Satellite Services-II (SATCOM-II) program provides an expanded range of end-to-end satellite solutions for government agencies and serves as the primary replacement vehicle for the highly successful Satellite Services contracts. GSA’s website describes SATCOM II’s Benefits and Service Types as:

Benefits

- **Service Continuity** – In structuring the SATCOM-II acquisition, the government defined and included all services that are currently available under the GSA Satellite Services Program. The realization of this goal will facilitate a smooth transition from the existing satellite contract(s) to the SATCOM-II contract.
- **Competitive Pricing** – All equipment and services offered under the SATCOM-II contract are equal to or less than commercial pricing.
- **Continuous Competition** – The government awarded multiple contracts which provide agencies with a broad array of service options and continuous competition among service providers throughout the life of the acquisition.
- **Full Range of Commercial Offerings** – The government awarded contracts that provide a wide range of commercial satellite offerings to include mobile, fixed and broadcast solutions.
- **Flexible Commercial Ordering and Billing Options** – The contracts allow ordering and billing options to customers. Similar to the previous Satellite contract(s), customers can take advantage of direct-order, direct-billed or GSA-assisted ordering and billing options.
- **Service Quality** – The SATCOM-II acquisition includes agreements to ensure high quality service is delivered throughout the terms of the contracts.

Satellite provides the only network available where no phone or cable lines exist, which is usual for federal workers fighting wilderness wildfires, patrolling remote borders and rescuing injured citizens from devastating hurricanes or tornadoes. With the rapid and reliable communications networks provided by this contract, federal workers can use hand-held receivers similar to cell phones as well as access full broadband computer networks anywhere in the world. These networks begin with a compact satellite station that fits in a car trunk but provides all computer, e-mail and broadband Internet capability normally found only in the office. These stations can even operate from aircraft and ships. SATCOM-II's broadband access also makes possible broadcast services as well as distance learning for federal customers in areas throughout the world that don't have a normal communications network, because it enables audio and video transmission of educational material.

E&E provides Information Assurance support to the Federal Sector, DOD and Commercial Customers. For the work performed within the Federal Sector, E&E uses the NIST Special Publication (SP) 800-37, "*Guide for the Security Certification and Accreditation of Federal Information Systems*" (FISCAP) for the accreditation of the Servers, Networks, and Applications. E&E brings hands on experience in supporting, certifying, testing, and protecting classified networks including all encryption requirements and processes. (b) The service is not designed to host websites, servers, database applications, 2-way video or other uses which require a high upload capability. The system does not fully support interactive gaming or other applications that are particularly sensitive to latency.

(c) VPN over HUGHESNET and or any Vsat system is recommended (with optional static-public IP address and appropriate equipment or software, WAN OPS appliances or Virtual software) for incidental use only. The speed of VPN service over the system varies by type of VPN and router configurations. Subscriber router configurations are the sole responsibility of the customer. E&E’s termination point is the LAN1 port of the satellite remote unit, unless otherwise contracted to perform network setup, support and operations for an additional charge.

(d) The systems generally include a Standard Professional Installation. When a Subscriber purchases a DW7000 series modem, the installer will install and test the hardware for satellite connectivity only. The Subscriber will install the HUGHESNET and E&E software as required. A Standard Professional Installation is described in the customer’s service agreement/quote.

(e) The remote unit software will automatically update itself periodically by communicating with the E&E update server. The Subscriber agrees to perform basic troubleshooting of any problems (as indicated by the troubleshooting software) before contacting the E&E toll free 24x7 technical support center (Technicians are available M-F 0800-1700 EST; 757-325-2940 or 757-262-1135, 757-848-3012) e-mail support is available at techsupport@eeenterprisesinc.com or by faxing your error report to 757-265-9750.

13.1 DISCLAIMER OF WARRANTIES, LIABILITY AND RESPONSIBILITY:

SUBSCRIBER EXPRESSLY AGREES THAT USE OF THE SERVICES OCCURS AT SUBSCRIBER'S SOLE RISK. NEITHER E&E, NOR ANY OF ITS INFORMATION OR CONTENT PROVIDERS, SERVICE PROVIDERS, LICENSORS, EMPLOYEES, OR AGENTS, WARRANT THAT THE SERVICE WILL BE UNINTERRUPTED OR ERROR-FREE; NOR DOES E&E OR ANY OF ITS INFORMATION OR CONTENT PROVIDERS, SERVICE PROVIDERS, LICENSORS, EMPLOYEES, INDEPENDENT CONTRACTORS, OR AGENTS MAKE ANY WARRANTY AS TO THE RESULTS TO BE OBTAINED FROM USE OF THE SERVICE. BECAUSE E&E MAY PROVIDE ITS SUBSCRIBERS WITH ELECTRONIC ACCESS TO CONTENT AVAILABLE ON THE INTERNET, CREATED OR DISTRIBUTED BY PUBLISHERS OR PROVIDERS, OTHER THAN E&E, AND WHICH IS NOT AUGMENTED BY E&E, E&E DOES NOT WARRANT THE ACCURACY OF ANY CONTENT CREATED OR DISTRIBUTED BY SUCH PUBLISHERS OR PROVIDERS, OTHER THAN E&E. E&E SPECIFICALLY DISCLAIMS LIABILITY FOR ANY ERRORS, OMISSIONS, OR INACCURACIES RELATING TO SUCH CONTENT. SUBSCRIBER ALONE ASSUMES THE CONSEQUENCES RESULTING FROM ITS RELIANCE ON SUCH CONTENT.

ORAL OR WRITTEN INFORMATION OR ADVICE PROVIDED BY E&E, ITS DEALERS, DISTRIBUTORS, AGENTS, EMPLOYEES, INDEPENDENT CONTRACTORS, OR ANY THIRD-PARTY CONTENT PROVIDER, DOES NOT CREATE ANY WARRANTY IN OR TO THE SERVICES OR THE CONTENT PROVIDED PURSUANT TO THE SERVICES. SUBSCRIBER ACKNOWLEDGES THAT IT CANNOT RELY ON ANY SUCH INFORMATION OR ADVICE.

E&E ONLY WARRANTS THE ACCURACY AND COMPLETENESS OF ITS PRODUCT AND PRICING INFORMATION, TERMS OF SERVICE AND RELATED POLICIES TO ITS SUBSCRIBERS TO THE EXTENT THAT E&E OWNS, CONTROLS AND CREATED THE INFORMATION OR POLICIES AT ISSUE. THIS WARRANTY GIVES SUBSCRIBER SPECIFIC LEGAL RIGHTS. ADDITIONALLY, SUBSCRIBER MAY HAVE OTHER RIGHTS, BASED ON STATE OR LOCAL LAWS.

13.2 LIMITATION OF LIABILITY

NEITHER E&E, NOR ANY OF ITS INFORMATION OR CONTENT PROVIDERS, SERVICE PROVIDERS, LICENSORS, EMPLOYEES, INDEPENDENT CONTRACTORS, OR AGENTS, IS RESPONSIBLE FOR ANY CLAIMS OR LIABLE FOR ANY DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE USE OF THE SERVICES, THE WEB SITE OR ANY LINKED INTERNET SITE, EVEN IF E&E IS EXPRESSLY ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. THIS IS A COMPREHENSIVE LIMITATION OF LIABILITY THAT APPLIES TO ALL DAMAGES OF ANY KIND, INCLUDING (WITHOUT LIMITATION) COMPENSATORY, DIRECT, INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES ARISING OUT OF USE OF THE SERVICE OR INABILITY TO USE THE SERVICE OR OUT OF ANY BREACH OF ANY REPRESENTATION OR WARRANTY. WITHOUT LIMITING THE FOREGOING, IF FOR ANY REASON, BY OPERATION OF LAW OR OTHERWISE, ANY PORTION OF THE FOREGOING LIMITATION ON LIABILITY IS INVALIDATED, THE MAXIMUM, SOLE, AND EXCLUSIVE LIABILITY OF E&E, ITS DEALERS, DISTRIBUTORS, AGENTS, EMPLOYEES, INDEPENDENT CONTRACTORS, OR THIRD-PARTY CONTENT PROVIDER, IF ANY, IS LIMITED TO GENERAL MONEY DAMAGES IN AN AMOUNT NOT TO EXCEED THE TOTAL AMOUNT ACTUALLY PAID TO E&E BY SUBSCRIBER FOR THE SERVICES FURNISHED UNDER THIS AGREEMENT AND THE TERMS OF USE COMMENCING WITH THE OCCURRENCE OF SUCH ERROR, DEFECT, OR FAILURE AND ENDING AT THE DISCOVERY OF SUCH ERROR, DEFECT, OR FAILURE, IN WHOLE OR IN PART; PROVIDED, HOWEVER, THAT IN NO EVENT WILL SUCH PERIOD OF

