project:** A license is required for each specific project, facility or business unit, as the case may be specified at the time of order.

**per Server Endpoint:** A license is required for each Server Endpoint.

**per Service Management MIPS:** A license is required for the total aggregate number of MIPS for each Computer, including all Computers coupled in a parallel Sysplex environment, upon which the Product is installed, managed or monitored. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of a Computer, using the MIPS rating set forth in the then current Gartner Group Rating Guide.

**per site:** A license is required for the physical site at which the Product is installed regardless of the number of times the Product is installed.

**per task:** A license is required for the maximum number of Tasks loaded into the daily CONTROL-M active environment in a 24-hour period excluding any tasks that are provided for by licenses under alternative Units of Measure (i.e. tier or MIPS). The numbers of steps or scripts executed within the named Task shall have no bearing upon the number of Tasks licensed – the sum total of the commands constitutes a single Task. **For CONTROL-M:** Licensed tasks equal the maximum number of tasks (as described above) loaded into the daily CONTROL-M active environment. **For CONTROL-M/Assist:** Licensed tasks equal the maximum number of tasks (as described above) that will interface a third party scheduler with the CONTROL-M active environment. Control-M/Assist may only be used to interface with the third party scheduler and may not be used to schedule or manage batch processes outside of the cross-scheduler dependencies. **For Control-M/Tape, Control-M/Restart, Control-O:** Licensed tasks equal the maximum number of tasks (as described above) licensed for or managed by Control-M for z/OS as defined in the Control-M active environment. For all other task based Products, the maximum number of tasks that the Product is priced against, is measured as the maximum number of CONTROL-M tasks.

**per terabyte:** A license is required for the total aggregate storage capacity in the Enterprise.

**per third-party software:** A license is required for each installation of the third-party software product that interfaces with the Product.

b. **LICENSE RESTRICTIONS.** The following restrictions apply to certain Products.

**BMC Capacity Management for Mainframes:** Any BMC Capacity Management for Mainframes Product and/or any BMC Performance Analyzer for Mainframes, BMC Performance Predictor for Mainframes, BMC Performance Perceiver for Mainframes, BMC Performance Analyzer for Mainframe Applications and other related products that may be released as part of the BMC Capacity Management for Mainframes must be licensed for all Computer(s) within the mainframe environment for which the Product or one of its components will process data or execute functionality on behalf of, regardless of whether the Product or one of its components is specifically installed on that Computer. The Products may be installed on or moved to any Computer(s) included in the licensed environment.

**BMC Capacity Management Products:** Any BMC Capacity Management Products, BMC Performance Assurance Product and/or any other related Products that may be released as part of the BMC Capacity Management solutions for distributed systems environments are licensed to the Computer(s) for which the Products are initially assigned and may not be reassigned to another Computer(s) unless the original Computer(s) has been removed from service. “Removed from service” or “out of service” is defined as no longer providing support for a business application or workload. A license is required for all Computers for which the Product or one of its components executes functionality, either locally or remotely.

**CONTROL-M/Assist:** Control-M/Assist may only be used to interface with the third party scheduler and may not be used to schedule or manage batch processes outside of the cross-scheduler dependencies.

## AGGREGATE UNITS OF MEASURE

The following units of measurements are defined as aggregate units of measure. Aggregate is a mass of distinct things gathered into a total or whole

- Per asset
- Per CPU – Full Capacity
- Per CPU – Sub Capacity
- Per GB
- Per managed component
- Per mips
- Per monitored element
- Per named user (systems management IDM only)/not a aggregate: Fixed License
- Per User
- Per Concurrent User
- Per Task
- Per Value Units: License definition: A license is required for the total aggregate number of “VU”s for each Server.

This is a withdrawn metric, and only customer currently licensed are able to continue the license

NOTE: Additional capacity of an installed product that is purchased on an aggregate metric is not eligible for the free support period.

BMC Software products offered on a tier metric and thus are sold on a “per copy” basis. Products sold on a “per copy” basis receive a free support on each copy purchased that includes the initial purchase and incremental copies acquired in the

future. Free support periods do not apply to enterprise-type licensing (ELO) for upgrades or additional capacity once a product is already licensed, or for term-based (non perpetual) licenses.

**PER COPY UNITS OF MEASURE**

- per installed server
- per managed server

**How to determine when free support and warranty is given:**

- **System Management Products**
- MSM - The customer will receive one year free support on the initial purchase of the product title no matter the Unit of Measure (UOM) or contract vehicle.
- MSM – Additional purchases of the same title will not receive oneyear free support no matter the UOM or contract vehicle.