13.3 APPLICABILITY OF PROVISIONS TO CIRCUMSTANCES INVOLVING OTHERS

CONSISTENT WITH SECTION 14 OF THIS AGREEMENT, SUBSCRIBER EXPRESSLY ACKNOWLEDGES THAT THE TERMS OF THIS SECTION 13 ALSO APPLY TO ANY CLAIMS RELATING TO "ACQUIRED MATERIAL" AND ANY OTHER CONTENT AVAILABLE THROUGH THE SERVICES. SUBSCRIBER AGREES TO HOLD E&E HARMLESS FOR THE SELECTION OR RETENTION, OR ACTS OR OMISSIONS OF THIRD PARTIES IN CONNECTION WITH THE SERVICES (INCLUDING THOSE WITH WHOM E&E CONTRACTS TO OPERATE VARIOUS AREAS ON OR FEATURES OF THE SERVICE).

13.4 FULL APPLICABILITY

THE FOREGOING EXCLUSIONS OR LIMITATIONS OF LIABILITY APPLY REGARDLESS OF ANY ALLEGATION OR FINDING THAT A REMEDY FAILED OF ITS ESSENTIAL PURPOSE, REGARDLESS OF THE FORM OF ACTION OR THEORY OF LIABILITY (INCLUDING, WITHOUT LIMITATION, NEGLIGENCE). THIS LIMITATION OF LIABILITY ALSO APPLIES IF E&E OR OTHERS WERE ADVISED OR AWARE OF THE POSSIBILITY OR LIKELIHOOD OF SUCH DAMAGES OR LIABILITY.

13.5 POSSIBLE EXCEPTIONS

THIS LIMITATION OF LIABILITY MAY BE LIMITED TO THE EXTENT THAT STATE OR LOCAL LAW DOES NOT PERMIT THE EXCLUSION OR LIMITATION OF SUCH DAMAGES. IF ANY PART OF THIS LIMITATION OF LIABILITY IT HELD TO BE INVALID OR UNENFORCEABLE, THE REMAINING PROVISIONS WILL CONTINUE IN FULL FORCE AND EFFECT.

14. INDEMNITY

Subscriber agrees to indemnify and hold harmless E&E against all claims, liability, damages, costs, and expenses, including, but not limited to, reasonable attorneys' fees, arising out of or related to the use of Subscriber's account. 19. CHOICE OF LAW

**"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666**

This Agreement is deemed to be made in the State of Virginia. This Agreement, the Terms of Use and all of the parties' respective rights and duties in connection herewith will be governed by and construed in accordance with the laws of the State of Virginia, in the United States, excluding its conflict of law provisions. Subscriber and E&E agree to submit to the exclusive jurisdiction of the courts of Virginia or any federal court located within the state of Virginia, and Subscriber waives any objection based on forum non conveniens or venue with respect to such jurisdiction in Virginia. Subscriber agrees that any claim or cause of action against E&E arising out of, or related to, Subscriber's account, the Services or this Agreement must be instituted within one year after the claim or cause of action arose; otherwise, such cause of action is permanently barred. The United Nations Convention on Contracts for the International Sale of Goods does not apply to this Subscriber Agreement and it is acknowledged that this is a service contract and not a contract for the sale of goods.

Attorney Fees. In any litigation, arbitration, or other proceeding by which one party either seeks to enforce its rights under this Agreement (whether in contract, tort, or both) or seeks a declaration of any rights or obligations under this Agreement, the prevailing party shall be awarded its reasonable attorney fees, and costs and expenses incurred.

20. CONSTRUCTION AND DELEGATION

Neither the course of conduct between parties nor trade practice shall act to modify the provisions of this Agreement. E&E may authorize or allow its independent contractors and other third parties to provide to E&E and/or to Subscriber services necessary or related to making the Services available and to perform obligations and exercise rights of E&E under this Agreement, and may collect payment on their behalf, if applicable. The provisions of Sections 9, 10, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21 and 22, and all other provisions hereof which by their nature should continue, shall survive any termination of this Agreement.

21. MISCELLANEOUS.

(a) Where notification by E&E is contemplated by or related to this Agreement, notice may be made by any reasonable means, including, but not limited to, email or publication on the Web Site. If any term of this Agreement is found by a court of competent jurisdiction to be invalid, illegal or unenforceable, it will be construed in such a way as to eliminate the offending aspects while still giving as much effect as possible to the intentions of such term. If this cannot be done and the entire term is invalid, illegal, or unenforceable and cannot be so repaired, then the term will be considered to be stricken from this Agreement as if it had not been included from the beginning. In any such case, the balance of this Agreement will remain in effect in accordance with its remaining terms notwithstanding such invalid, illegal, or unenforceable term.

(b) E&E may enforce or decline to enforce any or all of the terms of this Subscriber Agreement in its sole discretion. E&E's election not to enforce a particular provision of this Agreement will not be

**"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666**

considered a waiver and will not impair E&E's ability to enforce any other provision of this Agreement. In no event will E&E be required to explain, comment on, suffer liability for, or forfeit any right or discretion based on its enforcement, non-enforcement, or consistency of enforcement of these terms. Captions used in this Agreement are for convenience only and will not be considered a part of this Agreement or be used to construe its terms or meaning.

(c)Subscriber agrees that this Subscriber Agreement is set forth in the English language for the mutual convenience and benefit of the parties. In the event that the Agreement is translated into any language other than English, the parties agree that the English language version will control over any translation.

(d) The service plan(s) as set forth establishes the attributes for all standard Internet service plans offered through E&E Enterprises Global, Inc. Users activated under these service plans receive "commercially reasonable effort" in performance per the target service levels in the plan(s) listed. In addition, availability of a given service plan may be restricted to a specific satellite, transponder, service area and as a result, not all plan(s) may be available on all transponders, satellites and or local areas. Speeds listed are maximum speeds available under the applicable service plan unless specified in a Service Level Agreement and based on a specified QoS or SLA. Actual speeds may vary and may be less than the speeds listed in the plan(s). All "commercially reasonable effort" will be made to provide maximum speeds at all times but the actual upload and download speeds will likely be less than the maximum listed in the service plan(s). VPN applications vary greatly as to performance over satellite and or terrestrial connections and therefore all service plan(s) receive "commercially reasonable effort" in performance per the target service levels in the service level for the plan(s) listed. Several variables affect this maximum therefore you may experience speeds slower than the maximum listed in the service plan table when using a VPN with or without a Compression and Acceleration software or hardware solution." E&E is not responsible for speed variations caused by the customer's network and for VPN issues that do not meet the criteria set down by E&E (during the network design) to ensure the VPN performs properly over the satellite link.

(e) While all reasonable efforts have been made to maximize the accuracy of the regulatory information contained herein ("the information"), users are advised that the Information is subject to change and that accuracy may be affected by a variety of conditions, including conditions which are outside of E&E Enterprises Global Inc. and/or several providers control. The Information is provided "as is" and use is at the recipient's own risk. Any express or implied warranties including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose, are specifically disclaimed. In no event shall E&E Enterprises Global Inc. and/or providers, their directors, employees, agents, affiliates, successors or assigns be liable for any direct, indirect, incidental, special, exemplary, or consequential damages; or losses, liabilities, costs, penalties, fines or expenses (including, without limitation, legal expenses), however caused, and on any theory of liability, whether in contract or tort (including, without limitation, legal expenses), arising in any way from the use of the Information, save always that E&E Enterprises Global Inc. does not seek to limit its liability for death or personal injury resulting from its own negligence, or that of its employees or

ATTACHMENT 6 SATELLITE TRANSPONDER BOOKING POLICIES

The following policies apply to bookings of Transponders owned or leased by or brokered through **E&E Enterprises Global, Inc.** ("E&E"). The following Terms and Conditions apply to all occasional and short-term (Occasional Use) satellite and transponder services provided by E&E, unless otherwise specified in writing from E&E. These Terms and Conditions reflect those most frequently used by E&E. Additional terms and conditions may be applicable in certain circumstances. E&E retains the right to change or modify any or all of these Terms and Conditions for services not yet confirmed at any time in its sole discretion within the guidelines established by GSA. Customers should review these Terms and Conditions at www.eeenterprisesinc.com prior to placing an order.

1. INQUIRIES

a. **E&E-owned/leased transponders:** E&E accepts INQUIRIES at any time, up to and including 2 hours prior to the requirement. Inquiries are held until one half hour prior to the requirement. Where possible, and on the customer's request, E&E will try to hold Inquiries even later. All holds on Inquiries, however, may be cancelled if "CHALLENGED" (see 3 below). Also, all holds on Inquiries must be confirmed by the Customer as binding at least 72 hours prior to the beginning of the scheduled space segment. If the Customer does not confirm by then, E&E reserves the right to cancel the Inquiry.

b. **Non-E&E-owned/leased transponders:** E&E accepts INQUIRIES on these transponders on similar terms to those referred to above. However, if the relevant carrier (owner or sub-lessor) has more restrictive hold or "Challenge" terms, the carrier's standards will apply. Call E&E to confirm which apply.

2. APPROXIMATE-OUT

E&E allows APPROXIMATE-OUT times on all transponders booked by its customers, subject to the following requirements: to schedule a 15 minute approx., service must be 30 minutes in length; to schedule a 30 minute approx., service must be 60 minutes in length.

"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666

ALL APPROXIMATE-OUTS MUST BE "GOODNIGHTED" WITH E&E (call: (866) 314-5860 or 757325-2940) IMMEDIATELY WHEN SERVICE IS COMPLETED. FAILURE TO GOODNIGHT AN APPROXIMATE OUT TO E&E IMMEDIATELY UPON THE COMPLETION OF SERVICE WILL RESULT IN IMPOSITION OF FULL CHARGES FOR THE APPROXIMATE TIME WITHOUT REGARD TO THE ACTUAL TIME USED.

3. CANCELLATIONS

a. **E&E-owned/leased transponders:** All services on these transponders may be cancelled more than 14 days prior to the requirement without any penalty or charge, unless (i) the service was confirmed after being Challenged (see 4 (a) below), (ii) the service was acquired by Challenge (see 4 (b) below), or (iii) the services provided by E&E were recurring services contemplated by a specifically negotiated contract between the Customer and E&E.

(1). If the cancellation by the Customer is 14 days or less prior to the event OR in any of the situations identified in (i), (ii) or (iii) in the prior paragraph, the Customer will be responsible for 100% of the charges which would have been incurred had the event not been cancelled.

(2). Whenever the Customer which has cancelled its service is responsible for charges, E&E will use its best efforts, subject to market conditions then in effect, to re-market the cancelled segment. If E&E is successful, the proceeds received from the new user will reduce or eliminate the charges to the Customer. Under no circumstances, however, will the Customer be entitled to receive any proceeds received in excess of the Customer's own charges.

b. **Non-E&E owned/leased transponders:** E&E will attempt to utilize the same standards for cancellation of these transponders. However, if the carrier or sub-lessor has a more restrictive cancellation policy, those policies will apply. Call E&E to check on which policies apply.

4. CHALLENGES

a. Confirmation by Customer holding Inquiry If another potential user "CHALLENGES" a time segment, E&E will notify the Customer holding an Inquiry for that segment. The Customer must advise E&E within 24 hours of that notice that the Customer is confirming the Inquiry, which makes it into a binding commitment by the Customer. If the Customer does not confirm within that time or if the Customer specifies that it is releasing its Inquiry, the Inquiry will be considered released.

b. Effect on User making Challenge If the original Customer's Inquiry is released, the user who made the Challenge will be considered to have made a binding commitment with respect to that time segment. Any change to or cancellation of the services will be treated as a cancellation subject to 100% charge to the user, as discussed in 3 above.

5. TEST TIME

**“IT Solutions for Today’s Business”
303 Butler Farm Rd STE 106A
Hampton, VA 23666**

When requested by the Customer, E&E will provide a reasonable amount of "TEST TIME" or "Setup Time" to the Customer prior to the scheduled requirement, if available. **TEST TIME IS NOT GUARANTEED.** A Customer which has a strong need for Test Time should schedule additional time for such purpose at the time the service is scheduled.

6. PREEMPTION

E&E's PREEMPTION policies - on all transponders - are governed by the policies of the relevant carrier and by other contractual commitments which may be in place when a Customer commits to service on a specific space segment. E&E makes every effort to avoid preempting services to its Customers; nonetheless, it retains the right to do so based on the Carrier's policies or those contractual commitments and or governmental requirements. Customers are urged to discuss the specific Preemption policy when calling E&E with an Inquiry or Challenge or when making a firm commitment to a specific space segment. It is to provide uninterrupted service to Government customers based on the urgency of need.

7. USE RESTRICTIONS

While most transmissions are allowed on most Transponders by most carriers, transmission of certain content is either prohibited or subject to restrictions by certain carriers. Customer shall comply with the usage policy of E&E or the relevant carrier and with all applicable laws and regulations. Customers who anticipate transmitting content that might be subject to such prohibitions or restrictions are urged to inquire about the specific application of such usage policies when calling E&E before making a firm commitment to a specific space

8. OUTAGE/INTERRUPTION CREDITS

If there is an outage or service interruption outage”) during a Customer’s space (‘space segment’), Customer may be entitled an relevant carrier. Customer should be aware that the standards for what constitutes an outage giving rise to an Outage Credit vary among carriers and among satellites and transponders. The Outage Credit, if any, given to a Customer will use the same formula as used by the relevant carrier and will only be given if and to the extent that the carrier provides a similar credit to E&E for such outage (except that Customer’s relevant rate for the relevant space segment will be used for determining the amount of the Outage Credit). The Outage Credit, if any, will be provided as follows: (i) If Customer has paid for the space segment which was subject to the outage, the Outage Credit will be a credit against the next amount(s) due to E&E from the Customer or, if there are no such amount(s), a refund from E&E. (ii) If Customer has not paid for such space segment, the Outage Credit will be a reduction in the aggregate amount due with respect to such space segment. In all events, Customer will be responsible for paying the entire amount of the fees for the space segment less the amount of any applicable Outage Credit per minute.

9. LIMITATION OF LIABILITY

"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666

No warranties, express or implied or statutory, including any warranty of merchantability or fitness for a particular purpose is made by E&E with respect to any satellite capacity. E&E shall not be liable under any circumstances for any direct or indirect lost profits or other incidental, special, punitive, consequential or similar damages incurred by Customer (collectively, "consequential damages"), whether or not E&E has been advised of the possibility of such damages by Customer. The term "consequential damages" includes, but is not limited to, cost of substitute services or facilities, loss of actual or anticipated revenues or profits, loss of business, customers or good will, downtime costs or damages and expenses arising out third party claims.

IN NO EVENT WILL E&E'S LIABILITY TO CUSTOMER IN CONTRACT OR IN TORT EXCEED THE LESSER OF (i) THE FEES PAID FOR THE SPACE SEGMENT ACTUALLY PAID BY CUSTOMER OR (ii) THE ACTUAL DAMAGES PROVEN BY CUSTOMER AS DIRECTLY ATTRIBUTABLE TO E&E'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

10. MISCELLANEOUS

In utilizing any space segment, Customer will comply with all applicable laws and regulations including, but not limited to, those regarding the operation or use of the satellite and the content of transmissions. Customer will be responsible for the payment of any applicable taxes and surcharges. Customer shall not make any representation or warranty regarding the satellite, the transponder or the space segment without the express prior written consent of E&E in each instance. Customer's use of the space segment does not convey any title of any kind with respect to the satellite or the transponder to Customer.