**MACHINE CLASS PRODUCT AVAILABILITY LISTING**

The Machine Class Product Availability Listing can be found on BMC's worldwide web. Please reference [www.bmc.com](http://www.bmc.com), click on Products, Product Directory available as well as Environment Index.

54151S	BMC Software, Inc	BMC-CS-GSD	Daily rate. Global Services Delivery (GSD) / Off Shore: Consultant working on a defined solution design, specific to solution configuration. Work must be performed from a remote (non-onsite) location, usually outside of North America, thus passing on reduced rates to the customer. (Offshore Model) Global Service Delivery resource qualifications are equivalent or above that of BMC-CS-L3 Consultant. Dollar Volume Discounts (SIN 132-51 (IT PROFESSIONAL SERVICES) do not apply to GSD resources. Prepaid/Dollar Volume discounts may apply. See price list.	\$408.06	Workmanlike Manner
54151S	BMC Software, Inc	BMC-CS-L2	Daily rate. Associate Consultant: Basic installation and configuration of the out-of-the-box (OTB) product, no customizations and very little experience required. May also be part of a large implementation coupled with a Level 3, Level 4, or large team of consultants. ITIL Foundation Certified. Typically holds (4) year degree in computer science or related field or equivalent education and experience.(Job Level 2). Prepaid/Dollar Volume discounts may apply. See price list.	\$1,296.73	Workmanlike Manner
54151S	BMC Software, Inc	BMC-CS-L3	Daily rate. Consultant: Expert in particular IT disciplines. Responsible for analyzing client IT operations and environment and designing a specific solution that includes BMC products and non-BMC technology. Interacts with client executives on a routine basis. ITIL Foundation Certified. Typically holds (4) year degree in computer science or related field or equivalent education and experience.(Job Level 3). Prepaid/Dollar Volume discounts may apply. See price list.	\$1,668.51	Workmanlike Manner
54151S	BMC Software, Inc	BMC-CS-L4-1	Daily rate. Sr. Consultant: Responsible for configuring BMC solutions to address specific client needs and objectives. Can design project approach and tailor BMC methodology to client's needs and priorities. Expert in particular BMC products and solutions. Leads teams of consultants to plan, execute, and deliver project phases. Can train client personnel on proper use of BMC products and/or BMC solutions. Interacts with client project leads and client management. ITIL Foundation Certified. Typically holds (4) year degree in computer science or related field or equivalent education and experience. (Job Level 4). Prepaid/Dollar Volume discounts may apply. See price list.	\$1,854.41	Workmanlike Manner
54151S	BMC Software, Inc	BMC-CS-L4-2	Daily rate. Project Manager: Responsible for managing large-scale implementations of BMC Software products. Duties include planning, distributed architectural design, contract and financial reporting, technical resource assessment, consultant task management, and analysis of training and support requirements. Facilitates the implementation and team communication required to provide services to address customer objectives. Provides coordination and management required for the delivery of solutions, monitors and reports financial status and contract necessities to the client. ITIL Foundation Certified. PMP Certification. Typically holds (4) year degree in computer science or related field or equivalent education and experience. (Job Level 4). Prepaid/Dollar Volume discounts may apply. See price list.	\$1,854.41	Workmanlike Manner
54151S	BMC Software, Inc	BMC-CS-L5-1	Daily rate. Sr. Project Manager: A BMC Sr. Project Manager is responsible for managing enterprise-scale implementations of BMC Software products, including designing the implementation to facilitate the capabilities of new and existing IT infrastructures. This individual has knowledge of all aspects of operations management, and provides technical leadership and architectural direction for project objectives. This individual effectively leads large teams of multi-disciplined personnel to implement complex, business-centric IT solutions. This individual is effective at performing customer briefings, is articulate and communicates to diverse levels the intricacies of IT architectures and their applicability to solving business solutions. ITIL Foundation Certified. PMP Certification. Typically holds (4) year degree or advanced degree in computer science or related field or equivalent education and experience. (Job Level 5). Prepaid/Dollar Volume discounts may apply. See price list.	\$2,316.88	Workmanlike Manner
54151S	BMC Software, Inc	BMC-CS-L5-2	Daily rate. Solutions Architect: Leads highly complex and uncommon solution design when required. Tasks and document deliverables are highly complex and architectural in nature (i.e. functional requirements, solution design, database design, high-availability and disaster recovery planning.) Management of a large project or program (multiple projects) with complex planning required. Multiple deliverables and a large resource team to deliver. ITIL Foundation Certified. Typically holds (4) year degree in computer science or related field or equivalent education and experience. (Job Level 5). Prepaid/Dollar Volume discounts may apply. See price list.	\$2,316.88	Workmanlike Manner