11. GENERAL -- IMPORTANT INFORMATION FOR CUSTOMERS

In addition to the factors noted above, Customer should be aware that satellite carriers impose, both by contract and operating rules, a significant body of terms and conditions on users of their transponders, which apply to E&E and Customer. E&E's obligations to Customers will not exceed the corresponding obligations of the carrier to E&E. Accordingly E&E cannot be responsible for any service disruptions or attendant damages that result from implementation of the relevant carrier's rules. Similarly, in situations where the carrier is by contract or rule absolved from responsibility or damages, E&E will not be responsible for any disruption or attendant damages that result from any action or inaction of a carrier or from equipment failures. It is Customer's responsibility to inquire and be informed of all such provisions and rules. The summary in these Terms and Conditions is provided for Customer's convenience and should not be relied on as being all inclusive with respect to Customer's booking of any space segment through E&E. E&E will respond to specific questions from Customers with respect to applicable terms and conditions applicable to particular transponders.

Part 6: TERMS AND CONDITIONS

Notice: This Service Agreement is for a minimum of **one (1)** year. All airtime is billed from the United States in U.S. Dollars (USD).

1) Availability Of Limited Service: Service is generally available to satellite terminals equipped for this service when within the satellite footprint. Service is furnished to Customer or Customer’s authorized user. A telephone number may not appear in more than one terminal. Customer has no property right in such number. E&E reserves the right to assign, designate, or change such number, when, in its sole discretion, such action is reasonably necessary in the conduct of its business.

(2) E&E Service: Customer has contracted to have E&E provide the service and pricing under the terms detailed within this Agreement at Part 3. Inmarsat BGAN Service is provided via Inmarsat land earth stations and network connectivity through Telenor Satellite Services and/or France Telecom Mobile Satellite Communications. Customer agrees to remain as a subscriber of the service for a period of **ONE** year from the date of service activation, and furthermore, agrees to pay any applicable activation, monthly service, service usage fees and any applicable taxes thereon. E&E reserves the right to change rates at any time.

(3) Data Transmission Use & Dropped Calls: Due to the technical nature of data setups and the inherent sophistication of data transmission through a variety of operating systems, E&E makes no representation as to the success of data calls through the system. Customer agrees that all data call attempts regardless of ultimate successful transmission and termination will be paid for and no credits will be given in the event of dispute of this nature. Along with potential incorrect use (i.e.: next to a building/obstruction), customer is also responsible for any data transmission at optimum speed, whether intended or not. Customer has been made aware of potential for significant airtime bills and accepts this responsibility Part 5. All satellite systems have some inherent flaws and anomalies that can create dropped calls of either voice or data nature. Dropped calls will not be

(4) Changes/Early terminations/Contractual Limitations: During the contract period, customer may change their pricing plan to a higher bundle without additional charge. Moving to a lower cost plan or canceling a service plan requires customer to continue to make the minimum payments of their original service plan for the remainder of their original contract period, then new plan rates will apply. Changing any service plan will renew the contract period **for 12 months** as of the effective date of the change.

(5) Renewal: All service plans automatically renew at the end of their term unless E&E receives notification in writing prior to the end of contract term. Successive renewals will be for one (1) year service periods at the same terms and conditions contained herein.

(6) Assignment: This Service Agreement cannot be assigned without the written consent of E&E.

(7) Notice of Change/Termination: Notice of change or termination should be made in writing to the E&E Enterprises Global Inc. at 20 Basil Sawyer Drive, Hampton, VA 23666, USA, no less than thirty (30) days prior to the expiration of any term of this Agreement. E&E reserves the right to terminate this Contract at any time during the contract period.

Customer understands that they are responsible for all air time charges, including but not limited to direct airtime, long distance and roaming charges (if applicable), and charges for any Customer-elected, value-added services (when available). Payment must be made in U.S. Dollars. Customer requests for direct billing are subject to credit approval and may be subject to required deposits and/or direct payment by credit card or a guarantee authorized against a valid accepted credit card.

(9) Taxes: The price of the service does not include sales, usage, excise, ad valorem, property or any other taxes now or hereafter imposed, directly or indirectly, by any governmental authority or agency with respect to the Service. Customer shall pay such taxes directly or reimburse E&E for any such taxes to include USF Fees.

(10) Deposits: Mobile Satellite services are granted subject to credit approval by E&E. E&E requires the establishment of credit or the ability to pay invoices according to the established terms. Deposits will be refunded at service or contract termination and all airtime has been paid.

(11) Foreign Credit Cards: Foreign credit cards will be accepted only after a complete verification has been done with the issuing bank. The issuing bank must contact the credit card holder and confirm the authorization for the charge to be approved. Verification of foreign credit cards may

This late charge is applicable to the unpaid balance as of the due date. Customer shall pay E&E all costs including, without limitation, reasonable attorney fees, the fees of any collection agency, and any other costs incurred by E&E in exercising any of its rights under the Agreement. Should Customers service be suspended for non-payment E&E will charge a decommissioning or re-activation fee of \$50.00 per mobile terminal for re-activation of the suspended terminal. THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE ARE HEREBY DISCLAIMED AND EXCLUDED. E&E SHALL NOT BE LIABLE TO ITS DISTRIBUTOR OR CUSTOMER OR ANY THIRD PARTY FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES.

(14) Subscriber Terminals and Equipment: Unless provided otherwise, E&E is not responsible for the installation, operation, quality of transmission, or maintenance of Customer equipment. General Guidelines & Principles, Allowance Plans:

- SIM cards orders will be charged. - Allowance packages have a minimum duration of 12 months and can be billed on a monthly, quarterly or yearly basis. In case of early deactivation before the minimum duration, billing of remaining fees is due until the end of the minimum duration. Allowances do not include: Streaming IP, ISDN and traffic to other mobile satellite services.
- Allowance packages billed on a monthly basis have no rollover of unused allowances to the next month. Allowance packages billed on a quarterly or yearly basis will have full airtime allocation from activation through the duration of the elected period. There will be pro-rating of the allowance and subscription charges based on date of activation. Once the minimum duration period has expired, the package plan will automatically renew, unless the SIM user chooses an alternative on the date of expiry. Prices are subject to change without prior notice.

General Guidelines & Principles specific to SCAPs

- 12 months minimum duration on all SCAPs. SIM cards orders will be charged. A SCAP package begins with the activation of the first SIM in the SCAP. Monthly fee and allowance pro-rating is based on the date of the first SIM activation of the SCAP, including any upgraded SIM's. SCAP subscriptions will automatically continue to be charged after the minimum duration period has expired or until a service order is received to have the last SIM within the SCAP cancelled or moved to another package.
- Early termination penalty of the SCAP balance applies when the last SIM card in a SCAP is cancelled within the minimum duration period. - All prices are subject to change without prior notification. Please refer to our General Terms and Conditions for more information.

Part 6: TERMS AND CONDITIONS

"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666

Notice: This Service Agreement is for a minimum of **one (1)** year. All airtime is billed from the United States in U.S. Dollars (USD).

1) Availability Of Limited Service: Service is generally available to satellite terminals equipped for this service when within the satellite footprint. Service is furnished to Customer or Customer's authorized user. A telephone number may not appear in more than one terminal. Customer has no property right in such number. E&E reserves the right to assign, designate, or change such number, when, in its sole discretion, such action is reasonably necessary in the conduct of its business.

(2) E&E Service: Customer has contracted to have E&E provide the service and pricing under the terms detailed within this Agreement at Part 3. Inmarsat BGAN Service is provided via Inmarsat land earth stations and network connectivity through Telenor Satellite Services and/or France Telecom Mobile Satellite Communications. Customer agrees to remain as a subscriber of the service for a period of **ONE** year from the date of service activation, and furthermore, agrees to pay any applicable activation, monthly service, service usage fees and any applicable taxes thereon. E&E reserves the right to change rates at any time.

(3) Data Transmission Use & Dropped Calls: Due to the technical nature of data setups and the inherent sophistication of data transmission through a variety of operating systems, E&E makes no representation as to the success of data calls through the system. Customer agrees that all data call attempts regardless of ultimate successful transmission and termination will be paid for and no credits will be given in the event of dispute of this nature. Along with potential incorrect use (i.e.: next to a building/obstruction), customer is also responsible for any data transmission at optimum speed, whether intended or not. Customer has been made aware of potential for significant airtime bills and accepts this responsibility Part 5. All satellite systems have some inherent flaws and anomalies that can create dropped calls of either voice or data nature. Dropped calls will not be credited. E&E can provide data setup technical support beyond the normal provided setup instructions at an additional charge. Please consult with a sales representative for more details.

(4) Changes/Early terminations/Contractual Limitations: During the contract period, customer may change their pricing plan to a higher bundle without additional charge. Moving to a lower cost plan or canceling a service plan requires customer to continue to make the minimum payments of their original service plan for the remainder of their original contract period, then new plan rates will apply. Changing any service plan will renew the contract period **for 12 months** as of the effective date of the change.

(5) Renewal: All service plans automatically renew at the end of their term unless E&E receives notification in writing prior to the end of contract term. Successive renewals will be for one (1) year service periods at the same terms and conditions contained herein.

(6) Assignment: This Service Agreement cannot be assigned without the written consent of E&E.

"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666

(7) Notice of Change/Termination: Notice of change or termination should be made in writing to the E&E Enterprises Global Inc. at 20 Basil Sawyer Drive, Hampton, VA 23666, USA, no less than thirty (30) days prior to the expiration of any term of this Agreement. E&E reserves the right to terminate this Contract at any time during the contract period.

(8) Invoicing and Guarantee of Payment of Services: E&E will invoice customer monthly. This bill is due and payable upon receipt. Monthly recurring charges are billed monthly in advance. Customer understands that they are responsible for all air time charges, including but not limited to direct airtime, long distance and roaming charges (if applicable), and charges for any Customer-elected, value-added services (when available). Payment must be made in U.S. Dollars. Customer requests for direct billing are subject to credit approval and may be subject to required deposits and/or direct payment by credit card or a guarantee authorized against a valid accepted credit card.

(9) Taxes: The price of the service does not include sales, usage, excise, ad valorem, property or any other taxes now or hereafter imposed, directly or indirectly, by any governmental authority or agency with respect to the Service. Customer shall pay such taxes directly or reimburse E&E for any such taxes.

(10) Deposits: Mobile Satellite services are granted subject to credit approval by E&E. E&E requires the establishment of credit or the ability to pay invoices according to the established terms. Deposits may be required for Non-US citizens or customers who do not have established credit. Customers will be advised prior to service activation if a deposit is required. Deposits will be refunded at service or contract termination and all airtime has been paid.

(11) Foreign Credit Cards: Foreign credit cards will be accepted only after a complete verification has been done with the issuing bank. The issuing bank must contact the credit card holder and confirm the authorization for the charge to be approved. Verification of foreign credit cards may delay order processing for up to 72 hours. All deposits for terminals will still apply. E&E reserves the right to decline any credit card transaction.

(12) Non-Payment / Breach: A late charge of the lesser of 1-1/2% per month will be applied to each of Customer's service bills not paid by the due date. This late charge is applicable to the unpaid balance as of the due date. Customer shall pay E&E all costs including, without limitation, reasonable attorney fees, the fees of any collection agency, and any other costs incurred by E&E in exercising any of its rights under the Agreement. Should Customers service be suspended for non-payment E&E will charge a decommissioning or re-activation fee of \$50.00 per mobile terminal for re-activation of the suspended terminal. Additional deposits may be required after such an event.

(13) Limitation of Liability: The satellite services provided by E&E may be temporarily interrupted, delayed or otherwise limited and is not available everywhere in the world. E&E makes no representation that it can provide uninterrupted service. Furthermore, E&E shall have no liabilities or credit due for interrupted service unless caused by the gross negligence of E&E. E&E shall not be liable for acts or omissions of other carriers, equipment failures or modifications, acts of God, strikes, government actions, or other causes beyond our reasonable control. E&E MAKES NO

WARRANTIES WITH RESPECT TO THE SERVICE OF ANY KIND WHATSOEVER, EXPRESSED OR IMPLIED, EXCEPT AS SPECIFICALLY PROVIDED IN THIS AGREEMENT. THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE ARE HEREBY DISCLAIMED AND EXCLUDED. (14) Subscriber Terminals and Equipment: Unless provided otherwise, E&E is not responsible for the installation, operation, quality of transmission, or maintenance of Customer equipment. If Customer's equipment is stolen, Customer is responsible for all charges as agreed upon in this Agreement until proper written documentation is received and confirmed by E&E.

E&E ENTERPRISES Global, Inc.
SERVICE GENERAL TERMS AND CONDITIONS

This Agreement between E&E Enterprises Global, Inc., (“ENE”) and Customer is effective upon Customer’s first use of the ENE Service. By using the E&E Enterprises Global, Inc. Service, Customer confirms that (s)he has read and accepted all of the terms and conditions set forth in this Agreement. Certain of these General Terms and Conditions may be modified in whole or in part by an attached addendum, which is incorporated into this Agreement.

1. E&E Enterprises Global, Inc. Service

The E&E Enterprises Global, Inc. (“ENE”) Service comprises the transmission and/or reception of voice, data or any other service provided to and/or from Customer through the ENE low-earth orbit satellite service (the “E&E Enterprises Global, Inc. System”). The E&E Enterprises Global, Inc. service begins upon the activation of Customer’s account in consideration for Customer paying the amounts stipulated in the applicable ENE pricing plan then in effect (the terms of which are incorporated by reference herein). See Section 3 below. ENE is not bound by any additional or different terms and conditions written or proposed to be written by Customer unless ENE expressly acknowledges and agrees to them in writing.

**“IT Solutions for Today’s Business”
303 Butler Farm Rd STE 106A
Hampton, VA 23666**

2. Conditions on Use of the ENE/ENE Service.

(a) **Customer Representations:** The individual entering into this Agreement represents and warrants that either: (i) (s)he is entering into this Agreement as principal and is the Customer; or (ii) if (s)he is not the Customer, that (s)he has the express authority to enter into this Agreement on behalf of and to bind the Customer to its terms. If the Customer breaches this latter representation, the individual entering into this Agreement acknowledges and agrees that (s)he will be responsible for all obligations of the Customer.

(b) **Credit Verification and Deposit:** Customer authorizes ENE to obtain credit information concerning Customer from trade references and credit reporting agencies and such other sources as ENE deems necessary to augment credit information supplied by Customer. Based on such credit information, and other factors ENE deems relevant to Customer’s creditworthiness including, without limitation, Customer’s payment history and/or usage patterns, ENE may require Customer to make a deposit as a payment guarantee. Such deposit shall be subject to increase or reduction as ENE deems necessary in its sole discretion to ensure timely payment of invoices. Such deposit shall not accrue interest unless required by law. ENE will refund Customer’s deposit upon termination of the E&E Enterprises Global, Inc. Service or after 12 months from the date the deposit was made if (1) Customer requests a refund, and (2) ENE in its sole discretion has determined Customer to be creditworthy. If ENE refunds the deposit to Customer, the refund will be sent to Customer by first class U.S. mail to Customer’s last address according to ENE’s records. ENE may, in its sole discretion, provide the E&E Enterprises Global, Inc. Service to Customer prior to a credit review without waiving its right to require a deposit from Customer, and ENE may discontinue the E&E Enterprises Global, Inc. Service if Customer does not remit a deposit.

(c) **Home Territory:** Customer’s Home Territory means the 48 contiguous States of the United States of America, Alaska, Hawaii, portions of Central America, portions of South America, portions of Europe, portions of North Africa as described on ENE’s Internet site, “eeenterprisesinc.com,” as may be revised or updated from time to time.

(d) **Transmission and Capacity Limitations:** Customer understands and acknowledges that the E&E Enterprises Global, Inc. Service is provided subject to the availability of capacity on the E&E Enterprises Global, Inc. System which is limited by the space technology involved and availability of assigned radio spectrum. The E&E Enterprises Global, Inc. Service may become unavailable or limited because of capacity limitations or emergency preemption by governmental authorities who have jurisdiction over the E&E Enterprises Global, Inc. System, and may be interrupted or curtailed by modifications, upgrades, repairs, and similar activities of ENE, or other E&E Enterprises Global, Inc. service providers. E&E Enterprises Global, Inc. has reserved the right to allocate satellite capacity among all service providers using the E&E Enterprises Global, Inc. System, including ENE. The E&E Enterprises Global, Inc. Service is subject to transmission and reception limitations caused by: (1) the user’s location, including topographical conditions, whether man-made or natural, that obstruct the line of transmission between the user and the E&E Enterprises Global, Inc. System satellites; (2) the condition of the E&E Enterprises Global, Inc. System’s equipment; (3) the condition of Customer’s ENE Terminal; (4) acts of God, (5) weather conditions, atmospheric

**“IT Solutions for Today’s Business”

Hampton, VA 23666**

conditions (i.e., space debris, solar flares, and other atmospheric anomalies or disturbances), magnetic interference, environmental and other like conditions.

(e) Equipment: Customer shall use only satellite communications equipment that E&E Enterprises Global, Inc. has approved for use in the ENE/Globalstar System and that bears an FCC certification number or other indication of type certification from the regulatory authority of the country where the equipment was purchased. **FCC regulations do not permit use of an ENE handset in an aircraft unless that handset has a hardwired connection into the cockpit communications system.** EXCEPT AS OTHERWISE PROVIDED FOR IN THIS AGREEMENT, ENE MAKES NO WARRANTIES WITH RESPECT TO THE E&E ENTERPRISES GLOBAL, INC. Globalstar TERMINAL OR OTHER EQUIPMENT USED BY CUSTOMER IN CONNECTION WITH THE ENE SERVICE AND EXPRESSLY DISCLAIMS ANY AND ALL EXPRESSED AND IMPLIED WARRANTIES WITH RESPECT THERETO, INCLUDING WITHOUT LIMITATION, ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. CUSTOMER’S REMEDIES FOR ANY AND ALL WARRANTY CLAIMS WITH RESPECT TO THE E&E ENTERPRISES GLOBAL, INC. TERMINAL OR OTHER EQUIPMENT USED BY CUSTOMER IN CONNECTION WITH THE ENE SERVICE SHALL BE THOSE PROVIDED IN THE WARRANTY, IF ANY, WHICH ACCOMPANIES THE ENE TERMINAL OR OTHER EQUIPMENT PROVIDED BY THE MANUFACTURER OR **SUPPLIER OF THE TERMINAL.**

(f) E&E Enterprises Global, Inc. Service Only: Customer understands and acknowledges that ENE does not provide terrestrial cellular or PCS service or any service other than the E&E Enterprises Global, Inc. Service. In the event that Customer elects to utilize any service in conjunction with the ENE Service and the E&E Enterprises Global, Inc. Terminal, Customer understands and acknowledges that ENE is not responsible for, and neither warrants nor represents the quality or availability of, such service and expressly disclaims any warranty regarding the interoperability of such service with the E&E Enterprises Global, Inc. Service. Provisioning, billing and use of cellular or PCS service or any other service available to Customer are Customer’s responsibility.

(g) Privacy Limitations: Customer understands that because the E&E Enterprises Global, Inc. Service involves radio technology, voice and data communications transmitted over the ENE System may not be completely private. Customer understands that calls to emergency referral services, such as "911," are typically recorded and consents to the recording of such calls. Also, Customer consents to ENE’s monitoring and recording Customer’s calls to ENE in order to ensure the quality of the Service E&E Enterprises Global, Inc. provides its customer.

(h) Abuse and Fraudulent Use: Neither the ENE Service nor any other means of communication may be used (1) to make foul or profane expressions, to impersonate another person with fraudulent or malicious intent, or to call another person so frequently or at such times of the day or in any manner so as to annoy, abuse, threaten or harass, or (2) for any purpose in violation of law, or (3) in any manner which interferes unreasonably with the use of the ENE Service by any other customer or with ENE’s reasonable ability to provide service to others. If Customer fails to adhere to these rules of the ENE Service, ENE may terminate this Agreement in accordance with Section 4.

"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666

(i) **Regulatory Authority Affecting this Agreement:** Customer agrees that ENE may amend this Agreement upon written notice to Customer to comply with FCC or other U.S. or foreign governmental regulatory requirements, and such amendment(s) does not constitute a repudiation or breach of this Agreement. Customer agrees to abide by such amended terms and requirements as they may affect his/her performance under this Agreement.

(j) **Telephone Numbers/Fax Numbers/Fax Email:** A telephone number may not be used in more than one ENE Terminal. Customer has no property right or other continuing right in any assigned telephone/fax number or email address, and none can be acquired by usage or otherwise. ENE reserves the right to assign, designate, or change any such telephone/fax numbers or email address when reasonably necessary in the conduct of its business. ENE may reassign the telephone/fax numbers or email address formerly held by Customer immediately upon the deactivation of Customer's ENE Terminal or Fax Services.

(k) **Designation of Authorized User(s):** Customer may notify ENE at any time of Customer's designation of authorized user(s) on Customer's account. By so doing, Customer gives ENE permission (1) to provide account information and services directly to such user(s) to the extent such information and services would otherwise be available to Customer, and (2) to make changes to Customer's account as such user(s) may request from time to time. Customer agrees to accept financial responsibility for all decisions and changes made by such user(s) relating to Customer's account. Customer may remove an authorized user(s) from the account at any time by notifying ENE in writing.

(l) **Service Orders:** ENE will accept orders including those which involve the start, change, or the discontinuance of the ENE Service only from Customer or a representative of Customer whose authority is confirmed by ENE.

(m) **Customer Contact:** Customer expressly grants ENE the right to contact Customer by calling Customer's telephone number or by leaving a recorded message on Customer's voice mail. Customer grants ENE the right to examine detailed records of calls made and received by Customer in order to locate Customer or to otherwise exercise ENE's rights under this Agreement, provided that ENE will not reveal the content of such records to any other person without proper legal process.

(n) **Toll-Free Calls, and 900 or 976 Calls:** The ENE Service is unable to route calls to regional toll-free numbers or to 900 and 976 prefix numbers or the like, but may be able to route calls to nationwide toll free numbers with prefixes such as 800, 877 or 888.

(o) **911 Emergency Services Terms & Conditions applicable to ENE subscribers and to subscribers of other ENE service providers roaming in ENE's territory:** ENE has voluntarily established an Emergency Call Center, or "Referral Service." After February 11, 2005, the Emergency Call Center is a federal legal requirement under Section 25.284(a) of the rules of the Federal Communications Commission ("FCC"), 47 C.F.R. § 25.284(a). Under the FCC's rules, the Caller (defined as the ENE subscriber or any other person using the subscriber's ENE phone with

**"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666**

or without authorization) must provide his or her telephone number and physical location. ENE does not have the ability to identify the Caller's location automatically as is the case with wireline telephones and certain cellular or PCS wireless telephones. Accordingly, the effectiveness of Referral Service depends largely on the accuracy of the information provided verbally by the Caller. Upon receiving a call identified as an "emergency," ENE's Emergency Call Center personnel will redirect the call to an appropriate Public Safety Answering Point ("PSAP"). The Caller acknowledges and agrees, as a condition of its use of Referral Service that: (1) Referral Service is subject to the same limitations of coverage and network capacity as other uses of the ENE Service; (2) there can be no assurance that such service will be available at other times or in the same or other locations, nor can there be any assurance that such service will be available outside the customer's home territory; (3) the provision of Referral Service is subject to the limitations on liability and other limitations and provisions contained in the service subscription or telephone purchase agreement; (4) no action or claim whatsoever, whether seeking damages or any other remedy, will be brought against any of ENE, its affiliates and their respective shareholders, directors, officers, employees and agents (collectively, "ENE") or any third-party providers assisting ENE to provide Referral Service, in respect of any death, injury, or loss to persons or property incurred by any person in connection with establishing, developing, implementing, maintaining, operating, and otherwise providing Referral Service, except for claims against any such party relating to the intentional or willful misconduct of such party; (5) no action or claim whatsoever, whether seeking damages or any other remedy, will be brought against ENE or the third party providers in respect of any delay, in action, act or omission of police, fire or other emergency personnel contacted through Referral Service; and (6) calls placed using Referral Service will typically be recorded.

(p) ENE Terminal Theft: In the event Customer's ENE Terminal is lost, stolen, or otherwise absent from the Customer's possession or control, Customer shall be liable for all usage and toll, long distance and roaming charges originating from Customer's telephone number until the loss, theft or other occurrence is reported to ENE and for 2 hours thereafter. Customer shall provide a police report of such loss or theft upon ENE's request. Thereafter, Customer shall not use the telephone number assigned to Customer's ENE Terminal until Customer gives ENE notice that such ENE Terminal is in the Customer's possession and requests restoration of the ability to use such telephone number. Such restoration may be subject to a charge. Monthly charges shall continue until the ENE Service is terminated.

3. Rates, Billing and Payment.

(a) Rates:

(1) Activation Fee. An account activation fee may be charged as provided in the Customer's ENE Service Plan or an addendum hereto.

(2) Applicable rates and charges for the Home Territory are indicated in the ENE pricing plans and service options selected by Customer. Such rates and charges apply only to the ENE Service provided by ENE within the Home Territory, and charges may vary for roaming in other territories

"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666

served by the Globalstar Satellite System. All other charges, features (even if one or more features was offered at the time of activation with no recurring monthly feature charge) and services including, but not limited to, coverage areas, and rounding practices, are subject to change or discontinuation upon written notice to Customer. Customer understands and acknowledges that the rates being charged under this Agreement may include discounts in consideration of the number of Globalstar Terminals in active use by Customer. Customer agrees that ENE may discontinue such discounts should the number of Terminals in active use fall below the number applicable to such discounts. Additionally, ENE reserves the right to modify all other terms and conditions and any pricing plan at any time by written notice to Customer. Upon such notice, any changes shall automatically and without written amendment become part of this Agreement.

(3) Early-Disconnection Fee. If during the initial term, the Customer's agreement is (i) terminated by Customer for any reason, or (ii) terminated by ENE for cause under Section 4, or (iii) Customer switches from a Qualified Service Plan to a Non-Qualified Service Plan, then Customer will be required to make a lump sum payment of \$275.00 due at the time Service is terminated. "Qualified Service Plans" are Service Plans that exist within a family of promotional plans as determined by ENE. **NOTE: For government agencies who agree to the terms of the ENE/GSA BOA# W9124Q-05-G-0 only, no Early-Disconnection Fee, Service Plan Change fee or Activation Fee applies on any plan.** An additional \$2.50 per month per line GSA Administration fee (subject to change) will be charged and for the General Services Administration use by ENE. (4) Service Plan Changes. Customer may change to any qualifying plan with more included minutes at no charge and with no extension of the contract period. Customers changing to any qualifying plan with fewer included minutes will incur a \$50 administrative fee and a one-year contract renewal from date of change.

(b) Billing:

(1) Chargeable time for calls **originated** by Customer's ENE/Globalstar Terminal begins when a connection is established to a Globalstar System facility and ends when the ENE/Globalstar Terminal disconnects from a Globalstar System facility (i.e., a few seconds after Customer sends an END command to the Globalstar System). In the Home Territory, Customer will not be charged for unanswered calls unless Customer places a call to a number that rings unanswered or signals busy for 60 seconds or more, after which Customer will be billed for all airtime, including the first 60 seconds, regardless of whether a connection is made. Customer may be charged for busy or unanswered calls when roaming outside of the Home Territory.

(2) Chargeable time for calls **received** by Customer's Globalstar Terminal begins when a connection is established between a Globalstar System facility and the ENE/Globalstar Terminal, provided that the call is answered, and ends when the Globalstar Terminal disconnects (i.e., a few seconds after Customer sends an END command to the Globalstar System).

(3) Unless ENE specifies otherwise in the Addendum hereto or by separate notice to Customer, Customer will be billed a minimum of one full minute for each call upon connection. Thereafter, the Customer will be billed in fractions of a minute rounded up in 30-second intervals. **For example**, if a

"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666

call lasts only 25 seconds, Customer will be billed for the minimum one minute; if a call lasts one minute and 20 seconds, Customer will be billed for one minute and 30 seconds. If Customer has selected a rate plan with Bundled Minutes, as defined in the applicable ENE rate plan, those Bundled Minutes will be applied to the Home Territory airtime used in the earliest part of each monthly billing cycle. **Any unused Bundled Minutes remaining at the end of any monthly billing period will not be carried forward or credited against the next month's billing period.**

(4) Fax service will require an outgoing call from the Globalstar Terminal for both outgoing and incoming fax messages. Fax airtime will be charged according to the same rates and increments adopted for voice.

(5) ENE generally produces monthly bills. Monthly billing periods do not necessarily correspond to calendar months, and they may vary in length from approximately 28 to approximately 32 days. ENE may change its billing procedures from time to time, and ENE may bill Customer more often than monthly if ENE determines that there is a risk of nonpayment which may be indicated by, among other things, above-normal Customer usage of the Globalstar Service or non-payment of a prior bill when such bill was due and payable. Customer agrees to review his/her ENE invoice to verify accuracy within 90 days of receipt and notify ENE promptly of any discrepancies, failing which the Customer is deemed to have agreed to the accuracy of that ENE invoice.

(6) Applicable federal, state, local and foreign taxes, fees and surcharges will be added to Customer's monthly bill.

(c) Payment: Customer is responsible for the payment of charges for all services furnished to Customer, including but not limited to ENE Service access to the Globalstar System, toll, long-distance and roaming. Customer may pay his/her bill by direct debit, credit card or by mailing a check or money order to the remittance address set forth in the invoice sent to Customer. Payments received after the due date on the bill may incur a 1.5% per month (18% per annum) or the maximum rate allowed by law, whichever is lower, late payment charge on the past due amount. If payment is returned or rejected by a bank or other financial institution for any reason (e.g., non-sufficient funds, overdrawn account for direct debit, over the credit limit, expired date on credit card), then Customer shall pay a \$25 return or rejection charge (or such other fee then being charged by ENE). ENE may refer his/her account, if past due, to attorneys and/or collection agencies for further action. Customer shall pay any and all costs, fees and expenses that ENE incurs to collect any charges from Customer, including without limitation all court costs, attorneys' fees and collection agency fees and commissions to the extent allowed by law. ENE reserves the right to interrupt the provision of the Globalstar Service to Customer at any time without notice and to require accelerated interim payments in the event that

(1) ENE deems Customer's usage unusual or excessive in relation to Customer's security deposit, credit limit and/or normal usage patterns, or

(2) Customer's payment is returned or rejected as described above.

4. Term and Termination.

(a) This Agreement shall begin on the date that the Customer's account is activated and continue on a month-to-month basis following the end of its initial agreed term, if any, until terminated pursuant to this Agreement. Notwithstanding any other provision, either ENE or Customer may terminate this Agreement upon 30 days' written notice to the other. If Customer fails to pay any sum due for any service or equipment purchased or leased from ENE, or violates the terms, conditions, laws, rules or regulations governing the use of service, ENE may refuse, reduce or temporarily or permanently terminate the Service (including associated roaming, long distance and international direct dialing services). ENE shall provide Customer notice of termination of this Agreement in writing, which notice shall be deemed to have been given five (5) days after it is placed in the U.S. mail addressed to Customer's last known address, or earlier if by hand delivery. In addition, ENE may, without notice and without incurring any liability, terminate Customer's ENE/Globalstar Service if (i) ENE has not received Customer's first payment by the due date on Customer's first bill; or (ii) Customer is using the ENE/Globalstar Service in a manner which might adversely affect ENE's service to others; or (iii) a law enforcement agency notifies ENE that probable cause exists to believe

(1) that Customer has used or will use the Service in violation of or to violate the law, and

(2) Immediate action is required to protect the public's health, safety or welfare; or (iv) the Customer's ESN/mobile number combination has been duplicated or is otherwise associated or potentially associated with the fraudulent use of service; or (v) a customer or another Globalstar service provider notifies ENE that Customer's Globalstar Terminal was reported to be lost or stolen, or another Globalstar service provider notifies ENE that Customer's Globalstar Terminal was determined to be associated or potentially associated with the fraudulent use of service or disconnected from service for nonpayment of, or owing unpaid, service charges; or (vi) ENE determines that Customer's application for the Globalstar Service included information that was fraudulent, false or materially incomplete; or (vii) Customer uses equipment not authorized for use on the Globalstar System; or (viii) the occurrence of any event of default under this Agreement. If ENE interrupts Service for nonpayment, ENE may, at its sole option, reactivate the Service upon payment by Customer in full of the past due amount, any penalties associated with the late payment, and upon payment by Customer of a deposit based on Customer's payment history.

(b) In addition to its rights stated in this Agreement, ENE reserves the right to pursue any other remedy at law or in equity. All rights and remedies granted to ENE are cumulative and not alternative, and ENE's failure to exercise any right or remedy shall not constitute a waiver of such right or remedy with respect to any continuing or future default by Customer.

(c) Extension of Agreement Period. Unless sooner terminated in accordance with the terms of Customer's service plan or this Agreement, or unless extended by Customer to obtain new, additional or different benefits, Customer's Agreement automatically extends on a month-to-month basis following its initial term until Customer gives ENE 30 days' prior notice of termination.

5. Warranty, Remedy and Limitation of Liability.

(a) **WARRANTY:** CUSTOMER ACCEPTS THE ENE/GLOBALSTAR SERVICE ON AN "AS IS, WHERE IS" BASIS AND ACKNOWLEDGES THAT ENE'S LIABILITY AND CUSTOMER'S SOLE RECOURSE IN RESPECT OF ANY FAILURE OF ENE TO PROVIDE THE GLOBALSTAR SERVICES SHALL BE LIMITED AS PROVIDED IN SUBSECTIONS 5(B) AND (C). CUSTOMER ACKNOWLEDGES THAT ENE DOES NOT WARRANT THAT THE GLOBALSTAR SERVICE WILL BE PROVIDED UNINTERRUPTED OR ERROR FREE AND THAT ENE DOES NOT WARRANT THE AVAILABILITY, RELIABILITY OR ANY OTHER ASPECT OF THE GLOBALSTAR SERVICE. THE WARRANTIES AND CONDITION PROVIDED IN THIS AGREEMENT ARE IN LIEU OF ALL OTHER WARRANTIES AND CONDITIONS. THE CUSTOMER HEREBY WAIVES ALL OTHER WARRANTIES AND CONDITIONS, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR AVAILABILITY OR RELIABILITY OF THE GLOBALSTAR SERVICE.

(b) **Remedy:** Customer agrees that ENE's aggregate liability in connection with this Agreement and the provision of the Globalstar Service hereunder, and Customer's sole and exclusive remedy therefore, shall be subject to the limits provided in subsection 5(c) and shall be further limited to the repayment and/or a credit for the direct damages suffered by Customer as a result of any unavailability of or material defects in the Globalstar Service up to the total amount paid and/or owed by Customer for the aspects of the ENE/Globalstar Service which were unavailable or materially defective.

(c) **Limitation of Liability:** ENE shall not be liable for any harm, loss, liability, damage, expense, cost, suit, claim or demand whatsoever except to the extent attributable to ENE's personnel or ground equipment, and only to the extent provided for in this agreement, whether arising in negligence, tort, statute, equity, contract, common law, or any other cause of action or legal or equitable theory. Under no circumstances will ENE be liable for any

(1) interruptions or defects in the Globalstar Service which affect Customer for less than 72 continuous hours, or

(2) Any of the limitations of the Globalstar Service referred to in Section 2 "Conditions on Use of the Globalstar Service," or

(3) Indirect, aggravated, exemplary, punitive, special, incidental, or consequential damages (including damages for lost profits, lost revenues, lost information, business interruption, failure to realize anticipated savings or any other commercial or economic loss), or third party claims, expenses, costs, liability, loss, or damage whatsoever, whether arising in negligence, tort, statute, equity, contract, common law, or any other cause of action or legal theory, even if Customer advises ENE of the possibility of such damages. Customer agrees, acknowledges and confirms that the limitations of liability set out in this Agreement are fair and reasonable in the commercial circumstances of this agreement and that ENE would not have entered into this Agreement but for Customer's agreement to limit the ENE Parties' and

"IT Solutions for Today's Business"

the third party providers' liability in the manner, and to the extent, provided for herein. The limitations contained in subsections 2(o), 5(b) and 5(c) shall apply even in the event of a breach of condition, a breach of an essential or fundamental term or a fundamental breach of this Agreement, except that the limitations on direct damages stated in subsection 5(b) shall not apply in the event of willful or intentional misconduct. ENE assumes no liability for any harm, loss, liability, damages, expenses, costs, suit, claim or demand whatsoever arising from the use of the Globalstar Service in combination with services, products or equipment provided by Customer or any third parties.

(d) When roaming outside the Home Territory, Customer is also subject to the limitations of liability that the Globalstar service provider in that territory imposes upon its Customers. Customer understands that such Globalstar service provider may bill airtime differently than ENE and that the services available in other territories may vary from the services available in the Home Territory. **Customer agrees that while Customer roams, Customer accepts services provided by the Globalstar service provider in such territory on an "AS-IS, WHERE-IS" basis, without warranty of any kind.** Customer understands that the roaming indicator on Customer's Globalstar Terminal may not always represent Home/roam territory. When traveling outside the Home Territory, automatic roaming may be limited due to high levels of fraudulent activity in the area, the unavailability of the Globalstar System, or other factors.

6. Customer Indemnity

Customer agrees to indemnify, hold harmless, and defend ENE against any claims resulting from or relating to Customer's breach of this Agreement or misuse of the Globalstar Service or Globalstar Terminal or other equipment used in connection with the Globalstar Service. Customer agrees to reimburse ENE for any and all costs and reasonable attorneys' fees incurred by ENE in defending any claims resulting from or relating to Customer's breach of this agreement or misuse of the Globalstar Service or the Globalstar Terminal or other equipment used in connection with the ENE/Globalstar Service.

7. General

(a) Assignment: Customer may not assign this Agreement, nor any of Customer's rights and obligations, to any other person, firm, agency, corporation or other legal entity without the prior approval of ENE, provided, however, that if Customer is a corporation, partnership or limited liability company, Customer may assign this Agreement, including Customer's obligations under it, pursuant to a sale of Customer's assets or a transfer of control of Customer's business (a "permitted assignment").

(b) Successors and Assigns: This Agreement shall be binding upon and shall inure to the benefit of the parties and their permitted assigns. Except as provided in subsection 7(c), nothing contained herein will be deemed to create any third-party beneficiaries or confer any benefit or rights on or to any person not a party hereto, and no person not a party shall be entitled to enforce any provisions hereof or exercise any rights under this Agreement.

"IT Solutions for Today's Business"
303 Butler Farm Rd STE 106A
Hampton, VA 23666

(c) Third Party Beneficiary: Customer acknowledges and agrees that the ENE Parties and the Third Party Providers shall be third party beneficiaries of the provisions of this Agreement which serve to limit the liability of the ENE Parties and Third Party Providers.

(d) Governing Law: This Agreement is governed by the laws of the State of Virginia and applicable federal laws.

(e) Survival: The termination of this Agreement or the permitted assignment of a party's interest shall not affect or prejudice any rights or obligations which have accrued or arisen under this Agreement prior to the time of termination or permitted assignment, as the case may be, and such rights and obligations shall survive the termination or permitted assignment of this Agreement. The following provisions of this Agreement shall survive the termination (for whatever cause or reason) or any permitted assignment of this Agreement, in addition to any other provisions which survive by operation of law: subsections 2(o), 3(c), 7(a), 7(b), 7(c), 7(d), 7(e), 7(f) and 7(h); and Sections 5 and 6.

(f) Waiver and Severability:

(1) Neither the waiver by either of the parties of a breach of or a default under any of the terms and conditions of this Agreement, nor the failure of either of the parties, on one or more occasions, to enforce any of the provisions of this Agreement or to exercise any right or privilege hereunder, shall thereafter be construed as a waiver of any subsequent breach or default of a similar nature, or as a waiver of any provisions, rights, or privileges.

(2) If any provision of this Agreement is held by any court or administrative body of competent jurisdiction to be invalid or unenforceable in any respect, the invalidity or unenforceability of such provision shall not affect any other provision of this Agreement.

(g) Notice: In the event Customer desires to provide written notice to ENE, as required by any of the Terms and Conditions herein or for any other reason, including any communication from Customer regarding disputed invoices, and any instrument tendered as full satisfaction of a debt, must be sent by Customer to ENE by certified mail to following applicable address: E&E Enterprises Global, Inc., Customer Care Department, 303 Butler Farm Rd STE 106A Hampton, VA 23666. 757-826-9532

(h) Entire Agreement: These terms and conditions contain the entire Agreement between ENE and Customer superseding all prior agreements whether oral or written (except as provided at the top of this Agreement). **Customer acknowledges that (s)he has relied on no oral or written representations made by or on behalf of ENE or any employee, director, officer or agent of ENE that are not incorporated into this document.**
